ZUZU’S BELL

I was unpacking My Christmas decorations and came across this bell I was gifted a few years back by My Mom. It is a signed bell by Karolyn Grimes who played ZuZu Bailey in the 1946 classic “It’s a Wonderful Life”. The bell is pretty plain, but the sound that comes from it is Angelic. Rightly so, because as ZuZu so sweetly told her Daddy.. “ Teacher says, every time a bell rings an Angel gets It’s wings”. If you have seen this classic you know that the Angel she refers to is Clarence, an (AS2) Angel Second Class. Most people see George as the heart of the story, but I am leaning towards Clarence, because Clarence touched George’s heart in a way that allowed him to believe in himself again. Even though Clarence had been trying to get his wings for over 200 years and was sent as a last resort Angel, he did not allow that truth to lessen his resolve or desire to inspire. He resolved to show George that George’s life had a positive impact on many people and hopefully inspire George to want to live. After jumping off a bridge into cold water and granting George his wish to see his world as if he had never been born, Clarence completed his mission. George saw that even though life gives us challenges we need to appreciate all of life’s blessings and successes. Clarence’s ability to show one person why they have value is as powerful as a person realizing that they themselves have value. If you stumble upon someone who is struggling to know their worth, take a lesson from Clarence and show them chapters of their story where they had true value, were appreciated and needed. No matter the struggle, many times the struggle is worth it, not only for yourself, but for those who’s lives you have blessed. We don’t need to be an AS2 or jump off a bridge to reach out and show compassion. This Holiday Movie encourages us to show appreciation in hopes everyone has a Wonderful Life. As we go on our daily steps know that what we do touches others in ways we may never now. Resolve to inspire and give hope.

Happy Perks to Everyone! To view My Blog live online and hear ZuZu’s Bell the moment Clarence earned his wings just go to <https://www.positiveperksposts.com> were you can also Join in, Like and Share Your Comments.

Albion PD honored with platinum award by AAA

Holley Police receives bronze award

Press Release, Roland Nenni, police chief for Albion and Holley police departments

The Albion Police Department is pleased to announce being awarded the 2019 Community Traffic Safety Platinum Award by the America Automobile Association.

The nationally recognized AAA Platinum Community Traffic Safety Award is the highest award AAA can bestow on any Police Department. It’s awarded to Law Enforcement Agencies that have developed and maintained traffic safety initiatives in their communities and who have shown success in those initiatives.

The Albion Police Department has used programs such as Buckle Up New York, Selective Traffic Enforcement Program, Stop DWI , Pedestrian Crossing Safety and Awareness, Targeted School Zone Patrols and the Child Passenger Safety Seat Program to enforce vehicle and traffic laws as well as to educate and assist motorist.

Throughout 2019 the Albion Police Department conducted several targeted details that focused on specific areas of safety for both motorists and pedestrians. These details were done in non-traditional ways to increase their effectiveness. Several more details are planned using techniques that have never been done in our area and will increase awareness and effectiveness with the end goal of making our community safer.

This is the ninth consecutive year that the Albion Police Department has received the Community Traffic Safety Platinum Award.

The Albion Police Department is dedicated to making our highways and streets safer for all who use them. Throughout the holiday season we will continue our efforts by adding more patrols and details and we urge motorist to make responsible decisions.

The Holley Police Department under the Albion Police Leadership was awarded the Bronze Award for their efforts in traffic safety.

Tips on how to write
CLASSIFIED
ADS that
sell!

- 1 USE A KEY WORD.** This immediately tells the reader exactly what you have to sell.
- 2 Make your description CLEAR AND FACTUAL.** State the year, make, model, color & size and tell what condition the item is in. Also, state the special features.
- 3 STATE THE PRICE.** Successful classified advertisers have learned that the price in an ad helps increase the chances for results.
- 4 IF THERE IS A GENUINE SENSE OF URGENCY,** say so. The words "We're moving," or "Must sell fast," suggest that readers respond immediately.
- 5 INCLUDE YOUR PHONE NUMBER.** Classifieds get results fast and often generate immediate sales. If you cannot be available to answer the phone at all times, be sure to specify special calling times such as "after 9pm" or "before 11am."

County approves \$650K in bids to build 4 new radio towers

By Tom Rivers, Editor Posted 29 November 2019 on www.OrleansHub.com

ALBION – The Orleans County Legislature has approved \$656,757 in construction bids for four new radio towers.

The Legislature on Nov. 21 accepted a \$557,707 bid from Upstate Tower Construction in Bethesda, Md., to erect the four radio towers.

The Legislature also approved a bid for \$99,050 to the Orleans County Highway Department to do the site work for the four towers. The project was rebid and the proposal from the Highway Department helped reduce the cost.

Three of the towers will be 180 feet high and they will be located by the Public Safety Building on Route 31 in Albion, Millers Road in Yates near the water tank, and at the Kendall Central School near the bus garage.

