**Flying Is Like Driving**

On a recent flight, an elderly passenger kept peering out the window. Since it was totally dark, all she could see was the blinking wing-tip light. Finally, she rang for the flight attendant.

"I'm sorry to bother you," she said, "but I think you should inform the pilot that his left-turn indicator is on and has been for some time."

HOLLYWOOD — When "Game of Thrones" ended, most of the stars immediately moved on to other projects, but **Kit Harington** (Jon Snow) took time off, it was rumored, to get his demons under control. It must have worked, because he's before the camera again as Dane Whitman, aka the Black Knight, in the Marvel Comics-based "Eternals" (due November 2020). His co-stars are **Angelina Jolie**, **Salma Hayek**, **Richard Madden**, **Brian Tyree Henry** and **Kumail Nanjiani**, who all play immortal humanoids. Angelina Jolie has completed the fantasy drama "Come Away" (based on "Alice In Wonderland" and "Peter Pan"), with **David Oyelowo** and **Michael Caine**, and the thriller "Those Who Wish Me Dead," with **Nicholas Hoult**.

HBO

What's happened to movies? Once we had great books that were made into films. **Stephen King** has had 34 books made into movies, **Ernest Hemingway** 14, **Nicholas Sparks** 11, **John le Carre** 10 and **John Grisham** nine, to name a few. Today, probably because this modern generation doesn't read anything except comic books, there have been more than 100 films made that were based on comic books and their characters.

You can add one more to that number — the sequel to "Suicide Squad," which grossed \$747 million. **Margot Robbie**, **Viola Davis**, **Jai Courtney** and **Joel Kinnaman** are returning, joined by **Idris Elba** and **Nathan Fillion**, whose ABC series "The Rookie" begins its second season on Sunday, Sept. 29. "The Suicide Squad 2" opens in August 2021.

**Peter Facinelli**, who starred in "The Twilight Saga" and the TV series "Supergirl" and "Nurse Jackie," is headed for the big screen in a unique project. When "RuPaul's Drag Race" (which began in 2009) went mainstream, winning nine Emmys from 23 nominations, it was only a matter of time before his concept became a mov-

ie. Facinelli co-stars with "RuPaul's Drag Race" judge **Michelle Visage** in "God Save the Queens." Called a drag queen comedy, it's an introspective look at three different drag queens in Los Angeles, New York and Texas, their careers and their struggles. Comic books and drag queens ... movies are better than ever?

The annual Kennedy Center Honors will be presented Dec. 8 and aired on Sunday, Dec. 15, at 8 p.m. ET on CBS. It should be on your not-to-be-missed list. This year's honorees are two-time Oscar- and three-time Emmy-winner **Sally Field** (who began her career on TV as "The Flying Nun"), legendary soul and rock group **Earth, Wind and Fire**, the incredible **Linda Ronstadt**, who gave up public singing because of Parkinson's disease (though she's written a memoir and often tours with her one-woman show), and everybody's favorite, "Sesame Street." All that and Big Bird, too!

Baptizing A Drunk

A man is stumbling through the woods totally drunk when he comes upon a preacher baptizing people in the river. The drunk walks into the water and bumps into the preacher. The preacher turns around and is almost overcome by the smell of booze. Whereupon he asks the drunk, 'Are you ready to find Jesus?'

'Yes I am' replies the drunk, so the preacher grabs him and dunks him in the river. He pulls him up and asks the drunk, 'Brother have you found Jesus?'

The drunk replies, 'No, I haven't, The preacher, shocked at the answer, dunks him into the water again, but for a bit longer this time. He pulls him out of the water and asks again, 'Have you found Jesus, my brother?'

The drunk again answers, 'No, I have not found Jesus.'

By this time the preacher is at his wits end so he dunks the drunk in the water again, but this time he holds him down for about 30 seconds.

When the drunk begins kicking his arms and legs, the preacher pulls him up. The preacher asks the drunk again, 'For the love of God, have you found Jesus?'

The drunk wipes his eyes and catches his breath and says to the preacher,

'Are you sure this is where he fell in?'

