CULLMAN REGIONAL

meet

Ashley A. Ketchum, DO

Pediatrician

Cullman Regional welcomes Dr. Ketchum to the Cullman Regional Medical Staff. A graduate of Lincoln Memorial University — DeBusk College of Osteopathic Medicine in Harroage, TN, she completed her post-doctoral training at the University of South Florida. Dr. Ketchum will manage the health of children, including physical, behavioral and mental health issues. She joins the practice of Internal Medicine & Pediatrics of Cullman.

"I'm excited to bring our family to Cullman and to become a part of the community. I look forward to using the insight I have gained as a new parent to help me provide even better pediatric care to the children of the Cullman area."

PHARMACY TOPICS by Rex Smith Hospital Discount CENTRAL

Pictured L-R: Vanessa Patton, Becky Cook, Becky Burks and Rex Smith, RPh

Scientists have discovered how vitamin A drives the lung immune system to deal with tuberculosis (TB). The findings have just been published in a top respiratory journal, the American Journal of Respiratory Cell and Molecular Biology. TB is the biggest infectious killer in the world, and multiple-drug resistant TB, which does not respond to regular antibiotics, is a major threat to global health. TB killed 1.7 million people in 2016 and is considered the top cause of death related to infection worldwide. With the increased incidence of drug-resistant TB at home and abroad, additional strategies are required to treat the disease. Unlike in the case of antibiotics, TB resistance should not develop against vitamin A.

* * *

Young girls are stronger with higher levels of vitamin D, but the association was not found in boys. These are the results from a new large study recently published in the Journal of Clinical Endocrinology and Metabolism. Girls with low vitamin D were found to have a 70 percent increased risk of being among the lowest 10 percent in a test for muscle strength.

* * *

Vitamin D levels in the blood are linked to cardiorespiratory fitness, according to a study published in the European Journal of Preventive Cardiology, a publication of the European Society of Cardiology (ESC). It is well established that vitamin D is important for healthy bones, but there is increasing evidence that it plays a role in other areas of the body, including the heart and muscles. The study shows that higher levels of vitamin D are associated with better exercise capacity.

SHOP TODAY'S LOW PRICE TAGS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

When Death Paralyzes Your Family

There is a helping hand nearby

Very few things you hear possess the feeling of overwhelming loss like hearing that someone close to you has passed away. In seconds, you'll experience many emotions that can leave you virtually paralyzed. When these feelings seem to take control, remember that the calm reassurance of Cullman Heritage Funeral Home is there for you.

Saving You MONEY

No Cards, No Games, No Gimmicks - Just Hometown Values For Your Hard Earned Money

IS WHAT WE ARE ALL ABOUT

SHOP TODAY'S LOW PRICE TAGS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. Make savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
