Notes from the NUNDA VILLAGE BOARD

Our Village Department of Public Works has just completed milling Vermont Street. In the coming weeks we will begin paving this street. Access will be limited to work crews for the time we are working on this street. The planning and work associated with these efforts is sometimes challenging in regards to weather events and other obstacles. We greatly appreciate patience and understanding.

This is a reminder of the continued exceptional work our staff is providing in order to improve our infrastructure and aesthetics throughout our municipality.

Thank you DPW!

LYN A. OLIVER

Age 69, of Portageville, NY passed away at home on July 15, 2019. She was born October 4, 1949 in Warsaw, daughter of the late Frank and Ann Mischka Mazur Oliver. In earlier years, Lyn was a licensed practical nurse at Buffalo Children's Hospital. In more recent years, she owned and operated Lyn's Life Boat Pet Shop in Portageville. She also was a hospitality worker at the Mt. Morris Dam and worked in customer service at the former Ames Department Store.

Lyn was an animal lover. She enjoyed time with her family and was a devoted grandmother.

Surviving are her daughter, Jenna (Carol Davis) Oliver of Portageville, grandchildren, Aariah Oliver and Adrianya Oliver; her brother, Frank (Martha) Oliver, Jr. of Holley; nephews, Jason (Michelle) Oliver of Irving, Jeremy Cartwright of Portageville; many cousins.

Friends may call Thursday, July 18 from 5 – 7 PM at Robinson & Hackemer Funeral Home, 246 N. Main St., Warsaw where Lyn's funeral service will be held immediately following visitation at 7 PM. Burial will be in Assumption Cemetery, Portageville on Friday, July 19 at 9 AM. In lieu of flowers, memorials may be made to the family to be placed in trust for Lyn's grandchildren. Online condolences at www.robinsonandhackemer.com.

SPEAK OUT

Dear "Speak Out,"

The 225th Anniversary of Mount Morris seems to have sparked an interest in Mount Morris history. We need to remember that we are part of this history as we who have lived our lives in the Mount Morris area have seen and experienced ongoing Mount Morris history. I remember Mount Morris back in the 1940s and 1950s as my family visited stores in Mount Morris to purchase our weekly groceries, go to the movies, go bowling and visit friends who lived in Mount Morris.

I remember that we purchased locally before the super stores came into existence. The proprietors of the stores welcomed us by name as did friends whom we met during our shopping. Today we can most often expect to be ignored as we walk down the aisles of the area super stores unless we meet someone we know. Each store was different and provided a variety of experiences unlike today's super stores which tend to lump all departments into one experience.

Shopping has become a ritual and something which needs to be done in our busy life styles and not fun. I remember that we were faithful to those businesses because they were friends and we wanted to know that they would be there the next time we needed to shop. Our patronage meant that the economy of this community would prosper and we felt secure in that. Shopping was not only necessary but enjoyable as we would stop and visit with the proprietors and other customers as we asked how they and their families were doing and they would usually ask how our families were likewise doing. Time was more personable. These shopping trips were very often family outings as all of us looked forward with excitement and expectation of a fun day in Mount Morris.

With the cooperation of the Mount Morris Shopper, I hope in the future to share some of my memories of those bygone days and "speakout" as to how our quality of life has changed over the years.

I would really love to hear the memories you have experienced in Mount Morris and what those times meant to each of you. I hope to share my appreciation for the local newspapers of yesteryear, grocery stores, clothing stores, hardware stores, drug stores, banks, car dealers, our local theatre, restaurants, our bowling alley, insurance agencies, flower shops, ice cream parlors and many, many other mom and pop stores of bygone days.

Please think about all the things you have enjoyed and remember of a time gone forever and share them.

Spaghetti Dinner & Silent Auction

"Going once, Going twice... and more than 30 campers are going to Camp Cherith this summer from the proceeds of the annual Spaghetti Dinner and Silent Auction.

The dining hall was filled with happy people eating Barilla pasta and sauce, salad donated by C & R Foods in Mount Morris, terrific rolls from Vasiles Catering in Portageville and Lori's homemade brownies. Shelly Wood, camp cook, did an outstanding job and there were many willing hands helping with preparations and serving.

Highlighting the evening however, were the auction events. The silent auction offered themed baskets, jewelry, original art, homemade pies, Vera Bradley bags, home décor items, Christmas decorations and too much more to mention.

The live auction featured a 50" TV, a hand-made quilt, a numbered National Wildlife bronze turkey, tickets to several local attractions, additional pies and more.

Camp Cherith truly appreciates the local community for their continued support. In the Hunt area since 1972, Camp Cherith provides both Christian day camp and sleep-away camp for girls and boys ages 7-17.

