# MARRIAGE LICENSE

## IMPORTANT NEW LAW

Cullman County Probate Office

*Beginning August 29, 2019*, couples in Alabama will begin following a different process of becoming legally married. Lawmakers approved a bill (Act# 2019-340) in the 2019 legislative session that changed the procedure necessary for a marriage to be valid in the State of Alabama.

The steps to have a valid marriage under the new law are as follows:

- Obtain and complete the marriage certificate form provided by the Probate Office website (<http://cullmancourts.org/probatecourt.html>) or online with the Department of Public Health.
- Both parties must sign the completed form in the presence of a notary with identification as required. The state has no requirement for a ceremony or proceeding. Whether a ceremony proceeding is performed or not shall have no effect on the validity of the marriage.
- Forms cannot be changed or altered once notarized and they must be legible.
- A marriage conforming to the new requirements shall be valid on the date the marriage is executed by both parties, providing the affidavits, forms, and data are recorded in the Probate Judge's Office WITHIN THIRTY (30) DAYS of the date of the last party's signature.
- Deliver the completed notarized form to the Probate Office for recording, along with the filing fee of \$71.00.

The new law shall not affect any other legal aspects of marriage in this state.

The Probate Office must Receive and Record the ORIGINAL FORM within thirty (30) days of the date of the last signature. It is very important to keep this in mind when mailing the form to the Probate Office for Recording.

Judge Brown wants to make sure the people in Cullman County understand the new marriage law and the process. She plans to have forms available at the Probate Office and on the Probate Court's web-site. If there are any questions about the new marriage law or the form please contact the Probate Office at 256-775-4802 or 256-775-4803.

## SERVICE NEWS

### U.S. AIR FORCE AIRMAN BENJAMIN FARRIS

graduated from basic military training at Joint Base San Antonio-Lackland, San Antonio, Texas. The airman completed an intensive, eight-week program that included training in military discipline and studies, Air Force core values, physical fitness, and basic warfare principles and skills. Airmen who complete basic training also earn four credits toward an associate in applied science degree through the Community College of the Air Force. Farris is the son of Pamela Miller and husband of Skarlet Farris of Cullman, Alabama. He is a 2017 graduate of Good Hope High School, Cullman.

## PHARMACY TOPICS

by Eddy Hoening  
**Hospital Discount WEST**

Front L-R: Sonja Sewell, Launne Reid, Sue Miller. Back L-R: Kathryn Striker, Eddy Hoening, RPH

Vitamin D deficiency in expectant mothers during pregnancy has a negative effect on the social development and motor skills of pre-school age children, a new study in the British Journal of Nutrition reports.

\*\*\*

A recent study published in the Journal of Clinical Lipidology looked at the value of measuring blood levels of EPA and DHA omega-3 fatty acids to assess an individual's risk for developing certain diseases. The results showed that the risk for death from any cause was reduced by about 33% comparing the lowest Omegs-3 Index participants to the highest. A higher Omega-3 Index was associated with a lower risk for total CVD events, total coronary heart disease events, and total strokes. The category most strongly associated with the Omega-3 Index was non-CV, non-cancer deaths - deaths from all other causes. This would suggest a wide spectrum of beneficial actions of EPA and DHA in the body that are not just linked with one pathological process (like plaque buildup in arteries).

\*\*\*

A new study reveals that acetaminophen use and over-dosing rise in cold/flu season in the United States, primarily due to increased use of over-the counter combination medications treating upper respiratory symptoms. The findings, which are published in the British Journal of Clinical Pharmacology, indicate that individuals should take special care to follow labeled dosing directions for acetaminophen-containing products. Acetaminophen is an active ingredient present in hundreds of over-the counter and prescription medications indicated for pain and fever, including medications used to treat symptoms associated with colds, flu, allergies, and sleeplessness. While safe when taken as directed, taking too much acetaminophen can harm the liver.

RIBEYE STEAK  
SANDWICH COOKOUT  
August 30 & 31, 2019  
Friday 10am-6pm; Saturday 10am-2pm**

On August 30 & 31, 2019 we will celebrate our 25th year of preparing delicious ribeye steak sandwiches. First in the North Cullman Shopping Center & now in South Cullman near Wal-Mart and in front of the theater. (Since 1994 we have served over 220,000 steak sandwiches for our Memorial and Labor Day Cookouts.

That's more than 34 tons of beef!) Help us to make this our best weekend ever! Steaks are charcoal grilled using only Kingsford charcoal. Prices are still only:

- Sandwiches - \$7.00 donation
- Chips & Drinks \$1.00 each donation
- Eat In or Take Out

Employers, help us celebrate by treating your employees to a great sandwich. Ladies, after work, don't go home & cook. Come by and get sandwiches for your family - for certain if a Friday night ball game is part of your evening.

Place advance orders by calling Edwin Calvert at 256-339-9869 (before 9:00 pm, August 29th). Contact number in parking lot: 256-339-9869.