The other tower will be 150 feet high and will be near the Holley water tank on Route 237.

The towers are part of a \$6 million project to upgrade the emergency communication system in the county. The state awarded Orleans a \$5,897,141 grant for four new towers, accompanying communication shelters, technology to connect separate radio systems and new radio channels. The project will strengthen communications between multiple jurisdictions and agencies.

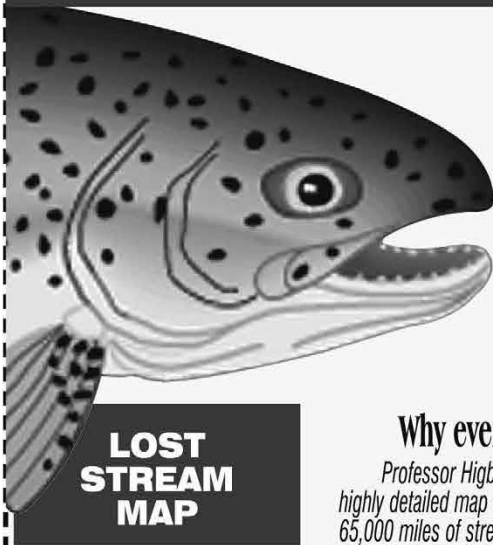

Because the towers are under 200 feet in height, they won't be lighted, said Dale Banker, the county's emergency management director.

The new towers and equipment are part of an upgrade to the emergency communications system, which serves firefighters, law enforcement, highway employees, probation and some other municipal workers in the county.

The system currently has poor coverage in the Holley area, along Lake Ontario and some other isolated locations in the county, especially in buildings with thick walls.

LOST STREAM MAP

The STREAM & LAKE MAP OF NEW YORK resembles another map-- known to Pennsylvania anglers as the "Lost Stream Map."

It was completed in 1965 after a 30 year effort by Howard Higbee, a former Penn State Professor.

Professor Higbee painstakingly plotted by hand, the location of 45,000 miles of streams onto the map. It sold extremely well - until the printer declared bankruptcy and hauled Higbee's work to the landfill.

But reprints were impossible because the maps were printed in non-photographic blue. Higbee was even offered \$400 for one of his last maps. And state agencies were forced to keep their copies under lock and key.

Then, at the age of 91, Howard Higbee's dream came true. Computers made it possible to reprint the map.

Then the STREAM & LAKE MAP OF NEW YORK was created.

Stream & Lake Map of New York

Why every angler and boater needs this map

Professor Higbee's® Stream & Lake Map of New York is the first and only highly detailed map of its kind. The 3.5-foot-by-4.5-foot New York map shows 65,000 miles of streams plus lakes.

For a limited time -- get 3 bonuses with each map

BONUS #1 **GUIDEBOOK:** Pinpoint the best fishing in New York with this valuable guide. Easily locate over 3,000 streams and 1,200 lakes shown on the "Stream & Lake Map." Your map guide will take you to the top 1,123 select water for 19 species of gamefish.

BONUS #2 **REPORT: Finding Secret Fishing Spots** 47 tips, tactics and tools you can use to find your own secret spot and catch more fish.

BONUS #3 **REPORT: How Anglers Stalk and Catch Record Fish** The average big fish has evaded capture for over 10 years. Find out which instincts set them apart from smaller fish. Stalking and catching a trophy requires knowledge of their unique habits and those special times when their guard is down. Armed with the information in this new and exclusive 24-page report--you could be in for the fight of your life.

RAVE REVIEWS

"It is in showing where to find out-of-the-way trout streams that makes the map such a treasure to the fisherman."

—Joe Gordon, TRIBUNE-DEMOCRAT, Johnstown, PA

"I have one of the original Higbee's Stream Map of Pennsylvania on my wall behind my desk. It's the best thing available as far as streams are concerned. I use it all the time for reference. I don't know of anything more extensive and it is the most accurate map out there as far as streams are concerned."

—Dave Wolf, PA Fish and Boat Commission

THE
LAW
AND
YOU

BY NATHAN D. PACE
ATTORNEY AT LAW

THE AMERICAN RULE

"Court costs" are different from attorney's fees, which are the hourly rates that lawyers receive for their work on a case. Court costs include filing fees, copying costs, expert witness fees, transcripts, and many other expenditures associated with conducting a trial. In the United Kingdom, Australia, and Canada, the "English rule" calls for the loser to pay court costs. In the United States, the "American rule" holds that each party to a lawsuit pays its own costs regardless of who won or lost. As with most rules, there are exceptions, including those that allocate costs to the losing side under certain circumstances. Exceptions vary by state and by the type of case.

