WHAT I HAVE LEARNED
By Andy Rooney

I Have Learned that...

... the best classroom in the world is at the feet of an elderly person.

... when you're in love, it shows.

... just one person saying to me, "You've made my day!" makes my day.

... having a child fall asleep in your arms is one of the most peaceful feelings in the world.

... being kind is more important than being right.

... you should never say no to a gift from a child.

... I can always pray for someone when I don't have the strength to help him in some other way.

... no matter how serious your life requires you to be, everyone needs a friend to act goofy with.

... sometimes all a person needs is a hand to hold and a heart to understand.

... simple walks with my father around the block on summer nights when I was a child did wonders for me as an adult.

... life is like a roll of toilet paper. The closer it gets to the end, the faster it goes.

... we should be glad God doesn't give us everything we ask for.

... money doesn't buy class.

... it's those small daily happenings that make life so spectacular.

... under everyone's hard shell is someone who wants to be appreciated and loved.

... the Lord didn't do it all in one day. What makes me think I can?

... to ignore the facts does not change the facts.

... when you plan to get even with someone, you are only letting that person continue to hurt you.

... love, not time, heals all wounds.

... the easiest way for me to grow as a person is to surround myself with people smarter than I am.

... no one is perfect until you fall in love with them.

... life is tough, but I'm tougher.

... opportunities are never lost; someone will take the ones you miss.

... when you harbor bitterness, happiness will dock elsewhere.

... I wish I could have told my Dad that I love him one more time before he passed away.

... one should keep his words both soft and

SPECIALIZING IN BIRTHDAY & WEDDING CAKES

* Struggling with your shower cleanliness? Keep a bottle of shower sanitizer and a grout brush in the shower at all times. Use the grout brush if something pops up, and spray shower daily. This should greatly extend the time between deep cleanings.

* "I bought a television recently and didn't realize until I got it home that there are NO buttons on the unit itself. It operates only through the remote control. So, I put some hook and loop tape on the remote, and also on the TV and the side table. That remote stays put, and I can always find it when I want to turn the TV off!" -- I.J.M. in New York

* Hotel rooms can be germ paradises. Try sticking your TV remote inside of a plastic bag (you can use the one that comes with the ice bucket). Touch all you want; germs are trapped inside.

* Brooms get worn down with use. Be sure to remove clumps of hair and dust bunnies after use, and give it a dip in soapy water or a spray with the hose weekly (not straw brooms, though). Hanging a broom will give it a longer life.

* "After we replaced our kitchen knives with a nice block, we repurposed the magnetic strip to the garage, where it can hold a variety of tools and hardware." -- E.P. in North Carolina

* If you want to keep a few bottles of beverage cold in your hotel room, use one of the trash bins lined with a bag that's filled with ice. The actual ice bucket is typically too small to use as a cooler, and if you use the bathroom sink, where will you wash your hands?

Take that, kale.

ARIES (March 21 to April 19) A chaotic atmosphere taxes the patience of the Aries Lamb, who prefers to deal with a more orderly environment. Best advice: Stay out of the situation until things settle.

TAURUS (April 20 to May 20) Tension runs high in both personal and workplace relationships. This can make it difficult to get your message across. Best to wait until you have a more receptive audience.

GEMINI (May 21 to June 20) This is a good time to take a break from your busy schedule to plan for some well-deserved socializing. You could get news about an important personal matter by the week's end.

CANCER (June 21 to July 22) An offer of help could come just when you seem to need it. But be careful about saying yes to anything that might have conditions attached that could cause problems down the line.

LEO (July 23 to August 22) Sometimes a workplace colleague can't be charmed into supporting the Lion's position. That's when it's time to shift tactics and overwhelm the doubter with the facts.

VIRGO (August 23 to September 22) You continue to earn respect for your efforts to help someone close to you stand up to a bully. But be careful that in pushing this matter you don't start to do some bullying yourself.

LIBRA (September 23 to October 22) Don't ask others if they think you're up to a new responsibility. Having faith in your own abilities is the key to dealing with a challenge. P.S.: That "private" matter needs your attention.

SCORPIO (October 23 to November 21) This is a good time to use that Scorpion creativity to come up with something special that will help get your derailed career plans back on track and headed in the right direction.

SAGITTARIUS (November 22 to December 21) While change is favored, it could be a good idea to carefully weigh the possible fallout as well as the benefits of any moves before you make them.

CAPRICORN (December 22 to January 19) The Goat continues to create a stir by following his or her own path. Just be sure you keep your focus straight and avoid any distractions that could cause you to make a misstep.
AQUARIUS (January 20 to February 18) A colleague's demands seem out of line. But before reacting one way or another, talk things out and see how you might resolve the problem and avoid future misunderstandings.

PISCES (February 19 to March 20) A personal matter appears to be making more demands on your time than you feel you're ready to give. See if some compromise can be reached before things get too dicey.

BORN THIS WEEK: You're able to communicate feelings better than most people. Have you considered a career in the pulpit or in politics?

Last night I was walking home and decided to take a short cut past the cemetery.. 3 girls walked up to me and explained that they were really scared to walk past the cemetery at night, so I agreed to let them walk along with me. I told them "I understand.. I used to be freaked out too when I was alive.."

Never seen anyone run that fast!

Danville Riverview Rotary Club members enjoyed meeting the seven paid interns with the Danville Regional Foundation (DRF).

DRF helps young people see our locality as a place of opportunity by providing paid internships to talented young people, with an interest in one or more of our key focus areas: education, health and wellness, economic development, and community development. The program is open to college students and recent graduates who may or may not reside in our service region. To date, over 100 young people from approximately 40 different academic institutions have participated.

This summer, DRF recruited students with interest in exploring best practices in Workforce Development, Active Transportation, Health, Youth Development, the Arts, Wealth Building, and Communications. The interns are impressed by our resilience and programs to improve our quality of life, and one was very excited about working on a mural for Stonewall Recreation Center.

DCC Hires New Facilities Manager

Danville, Va., August 1, 2019 — Halifax County native Jay Jennings has been named the new facilities manager at Danville Community College (DCC).

“‘Excited’ is the word that best describes how I feel about this role,” Jennings said. “I don’t take much time to test the waters; I like to jump right in and be a part of the team. I enjoy rolling up my sleeves and helping out any way I can. Don’t be surprised if you see me on a roof or a lawnmower.”

Having graduated from Virginia Tech’s property management program in 2003, Jennings brings a strong construction background, holding previous roles with commercial contractors in Richmond and South Boston.

“I love the college so far,” he said. “My first impression of the campus is the people and how great they are to work with. I’m also impressed with the condition of the buildings and how they have been maintained and updated. I look forward to meeting and working with everyone this coming school year.”
