JESUS Cares For You

In praying for people for physical healing over the last several years, we have found that most people are anxious, worried and concerned about their illness and the effects it has been having or will have on their loved ones.

The Apostle Peter wrote in 1 Peter 5:7, **"Cast the whole of your care [all your anxieties, all your worries, all your concerns, once and for all] on Him (Jesus), for He cares for you affectionately and cares about you watchfully."**

What a great promise! Not only does Jesus care for your physical health, He cares for your whole person - spirit, soul and body - every part of you. At Healing Rooms on the Genesee, we endeavor to see people touched by the love and power of God, so that the whole person is ministered to. Give us a call so that we can come and pray for you and see your cares taken care of.

SPEAK OUT

Dear "Speak Out,"

We'd like to send a shoutout to Sam and the Mount Morris Highway Department for fixing the potholes in our road. Sam was inspecting Union Corners Road on Wednesday and I stopped to talk to him about the terrible condition of our road. I was very happy to hear the trucks fixing the holes the very next day. In addition, I'd also like to give a shoutout to the West Sparta Highway Dept as well, for the work they did on the road, digging out the ditches at the intersection of Presbyterian Road as well, which should solve the problem of the large mud hole as you enter Union Corners Road from Presbyterian Road. A job well done.

Thank you all!

The residents of Union Corners Road.

Elect Judge Emily E. Stoufer Attorney At Law For Nunda Village Justice

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

It is an honor to sit as the current Town and Village Justice for Nunda. The office of Justice requires both knowledge and thorough understanding of the law. I have the ability to make fair judgements which safeguard our community and protect the rights of all. I am a local attorney specializing in criminal and family law, and earned my Juris Doctor with honors from the University of Buffalo School of Law. I am also familiar with the unique needs of our community as I grew up in Nunda, and attended KCS K-12. In addition to my law practice, I teach college courses in criminal law. I am well qualified to serve as Village Justice, and will continue to perform this important role with fairness and sound judgement.

**Please vote for Judge Emily E. Stoufer for

Elect Bob Cox Nunda Village Trustee

It has been a privilege to have served you in the past years on the Nunda Village Board. I bring my many years of experience in the Mechanical Field from working 30 years as a Machine Builder at Delphi Automotive and I have worked the past 14 years for Blue Heron Construction, installing sewer and water lines for many Municipalities.

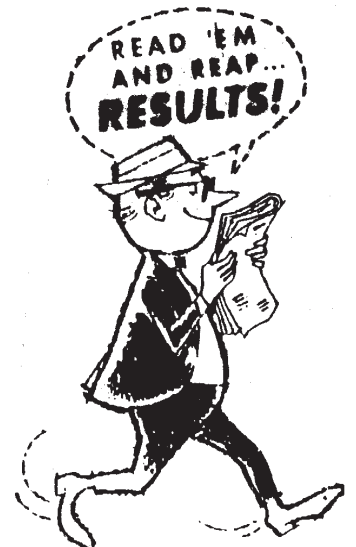

After having served on the Village Board I have experience with the Budget system. Having worked on every committee, I have a very good understanding of how to get work done, and have worked along with the Town of Nunda on Joint Projects.

RADON is a cancer-causing radioactive gas that you cannot see, smell or taste. Radon is produced in the soil and moves upward to enter your home through the foundation or with groundwater from a well. The only way to know if you are at risk is to have your home tested for the presence of radon. The Livingston County Department of Health recommends that all households be tested for radon levels, and can provide free radon test kits to Livingston County residents who own a home. Pandemic is Declared by the World Health Organization Be Prepared. Don't Panic.

Livingston County, NY (March 11, 2020) – The World Health Organization (WHO) has declared COVID-19 (coronavirus) a pandemic. According to WHO, the definition of a pandemic is the worldwide spread of a new disease.

“It is important not to panic. We all need to continue to work together to slow the spread of COVID-19,” said Jennifer Rodriguez, Public Health Director. “Livingston County Department of Health and community partners have been preparing to deal with a possible pandemic situation.” To date, Livingston County does not have a confirmed case of COVID-19.

Currently, there is no vaccine for COVID-19. Until a vaccine is developed, there are things that you and your family can do to help slow the spread of this disease:

- Avoid close contact with people who are sick.
- Stay home when you are sick, except to get medical care.
- Cover your coughs and sneezes with a tissue.
- Clean surfaces and objects that are touched often including tables, countertops, light switches, doorknobs, and cabinet handles often throughout the day using a regular household detergent and water.
- If surfaces are dirty, they should be cleaned using a detergent and water prior to disinfection. For disinfection, a list of products with Environmental Protection Agency (EPA)-approved emerging viral pathogens claims, maintained by the American Chemistry Council Center for Biocide Chemistries (CBC), is available at Novel Coronavirus (COVID-19) Fighting Products. Always follow the manufacturer’s instructions for all cleaning and disinfection products.
- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing. If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol.