If you have concerns about the costs building up, you can tell your lawyer that any costs over a certain amount have to be approved by you in advance. You also may be able to negotiate in advance the amount charged for many of these costs. To schedule a free consultation, please call the Law Office of MACK & PACE at (585)798-1000. Our areas of specialization include vehicle and traffic law, living wills and trusts, small business, mortgages and foreclosures, powers of attorney, and probate and estate law.

More couples are embracing edgy, adventurous weddings

Brides and grooms once felt compelled to conform to the trappings of traditional weddings. From uber-romantic vows to pastel colors to the penultimate white tiered cake, various wedding components were long considered must-haves. But modern couples are increasingly expressing their individuality, and even embracing more edgy and adventurous elements, when planning their weddings.

According to The Knot, a leading bridal resource and information site, today's weddings are not what they were just a few years ago. Bold colors, exotic cakes and nontraditional foliage, are just some of the elements modern couples are embracing to set their weddings apart.

Adventurous locales

Vineyards and catering halls can be great places to tie the knot, but couples who like to push the envelope are looking to more adventurous locales to impart their unique spin on their weddings. Sharing vows atop a mountain crest at the end of a favorite hiking trail or on a roller coaster at a theme park that harkens back to a first date are some adventurous places to tie the knot.

Outside-the-box menus

Couples may want to break with tradition by offering a wide selection of foods at their receptions. These foods can include items that fit with their specific ethnic cuisines, gourmet comfort foods (think cocktail franks wellington), or foods that fit with their dietary choices, such as organic or vegan options. Work with a caterer to provide a variety of tasty choices.

Bold wardrobe choices

Brides can put new spins on their gowns by adding color and texture. Sequins, bold embroidery, shorter hemlines, and whatever adventurous fashion style you want to impart can be considered. If white isn't your thing, that's okay, too. Yellow and slate gray look great together. Gentlemen can choose to wear a black suit or any combination of color and style they want to make a dramatic impression.

Full of flavor

Cakes don't have to be white with white buttercream. In fact, couples can make things even more tasty by incorporating favorite flavor combinations into their cakes. For example, a chocolate and caramel filling reminiscent of a candy bar might be something to consider.

Modern couples are embracing bold, unique and edgy components when planning their weddings. Putting an individualized spin on the ceremony and reception can make couples even more excited to tie the knot. ■

MAN IN RIDGEWAY STANDOFF FACING SEVERAL CHARGES

The Sheriff's office was dispatched to 3634 Knowlesville Rd. on Tue., Dec. 3 with reports of a disturbance. **Edward R. Loper**, 31, is facing multiple charges after being taken into custody.

The first arriving law enforcement officers found a large crowd outside the residence and learned a person had been assaulted and mini-14 rifle and a shotgun had been stolen. Loper went back inside the residence after threatening to kill the people in the front yard.

A perimeter was then established by the Orleans County Sheriff's Office and State Police. The Orleans County Multi-Agency SWAT was then requested to the scene when the law enforcement on the scene were unable to make contact with Loper.

Members of the SWAT Team then took up positions on the perimeter and attempted to contact Loper. Due to the cold temperature and weather conditions, the SWAT teams from Genesee and Monroe counties were called to the scene to assist.

An Orleans County Sheriff's investigator and negotiator from the Monroe County Sheriff's office were able to make contact with Loper. After an hours long phone conversation with Loper, and several tactics used by the SWAT teams on scene, Loper agreed to come out of the residence. He came out of the front door and was taken into custody.

He has been charged with second-degree robbery, second-degree burglary, criminal possession of a weapon, third-degree assault, second-degree menacing and fourth-degree grand larceny.

He was arraigned by Ridgeway Town Justice Joseph Kujawa and was committed to the Orleans County Jail on \$50,000 cash bail. He is to appear in Ridgeway Town Court on Dec. 9 at 9 a.m.

The Sheriff's Office appreciates the work of all the responding law enforcement agencies, fire departments and EMS personnel.

Sheriff Randall Bower

GENUINE PEOPLE, REAL PRICES

Victoria C. ★★★★★

I couldn't have asked for a better car buying experience. My salesman, Larry Bruning, was top notch. He was really there to listen to me, explain all the options and not talk down to me. Everyone that I worked with at Orleans Ford was super nice. I would 100% recommend them to anyone looking to buy a new vehicle!!

Mike D. ★★★★★

First time buying from Orleans Ford was a positive experience all the way around! The staff are very knowledgeable and helpful and I even had the opportunity to meet the owner. I would definitely go back when ready to buy again!!

Amy V. ★★★★★

They are always friendly and helpful. The work was done a day earlier than expected. I am always happy with the service I receive. I had a question unrelated to my Ford Escape and the service manager went above and beyond to try and help me out.

Mark R. ★★★★★

Salesman Aaron was great and explained everything about the car I was looking at. After a week or so driving the (used 2017 Fusion Sport) car I noticed a few small issues with it and Jamie in service took care of all my concerns. Will definitely go back to them for our next vehicle.
