Welcome to Remarkable Lake County, OH.

Remarkable wineries, remarkable Lake Erie, remarkable beaches, remarkable history, remarkable outdoors, remarkable entertainment, remarkable food, remarkable people! Remarkable Lake County, OH!

Lake County is a vibrant, growing area located less than 20 minutes east of Downtown Cleveland. Geographically the county is the halfway point between Chicago and New York City, making it a great place to stop for a few hours or a few days! While Lake County is the smallest geographic county in the state of Ohio, it's arguably the largest in terms of exciting and diverse attractions for visitors to take advantage of while they are here.

Whether you call Lake County "home" or you've never been to Lake County before, make your time in Lake County remarkable. Visit one of Lake County's award-winning wineries in Madison, take a stroll along the longest beach in Ohio, visit President James A. Garfield's home in Mentor, catch walleye in Lake Erie, immerse yourself in nature at the 120-foot tall emergent tower at the Holden Arboretum, explore bustling downtown Willoughby, learn about Historic Kirtland or enjoy a Minor League Baseball game with the Lake County Captains in Eastlake.

Whether you will be traveling to the area for business, visiting friends or family, or solely looking for a fun weekend getaway, a remarkable and memorable experience awaits you in Lake County, OH.

Lake County has seen a lot of exciting developments over the past few years. These new and notable attractions have led to a significant increase in the number of visitors who have come to find and experience what can only be described as “remarkable” about our county.

With this influx of new visitors, Lake County has welcomed:

Whether you call Lake County home or plan on visiting for the first time, here are some more details on the new and notable things to look out for:

Hotels

Lake County's new hotels offer a comfortable, cozy, and convenient home away from home for any occasion. If you're looking to immerse yourself in our heritage sites, **Four Points by Sheraton Cleveland-Eastlake** is located just 7 miles away from the James A. Garfield National Historic Site and Historic Kirtland Visitors Center. This newly renovated hotel offers 16,000 sq. ft in 12 event spaces and those looking for family fun can head to the indoor pool or enjoy a delicious meal at the Firelake Bar & Grill. For those visiting the Painesville, Mentor, or Chardon area, the **Holiday Inn Express Concord** is close to some of the area's largest employers, including Lubrizol, Avery Dennison, Steris, and more. Leisure travelers can find easy access to wineries, beaches, and a wide variety of restaurants. If you're looking to explore the wineries of the Grand River Valley, Madison's two new hotels will make sure you're comfortable and well-rested so that you can get to everything on your must-see-and-do list. Just minutes from the Shores of Lake Erie and conveniently located off I-90, Madison's **Holiday Inn Express** and **Hampton Inn** are near the Grand River Valley Wineries, shops, museums, and other attractions located on the eastern side of Lake County.

Restaurants & Wineries

Lake County has quickly become known for its award-winning wineries and has also become one of the region's most popular travel destinations. Whether you're looking to take in the sights on the west end of the county or experience the lively nightlife and historic downtown on the eastern end, add these local newcomers to your list.

Opened in June of 2019, **Cask 307** offers contemporary wine styles in a beautiful new state-of-the-art facility. Guests can enjoy globally-inspired small plates, craft beer, fine dining, and live entertainment. Located at the edge of the Grand River in Madison, Ohio, Silver Crest Winery & Cellars opened in June 2018. Local grape farmers John Bohinc, Eric Cotton, and Patrick Linehan founded the winery using the grapes from their family vineyards, which date back as far as the 1930's. Together, they grow and make both old-world and new-world wine varieties as well as local, historical varieties and blends.

If you'll be staying on the western end of the county, put **Casa De Vino Winery & Restaurant** in Wickliffe on your to-do list. Opened in July of 2017, this elegant eatery offers American/European cuisine and wine in a newly renovated facility and boasts a 4,000 sq. ft. outdoor patio. **Spirits in Willoughby** is an open-air establishment with indoor/outdoor seating, bocce ball courts, fire pit, live music and house-made wine. All of the wines are made on-site in a train car that also serves as a tasting room. In downtown Willoughby, "Spirits in Willoughby" makes a clever play on words between alcohol and the haunting of the Willoughby Coal building, which sits behind the winery. For those who crave something different, **BRIM Kitchen + Brewery** balances the latest with the greatest, offering clean eating options along with tried-and-true favorites. Located on Erie Street in Downtown Willoughby, this beautiful, two-tiered restaurant also offers a rooftop patio, embraces sustainability, and offers healthier dishes you can feel good about.

