Have You Ever Sung the "Hallelujah Chorus"?

Perhaps in High School, College or Church Choir?
Maybe with Sirius Radio or Alexa?
Or in the Shower?

Well, if you are a "Hallelujah Chorus" enthusiast, please join us.
We'll be singing Handel's Masterpiece this Sunday Evening (Dec. 15th).

At 6:30, the "Music Impromptu String Quartet"
plays Christmas Music, new and old.

At 7:00, the Service of Lessons and Carols begins.

The Candle-Lighting Ceremony follows, and then the "Hallelujah Chorus".

Anyone in the congregation who wishes to join with us
is invited to do so at that time.

Finally, we all gather for Christmas punch, cookies and conversation.

**Sunday, December 15th at Trinity Church of Nunda
25 East Street in Nunda at 6:30 PM**

Come join us and "Make a Joyful Noise Unto the LORD"!

Dangers of Indoor Tanning

Mount Morris, NY, December 2019 – During these cold winter months, some people choose to use tanning beds and booths. Once thought of as a “safe alternative” to natural sunlight, indoor tanning booths are just as dangerous as the sun to skin health.

The Center for Disease Control and Prevention (CDC) publicizes the dangers of indoor tanning and busts these common myths. Did you know:

- A base tan is not a safe tan.
Myth: A tan acts as the body's natural protection against sunburn.
Truth: A tan is the body's response to injury from UV rays, showing that damage has been done. It does little to protect you from future UV exposure.
- Tanned skin is not healthy skin.
Myth: Tanning gives people a “healthy glow.”
Truth: Whether tanning or burning, you are exposing yourself to harmful UV rays that damage your skin. Every time you tan, you increase your risk of melanoma.
- Controlled tanning is not safe tanning.
Myth: Indoor tanning is safe because you can control your level of exposure to UV rays.
Truth: Indoor tanning exposes you to intense UV rays, increasing your risk of melanoma – the second most common cancer in women 20-29 years old.

Source: ACS

Skin cancer is the most common of all cancer types, and the number of cases has been climbing over the past decade. Today, more than 3.5 million skin cancers are diagnosed each year in the United States. That's more than all other cancers combined. The best way to protect yourself from skin cancer is to limit your exposure to UV rays, whether they come from the sun or from man-made sources such as indoor tanning beds.

- Avoid tanning beds and sunlamps. Both can cause serious long-term skin damage and contribute to skin cancer.
- Cover up. When you are out in the sun, wear clothing and a wide-brimmed hat to protect as much skin as possible. Protect your eyes with sunglasses that block at least 99 percent of UV light.
- Use sunscreen with “broad spectrum” protection and a sun protection factor (SPF) of at least 30. Be sure to reapply at least every 2 hours, as well as after swimming or sweating. And always follow the directions on the label.
- Seek shade. Limit your direct exposure to the sun, especially between the hours of 10 am and 4 pm, when UV rays are strongest.

Toy Safety for Tots

Mount Morris, NY, December 2019 – As the holidays are quickly approaching, it is important to remember to buy toys that are safe, free of lead, and securely put together for your children’s safety.

Please take time to teach children how to use their toys to prevent potential injuries. Knowing what to buy for your children is the best way to keep your children safe. The American Academy of Pediatrics (AAP) is offering these tips to help parents make safe consumer choices for their children:

- Make sure the toy is specified for the age of your child. Government regulations on toy diameter and length will prevent your baby or toddler from choking. Never leave a baby unattended with toys and games containing small parts.
- Toys that plug into an electrical outlet are not recommended for children under 10. Prevent burns and electrical shocks by buying battery-operated toys for younger kids. Make sure that the battery is in a secured compartment that cannot be accessed by the child.
- Buttons, batteries, and magnets pose a serious health risk when swallowed, causing stomach and intestinal problems and possible death. Call your pediatrician or other health care provider immediately if your child swallows one of these items.
- Store toys in a designated location, such as on a shelf or in a toy chest, and keep older kids’ toys away from young children.
- Read instructions carefully on a toy before allowing your child to play with it.
- Don’t leave children unattended with balloons. Uninflated or broken balloons are a choking hazard for children under 8.
- Watch out for pull toys with strings more than 12 inches in length. They could be a strangulation hazard for babies.

Source: AAP

For more information on toy safety, please contact the Livingston County Department of Health at 243-7299 or visit www.livingstoncounty.us/doh.htm.

Land of the Free: Winter Discovery Series 2020

All lectures are free of charge and will be held in the Visitor Center on Saturdays at 1pm.

