

The background of the cover is a photograph of the Wyoming State Capitol building in Cheyenne. The building is a grand, multi-story structure with a prominent central dome topped with a golden finial. The facade is made of light-colored stone or concrete, featuring numerous windows and classical architectural elements like columns and arches. A wide set of stairs leads up to the main entrance, where a large group of people, including families and individuals, are gathered. The sky is a clear, bright blue.

# Welcome To Cheyenne

On behalf of the City of Cheyenne's Governing Body and the residents of Cheyenne, I am pleased to welcome you to our community. Cheyenne was founded in 1867 and within five months boasted a population of over 4,000 people, earning the nickname "The Magic City of the Plains." I believe our community truly is magical.

The City of Cheyenne is inextricably linked with the military. In fact, the city was "born" on the same day Fort D.A. Russell (now F.E. Warren Air Force Base) was selected as a site for an Army Post. Cheyenne is home of the Wyoming Air Guard and Army National Guard and will soon have the only National Veteran's Cemetery in the state of Wyoming. Cheyenne deeply values our military personnel and those who have served.

While you are here, I hope you will enjoy the rich history that makes Cheyenne great. During the last full week of July, Cheyenne will host the 124th Cheyenne Frontier Days™ also known as the "Daddy of 'em All"®. This annual western celebration is the largest outdoor rodeo in the world and is the pride of our city. The "Daddy" is staffed by thousands of volunteers who dedicate countless hours year-round to make the last full week of July a one-of-a-kind experience. These men and women are the backbone for the CFD™ experience – a 10-day celebration chocked full of parades, pancake breakfasts, the biggest names in country music, Championship Bull Riding, western art shows, Native American arts and culture, and of course, the famous award-winning rodeo itself. The addition of a newly constructed multi-purpose building located in the heart of the CFD™ park provides a modern upgrade to this world-class event and opens the door for year-round opportunities for conferences, events, and so much more.

Cheyenne boasts cultural and recreational opportunities as well. Our Civic Center, home of the Cheyenne Symphony Orchestra, offers numerous productions throughout the year. Cheyenne Little Theatre productions are some of the finest you will attend, with performances shared between the Mary Godfrey Theater and the Historic Atlas Theater. The historic Union Pacific Depot is the crown jewel of our downtown. The first train rolled into town over 150 years ago and since that day Cheyenne and the Union Pacific have been close partners. Although this downtown fixture is noted for its historical significance, the area received a modern upgrade thanks to a \$150,000 donation by Microsoft to install free public Wi-Fi in the Historic Depot and nearby Depot Plaza.

Our parks and Greenway system are some of the best you will find. I encourage you to visit my personal favorite addition to our community, the Grand Conservatory and Orangerie at the Cheyenne Botanic Gardens located in Lions Park. One is never too old to visit the Paul Smith Children's Village while you are there. The High Plains Arboretum is located just five miles northwest of Cheyenne at an elevation of 6,200 feet and is one of our hidden gems.

A 40-mile, non-motorized Greenway path allows hikers, bikers, skateboarders, and strollers to navigate around the city. We have numerous public and private museums including the Wyoming State Museum, Historic Governors' Mansion, and the Old West Museum. Our state Capitol recently completed a monumental renovation and restoration in 2019 and the results are remarkable; ensuring this historic landmark remains vibrant for generations to come.

Again, welcome to Cheyenne, the "Magic City of the Plains". I hope your time spent here is memorable and magical.

# Magic City of the Plains

**C**heyenne, Wyoming, "The Magic City of the Plains," is the State's Capital as well as home to one of the nation's foremost military installations, F.E. Warren Air Force Base, and host to the largest outdoor rodeo in America, Cheyenne Frontier Days™.

With a population of over 64,000 people, Cheyenne has become an anchor in the growing economy of the Front Range of the Rockies. It is home to numerous museums, art galleries, theaters, parks and Laramie County Community College. Some of the best outdoor recreation and scenery in the country is within an hour's drive of the city. Cheyenne maintains the charm of the Old West,

while still offering all of the amenities of a modern city.

"The Magic City of the Plains" sprang into existence in 1867, when General Grenville Dodge of the Union Pacific Railroad established a tent city here for workers of the first transcontinental railroad. Shortly thereafter, Army General C.C. Auger established Fort D.A. Russell for the protection of the growing new community. Soon settlers began to arrive and brought with them new cultures, as well as new businesses, which included cattle, trading and mining. This influx of new people to the open prairie forever altered the lifestyle of many of the nomadic Plains Indians, including the Cheyenne, after whom the city was named.

The Transcontinental Railroad, eventually connecting both coasts, was the first modern mode of transportation linking Cheyenne to the rest of the country. Today, Cheyenne remains a major hub for interstate transportation with I-25 North and South, and I-80 East and West.

We welcome you to Cheyenne, whether you are just visiting or planning to stay. We know you'll love it here as much as we do.

While you're in Cheyenne, pick up a FREE copy of Trader's Shopper's Guide, our weekly community paper, available at over 150 locations area wide or log on to our website, [www.wyotraders.com](http://www.wyotraders.com).

# Cowgirls of The West

In 1995 the Cowgirls of the West, 501c(3) non-profit organization, was formed. Under the guidance of one of the founding ladies, Gerrie Bishop, the group has grown to nearly 200 members. The mission of the Cowgirls is to provide a free museum where the public may learn of the rich heritage of women and their role in settling the Wild West that continues to this day. The museum and gift shop are located at 203/205 West 17th Street in downtown Cheyenne.