Things To Do

Constructed in 2016, the 50-foot coastal observation tower at **Lake Erie Bluffs** overlooks the lakeshore with multiple viewing platforms along a staircase that culminates in a deck featuring 360-degree-views. The height and location of the tower provide visitors with a unique view of the lake and the surrounding woods, fields, and wetlands, along with a variety of wildlife—including a notable number of bald eagles that are regularly seen at the park. **The Painesville Township Park Pier** offers visitors a chance to see an incredible Lake Erie sunset and provides anglers from all over the region a prime location to cast their reels. The pier, 20 feet in width and standing 10 feet above the lake, has a 50-foot bridge that connects the pier to the shoreline. Stairs and an ADA-accessible walkway allow visitors with mobility impairment a chance to experience the pier.

This year marks the third annual season for the Miracle League of Lake County. The Miracle League, whose motto is "every child deserves a chance to play ball," is a non-profit baseball league for children and adults with special needs. In 2018, **Lake Health Miracle Park** and **The Lubrizol Playground** was built adjacent to Classic Park, home of the Lake County Captains. Featuring a fully ADA accessible baseball field and playground, the park was built to provide children and adults with special needs a first-class facility of their own. The baseball field features a custom-designed, rubberized turf that accommodates the needs of players in wheelchairs, scooters, walkers, and other assistive devices. The dugouts were designed to accommodate those who need mobility devices and feature calming and sensory spaces. The Lubrizol Playground is open year-round with a fully accessible restroom building nearby, and offers a latex-free playground surface, accessible playground equipment, sensory play, and an igloo when silent time is desired. One of the most exciting offerings at the playground is the zip line, where children can get lifted into the seat and experience the freedom of flight and movement without their wheelchairs. The field is used by over 100 special needs children every Saturday from early June through September. Lake County is proud to be one of six locations in Ohio that have this special field and all-inclusive playground.

Events

Looking for something fun to do? Our events and festivals showcase the best art, culture, and cuisine in the region.

Lake County hosts annual events like Party in the Park, Ohio's largest free music festival, and the Rib Burn Off where grill masters serve up delicious eats to hungry participants. Sip and sample award-winning wines at Vintage Ohio, the region's premier wine and food event, or eat, drink, and dance your way through our Celtic Festival. No matter what time of year or day of the week, there is always something exciting to experience in Remarkable Lake County, OH.

Historic Barn Theatres: A Brief History

Before the days of the bright lights of Broadway and Playhouse Square, actors entertained audiences in smaller, quaint venues, including many rural barns. Lake County is proud to be the home of Rabbit Run, one of the nation's last remaining barn theaters. Located in Madison, Rabbit Run Theater hosts nearly 10,000 patrons annually. Additionally, the theater focuses on introducing children to the performing arts. Many young, aspiring actors and actresses introduced to the theater at Rabbit Run will go on to star in their middle school, high school and college theater productions.

Grand River Valley Wineries: Crafting Our Culture

Lake County has quickly become known for its wine industry featuring nurseries that grow grapes, as well as wineries producing award-winning wines. Lake County's unique proximity to Lake Erie creates the perfect growing season and environment to grow and produce grapes, which has led to the growth and advancement of the wine industry in the county. Wineries and nurseries employ thousands of diverse workers and continue to attract tens of thousands of visitors to the area annually.

The Impact of Community Arts Beyond Lake County

While every community has a special place for the arts, Lake County has a wide array of cultural and arts-related events which bring visitors to the County from across the region. From the eclectic Willoughby Arts Fest to the lively Celtic Festival, to the variety of shows and entertainers who perform at the Willoughby Fine Arts Association, there is an arts-related event sure to entertain anyone.

Lakeland Community College offers exceptional fine and performing arts events to connect with the arts lover in all of us. Enjoy commanding classical music, choral, jazz and big band performances or magnificent theater productions and art exhibitions. Learn more at lakelandcc.edu/arts.

Visit The James A. Garfield National Historic Site and presidential library, one of the state's most popular historical attractions.