- February 15** **LIVINGSTON COUNTY FROM THE CIVIL WAR TO THE INDUSTRIAL REVOLUTION** *AMIE ALDEN Livingston County Historian*
Countdown to our Bicentennial! In 2021, Livingston County will turn 200 years old! This presentation is the second in a series of programs chronicling the history of the county. Part two explores the county's response to preserve the Union, massive changes in the post-Civil War era, and the rise of industrialism at the century's end.
- February 22** **HARRIET NEWELL AUSTIN : An Unconventional Life?** *JANE OAKES Historian*
Austin fought her entire life for women to have the freedom to choose their own career, have educational freedom, take charge of their own health, and dress for practicality, not fashion. She was one of the first women to earn an M.D. in Hydropathy, and was a major component in the success of the Our Home on the Hillside water cure in Dansville. Harriet Austin and Clara Barton became close friends and lifelong correspondents. Local interest, nationally influential in helping women gain freedoms we enjoy today.
- February 29** **THE NATIONAL WARPLANE MUSEUM** *JAMIESON R. STEELE, Collections Manager and BRIAN TRZASKOS Flight Crew Member*
Discover all of the exciting historic aircraft both flying and static, projects, exhibits, air show, special events, and programs waiting for you at the National Warplane Museum in Geneseo, New York. Learn what we do to preserve aviation history, the people who made it happen, and what you can do there.
- March 7** **OUR NATIONAL PARKS: America's Best Idea** *CRAIG BRAACK Allegany County Historian*
Join Craig for his newest look and latest exploration of America's National Parks, the origins of the National Park Service, and discussion of this country's natural and cultural treasures.
- March 14** **SALUTE TO THE FOURTH! Celebrating Independence Day in the Genesee Valley** *TOM COOK Author and Historian*
Join Tom as he explores how local residents have celebrated the Fourth of July over the past two centuries using contemporary newspaper accounts, diaries, photographs and illustrations. Special attention will be paid to memorable celebrations in the Letchworth Park area, including the story of Portageville's Great Centennial Tornado.
- March 21** **LORDS OF THE RING** *ALEX PIERCE Historian*
We'll journey to middle New York to explore the majestic green canopy of the Genesee Valley through time. Discover the Hemlocks of Hemlock Lake, the Dansville Dog woods, the Big Trees of Geneseo, and the Canaseraga waters "among the Elms". You'll meet giants, dwarfs, ornamentals, some fruitful, some nutty, some straight, some crooked, not all are green, some will be seasoned, and some have needled their way into this amazing canopy overstory. Yes, discover these Genesee Valley TREES: witnesses to natural disaster, conflict, invasion, generations, with special meaning and diverse purpose found in the Genesee Valley.
- March 28** **FREEDOM + IMAGINATION = INNOVATION** *DIANE K. POTTER Author and Illustrator*
Entertaining and informative tribute to the scientific community combines Diane's delightful poems and clever illustrations to capture the character and contributions of gifted individuals who have affected and advanced our everyday lives. Admiration + Inspiration = Celebration
- April 4** **RUNNING AROUND THE GLOBE** *GLEN AVERY Educator, Runner, and World Traveler*
One of the blessings of living in the "Land of the Free" is the ability to travel the world. Mr. Avery will talk about his experience running marathons and ultra-marathons in some of the thirty countries he has visited.
- April 11** **GENESEO STUDENTS EXPLORE LOCALLY AND GLOBALLY** *RANDY FRENCH Educator and World Explorer*
Join Randy French, a local science teacher and world explorer, as he takes you on a journey of exploration of public lands that reaches beyond the classroom.

Security Guard 8 Hr. Pre-Assignment

Under the Security Guard Act of 1992, licensing is mandatory for all contractual and proprietary security guard employers. The law also requires security guards, themselves, to register with the New York Department of State. This 8-hour course is for anyone seeking employment as a security guard and provides an overview of the Security Guard Act of 1992. One hundred percent attendance is required, and participants must earn a passing score on a final exam. Individuals who successfully complete the course will receive a certificate of achievement.

GCC Batavia Campus • Fee: \$79

1 session (8 hours) • Saturday, February 8 • 8:00 am-5:00 pm

Project Management Fundamentals

Project management skills are in great demand across all industries. A skilled project manager can maintain profitable ventures ensuring projects are completed on time, within budget and deliver a quality product. As part of this course, the student will learn about different types of certifications available in the project management field, understand the fundamental concepts, terminology, and techniques for success. Students will work in groups, forming project teams. Teams will work on simulated projects, providing hands-on experience determining risks, project scope, schedule and utilizing standard monitoring tools.

Discover Belly Dance

Students will learn the basic of belly dancing - the oldest recorded form of dance in the world. Work out your hips and core, explore a different culture and have fun! You will learn basic moves, key terms with a little history and build to a full choreography at the end of the 8-week session. This is a dance that can be done and enjoyed by any shape, size or age of person. It is very low impact, safe, and there are always modifications that can be made to the moves. This course is for men and women of any age. You can take this class for exercise, to learn Belly Dancing or to learn some new combinations for the dance floor. Students are welcome to purchase their own belly-dance hip wraps if they like, but they are not required. The instructor will have hip wraps that can be borrowed during class time. You will want to wear comfortable clothing to move in, but no jeans. No shoes are needed as we dance barefoot or in socks.

Upon completion of this course, students will learn: Basic belly-dance moves, choreography, key terms, history and be able to complete a performance of the dance.

Jesus Came To Heal You!

It's Christmas time. Time to celebrate the birth of Jesus. Did you ever ask yourself why He came to earth? The gospels (the story of His birth, life and death) all tell us why He came. What did He spend most of His time doing when He was here on earth? Two things: He brought peace to the spirits and souls of humans, and He brought physical healing to their bodies.

If you have a sickness in your body, Jesus came for you. He told His followers (Mark 16:18) to lay hands on the sick and the sick would recover.

Give us a call. We would love to pray for you and see Jesus bring healing into your life this Christmas.

UPDATE: Livingston County Veterans Monument

Geneseo, NY, December 6, 2019 – On November 11, 2019, the dedication ceremony for the Livingston County Veterans Monument - scheduled to coincide with the 100th anniversary of Veterans Day - was cancelled due to inclement weather.

Livingston County plans to reschedule the dedication ceremony once construction of the monument is fully complete. Remaining work includes: (i) the addition of a recycled rubber surface designed to emulate the American flag, (ii) the permanent installation of 250 Veteran-crafted metal poppies, and (iii) general landscaping.

At this time, there is no set date for a future dedication ceremony since completion of the open-air monument is dependent on warm, dry weather conditions.

“We look forward to a future dedication ceremony that showcases the monument in all its glory - with all of its elements on full display” said Jason Skinner, Director of Livingston County Veteran Services.

Please visit the webpage dedicated to the Livingston County Veterans Monument here for further updates as they become available.
