# The last job you'll ever love!

We are looking to fill a full-time position on our sales team. You'll receive the training you need to be successful in this role. And you'll have the ability to earn more income every month!

“ - Sandra Thomas

*I was apprehensive before applying for the position. I only had experience working in gift sales. I knew nothing about advertising. EMG put me through paid training and let me watch other sales reps. That was 10 years ago! When a business tells me “working with you is a blessing,” I can't help but smile every time.*

“ - Lance Carter

*Before working at Exchange Media Group, I thought they only worked in print. Come to find out, they help hundreds of digital clients, too! I love showing businesses how well our advertising works. I've seen countless businesses grow from working with us.*

“ - Sissy Smith

*When I first started working with Exchange Media Group, the extensive training was the most impressive part. It allows everyone on the team, no matter where we came from, to be the best we can be. As an employee, I love that our customers become our family. We're local, so we can really make a connection with them.*

## The Faith of Abraham

Abraham followed simple steps in his faith. Abraham means more to us than simply the father of the redeemed as stated in Gal. 3:29 - "And if ye be Christ's, then are ye Abraham's seed, and heirs according to the promise." Therefore, we will be blessed if we will walk in these steps that follow:

- (1) He POSSESSED A GREAT FAITH in God
  - (a) One that was based on evidence or testimony--Rom. 10:17 - "So then faith cometh by hearing, and hearing by the word of God."
  - (b) If God said it, Abraham believed it! (Heb. 11:8)
- (2) He PUT EVERYTHING in God's hands--leaving all WITH God (Gen. 13:9-14)
- (3) He was DEDICATED to God and received God's blessings because of obedience (Gen. 18:19) We must "yield to God" as stated by Paul in Rom. 6:10- "...for as ye have yielded your members servants to uncleanness and to iniquity unto iniquity; even so now yield your members servants to righteousness unto holiness."

# Fighting Infections and Viruses

## What the medical research says about this cheap and readily available compound that can probably help you

Science is amazing. Modern medical treatments have successfully treated so many diseases... and saved countless lives.

Antibiotics... vaccines... incredible surgical procedures. It's mind-boggling how complex the science can be.

But with all this "super genius" level stuff... there are also much simpler and less complex ways to probably increase your odds against infection and viruses.

### That's what medical research tells us

There is one compound in particular... that has quite a bit of research over many decades... that has the potential to help you quite a bit.

This compound is Vitamin C. And here is a the conclusion of a research paper that analyzed and reviewed decades worth of research:

*"From a large series of animal studies we may conclude that vitamin C plays a role in preventing, shortening, and alleviating diverse infections. It seems evident that vitamin C has*

*similar effects in humans. Controlled studies have shown that vitamin C shortens and alleviates the common cold and prevents colds under specific conditions and in restricted population subgroups. Five controlled trials found significant effects of vitamin C against pneumonia. There is some evidence that vitamin C may also have effects on other infections, but there is a paucity of such data. The practical importance and optimally efficacious doses of vitamin C for preventing and treating infections are unknown. Vitamin C is safe and costs only pennies per gram, and therefore even modest effects may be worth exploiting."*

Real medical research does not make claims. The purpose of medical research is to advance knowledge for the good of society; to improve the health of people worldwide; or to find better ways to treat and prevent disease.

And it seems most probably that Vitamin C can help fight infections and viruses... especially in high doses.

That's why IV vitamin C therapy has such tremendous potential.

You see, all these studies were done with oral Vitamin C consumption. And taking Vitamin C this way has an absorption rate of 30%... at best. It also takes time to get blood levels up.

Intravenous (IV) vitamin C therapy is absorbed at 100% and the effects on the blood level are just about immediate.

Higher levels can be attained... faster. We believe has a much better affect than was shown in those very positive studies.

This easy, fast and inexpensive therapy is something everyone who wants to optimize health and help fight off infections and viruses should look into. The down side is nothing. The potential upside is your health.

This message is brought to you by Dr. Walter Bennett D.C. NP. Dr. Bennet has personally seen great success with IV Vitamin C therapy For more information on IV vitamin C therapy call 931-251-3009.

# A message from our publisher.

## Dear Reader,

From time to time, we must face things outside of our control. The current situation with the coronavirus (COVID-19) is causing fear, anxiety, and uncertainty. In times like these, we find this prayer to help ease our minds and set our perspective on the positive things: the things we can control.

*God grant me the serenity  
to accept the things I cannot change,  
Courage to change the things I can,  
and Wisdom to know the difference.*

Under advice from the CDC to prevent the spread of the virus, we are practicing “social distancing” while we remain open to serve you, our Reader. Our sales, creative, and digital teams are working primarily from home. We want to be part of “flattening the curve.” Our front office team, who many of you talk

to, is working in the office and practicing guidelines from the CDC. We encourage you to take the recommended steps the CDC has issued to protect yourself and our community. Please continue to “shop local” but in a smart manner. Order your food to go or pick up your orders, but don’t stop supporting local businesses. They need your support.

We know this will pass, just like other horrible situations we have battled and overcame. We will emerge stronger as a community and country.

*Sincerely,*

PUBLISHER

*Our company was founded to help you “buy, sell and trade”.  
We continue to carry forward that founding idea.*

You didn't work this hard to worry about the unexpected.

Let a local independent agent help you cover all you've built, so you can worry about your business.