September 19, 2019  
By Paulette Dean

Years ago when I was in my late teens, I still lived with my parents. We lived in a nice family-friendly, quiet neighborhood. One day, however, as I was taking our dog for a walk, I noticed that a new family had moved in around the corner. I was horrified to see that they had three big dogs that were chained in the yard; the only shelter provided was rusty barrels. It was late fall, and I worried and prayed non-stop about those dogs.

I simply could not stand another minute of worrying about those dogs being so cold when the weather forecast predicted freezing temperatures. I bought several large towels to put in the barrels. At the last minute, I included my big, fluffy yellow bathrobe. I decided the dogs needed that fluffy robe more than I did, so I put it in the pile with the towels and walked around the corner to where the dogs were chained.

A woman answered the door when I knocked. I told her that I was concerned about the dogs being cold, so I would like her to put the towels and the robe in their barrels. She looked at me like I had lost my mind, but took the large pile from me. She closed the door, and I went back home.

The next day, I walked back by the house and did not see any towels or yellow robe in the barrels. All I saw were chained dogs huddled by the barrels. The temperature had dipped overnight and it was freezing. I knocked on the door again, and when the woman opened the door, she was wearing my fluffy yellow robe. I told her I was disappointed, and then went back home.

A few weeks later, the dogs disappeared, and I hoped they were in a better place.

With colder temperatures coming soon, this would be a good time to remind

owners of companion animals that they must provide adequate shelter for all of their animals. It must be an adequate size, must be safe, must provide a solid surface, and must be easily cleaned. The shelter must "protect each animal from injury, rain, sleet, snow, hail, direct sunlight, the adverse effects of heat or cold, physical suffering and impairment of health."

As of July 1st, the definition of "adequate shelter" also includes the requirement that "during cold weather, has a windbreak at its entrance and provides a quantity of bedding material consisting of straw, cedar shavings or the equivalent that is sufficient to protect the animal from cold and promote the retention of body heat."

Clearly, rusty barrels are no longer be considered adequate shelter, thank goodness!

As pet owners prepare their outside companion animals (and cats are not excluded) for cold weather, we strongly urge them to consider examine the shelter provided and determine if it meets the legal requirements.

It is the least they can do for the outside companion animals.

**Salome's Stars**

**ARIES** (March 21 to April 19) Travel plans could be interrupted by the re-emergence of a workplace problem that was never quite fully resolved. Deal with it at once, and then take off on that well-deserved trip.

**TAURUS** (April 20 to May 20) Aspects favor cultural activities for sensuous Bovines. Attend a concert or an art show. Better yet, create something yourself (a poem, perhaps?), and dedicate it to someone special.

**GEMINI** (May 21 to June 20) Respect any doubts you might now be feeling about a new situation. They could be reflecting your inner awareness that some essential information might be missing. Check it out.

**CANCER** (June 21 to July 22) It's important to start the new month with as clean a slate as possible. Either complete all those unfinished tasks or pass them on to others who would be more than happy to take them on.

**LEO** (July 23 to August 22) This is a good time to cut down on expenses and tame that urge to splurge. Applying some financial discipline now could help the Big Cat ride out a possible monetary crunch later on.

**VIRGO** (August 23 to September 22) Money matters are dominant this week. Recheck your accounts and make sure they're up-to-date. Also, pay more attention to personal issues before they become major problems.

**LIBRA** (September 23 to October 22) You might be tempted to employ the same tactics as your adversary, but that could backfire. Better to use the same balanced approach that has worked for you before and could again.

**SCORPIO** (October 23 to November 21) A changing workplace environment could stir up confusion as well as apprehension. Best to ignore the rumors and get the facts. You could find that the changes bring positive elements.

**SAGITTARIUS** (November 22 to December 21) Communication is easier this week with people ready and eager to hear what you have to say. Also, check for possible technical problems before you start your new project.

**CAPRICORN** (December 22 to January 19) Aspects favor change for the usually traditional Goat. Opening your mind to possibilities you had ignored could lead you to make decisions you once considered improbable.

**AQUARIUS** (January 20 to February 18) Making personal as well as professional adjustments to changing conditions might be easier with more information explaining the "hows" and "whys" of the situations in question.

