

What Can Regenerative Medicine Do For You?

Are you considering knee, hip, shoulder, ankle, or wrist surgery or just having severe pain?

Regenerative Medicine - I had tennis elbow and had cortisone injections to help the pain - wrong - it burned half the elbow tissue and I went to the orthopedic surgeons and was told that it was inoperable and was prescribed an anti-inflammatory - I thought all hope was lost until I met Doc Kanan - been over a month since I had the stem cell injection and Cold K laser therapy and my elbow is like new no pain and I can actually lift things with my arm now - so happy would do it again if something else breaks down! The best!

Meet... Button

Button had the same owner since he was 8 weeks old and is now 7 years old, he is lost, scared and confused but a very nice little boy that is house trained and loves other female dogs. Button deserves a new home with lots of love and affection. He is a Rat Terrier mix, up-to-date on vaccinations and is great with children.

The \$35.00 adoption fee is minimal when compared to the years of joy a pet can offer your family. Please visit the shelter to choose your pet. The shelter has an ongoing need for donations of dog food, collars, leashes, treats, stainless steel food bowls and monetary donations to provide medical care. We greatly appreciate all donations made to the shelter.
