cooked and crumbled

FOR THE DRESSING

1/2 c. mayonnaise

Councilman Mark Gjonaj

250 Broadway, Suite 1847
New York, NY 10007
(212) 788-7375

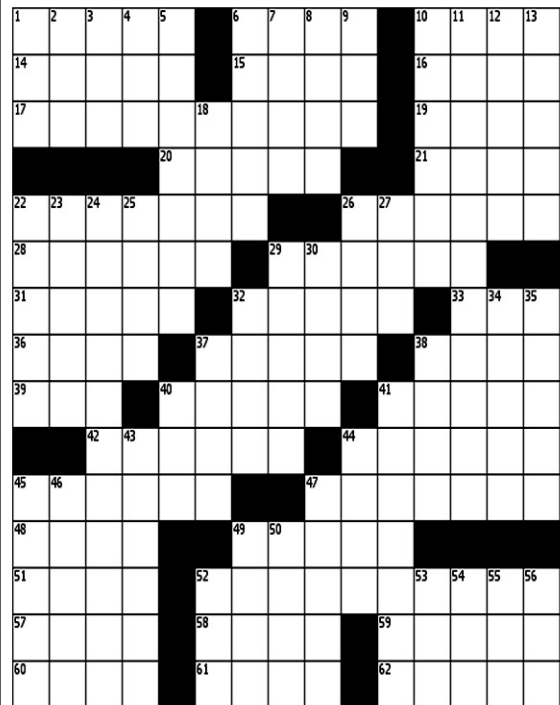

Protecting and addressing quality of life issues in our neighborhoods has been my top priority since elected. Our District Office has worked on close to 2000 cases and attended countless community organizations meetings mostly on issues and problems such as noise, illegal parking, unmaintained parks, potholes, hazardous sidewalks and so many. Sadly these issues keep growing and deteriorating and they have not been attended on time by city agencies. We need to show City Hall that we have a voice and we should be heard. To push this initiative I have started #ShameNYC, a platform for people to bring to light the inadequacies of New York City agencies. All one must do is take a picture when he or she witnesses an issue that harms his or her quality of life and then send it (with the street address attached) to mgjonaj@council.nyc.gov or call my office at (718) 931-1721.

Over the past two weeks we have received and addressed several issues from abandoned boats on Pelham Bay Park, garbage and debris along Bruckner Boulevard, a mattress thrown on Pelham Parkway and much more. As noise and illegal parked cars and tractor trailers remain the top two issues reported to us and 311, I want to acknowledge and thank the NYPD 45th and 49th Precinct for addressing these issues whether ticketing boaters blasting loud music, confiscating equipment, issuing summonses to tractor trailers illegally parked and towing cars..

Unfortunately the Department of Sanitation, Transportation, and Parks are still doing little to solve these problems. Garbage continues to crowd Pelham Parkway, Morris Park Avenue's street lines are chipped and faded, and the sprinklers and playground in Loreto Park are outdated.

If these departments lack the devotion and drive to fix our problems, it is because they feel an absence of pressure. As I have often said you can only get out of a community that in which you put into it. Join our #ShameNYC platform, send us your issues with photos to our office and follow us on Social Media for updates. We look forward to working together to make District 13 a safer, cleaner and better place to live, work and raise our families.

HOME ENERGY ASSISTANCE PROGRAM COOLING ASSISTANCE (HEAP)

The Home Energy Assistance Program's Cooling Assistance benefit is now accepting applications from low-income households that qualify for a free air conditioner with its installation. Only one air conditioner or fan that does not exceed \$800 with installation will be given per applicant household. For those interested, you must print out an application at <https://www1.nyc.gov/site/hra/help/energy-assistance.page> and mail it to the attention of HEAP at P.O. Box 1401, Church Street Station, New York, NY 10008. As always, my office is available for you if you need the application printed. Please be mindful that there are income requirements in order to apply. To list a few, a household size of one person cannot have a maximum gross monthly income more than \$2,391. If you have a household size of two people, the maximum gross monthly income is \$3,127. Also, you must already be receiving SNAP benefits and/or HEAP benefits.

NYC DOT STREET WORK PERMITS

Readers, as your District Manager, I would be remiss if I did not use this column to make you aware of ways on how to retrieve publicly available information. My office fields many inquiries weekly with regard to road work occurring in our neighborhoods. As you know, any road work requires New York City Department of Transportation permits. All permits are publicly available on the "NYC-Streets Permit Management System" which can be found at <http://nycstreets.net/public/permit/search>. On this website, you are able to search by address, intersection and/or community district. I understand that navigating this website can be difficult on the first attempt. However, my office staff is available to help you at your earliest convenience so that you are able to find out when road work is scheduled to conclude or if you would like to know which agency is working in your neighborhood. To be sure, some permits are not actively available on this website as there are instances where, for example, Con Edison is performing emergency work. In these instances, you should always contact my office at (718) 892-1161 with any questions.

DEVELOPMENT IN OUR COMMUNITIES

Not a day goes by where I do not actively search the City of New York's Department of Buildings website on residential and commercial development trends in our communities. If you ever have a question about a construction project near you, please feel free to call me at your earliest convenience. As your District Manager, it is my role to ensure that developments fit into the context and character of our neighborhoods and to maximize parking spaces wherever possible at these new developments. We all must remain vigilant as the physical character of our communities and the adequate resources we receive from the City of New York is all of our priority as stakeholders.

NYPL MORRIS PARK BRANCH BOOK DISCUSSION Tuesdays & Saturdays at 11 AM. An American Marriage by Tayari Jones, July 16th & 20th. Newlyweds Celestial and Roy are the embodiment of both the American Dream and the New South. He is a young executive, and she is an artist on the brink of an exciting career. In this deft exploration of love, loyalty, race, justice, and both Black masculinity and Black womanhood in 21st century America, Jones achieves that most-elusive of all literary goals: the Great American Novel. | Author Talk – Michael F.
