What Can Regenerative Medicine Do For You?

Are you considering knee, hip, shoulder, ankle, or wrist surgery or just having severe pain?

Regenerative Medicine - I had tennis elbow and had cortisone injections to help the pain - wrong - it burned half the elbow tissue and I went to the orthopedic surgeons and was told that it was inoperable and was prescribed an anti-inflammatory - I thought all hope was lost until I met Doc Kanan - been over a month since I had the stem cell injection and Cold K laser therapy and my elbow is like new no pain and I can actually lift things with my arm now - so happy would do it again if something else breaks down! The best!

Then Come To Our **Free Seminar** On How Regenerative Medicine Can Prevent Surgery!
