Livingston County's 2021 Bicentennial:
Volunteers Needed to Narrate Upcoming Video

Geneseo, NY, October 21, 2019 – Formed in 1821, Livingston County will be celebrating its Bicentennial in 2021. Multiple county-wide events will be held as this milestone draws near. The second event, entitled "Local History Out Loud – Part Two: The History of Livingston County from the Civil War to the Industrial Revolution", involves the creation of a historical video by the Livingston County Historian's Office.

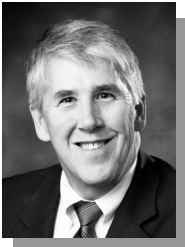

The Historian's Office is searching for volunteers to narrate portions of the video.

For more information or to sign up as a volunteer, please contact Amie Alden, Livingston County Historian, at 585-243-7955 or historian@co.livingston.ny.us.

In addition, the Historian's Office is currently displaying a historical map exhibit that includes maps from 1779 through the early 20th century. All are encouraged to visit the exhibit at the Livingston County Government Center, 6 Court Street, Geneseo, NY 14454 to find homes and property owners' names, churches, schools, Indian reservations, and more!

Home Energy Assistance Program (HEAP) 2019 – 2020

Regular HEAP opens on November 12, 2019.

Emergency HEAP opens January 2, 2020.

Apply for HEAP on-line at myBenefits.ny.gov beginning November 12, 2019.

Applying on-line is easy, applications are received by the agency right away, and allow the applicant to track the application and benefits.

Most individuals or families **receiving either Temporary Assistance or SNAP benefits** on September 23, 2019 will receive a one-time Regular HEAP benefit through that case and do not need to apply separately.

Livingston County residents that are unable to apply online, may request an application be mailed by calling (585) 243-7300. HEAP applications are mailed and accepted starting November 12th at the

Livingston County Department of Social Services
1 Murray Hill Drive
Mount Morris, NY 14510

It is very important to keep current on your utility bills.

If you fall behind prior to HEAP opening, contact the company and try to make some arrangement for payment.

- Non-heating electric shut offs cannot be paid with Regular HEAP Benefits.
- Interviews can be done over the phone as long as a HEAP application has been filed either through myBenefits.ny.gov or in paper form with the agency.
- Do not wait until you are out of fuel to apply for HEAP. Let us know when you are **low on fuel** (less than a quarter tank). Non-utility fuel companies may charge a delivery fee if they deliver “off route” because you are out of fuel. This charge is deducted from your HEAP grant, so you will receive less fuel from your HEAP grant.
- If you have a shut off notice on your natural gas or electric, contact us **prior to being shut off**. If service is shut off, the company does not have to accept the HEAP grant to turn it back on.

NY's Tax Rankings Still Terrible, With No Relief In Sight

Legislative Column from Assembly Minority Leader
Brian M. Kolb (R,C-Canandaigua)

The Tax Foundation released its most recent rankings of the best and worst states in the U.S., and New York is, again, unsurprisingly abysmal. Our place near the bottom of the barrel has become something of an annual tradition, yet nothing to celebrate. This year, New York was ranked 49th overall for its tax climate, scoring very poorly in the individual tax index (48th), sales tax index (43rd) and property tax index (46th).

These scores are unsustainable and deeply troubling. Quite frankly, at this rate, people aren't going to want to live here; they aren't going to want to stay here and they certainly will not want to move into one of the most toxic places to buy property or own a business in the nation. New York is losing its tax base, innovative business leaders and human capital to other states where the cost of everyday living isn't oppressive.

For the past decade, the state's population has dwindled while ineffective and corrupt economic development programs cost New Yorkers millions of dollars. Albany has done next to nothing to eliminate costly state mandates driving property taxes through the roof. How many more times does New York need to come in last, or close to last, before wholesale changes are made? Every year nothing happens is another year closer to economic disaster.

THE PROCESS IS THE PROBLEM

The infamous closed-door approach to crafting state budgets is among Albany's most dysfunctional annual traditions. With only Democrats at the table, no one is there to ask the tough questions, offer different ideas or present alternative solutions. New York's outrageous cost-of-living and tax-and-spend mentality will not improve under one-party rule.

Even while the national economy is strong and healthy, New York is bracing for a crisis. Thanks to the Cuomo administration's over spending and budget maneuvering, we already face a \$3 billion shortfall in next year's Medicaid budget. Expensive, out-of-touch proposals like single-payer healthcare would raise taxes on every New Yorker. Right now, liberals are plotting to fund political campaigns with \$100 million a year from taxpayers. It's no wonder that in another recent report from the Tax Foundation, the true value of \$100 is lower in New York than in any other state but Hawaii.

Simply put, common-sense proposals are not making it into the governor's negotiating room. His one-party, closed-door process is unbecoming of a government that is supposed to protect the interests of its constituency. And, most importantly, it has failed miserably.

Changes need to come, and they need to come fast. We absolutely cannot afford another budget—another year of lawmaking—that turns a blind eye to the horrific tax problem in New York.

What do you think? I want to hear from you. Send me your feedback, suggestions and ideas regarding this or any other issue facing New York State. You can always contact my district office at (315) 781-2030, email me at kolbb@nyassembly.gov, find me by searching for Assemblyman Brian Kolb on Facebook, and follow me on Twitter

GOD TOOK JASON'S SEVERE PAIN AWAY

Jason was walking toward us with his head tilted to one side in a very abnormal way. He told us his neck and shoulder had been in very severe pain for about 3 weeks. Pain meds were not working. The pain made his job harder because he had to lift heavy loads over his head. Jason rated the pain at a 9 out of 10, with 10 being the worst possible.

We laid hands on him and prayed for him according to Mark 16:18. The Lord touched Jason immediately and completely. Three weeks later his neck and shoulder were still completely pain free and felt wonderful. No more pain at home or at work. THANK-YOU JESUS!

We want to bring God's love and power into your need for physical healing. Give us a call and we'll come and pay for you.