Rich national history can be found in Mentor, one of the county's busiest cities. Part of the National Park Service, this site preserves the Lawnfield estate and surrounding property of James Abram Garfield, the 20th President of the United States. Join a guided tour through Garfield's family home, the site of the first established presidential library, or take the cellphone tour around the remaining parts of the 160-acre farm. Stop in the Visitor Center, where visitors can find exhibits and artifacts that illustrate his life chronologically. Read about Garfield's early life and school days, the Civil War, Washington

D.C., the 1880 Republican Convention, and presidency. Also, various artifacts from his funeral can be found in the exhibit area. With so many ways to learn about President Garfield and his family, this site has become one of the most famous historical attractions in the state. The James A. Garfield Historical Site is perfect for a day trip or added onto a weekend adventure.

Visit The Holden Arboretum

Locals and visitors alike can not say enough about the 3,500 acres of flora, fauna, trees, and animals at the Holden Arboretum. This local treasure features over 20 miles of trails that take you through impeccable cultivated gardens and native forest. One of the most "remarkable" features is the Murch Canopy Walk, an elevated walkway that takes you 65 feet above the forest floor. Make sure to climb the Kalberer Family Emergent Tower, a wooden tower that rises 120 feet above the forest floor for breathtaking views of the surrounding landscape. If heights are not your thing, the Holden Butterfly Garden is a sight to see. The 20-acre Layer Rhododendron Garden and the 4.5 acre Paine Rhododendron Discovery Garden attracts hummingbirds and butterflies for a whimsical learning experience. Picnic areas are available, and a children's play area will keep the little ones entertained as they reconnect with nature. Tours and guided hikes are available, and you can bring your best friend along (dogs on leashes are permitted), making it the perfect family getaway.

See a Sunset at Headlands Beach State Park

Home of the "Remarkable Sunset," Headlands Beach State Park is the longest natural beach in Ohio and is ranked as Ohio's #1 beach. The mile-long beach attracts two million visitors a year from the U.S. and Canada. It boasts a mile-long natural sand beach, which is home to many plant species typically found only along the Atlantic Coast. Whether you're a "beach bum" or prefer to hike and explore, Headlands Beach has something for everyone. In the summer you'll find sunbathing spots, swimming and picnic areas, but also parts of the beach in its natural state, including dunes, driftwood and an abundance of wildlife. Seated near the break wall, you'll find our historic lighthouse that can be accessed by both water and walking. Built in 1925, this lighthouse was constructed at the mouth of the Grand River to replace the original Fairport Harbor Lighthouse, which serves as a maritime museum, and sits on a hill in Fairport overlooking the lake. Visitors will find plenty of free parking, restrooms, concession stands, and changing areas for swimmers or sunbathers.

Experience The Grand River Valley Wineries

Ohio is ranked in the top ten wine-producing states in the U.S. and Lake County is the proud home to eleven wineries, including Ohio's largest estate winery and family vineyard, Debonne Vineyards. The Grand River Valley's location near Lake Erie makes our soil ideal for growing a variety of grapes like Concord, Niagara, Delaware, and Catawba, as well as European grapes like Chardonnay, Pinot Gris, Riesling, Pinot Noir and Cabernet Franc, allowing our vintners to create a wide variety of wines each year. Many of the wineries provide live music and entertainment with picturesque views, making them a hit for relaxing afternoons, bridal parties, and get-togethers. The Grand River Valley Ice Wine Festival is one of Ohio's most celebrated winter traditions. Each year, local wineries come together to celebrate the region's famous ice wine. During the event, participating wineries offer samples of their ice wines along with a complimentary appetizer. In past years, our wineries have also featured fun activities like ice carving, dog sledding, and marshmallow roasts.

Explore Lake Metroparks

Lake Metroparks is our residents' go-to for all things "outdoor" and "adventure." Bringing in nearly 3.3 million visitors a year, Lake Metroparks carefully conserves 38 diverse parks and more than 60 miles of trails throughout Lake County. Portions of two state-designated wild and scenic rivers and many tributaries flow through Lake Metroparks. In addition to protecting and maintaining our parks, residents and visitors can also find educational opportunities throughout the year for the entire family, including hiking, birding, boating, biking, and skiing. Lake Metroparks also offers Adaptive Programming that is designed specifically for individuals with special needs.

The Lake Metroparks Farmpark is a family-oriented science and cultural center devoted to agriculture and farming with 235 acres with fields, gardens and farm buildings. Lake Metroparks Farmpark is also home to the premier food and wine event of the year, Vintage Ohio. This annual event is a weekend-long celebration that brings in approximately 11,000 people to sample our region's award-winning wine, partake in food demonstrations, live entertainment, and much more.