**PISCES** (February 19 to March 20) With a growing tide of positive reactions to buoy your confidence, this could be the right time to put the finishing touches to your new project and get it well and truly launched.

**BORN THIS WEEK:** You have a gift for setting an example of quiet, calm reasoning in the midst of chaotic conditions.

**FLASH BACK**  
POP ROCK & SOUL TRIVIA BY MICKY

1. Name the artist who wrote and released "Lovin' You." Hint: She had a five-octave singing range.
2. Which rockabilly artist released "You're Sixteen" in 1960?
3. Which group released "I Need You" and "Ventura Highway" in 1972?
4. Who released an album entitled "Rock of the Westies"?
5. Name the song that contains this lyric: "Until we dance into the fire, that fatal kiss is all we need."

- Answers
1. Minnie Riperton, in 1975. Stevie Wonder produced her first album, but under a pseudonym because he was under contract to another record company.
  2. Johnny Burnette. His version peaked at No. 8 on the Billboard Hot 100, but Ringo Starr's 1973 rendering was an international hit and went to No. 1 in the U.S.
  3. America. The trio met in high school in London, where their fathers were stationed with the U.S. Air Force. They picked the name so no one would think they were Brits trying to sound American.
  4. Elton John, in 1975. The name was a play on "West of the Rockies" because the album was cut in Colorado.
  5. "A View to a Kill," by Duran Duran. They wrote and performed this theme song for the 1985 James Bond film of the same name. It is still the only James Bond theme song ever to reach No. 1 on the charts.

# Model Train Show Returns to Danville Science Center September 28 and 29

17th Annual Old 97 Rail Days Features New Displays

Danville Science Center will host its annual model train show, Old 97 Rail Days, on Saturday, Sept. 28, from 10 a.m. to 5 p.m. and Sunday, Sept. 29, from 11 a.m. to 2 p.m. The Science Center invites train aficionados, science lovers and history buffs alike to take part in the special event that has grown in scope and attendance over the last 16 years.

Guests will enjoy a diverse collection of nearly 15 individual N-scale model train modules set up to make one giant layout. Families will get an up-close look at tiny towns and intricate scenery – everything from the cows in fields to the loads on the boxcars are to scale! New this year, Old 97 Rail Days will feature a new and improved layout created by the Eastern N Lines Model Railroad Club that showcases multiple trains running simultaneously through miniature landscapes in the Pepsi Building.

“There’s no better place to attend a train event than a recently restored, working train station!” said Science Center Executive Director Adam Goebel. “Each year Old 97 Rail Days draws more and more people from surrounding regions who are interested in learning about advances in technology and engineering in model railroading. Each club puts countless behind-the-scenes hours and incredible craftsmanship into their display to ensure the final layout will wow guests year after year.”

Old 97 Rail Days is a commemorative event, happening near the anniversary of the Old 97 express train crash in September 1903. The Science Center is located approximately one mile from where that tragic accident occurred, and hosted the first event in 2003 to honor lives lost during that incident. Its Science Station will feature a 5-by-5 miniature stationary model of the Old 97 wreck scene created by a local N-scale model train club to help guests learn about the historical moment.

In addition to walking among the small private-collector displays, guests can stroll along full-size historic train tracks and explore a fully restored 1948 Norfolk and Western caboose. The Science Center’s newest traveling exhibition, Human Plus, will also be open. This interactive exhibit invites the visitor the real-world impact of technology by exploring and creating a range of low tech and high-tech tools that extend human abilities and change lives.

Old 97 Rail Days is included in exhibit admission, which is \$7 with \$1 discounts for children 4-12 and 60+. On Saturday, Sept. 28, only, gallery admission is 50 percent off. For more information, visit [dsc.smv.org](http://dsc.smv.org) or call 434.791.5160.

## Danville Parks and Recreation, Health Collaborative receive state awards

THC: Members of the Health Collaborative along with Danville Parks and Recreation Director Bill Sgrinia display the VRPS award for Distinguished Private Sector Service.

