Councilman Mark Gjonaj

250 Broadway, Suite 1847
New York, NY 10007

I was proud to attend and speak at the Bronx Bus Redesign press conference on October 22nd, where a final plan was unveiled that optimizes the bus route to reach those in greatest need of bus service, maximizes the number of riders served and increases the number of available routes, while reducing ride times. This final plan is the product of several months of dialogue between community leaders, community members and various parties of interest.

The bus redesign achieves those goals by adding three additional lines (including an express line) and expanding existing one. Also, the collapsing of several stops into single stops in high-traffic corridors was done in the interest of improving bus speeds. While that may sound like a hasty decision, I would like to note that the distance between stops in the Bronx is much larger than the national average, and their consolidation allows buses to traverse busy streets quicker than our current bus routes allow, while also ensuring that those with moved stops do not have to travel far to reach their new stop.

These additional lines, amongst other intentions, will improve bus access to areas previously deprived of service, or where bus stations are incredibly inconvenient. It is my sincere belief that these changes will lead to faster commutes for a greater number of people. Everyone deserves to have access to public transportation, and our final design is a tremendous step in that direction.

I thought it was also valuable to hear legitimate concerns about the route redesign, and I can assure you that those complaints have not fallen on deaf ears. While the 2019 Bronx Bus Redesign is final, albeit after much community engagement and subsequent revision, I nonetheless encourage your continued comments on this plan, especially following implementation. Please do not hesitate to contact my office at (718) 931-1721 or at MGjonaj@council.nyc.gov. Thank you for your assistance in allowing this redesign to come to fruition.

Chocolate-Cinnamon Skeleton Cookies

1 3/4 cups all-purpose flour
3/4 cup unsweetened
Dutch-process cocoa
powder
1 tbs ground cinnamon
3/4 tsp baking soda
1/4 tsp baking powder
1/2 tsp salt

2 sticks unsalted butter, at
room temperature
1 1/4 cups granulated sugar
1/2 cup packed dark brown
sugar
1 large egg
1 tsp pure vanilla extract

For the icing:

1 cup confectioners' sugar
1 tablespoon meringue powder
1 to 2 tablespoons water

1- Make the cookies: Whisk the flour, cocoa powder, cinnamon, baking soda, baking powder and salt in a medium bowl. Beat the butter, granulated sugar and brown sugar in a large bowl with a mixer on medium-high speed until light and fluffy, about 5 minutes. Beat in the egg and vanilla until creamy, 1 to 2 minutes. Reduce the mixer speed to low. Gradually add the flour mixture and beat until combined, about 2 minutes. Divide the dough in half; pat each piece into a disk and wrap in plastic wrap. Refrigerate until firm, 1 hour.

2- Roll out each dough disk between 2 sheets of parchment paper until 1/4 inch thick. Refrigerate until firm, about 2 hours.

3- Position racks in the upper and lower thirds of the oven and preheat to 350 degrees F. Line 2 baking sheets with parchment paper. Cut the dough into shapes using a 4 1/2-inch gingerbread man cookie cutter and arrange 2 inches apart on the prepared pans. Reroll the scraps and cut out more cookies. (If the dough is too soft, freeze 10 minutes before cutting.) Refrigerate until firm, 15 minutes. Bake, switching the pans halfway through, until the cookies are set but still soft, 15 minutes. Let cool 10 minutes on the pans, then transfer to racks to cool completely.

4- Make the icing: Beat the confectioners' sugar, meringue powder and water in a bowl with a mixer on high speed until smooth and thick. Transfer to a resealable plastic bag and snip off a corner. Pipe skulls and bones onto the cookies. Let set 30 mins.

5- To decorate the cookies, first make the outline of the skull, eyes, nose, mouth and bones. Then thin some icing with a little water and pipe into the outline of the skull; use a toothpick to help.

HOME ENERGY ASSISTANCE PROGRAM (HEAP)

The NYS Home Energy Assistance Program Benefit (HEAP) application opens November 12! As you know, HEAP assists low-income people with their heating costs. Eligibility and benefits are based on income, household size, primary heating source and whether a household member is under six years of age or over 60. You may be eligible even if you own your home or pay for heat as part of your rent. To be sure, there are income guidelines. For example, a household size of four may not exceed a gross monthly income of \$4,598. A household size of one may not exceed a monthly gross income of \$2,391. If you think you are eligible and wish to apply, please visit 1932 Arthur Avenue, Ground Floor, Bronx, NY 10457 or contact my office so that we can schedule a time for you to pick-up an application.

NYC DOT STREET WORK PERMITS

My office fields many inquiries weekly about road work occurring in our neighborhoods. As you know, any road work requires New York City Department of Transportation permits. All permits are publicly available on the "NYC Streets Permit Management System" which can be found at nycstreets.net/public/permit/search. On this website, you can search by address, intersection and/or community district. I understand that navigating this website can be difficult on the first attempt. However, my office staff is available to help you at your earliest convenience so that you can search when road work is scheduled to conclude or if you would like to know which agency is working in your neighborhood. To be sure, some permits are not actively available on this website as there are instances where, for example, Con Edison is performing emergency work. In these instances, you should always contact my office at (718) 892-1161 with any questions.

"PARKNYC"

You may have noticed blue signs under our municipal parking metered signage on our local streets and throughout the city during your travels. The six-digit code on the blue sign tells you your zone where you now can pay the muni meter through your smart phone by downloading the ParkNYC application. No longer do you have to feed the meter, but I will caution motorists that you can only pay once at each zone. Please download the application to your smart phone as this will save much needed time during your commute.
