Open Letter to the Residents of Cullman

As we draw closer to the March 3rd vote, I want to take a few moments to share some information with all of you, the members of our great community.

When I first took office as Superintendent of Cullman County Schools, I made a solemn promise to the students, parents, and stakeholders in this community to educate the youth of this community, to continually seek ways in which to promote workforce development, to secure a solid foundation for our community's continued growth, and to ensure complete transparency as a leader in this position in which I was humbly chosen for. That solemn promise is as real today as it was four years ago. For those who know my heart, you also know this to be a true representation of what I stand for and my desire to see young people succeed.

While in this position, I have been blessed to see over 3,000 students walk across the graduation stage in May to go on and blaze college or career paths. I have stood in absolute awe as I saw first-hand the remarkable talent our students showed as they created parts for the lockers for the International Space Station. I am continually in admiration of our special needs students as they work to reach tremendous milestones that will serve them well now and in the future. Most unforgettably, I have had the honor of sitting across from some of the most creative and highly talented elementary students as they worked to solve math problems they never dreamed imaginable using math and science kits.

I genuinely believe the best investment is an investment in our students. I can't think of anyone more deserving than the kids that live here in Cullman. We are extremely blessed to have two great school systems that work hard every day to prepare our students to meet the challenges of the future. Our system has worked diligently to manage our resources in a fiscally responsible manner and all the while continually looking for additional grant funding whenever possible to help meet the needs of our students. However, at the end of the day, additional funding is needed to upgrade facilities in which students can learn the knowledge and skills to allow them to be ready to meet future challenges, and also to offer our students the security measures required of the day and time in which we live.

We all have an important decision to make on March 3rd. I have heard it spoken that when March 3rd passes, all the talk of this proposed tax will be over. However, that will not be the case, regardless of which way your heart and research leads you to vote. We will feel the impact of this vote, regardless of the outcome, for generations to come.

I appreciate all the discussions and questions that have been shared during the last few months from both sides of this argument. I humbly ask that you research all information or publication for its truthfulness and validity as it relates to this sales tax. I have and will continue to advocate for the students throughout our communities in an honorable and respectful manner.

Sincerely,

 Shane Barnette

Please Support our Students on March 3rd!

Your vote will help generate **\$10 MILLION** in new school funding. This funding will go directly to the school systems here in Cullman County.

How will Cullman County Schools use these funds?

Facility & Classroom Investments

Funds will be spent on new facilities, needed repairs to existing facilities, and classroom tools to enable our students to become College and Career Ready.

School Safety

Securing our school campuses was not a concern just a decade ago. However, schools all over are now in need of more Resource Officers and additional security measures.

Job Training

A new state-of-the-art Career Tech Academy will focus on workforce development, onsite job training, and ensuring students are highly skilled and employable.

What will a penny cost?

.10 cents for every \$10.00

\$1.00 for every \$100

\$5.00 for every \$500.00

Frequently Asked Questions & Answers

Q: Why do we not sell the Section 16 Land?

A: The law stipulates that any proceeds from the sell of Section 16 Land must be distributed between our two existing public school systems. Upon the sell of the land, only 10% of the proceeds can go to the schools. The other remaining 90% must go in a trust to accrue interest. If the land is sold for \$4 million dollars, our part would be \$308,000 and the city system would receive \$92,000. The interest would then be distributed between the two school systems.

Q: What will happen to the existing older buildings?

A: Before any buildings are torn down or removed, communities will have an opportunity to provide input.

Q: Will any of these funds be used for salaries?

A: No

Q: Will any of these funds be used for a Sports Complex?

A: No

Q: How can the public know how and where the funds from the tax are being used?

A: These funds will be kept in a separate account that will be available to the public.

HANCEVILLE, Ala. – The Wallace State Community College Fine and Performing Arts program will offer a night in the "Big Apple" with an "I Love NY" cabaret dinner show on Feb. 28.

"While we're in New York, they will get to attend a number of workshops, see several Broadway shows, including Hamilton, and get to experience what it's like both on stage and behind the scenes for professional actors."

The "I Love NY" event will be held at 6:30 p.m., in the Burrow Center Atrium. Cost is \$40 per person, \$75 per couple, or \$300 for a table of eight. Reserve your seats or get more details by contacting Heather Gillikin at 256.352.8277 or heather.gillikin@wallacestate.edu.

CHAIRMAN

Cullman County Commission

It was my honor and privilege to be able to serve as an associate commissioner and then chairman.

I am proud to be a part of the building of the Veterans Memorial Park at Sportsman Lake. As a veteran myself, I was honored to start building it along with others who had the same ideas. There are other treasures that can be added to make it a more beautiful attraction for our visitors to Cullman as well as our residents.

Another project I was able to start was the upgrading of our county water system. Replacing older and smaller water lines and hydrants to larger lines and larger hydrants, thus helping with insurance rates as well as better protection for volunteer firefighters. I would like to continue this project thus allowing better water service for our customers.

Our county parks are something I was able to work with and at that time, able to make them self supporting. I want to continue working in this area.

Let's continue together to make Cullman a place where industry is anxious to locate and families have a safe, desirable atmosphere and quality education for their children.

Together we can make many improvements throughout the county. Drug/alcohol addiction which can contribute to mental health issues. Working together with our civic leaders, law enforcement and churches, this is something in a unified effort we can have a great impact toward eliminating.

I ask for your support – together – nothing is impossible.

Gene Sullins

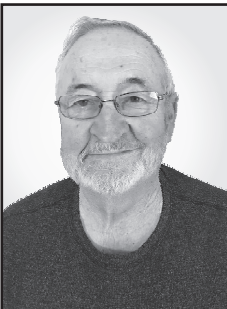

School Board - Place 1

Hello, I am Gene Sullins and I am seeking re-election of the school board member of District 1, West Point / Harmony Schools. I have been in office over 7 years and have enjoyed being your board member. There are several things that I have been a part of that I would like to get completed. I have tried to be a spokesperson for you to the best of my ability. I have tried to be available any time I was needed. I have been a resident of the West Point / Jones Chapel community for several years and it's a great community with great kids and schools. I will work and do my very best to represent this district to the best of my ability. I humbly ask for your support, your vote and most of all your prayers in the upcoming election.

Thanks and God Bless

Saving You MONEY

SHOP TODAY'S LOW PRICE TAGS: We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS: Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