Fit Mobile: Danville Parks and Recreation Director Bill Sgrinia and Community Program Coordinator Kara Robertson display the VRPS award for Best Health and Wellness Initiative.

DANVILLE - Danville Parks and Recreation and the regional Health Collaborative each received an award, during the Virginia Recreation and Park Society's 64th Annual State Conference last week in Tyson's Corner. Over 500 delegates from across the Commonwealth attended this year's conference.

"As always, we are proud of not only our staff but our community for representing Danville and surrounding areas so well during the VRPS Conference," said Danville Parks and Recreation Director Bill Sgrinia. "These awards are a testament to Danville's commitment to improving the health and quality of life of its citizens. These awards don't just recognize Parks and Recreation, they recognize the efforts of our wonderful community partners, city council, and city's leadership."

The Health Collaborative received the Distinguished Private Sector Service Award in recognition of its continued efforts to improve the region's health statistics. The organization was founded in 2014 after a community health report indicated the region ranked in the bottom three of the state in overall health categories.

Since its inception, the collaborative has grown to be a significant partner to many health organizations, including Danville Parks and Recreation, that has aided with the implementation of Fit Mobile program, Danville's first-ever Urban Agriculture City Code, the Community Health Worker Initiative, the Thrive Initiative, various gardening programs throughout the city, Danville's first Complete Streets policy, and more.

"So many of our health and wellness programs have become community efforts," said Danville Parks and Recreation Community Recreation Division Director Jason Bookheimer. "This recognition for the Health Collaborative is well deserved. They work tirelessly to help, not only Parks and Recreation, but also the community to accomplish its goals of providing lifelong learning and positive health outcomes to our friends and neighbors."

Also in the area of health and wellness, Danville Parks and Recreation was recognized in a field of 155 applicants for the Fit Mobile Program, which received the Best Health and Wellness Initiative Award in its population category.

The multi-award winning program integrates services from Parks and Recreation and the Community Health Workers Initiative into the Averett University Physical Fitness curriculum and offers students the opportunity for hands-on experience and free fitness training to area residents.

Because of the program, Averett students are now able to earn college credit while providing members of the community access to free health training and life-changing wellness coaching.

For more information on either program, contact Danville Parks and Recreation's Community Recreation Division at 434-799-5150.

Local governments of all size populations competed in six categories in the awards program. VML chose Project Imagine as the winner of its category for working with youth.

Project Imagine is designed to give gang-affiliated youth a future off the streets by providing them with a paid work experience and mentoring while on the job. The nine-week training and employment program was implemented through a partnership with the Virginia Workforce Center and the Virginia Department of Juvenile Justice.

\* It was Democratic governor and presidential hopeful Adlai Stevenson who made the following sage observation: "A free society is a place where it's safe to be unpopular."

\* In proportion to its size, the strongest muscle in the human body is the tongue.

\* Beloved children's author Dr. Seuss had a hobby that few people were aware of: He collected hats.

\* If you're planning a trip to Kentucky anytime soon, you'd better keep a close rein on your interactions with strangers. It seems that flirting there is illegal and could get you 30 days in jail.

\* It's well-known that Albert Einstein won the Nobel Prize, but most people are misinformed about what he won it for. He didn't receive the award for his theory of relativity, but for his explanation of the photoelectric effect.

\* The name of one of the most popular early video games, Pac-Man, comes from the Japanese words for "to eat." "Isuzu" means "50 bells" in Japanese, and "Atari" means "prepare to be attacked."

\* The lyrics to that favorite Irish ballad "O Danny Boy" were actually written by an Englishman.

\* Hong Kong is not a city -- it's an island. The name of the city commonly known as Hong Kong is actually Victoria.

\* A study conducted by the Environmental Conservancy shows that Viagra is having a beneficial effect on the environment, especially in Asian countries. It seems that even though the drug costs \$10 a pill, it's still cheaper than bear's gall bladder and other supposed remedies.

\* In ancient Rome, slaves with red hair commanded a higher price from buyers.

\* Actress Meg Ryan's given name was Margaret Mary Emily Anne Hyra.

Thought for the Day: "The trouble ain't that people are ignorant; it's that they know so much that ain't so." -- Josh Billings