We strive to ensure that no child is turned away for lack of funds so this special fundraiser makes that possible.

If you know of a child who would benefit from a scholarship this summer, please contact the Registrar at 585-626-2807 or www.campcherithwny.org.

Wisdom Teeth

Wisdom teeth are always the last teeth to typically erupt in the mouth. Although your teen's mouth may seem big enough to accommodate them, most often it is not. As soon as it is clear that the wisdom teeth, technically known as third molars, will not grow in normally, they should be removed. Early removal of the wisdom teeth lessens the risk that your teen will experience impacted or partial eruption, and the complications that often result.

Classical Figure Drawing

Drawing the human figure is a challenge that expands one's abilities to perceive and render the world in real time. This course uses simple and easily accessed materials—charcoal and erasers, inks and brushes. Specific classroom exercises focus on visual analysis and the skills needed for expressive 2D form such as line, tone, mass and illusionistic space. True of any practice, the more one draws, the more comfortable one becomes with the materials and processes. This class does not assume any prior experience or that one will become a professional artist, however it prepares all to do stronger work in fields that depend upon perception, translation and creative thinking.

Intro to Holistic Health & Homeopathy

This seminar will provide an overview of the natural remedies offered through homeopathy; what it is, how it works, where and when it was developed as well as the history of its use. In addition, basic homeopathy applications for common illnesses and injuries will be covered, where to purchase remedies, and when it would be practical and appropriate to incorporate homeopathy for self-care and home healing. The student will leave with an understanding and appreciation of homeopathy, and a deeper understanding of wellness in terms of physical, mental emotional and spiritual levels.

Severe Heat Warning – Residents Advised to Prepare

Mount Morris, New York – The Livingston County Department of Health and the Livingston County Emergency Management Office is warning residents of Livingston County to take immediate action to prepare for a dangerous heat wave as it approaches.

Experts warn that this a dangerous long period of hot temperatures which is expected from early Friday until late Saturday. The combination of hot temperatures and high humidity is expected to rise to 105-108 degrees in the next few days, which can cause serious heat-related illnesses if preventative measures are not taken. The Livingston County Department of Health urges residents to keep themselves and their loved ones safe by doing the following:

- Find places in your community where you can go to get cool
- Keep your home cool by doing the following:
- Install air-conditioning units in windows. Make sure they fit snuggl –insulate if necessary.
- Create a temporary heat reflector by placing a sheet of cardboard covered in tin foil between your windows and your drapes. This will cause light (and heat) to be reflected back outside.
- Weather strip doors and windows to keep cool air in.
- Cover windows that receive direct sunlight with drapes or shades.

This can reduce the amount of heat that enters a house by up to 80%. o Use attic fans to clear hot air.

- Learn the signs of heat related illnesses- <https://www.cdc.gov/disasters/extremeheat/warning.html>

Remember, young children, the elderly, and pets are at the greatest risk of heat-related illness. Never leave children or pets in a parked car, as temperatures can rise to over 135° F in less than 10 minutes. Residents are also advised to limit physical activity and stay hydrated. If you have elderly neighbors, check on them to see if they are coping well and determine if they need any additional assistance.

For more information, contact the Livingston County Department of Health during business hours at 243-7299 or visit our website: www.livingstoncounty.us/doh.htm.

"When I was hired to join the Coast family in October 2018 as a Consumer Care Representative, I was sold on the idea that Coast Professional, Inc. would be growing at an exponential rate. After being stagnant in a collector role with my previous company for over 6 years I was finally able to advance my career with Coast. It was in just under 8 months with the company that I was able to show my knowledge and abilities and I was promoted to Consumer Care Manager. With this company I feel as though my opportunities are continuously growing and my role is important to the business."

Does God Want Me Sick, Or Well?

The answer to that question can be puzzling and even difficult, especially if you have a chronic illness, or the doctors have no good solutions. At Healing Rooms on the Genesee, we offer the following for your consideration:

1. If God wants you sick, by going to a doctor you are disobeying God. That doesn't make sense. God wants the same thing that you and your doctor want. He wants you healed.
2. Jesus, when asked to teach His disciples to pray, 'introduced' God as Father to them (see Lk 11:1-4). What good Father wants His children sick? Again, it does not make sense that God wants you sick.
3. John 10:10 says "the thief (satan) does not come except to steal, and to kill, and to destroy... I (Jesus) have come, that they may have life, and that they may have it more abundantly." Sickness and abundant life are opposites and do not go together.
4. As you read through the gospels, you will find that all who came to Jesus were healed. He, Jesus, does not change. He wants you healed. So does His Father.

It should be clear that God and Jesus are in the healing business. If this raises questions in your mind, that's OK. Give us a call. We will be happy to talk about this.
