# Pain & Numbness in Your Feet or Hands?

By Andrea Ide

If YOU suffer from Neuropathy, Pain and Numbness in your Hands and or Feet, we have some news, though Drugs, Surgeries and Injections are Failing, there is now new hope for you, and anyone suffering with this life altering condition.

**Neuropathy** is a term used to describe the breakdown and damage to the nerves in the hand's arms, legs and feet due to a lack of blood supply and nutrients getting to the nerve. It can be caused from Diabetes, Peripheral Vascular Disease, Poor Metabolic Health, Chemotherapy, Agent Orange Exposure, Misaligned Spinal Bones and so on. "Patients experience extreme sensations, loss of feeling or even **no feeling in their hands and/or feet** along with muscles spasms, pain, weakness, numbness, tingling and burning sensations and have a very hard time with balance" says Dr. James Ide, clinic director at Painless Chiropractic & Neuropathy Treatment Center. Other symptoms associated with the condition are issues with bladder and bowel control, sexual dysfunction, nausea and dizziness among others. **This condition can eventually lead to further nerve damage causing complete loss of the legs and/or arms leading to amputation and in some cases even organ failure.**

Are you or someone you love suffering with loss of balance, numbness or pain from Nerve Damage in your hands and/or feet? **You are not alone.** More than 20 Million people in the United States are dealing with some form of Neuropathy. Most commonly noticed first in the hands or feet, causing weakness, numbness and tingling pain and extremely debilitating balance problems. Many people find themselves feeling frustrated with no place to turn and no hope of recovery. By the time they come see us, they feel like they have tried everything. Their primary care doctor put them on Anti-Seizure or Epilepsy medications like Gabapentin, Neurontin, Cymbalta or Lyrica and told them that

they will just have to learn to live with the pain," said Dr. Canty.

**That is until now...** with recent advancements in nerve regeneration technology and treatment options, clinics all over the world are seeing larger success rates and faster results for their neuropathy patients. "This new technology paired with a multifaceted approach has been life altering for our clinic and our patients. The development and success of this effective Neuropathy Protocol by Dr. Ide and his care team at Painless Chiropractic & Neuropathy Treatment Center has been the talk of the town in recent months. "We have seen an increase in Neuropathy patients and the results that they are getting in such a short amount of time is truly amazing" said Kaitlin, the Patient

*"I dealt with neuropathy in my feet along with low back pain for years. Balance was very difficult, and I had to use a cane and walker at times. After starting with Dr. Ide and the Neuropathy Program, I feel 90% better. Each day I can tell a difference in my feet, my back pain is gone and I'm now sleeping through the night. I am just so thankful that I will be able to fully walk again."*

*-Jerry P. Novi MI*

Coordinator at the Fenton Clinic.

There are some things people can do at home to aide in the healing process of their neuropathy however healing neuropathy is an all-encompassing process that will require lifestyle changes along with guidance from a medical professional that is experienced, skilled and trained at doing so.

**Your Invitation for a comprehensive Neuropathy Consultation and Examination to determine the level of progression your Neuropathy has reached and see if you are a candidate for treatment...**

Our paper has teamed up with Dr. Ide once again to help readers learn about new options for getting relief from this horrible condition! All you have to do to receive a comprehensive Neuropathy Consultation and Examination with the most advanced Pain Free Testing and a full, easy to understand report

of findings with Dr. Ide is call 1-(810)-214-2532.

Mention this article (Code: NEURO1219) and the team will happily reduce the usual consultation and exam fee of \$219 to just \$49. But hurry, due to the number of patients the office is able to see, this is a limited time offer with **only 30 appointments available** and they will be on a first come first serve basis at this exclusively discounted rate.

**My advice, don't wait around suffering a moment longer...**

If you or your loved one is has pain, numbness, tingling, pins and needle sensations, cramps and burning of your legs, hands or feet, along with the many other bodily symptoms this horrible condition pelages people with, take action.

Find out if the Neuropathy Protocols can help you regain the feeling in your hands/ feet, stop the pain and start living your life again!

The program is effective and lasting because it actually treats the nerves at the root of the problem, regardless of the cause.

*"Our Neuropathy Protocol has a 95% success rate, it's a multifaceted approach to decrease neuropathy symptoms by nurturing the nervous system from the inside out, increasing circulation, blood & oxygen flow, working to rebuild, strengthen and better balance the body as a whole while stimulating the damaged nerves. Engaging and revitalize the damaged nerve areas of the body, enabling them to reactivate and function at an increasingly higher rate over time, while increasing the patient's quality of life".*

Over the years they have treated thousands of patients with chronic conditions of Neuropathy, Sciatica, Back & Neck problems, Whiplash Injuries along with Vertigo and childhood illnesses and even athletes with sports injuries. The office is well known and has a good reputation. The vast majority of their patients enjoy superior, lasting relief. In fact, many who have suffered, have tried other treatment options with no luck and have been told that they are just stuck with their pain and discomfort yet have credited the care team at Dr. Ide's office for giving them their lives back!

Call them now at their Fenton location for a full, thorough consultation with the doctor and extensive Neuropathy Examination at \$49 (Saving you \$170) to determine the severity of your neuropathy and learn if and how, Dr. Ide and his team can help you recover, just as they have helped so many others.

CALL NOW 810-214-2532 and Mention Code: NEURO1219 don't delay spaces are limited, messages will be returned and counted.

Featuring a rich history in Royal Oak since 1944, Sands Barber Shop has provided generations of loyal customers with the best haircuts, great shaves and friendly conversations.

Specializing in children's hair cuts, our barbers cater to the youngest members of your family. Our first time hair cut customers receive a wonderful family keepsake, a special certificate with a lock of their baby hair. A golf set, suckers and a penny bubble gum machine keep our youngest customers busy while the rest of the family gets their hair cut.

We also love and respect our fabulous senior customers who enrich our lives with their words of wisdom. Sands Barber Shop has had the privilege of donating to the WWII Honor Flight Program allowing our veterans to visit the WWII Memorial in Washington, DC. Many of our customers have participated in this program.