Adjacent to Classic Park is Lake Health Miracle Park featuring a fully ADA accessible playground and specialized baseball field for children with special needs giving every boy and girl the chance to play baseball. The Lubrizol Playground is open year-round with a fully accessible restroom building nearby. One of Eastlake's most beloved attractions is Classic Park, home of The Lake County Captains minor league baseball team. The team, a Class A affiliate of the Cleveland Indians, plays in the Midwest League.

Eastlake is home to several heritage sites where visitors from all over the world come to pay tribute to the fallen—The Boulevard of 500 Flags, The America Remembers 9/11 Memorial, and The War Dog Memorial. These memorials include a section of grass from Flight 93 that crashed in Shankland, PA, a piece of granite from the Pentagon, and a steel beam and light post from the Twin Towers. The War Dog Memorial honors the dogs that served to protect our Service People during World War I, World War II, Korea, and Vietnam. Attached to a dog park, its unique location made it the first in the United States, where visitors can bring their dogs and let them run.

Rustic Tent Camping

Lake Metroparks offers a "rustic" tent camping experience for small groups of up to eight people staying in tents. Campers must hike or paddle to the campsites. The sites are set back from the developed areas of the parks from about 0.25 mile to more than a mile. Each location is different and provides a quiet, intimate natural experience—much different than crowded campgrounds.

Each site has a designated area to pitch a tent, a place to build a fire, a grill and a picnic table. The sites do not have restrooms, running water or trash cans. Campers are expected to practice a "leave no trace" camping ethic including carrying in and carrying out all supplies and trash, with the goal of leaving the area better than it was found.

Lake Metroparks

Remarkable opportunities to explore the beautiful natural resources of Lake County await you in our parks.

Portions of two state designated wild and scenic rivers -- and many tributaries -- flow through and are protected by Lake Metroparks. Lake Metroparks annually provides more than 3.3 million visitors with countless recreational and educational experiences to enjoy Lake County year-round at diverse facilities including a family-oriented science and cultural center devoted to agriculture and farming, a nature center and wildlife rehabilitation center, two golf courses, more than 60 miles of trails, six parks on the Lake Erie shoreline and a cross-country ski center.

Lake Metroparks Farmpark is a family-oriented science and cultural center devoted to agriculture and farming. Meet farm animals and experience farming with hands-on activities and special events year-round designed to connect you to our agricultural roots to better understand where our food and clothing come from. Truly an essential part of any Lake County visit.

Engage with nature through creative and imaginative play at Nature Play, our unique, interactive "natural" play area at Penitentiary Glen Reservation. Children can chart their own course through an acre of green landscape with logs to climb on, tunnels to crawl through, and hillsides to roll down. Features include a play campsite, a gardening area, shallow pond and plenty of other natural objects to discover. There are very few rules or limits and parents, although present, observe from a distance. Nature play spaces help children understand, appreciate and value nature's ecosystems.

Photo: Lake Erie Bluffs Observation Tower

Enjoy a 360-degree elevated view of Lake Erie and surrounding area from the observation tower at Lake Erie Bluffs, where fantastic sunsets on the lake and bald eagle sightings are common. A popular birding location, trails also provide access to shoreline fishing along 9,000 feet of a sandy and cobble beach that is host to rare and common plants and animals.

Step out onto the 200' pier at Painesville Township Park, which extends 200 feet into the water and provides public access to our region's greatest natural resource: Lake Erie. The pier is a great place to marvel and experience stunning views of the lake and the setting sun as well as a chance to witness bald eagles fly over. The pier also provides excellent fishing access for a wide variety of fish including smallmouth bass, perch, walleye, and steelhead trout. An ADA-accessible walkway and stairs lead down to the pier.

There's always remarkable things to see, do and learn in every season and all kinds of weather in Lake County. Have a special outdoor interest? Lake Metroparks offers award-winning programs and facilities for archery, biking, birding, boating, camping, cross-country skiing/snowshoeing, dancing, fishing, geocaching, golfing, hiking, horseback riding, sledding, softball, swimming, and volleyball!

Visit lakemetroparks.com for a complete list of locations, activities and special events waiting for you to enjoy.
