

LORAIN COUNTY MEDICAL SOCIETY

2020 PHYSICIANS DIRECTORY

MONDAY, MARCH 30, 2020 | THE MORNING JOURNAL

Lorain County Medical Society Remains Strong During Time of National Health Crisis

Dr. Maher Kodsy, President
Susannah Selnick, Executive Director

In these uncertain times surrounding the health of our nation, the Lorain County Medical Society continues to be a pillar of not just the medical community, but the community of Lorain County as a whole. We have served the health interests of Lorain County since 1896, and continue our tradition of being an organization that serves the providers and patients throughout our community. Our members span all specialties and health systems and come together to ensure that each patient gets the right treatment at the right time for the right reason.

During this time of a national and global pandemic, let us remember that we have each other for support and guidance to get through our days of uncertainty. The Lorain County Medical Society is here to provide our community with accurate information and resources to help you throughout this health crisis, and to support our providers as our healthcare system is put to the test.

We know now more than ever, that the future of medicine is our most valued asset, and the Lorain County

Medical Society will again be once awarding academic scholarships to Lorain County Students who are pursuing a career in the medical field. Scholarship applications are now available on our website, and funding decisions will be made in late summer.

The Lorain County Medical Society Foundation continues to provide charitable funds to a variety of Lorain County organizations that serve the needs of our community.

We look forward to the days when we can return to business as usual, and when that happens, we invite you to celebrate with us this fall at our annual *Dinner with a Doc: Clambake and Cabaret!* The evening will feature a full Clam Bake dinner, a silent auction, 50/50 raffle, and live entertainment, including select performances by physicians and other healthcare professionals.

Our physicians are here to serve you, the patient. When looking for care, look for a provider from the Lorain County Medical Society. For more information about the Lorain County Medical Society, visit our website at www.lcmedicalsociety.com.

Lorain County
Medical Society

LORAIN COUNTY MEDICAL SCHOLARSHIPS

The Lorain County Medical Scholarship Foundation was developed in 1963 for the purpose of establishing a fund to assist Lorain County students who were preparing for a career in the health or medical allied fields. The concept of a Scholarship Foundation grew out of the Lorain County Society's deep interest in the general health and well being of the residents of Lorain County. The members of the Medical Society wanted to ensure a sufficient number of properly trained and qualified persons to adequately serve the needs of the County.

HISTORY OF ESTABLISHED SCHOLARSHIPS:

The Scholarship Foundation has been the beneficiary of many gifts made in memory of beloved family members or well respected colleagues of the medical community. The Scholarship Foundation includes eleven separate funds plus the General Fund, all of which are earmarked for scholarship grants to Lorain County residents.

Applications are due **MONDAY, JUNE 15TH, 2020**

The Mission of the Lorain County Medical Society is to serve its members by:

- Acting as a strong physician advocate within the boundaries of professional integrity, while recognizing and representing the diversity within the medical community;
- Recognizing the health care needs of the community and acting as a patient advocate in response to those needs;
- Providing services that meet the professional needs and interests of the physician community;
- Promoting the positions of the profession and the Society to the public;
- Taking a leadership role in informing the community about health issues;
- Preserving the professionalism in medicine;
- Promoting American ideals of the patient-physician relationship;
- Upholding the Principles of Medical Ethics of the American Medical Association.

Varicose Veins? *We fix that!*

Written by: Dvora Nelson, MD, RVT, RPVI

Vein procedures are nothing like they used to be. If you remember watching a loved one recover from surgery wearing bandages with horrendous pain, then you are probably very wary about having anything done to your varicose veins. Rest assured

we are completely transparent about your out of pocket expenses. We review your insurance plan including assess your deductible, co-insurance, and co-pay, and calculate what your balance will be before we do any procedures. No surprises.

So, don't wait to get relief. If you are still not sure about getting rid of your varicose veins, start wearing prescription grade compression stockings (20-30mmHg) to help your blood return to your heart. Get a prescription from your primary care provider, and start protecting your legs. And when you are ready, our knowledgeable team at Nelson Vein will guide you to the path of healthy legs that look and feel great. Visit NelsonVein.com, or call 440-617-6061 for more information.

Follow us on Instagram @nelson.vein and Facebook @Nelson Vein and Surgical Services for educational videos and tutorials about veins and vein treatments!

that treatments today are quick, easy for you, easy on you, convenient, and can be done in my office instead of the hospital.

Vein procedures are minimally invasive now. You can pull into the Nelson Vein parking lot, walk into a warm inviting waiting area, and bring your loved ones into the procedure room. Instead of limited activity after your vein treatments, we make you exercise by walking for an hour every day in order to promote even better circulation in your legs.

"What are these procedures?" you may ask. Well, they are endovenous ablation, micro-phlebectomy, sclerotherapy, and Venaseal, also known as "burning, removing, injection, and gluing" veins closed. In approximately an hour and fifteen minutes (in and out the door) with no downtime afterwards, you can have those veins that have been causing your aching, swelling, heaviness, fatigue, and cramping fixed. And, many of these procedures are covered by insurance!

Patients can notice improvement in how their legs look and feel within days. Get your activity, energy, and self-esteem back. Having varicose veins means that your circulation is bad, and blood is pooling in your legs. These bulging veins can lead to blood clots, darkening of the skin, and leg ulcerations. Treating your veins early can prevent you from developing irreversible damage to your deep veins and skin. Because procedures are medically necessary, they are a covered benefit for most insurance plans including Medical Mutual, Blue Cross Blue Shield, Aetna, Cigna, Tri-Care, Molina, Paramount, Caresource, Medicare, and its Advantage plans and more.

Varicose vein procedures in an office setting are ideal. There are no facility fees, no anesthesia costs, no recovery room fees, and no incidental costs that can incur when you have a procedure at a hospital. At Nelson Vein,

NELSON VEIN

Leave a Legacy with Lasting Community Impact

Community Foundation
LORAIN COUNTY

**School
Endowment Funds**

**Food
Insecurity**

**Arts & Culture
Programs**

Scholarships

Founded in 1980, the Community Foundation of Lorain County is made up of more than 660 endowment funds valued at approximately \$130M. We wisely invest the funds' assets and the interest earned provides \$6M annually in scholarships and grants to support individual and nonprofit organizations in Lorain County. A gift to the Community Foundation is unlike any other gift as it will continue to grow and have lasting impact on our community . . . forever.
