Huge Sofa

Someone in our neighborhood put a huge sofa out by the curb for trash collection. Since it was in good shape, many motorists slowed down for a look. But when they saw how enormous it was, they'd leave.

Eventually a compact car pulled up, and two men got out. "This I've got to see," I thought. They removed the cushions, turned the sofa upside down, and shook it hard. Then they picked up all the coins that tumbled out and drove off.

Great truths about life that little children have learned...

1. When your Mom is mad at your Dad, don't let her brush your hair.
2. If your sister hits you, don't hit her back. They always catch the second person.
3. Never ask your 3-year old brother to hold a tomato.
4. You can't trust a dog to watch your food.
5. Don't sneeze when someone is cutting your hair.
6. Never hold a Dust-buster and a cat at the same time.
7. You can't hide a piece of broccoli in a glass of milk.
8. Don't wear polka-dot underwear under white shorts.
9. The best place to be when you're sad is Grandpa's lap.

HOCUS-FOCUS

BY HENRY BOLTOFF

Differences: 1. Man's sweater is black. 2. Plant is fuller. 3. Picture is missing. 4. Boy is taller. 5. Earring is missing. 6. Boy's right arm is hidden.

ARIES (March 21 to April 19) An upcoming trip could create some problems with your schedule unless you tie up as many loose ends as possible before you head out the door. Ask a friend or colleague to help you.

TAURUS (April 20 to May 20) Being eager to start a new project is fine. However, moving ahead without knowing what actually will be expected of you could cause a problem down the line. Ask some questions.

GEMINI (May 21 to June 20) Getting through some recent challenges in good shape might give you a false sense of security. Don't relax your guard. You need to be prepared for what else could happen.

CANCER (June 21 to July 22) Caution is still advised, even though you think you're as prepared as you need to be. Keep in mind that change is in your aspect, and you should expect the unexpected.

LEO (July 23 to August 22) The Lion's gift of persuasion helps you get your points across, even to some of your most negative naysayers. An old friend might seek you out for some advice.

VIRGO (August 23 to September 22) Being sure of your convictions is fine. But leave some room for dissenting opinions. You might learn something that could help you avoid a possible problem later on.

LIBRA (September 23 to October 22) Getting good legal advice on what your rights actually are is the first step toward resolving that pesky problem so that it doesn't re-emerge at a later date. Good luck.

SCORPIO (October 23 to November 21) Longtime relationships work well this week, whether they're personal or professional. It's a good time to invite new friends and colleagues into your life.

SAGITTARIUS (November 22 to December 21) This is a good week to do the research that will help you uncover those irrefutable facts that can back you up on your new venture when you most need it.

CAPRICORN (December 22 to January 19) Change is an important factor in your aspect this week and could affect something you might have thought was immune to any sort of adjustment or "alteration."

AQUARIUS (January 20 to February 18) Being asked to share someone's deeply personal confidence might be flattering, but accepting could be unwise. Decline gracefully but firmly.

PISCES (February 19 to March 20) As wise as you are, you could still be misled by someone who seems to be sincere but might not be. Take more time to assess the situation before making any commitments.

BORN THIS WEEK: You like to face challenges that others might try to avoid, and by so doing, you set an example of courage for all.

PIEDMONT PETS

September 19, 2019
By Paulette Dean

996 South Boston Rd.,
Danville, VA 24540
Phone: (434) 799-0843

The one they all have in common is the look in their eyes from being scared or confused.

That look usually goes away when they are rescued, brought to the shelter, fed, watered, and put in a comfortable resting spot.

At this writing, we are trying to trap nine kittens that were abandoned in a field; witnesses saw a truck open the door and toss them out.

Abandonment is against the law in Virginia; it is a Class 3 misdemeanor. The Comprehensive Animal Care portion of the Code defines abandonment as: “‘Abandon’ means to desert, forsake, or absolutely give up an animal without having secured another owner or custodian for the animal or by failing to provide the elements of basic care as set forth in 3.2-6503 for a period of four consecutive days.” or by failing to provide the elements of basic care as set forth in 3.2-6503 for a period of five consecutive days.”

Several years ago, the Virginia Legislature included companion animals under the litter laws. At first, this may seem offensive to group pets in with garbage, but it actually is a very good step. However, if the person is charged

under the litter laws, the crime is a Class 1 misdemeanor. The law itself is very well-written: “It shall be unlawful for any person to dump or otherwise dispose of trash, garbage, refuse, litter, a companion animal for the purpose of disposal, or other unsightly matter, on public property, including a public highway, right-of-way, property adjacent to such highway or right-of-way, or on private property without the written consent of the owner thereof or his agent.”

Under the Class 3 misdemeanor abandonment laws, a person can be fined not more than \$500. Under the Class 1 misdemeanor litter laws, a person can be confined in jail for not more than twelve months, and fined not more than \$2,500, either or both.

We will pay a reward for information leading to the arrest of anyone abandoning an animal in the City or in Pittsylvania County. The reward money comes from donations.

If you know of anyone who has abandoned an animal, please call us. Abandonment is illegal and cruel.

SERVICE OF PRAISE, WORSHIP & GOSPEL MUSIC

Constitution Day at DCC

From L-R John Wilt, Steve Carrigan and L-R Paulette Dean and Ana Ruiz-Fodor were presenters in Oliver Hall at Danville Community College's September 17, 2019 Constitution Day celebration.

Topic: "Cyber-crime, Cyber-security, U.S. Constitution and Bill of Rights"

By Samantha Weaver

* It was noted 20th-century author of speculative fiction Harlan Ellison -- whose writing credits include episodes of the original "Star Trek" series -- who made the following sage observation: "The two most common elements in the universe are hydrogen and stupidity."

* After his death in 2005, the ashes of Hunter S. Thompson -- pioneer of "gonzo" journalism and author of the infamous novel "Fear and Loathing in Las Vegas" -- were fired spaceward from a giant cannon to the accompaniment of fireworks and the Bob Dylan song "Mr. Tambourine Man."

* Wasps, evidently, don't have any time to waste. Those who study such things say that they take less than a minute to complete their courtship and mating rituals.

* All species of dog have a pink tongue -- except one. Chows' tongues are black.

* The automatic dishwasher was invented way back in 1886. A woman named Josephine Cochrane came up with the idea because she was unhappy with the way her fine china was being chipped by the servants who were washing it.

* According to a recent Zinus study on sleep anxiety in America, women are more likely than men to dream about being chased and having teeth fall out. Men, though, dream more often about being naked in public and flying.

* If you're thinking of redecorating your child's room, you might want to keep this in mind: Studies show that the color pink has a soothing effect on children, blue lowers their blood pressure and increases attentiveness, and yellow excites and cheers kids. Avoid red if at all possible; it has been shown to raise children's blood pressure, respiration and heart rate as well as brain and muscle activity. ***

Thought for the Day: "Unfortunately, computers are also stupid. Unlike human beings, computers possess the truly profound stupidity of the inanimate." -- Bruce Sterling
