SPEAK OUT

Dear "Speakout:"

This year the National Day of Unplugging is from sundown on Friday, March 6th to sundown on Saturday, March 7th.

This holiday consists of a 24 hour period to unplug, unwind, relax and do things other than using today's technology, electronics, and social media.

I realize that many people must use electronics such as hospital staff, law enforcement officers, military personnel and other essential areas of our society.

However, the rest of us do not have to use our electronics all the time.

We increasingly miss out on the important moments of our lives as we pass the hours with our noses buried in our devices.

I saw a little boy and girl who are brother and sister texting each other while sitting next to each other on a bench. Their mother said that they rarely talk to each other but prefer texting.

A couple at an area restaurant told each other to text one another across the table so that their communication would remain private.

Sending greeting cards and letters seem to be a thing of the past. Instead, electronic cards, e-mails, texts and Facebook have replaced the way we communicate in our modern culture.

I know people who live relatively few miles from family and friends but prefer to communicate with electronics rather than visit in person. This is one reason for the continued decline of our American family unit.

It has been discovered that radiation from cell telephone usage causes brain cancer when used over a number of years. Ear cancer has increased significantly and usually occurs on the ear to which we hold our cell phone.

Facebook and other internet sites seem to be the preferred means of communication over face-to-face communication.

Many people, especially children, have become excessively obese due to inactivity while using electronics rather than exercise.

Even though it is illegal to text while driving, many people have their cell phones in their faces while walking which has become dangerous. I have repeatedly encountered people at stores who are walking up and down aisles while texting. I have actually seen collisions between shopping carts because people are not paying attention to where they are walking.

Try unplugging this coming Friday and Saturday. You actually may find it fun.

Elect Judge Emily E. Stoufer Attorney At Law For Nunda Village Justice

★★★★★★★★★★★★

It is an honor to sit as the current Town and Village Justice for Nunda. The office of Justice requires both knowledge and thorough understanding of the law. I have the ability to make fair judgements which safeguard our community and protect the rights of all. I am a local attorney specializing in criminal and family law, and earned my Juris Doctor with honors from the University of Buffalo School of Law. I am also familiar with the unique needs of our community as I grew up in Nunda, and attended KCS K-12. In addition to my law practice, I teach college courses in criminal law. I am well qualified to serve as Village Justice, and will continue to perform this important role with fairness and sound judgement.

Please vote for Judge Emily E. Stoufer for Nunda Village Justice on Wednesday, March 18

RADON is a cancer-causing radioactive gas that you cannot see, smell or taste. Radon is produced in the soil and moves upward to enter your home through the foundation or with groundwater from a well. The only way to know if you are at risk is to have your home tested for the presence of radon. The Livingston County Department of Health recommends that all households be tested for radon levels, and can provide free radon test kits to Livingston County residents who own a home. If you would like more information on radon or to request a radon test kit, please call 243-7280.

\$10 Fee for All Residential Deed Recordings Effective March 11th

Geneseo, NY, March 5, 2020 — In December Governor Cuomo signed a bill that amended Real Property Law Section 291 relating to the notice of sale or transfer of ownership of residential property.

The Law is amended to require County Clerks or City Registrars where such conveyance of residential real property is recorded and maintained to mail a written notice of such conveyance to the owner of record beginning March 11, 2020. It further states that the County Clerks are entitled to charge a reasonable fee to cover the cost of mailing the notice. To keep consistent across the state the New York State Association of County Clerks has recommended that the reasonable fee be \$10.00 per conveyance.

In Livingston County, this fee will apply to all residential deed recordings submitted for recording on or after March 11, 2020 received over the counter, electronically or through the mail (USPS, FedEx, UPS etc.)

This fee does not apply to commercial transactions.

May 8th, 2017, Suzanne's Comfort Care opened their doors and have helped 49 families through the end of life journey. Without our wonderful volunteers, businesses, families, and individual supporters, it would not be possible to fulfill our mission. We are extremely grateful to all. With our busy schedules and crazy lives it is difficult for people to give extra time to volunteer. Whether it is for a Comfort Care Home, Fire Department, EMT's, Schools, Churches etc., volunteers are always needed and welcomed. At Suzanne's we have wonderful [busy] people that donate their time to volunteer for the mission we have of helping people with their end of life journey.

Time is the most expensive gift you can give and we solicit you to join our team of volunteers at Suzanne's Comfort Care Home. Please evaluate your busy life and see if you can afford a few hours a week or a month at Suzanne's. Come meet our volunteers. Get away from your hectic life for a few hours. Volunteer with a friend, your spouse, or someone you don't get to see as often as you'd like. All of us at Suzanne's have made new friends by meeting and working with other volunteers and the wonderful families we have helped. Stop by and meet us and see what we do. Go to suzannescch.com to fill out an application or call Sue at 585-739-0306 with any questions.
