APPLE TURNOVERS

INGREDIENTS

1 8oz pkg. cream cheese,
softened
¾ Cup butter or margarine,
softened
1 egg, separated
3 Tablespoons cold water, divided

2 Cups flour
7 Cups thinly sliced
peeled apples (about 6)
¾ Cup sugar
1 ½ teaspoons
ground cinnamon

DIRECTIONS

In a mixing bowl, mix cream cheese and butter together until smooth. Then separate egg yolk from egg white. Chill the egg white to use later. Beat egg yolk and 2 Tablespoons cold water into cream cheese mixture. Gradually beat in flour until well blended. Shape mixture into a ball and chill 1 hour. This will be the turnover dough.

In saucepan, toss apples with sugar and cinnamon. Bring to a boil. Reduce heat. Cover and simmer for 8-10 minutes until apples are tender. Roll pastry dough to 1/8 in. thickness; cut circles with a biscuit cutter. If you'd like bigger turnovers use a small bowl and cut out around the bowl. Top each circle with a tablespoon or more of apple mixture. Fold pastry over filling and press together with a fork.

In small bowl, whisk egg white and 1 tablespoon water. Brush over pastry and sprinkle with sugar. Place on greased cookie sheets and bake at 375 degrees for 18-20 minutes. Serve with ice cream, if desired.

BRONX SAFE DISPOSAL EVENT

On Saturday, October 5 from 10 A.M. to 4 P.M. at the Orchard Beach parking lot, the New York City Department is having its Bronx Safe Disposal Event. At this event, you will have the opportunity to safely discard solvents, automotive, flammable and electronics items. Only New York City residential waste is accepted. No commercial vehicles are allowed. Other items include personal care items like unwanted medicines or cosmetics, thermometers, pesticides, paints, hazardous cleaners and compact fluorescent bulbs.

DISTRICT NEEDS

Each year the City of New York requires each Community Board to submit a list of capital and expense requests in its respective district for review. For example, Bronx Community Board #10 can suggest to the city to renovate an existing park, create a new park or increase funding to the City Department of Transportation for road repair. If there is a city program that is successful and wish for it to have its funding increased, please let me know. An example of this is the Parks Department's tree and sidewalks program where high priority sidewalks damaged by a city tree are repaired. Please be advised that this process is now open, and you should submit your requests as soon as possible. If you are a Bronx Community Board #10 resident that wishes to suggest an item to be placed on our Fiscal Year 2020 District Needs Statement please contact me directly at (718) 892-1161 or via e-mail at bx10@cb.nyc.gov. Requests are prioritized. If your request does not make it to our final list in October, my office will still have it on record for future District Needs Statements. To be clear, our list to the City of New York is merely a recommendation to the City for what we feel the community needs in terms of municipal services.

"HELP ME QUIT"

All smoking is bad for you. We should all convince our loved ones to "kick the habit." According to the NYC Department of Health & Mental Hygiene, nearly 867,000 adults and 15,000 young people use tobacco products. The use of tobacco products can cause vascular disease, diabetes and heart and lung diseases in addition to many forms of cancer. The NYC DOHMH launched the "Help Me Quit" mobile application earlier this year. It is available for free download on your smart phone and/or tablet. The "Help Me Quit" application provides tips on how to stop cravings, a map of nearby support clinics and help track the progress on your journey toward quitting. Interested persons may call 3-1-1 to find a local quit smoking program or can visit www.nysmokefree.com. As always, you are welcomed to contact my office at (718) 892-1161 with questions.

Hart Island is home to the City's largest tax-funded cemetery, commonly known as Potter's Field, off the Coast of City Island in Council District 13. The cemetery currently stretches across 131 acres of land and over one million people have been buried on Hart Island since its first burial in 1869. Previously, it served as a Civil War internment camp, a psychiatric institution, a sanatorium, a reformatory, and a Nike Missile launch for the United States Military. However, its current primary function is a public cemetery for the burial of people who died indigent or whose bodies went unidentified or unclaimed after their death. Hence, this is a very sacred land for the individuals buried and their respective families.

The Department of Correction (DOC) is currently responsible for the operation and maintenance of Hart Island. Under the supervision of DOC, inmates perform the burials. Furthermore, DOC authorizes and coordinates travel for staff, inmates, and the public alongside the Department of Transportation (DOT). Currently, public access is limited, typically twice a month.

As you may already be aware, there four bills concerning Hart Island that have been circulating in NYC Council since 2018. They are as follows:

Int. 906 - A Local Law to amend the administrative code of the city of New York, in relation to a transfer of jurisdiction over Hart Island from the department of corrections to the department of parks and recreation

Int. 1559 - A Local Law to amend the administrative code of the city of New York , in relation to the establishment of an office to provide support to those in need of burial assistance

Int. 1580 - A Local Law in relation to the creation of a task force on public burial and related issues

Int. 909 - A Local Law to amend the administrative code of the city of New York, in relation to ferry service to Hart Island

I would firmly like to express that I do not support these bills and that I stand behind the majority of my constituency. The individuals who have been laid to rest and their respective families deserve a peaceful place to rest and pay their respects. They deserve to reside under an agency that is equipped to perform the high operation and maintenance demand. The Department of Parks is overwhelmed by the vast number of parks under its current jurisdiction. Furthermore, the residents of City Island are already plagued with congestion and traffic. As such, the addition of a ferry service to Hart Island from City Island would not only be an inconvenience, but also a public safety issue. Instead, of attempting to change the jurisdiction of Hart Island, more efforts should be placed on diversifying visitation days and the further maintenance