Always wash your hands with soap and water if your hands look dirty. COVID-19 is spread by close contact with people who are sick. Symptoms include cough, fever, and shortness of breath. If you have recently traveled to areas with widespread, ongoing community spread of COVID-19 or have been in contact with someone who has recently traveled to those areas, and are experiencing any symptoms please call your physician right away. New Yorkers can call 1-888-364-3065 with questions or concerns about travel and symptoms.

Information on this virus in English and other languages can be found on the following websites: www.cdc.gov or www.health.ny.gov.

To contact the Livingston County Department of Health, please call 585-243-7299 or visit www.livingstoncounty.us/doh.htm.

Livingston County Public Health will provide local updates as appropriate.

Annual Initiative Held In Livingston County

Main Street Goes Blue Successful Kickoff

The Livingston County Department of Health recently partnered with the Town of Lima, Lima Public Library, University of Rochester Division of Gastroenterology and Hepatology and the Center for Community Health & Prevention (at the University of Rochester Medical Center) on Monday, March 2, 2020, at 6:00 PM at the Lima Public Library to kick off the 9th annual **“Main Streets Go Blue”** initiative in Livingston County.

Jennifer Rodriguez, Public Health Director; Michele Tufano, Manager of Cancer Services Program of the Finger Lakes; Hannah Dolan, Physician’s Assistant of UR Medicine | Noyes Health; and Mr. Michael Falk, Town of Lima Supervisor, discussed colon cancer screening options and local resources.

Colorectal cancer is the second leading cause of cancer death in New York State. “Many thanks to our community partners who continue to help encourage colorectal cancer screening to catch the disease in its earliest stages,” stated Jennifer Rodriguez, Public Health Director. Talk with your doctor about screening options for colorectal today. To learn more about screening options,

Visit: <http://www.health.ny.gov/diseases/cancer/colorectal/screening.htm>.

Towns across New York State will be raising awareness about this preventable disease by turning their “Main Streets Blue,” and hosting colorectal screening events throughout March.

John A. Rhode Sr. "Jack"
February 29, 2020

John "Jack" A. Rhode Sr., of Titusville, FL and East Avon and Conesus Lake, NY, passed away on February 29, 2020, at the age of 91. Jack was born in Rush, NY, on November 28, 1928, to the late William George Rhode and Adeline Lillian Cooligan.

Jack served in the U.S. Army and was stationed in Germany during the Korean War. He later worked as a heavy equipment operator in the underground utility field as a member of the International Union of Operating Engineers in the Local 832 for 41 years. Jack also held his commercial pilot license and enjoyed owning and flying his own airplanes. Jack loved flying so much that he bought property and developed his own private landing strip behind his house in South Lima, NY. This landing strip is identified on a 1968 New York State map as the "Rhode Airport." It was not unusual to find Jack flying for pleasure, bird chasing, or flying the jump plane for parachutists. He even decided to fly his plane to work one day in Henrietta, NY, causing a ruckus in the surrounding neighborhood. That stunt earned him few paragraphs in the local newspaper!

Jack spent the last couple of years at Addington Place, an assisted living facility in Titusville, Florida. Many thanks go out to the employees who cooked him delicious meals, entertained him, and ensured his needs were met 24/7. Jack enjoyed visiting with the residents at Addington Place and was known as the "thumbs up" guy when they all greeted him with "Hi, Jack!" Even in his 90's, Jack was always willing to lend a hand and could frequently be heard saying, "Thank you and if you need anything, let me know because I am here." These were the last words he said to his family and the aides who were taking care of him.

Jack is predeceased by his wife of 47 years, Ruth E. (Beil) Rhode. He is survived by his daughters, Sharon (Dick) Mistretta of Livonia, NY, and Linda A. Rhode of Van Alstyne, TX; his son, John "Cubby" A. Rhode Jr. and his wife, Linda A. Kelly Rhode.

In Jack's memory, take the time to help someone out and make time for family and friends. A memorial service will be held in the summer of 2020 in NY. Interment will be held privately. Contributions may be sent to Addington Place, 497 N. Washington Ave., Titusville, FL 32796.

Tributes can be typed on this link:

Livingston County Launches Women's History Trail

Explore and Learn about Contributions of Women to the History of Livingston County

Geneseo, NY, March 9, 2020 — The Livingston County Historian's Office is pleased to announce the launch of the first Women's History Trail in the county. This trail winds through Livingston County, highlighting interesting places where women left their mark, changed the status quo, or enriched the lives of others behind the scenes.

Visitors will find sites related to Native American history, art, education, health, politics, recreation, and suffrage, just to name a few. The trail will be continually expanded with the goal of achieving as much diversity as possible.

The Women's History Trail is the latest in a series of self-guided tours around Livingston County utilizing the On-Cell mobile application that works with any device with a web browser. The mapping function integrates with Google Maps to make finding locations a breeze.

To access this tour and learn about other heritage tours in Livingston County, go to: <https://livingston.oncell.com/>.

For more information on the history of the project and resources available to researchers, check out the Livingston County Historian's website here.
