Scrimping and Saving

After years of scrimping and saving, a husband told his wife the good news: "Honey, we've finally saved enough money to buy what we started saving for in 1979."

"You mean a brand-new Cadillac?" she asked eagerly.

"No," said the husband, "a 1979 Cadillac."

ARIES (March 21 to April 19) Changing your mind doesn't come easily for Lambs, who place a high value on commitment. But new facts could emerge that might persuade you to rethink your situation.

TAURUS (April 20 to May 20) This is a good time to put that fine Bovine's eye for beauty to work in redecorating your home or workplace. And don't forget to indulge yourself in some personal time as well.

GEMINI (May 21 to June 20) Your sense of loyalty to someone who asks for your help is commendable. But make sure there are no information gaps that should be filled in before you move too far too quickly.

CANCER (June 21 to July 22) Don't let difficult people raise the Crab's ire levels this week. Avoid them if you can. If not, resist telling them off, even if you think they deserve it. Things improve by week's end.

LEO (July 23 to August 22) Your suspicions about a colleague might be on the mark. But you also could be misreading the signals you believe you're getting. Do some discreet checking before jumping to conclusions.

VIRGO (August 23 to September 22) Take some time out from your many tasks and see if someone might be trying to reach out to you. You could be surprised to learn who it is and why you might want to reciprocate.

LIBRA (September 23 to October 22) You still might want to do more investigating before taking on a new commitment. Later would not be the time to try to fill in any crucial gaps in what you need to know about it.

SCORPIO (October 23 to November 21) A new opportunity should be carefully studied. It might offer some of the things you've been looking for. Or it could contain new possibilities you never considered. Check it out.

SAGITTARIUS (November 22 to December 21) You might have to work harder this week to get people to listen to what you have to say. But if you stay with it, you could start to get your message out to many by week's end.

CAPRICORN (December 22 to January 19) Although family matters again take up a big chunk of the Goat's time, the week also offers a chance to explore a new career move you'd been contemplating for a while.

AQUARIUS (January 20 to February 18) Applying your practicality (what does it offer me?) and your creativity (how can I improve on it?) could provide sound reasons for seriously considering that new offer.

PISCES (February 19 to March 20) The single set will find that keeping their romantic aspirations on high gives Cupid a better target to aim at. Paired Pisces will find that this week helps reinforce their relationships.

BORN THIS WEEK: You believe in encouraging others to demand the best from themselves. You would be a fine sports coach, as well as an enlightened teacher.

Flight Delay

Taxiing down the tarmac, the jetliner abruptly stopped, turned around and returned to the gate. After an hour-long wait, it finally took off. A concerned passenger asked the flight attendant, "What was the problem?"

"The pilot was bothered by a noise he heard in the engine," he explained. "It took us awhile to find a new pilot."

PIEDMONT PETS

August 29, 2019
By Paulette Dean

The one thing that animal welfare organizations can agree on is the need for more dogs and cats to be spayed and neutered. Since 1993, through the courtesy of the E. Stuart James Grant Trust of American National Bank, we have spent \$1 million helping residents of Danville and Pittsylvania County spay or neuter their animals.

For the fourth time, the PETA mobile spay/neuter clinic will come to our parking lot and between October 8-10th, perform 200 surgeries.

Residents of Danville and Pittsylvania County will pay \$20 for dog surgeries and \$10 for cat surgeries. Animals having the surgery can also receive rabies vaccinations for \$10. No other routine shots or tests will be available.

Because of the volume of surgeries, PETA has set the following guidelines for the safety of the animals:

1. Dogs and cats must be at least three months old and no older than six years.
2. There is a three pound weight minimum and 80 pound weight maximum.
3. The animal must not have seizures or a heart murmur.
4. If the animal has been on antibiotics, they must be off of them for at least two weeks.
5. No English or French bulldogs can be sterilized on the mobile clinic and other brachiocephalic dogs may be accepted on a case-by-case basis.

996 South Boston Rd.,
Danville, VA 24540
Phone: (434) 799-0843

The following humane society guidelines also apply:

1. The animal must belong to a resident of Danville/Pittsylvania County and must reside with the owner in Danville/Pittsylvania County
2. The clinic may not be used for any animal adopted from another shelter or rescue group or for an animal that is going to be released to another shelter or rescue group.
3. If the cat is an outside cat, there must be an owner who is prepared to provide food, water, veterinary treatment, and shelter for the cat for its lifetime. The cat may not be released on to any public property, but must live on the property of the person trapping and releasing the cat.
4. Households are limited to five appointments at first. People who own more than five are welcome to put others on a stand-by list.

Please call 799-0843 to make an appointment.

* What's going on sale in September? Look for cookware, dishes, pool toys and pool accessories, patio furniture, plus great deals on new cars (2020 models and closeout sales on 2019 models).

* Here's a great mattress de-funker recipe: Mix a cup of baking soda with 10 drops of your favorite essential oil. Sprinkle evenly over your bare mattress. Allow to penetrate for up to an hour, then vacuum up the remaining powder.

* "It's almost time for Scouts to start up again. I have been washing uniforms and sashes, and I find this trick to be helpful when it comes time to stitch on badges: Put a bit of plain school glue on the back of your badge, place it where you want it on the sash, then let it dry. It will stay in place long enough to stitch the edges. When you launder it, the glue will wash right out." -- R.D. in Florida

* A school-success tip: Have middle- and high-school kids identify a friend in every class who they can turn to for questions about assignments or course material. It's beneficial to be that friend for someone else, too!