The Cowgirls sponsor a monthly luncheon/program during the months of September thru May. The programs feature historical ranch history, cowboy and cowgirl his-

tory and many stories of the families who homesteaded or founded businesses in the West. All events are open to the public as the Cowgirls of the West continue in their role to help educate and share the rich history of the area. Women's suffrage is also featured in our museum. There is a plaque on 17th Street, downtown Cheyenne, honoring the women who won the right to vote. The Cowgirls of the West membership of both women and men host an annual brunch/fashion show on the first Monday of Frontier Days. This fundraiser enables our volunteers to open the museum free of charge during the months of April thru September. This year, the brunch will be on July 20, 2020. It is held at Little America. This brunch is the major event for ladies attending Frontier Days, hosting nearly 600 women and men. Our membership does not require that you rope or ride but that you have the Spirit of the West inside. Our museum was noted in the New York Times, Cowboys and Indians and several other magazines as a place not to be missed when visiting Wyoming. We welcome school groups or other groups interested in history. If your group would like to visit please call 307-638-4994 or write to P. O. Box 525, Cheyenne, WY. 82003. ■

# City of Cheyenne: Cheyenne Parks & Events

**D**esigned to be your spot for entertainment options within City of Cheyenne venues and parks, Cheyenne Events details events at the Cheyenne Botanic Gardens, Brimmer Amphitheater (located in Lions Park), Civic Center, new Civic Center Commons, Depot Plaza, and Ice & Events Center. You'll never have to wonder what's goin' on in town again! Check out each venue below for more information about the types of programs hosted.

**Website:** [www.CheyenneEvents.org](http://www.CheyenneEvents.org)

**Facebook:** @CheyenneEvents

## **Cheyenne Botanic Gardens (710 S. Lions Park Dr.)**

The Cheyenne Botanic Gardens boast 9 acres of award-winning perennial and annual landscapes, as well as a diverse collection of specialty exhibits, a year-round vegetable garden, and the shining Grand Conservatory. Walk through the xeriscape, rose, herb, cacti, wetland, cottage, and woodland gardens, spend quiet moments by Discovery Pond, travel the Garden Labyrinth, or linger in any of the historic Rotary Century Plazas to experience the life of early Wyoming settlers. There's always something new to see!

**For more information on the Botanic Gardens:**

**Website:** [www.Botanic.org](http://www.Botanic.org)

**Facebook:** @CheyenneBotanic

## **Brimmer Amphitheater (Lions Park)**

Currently available March 1 – November 15 as a rental spot for the community, the amphitheater is used by the city to host a number of public events in Lions Park, including Community Recreation & Events' Superday and the Cheyenne Civic Concert Band summer performance series. It's the perfect venue for outdoor movies, bands, Dog Days in the Park, and more.

**For more information on the Brimmer Amphitheater:**

**Call Facilities & Programs Division at 307-637-6423**

**for rental availability.**

## **Cheyenne Civic Center (510 W. 20th St.)**

The Civic Center is home to a range of entertainers, including Broadway musicals, magicians, musicians, dancers, comedians, body builders, cooking shows and more! We've welcomed the likes of B.B. King, Trombone Shorty, Daniel Tiger's Neighborhood, Eddie Izzard, Gabriel Iglesias, Willie Nelson, and Mamma Mia!, as well as played host to local nonprofits, educational institutions, and for profits looking for a stage to call their own. The Civic Center is always looking to expand show offerings to challenge and meet the cultural needs of the community. If you think there's "nothing to do in Cheyenne!" then you haven't checked out the fun, affordable entertainment at this spot.

**For more information on the Civic Center:**

**Website:** [www.CheyenneEvents.org/civic](http://www.CheyenneEvents.org/civic)

**Facebook:** @CheyenneEvents

## **Civic Center Commons (Across from 2101 O'Neil Ave.)**

What used to be a rarely used parking lot is now a gorgeous multi-level park in the hip West Edge District of Cheyenne. This park hosts a number of performances, movie screenings, vendor fairs, and food truck picnics. It is also available for the community to rent for their own entertainment needs.

**Call Community Recreation & Events Admin  
at 307-637-6370 for rental availability.**

## **Depot Plaza (Corner of Capitol Ave. & Lincolnway)**

Designated a National Historic Landmark, this former Union Pacific Depot has been restored to its original glory. Home to a visitor center and restaurant, the Depot also features the Cheyenne Depot Museum, rich with railroad history, exhibits, and interactive displays. The interior lobby often hosts the Winter Farmer's Markets, national tech conferences, bull auctions, art shows, and more. Outside, the Cheyenne Depot Plaza plays host to Fridays on the Plaza, a Friday night concert series, as well as Hispanic Festival, Celtic Festival, Brew Fest, and other Fests that are too fun, and too numerous to count.

## Cheyenne Rec

Your one-stop-shop for all things recreation related within the City, Cheyenne Rec has combined the get-up-and-go power of Cheyenne Aquatic Center, Golf Courses, Ice & Events Center, Recreation, & our partners (Cheyenne Soccer Club, Cheyenne Tennis, and more). Here you can find the digital version of the Recreate guide, which is typically mailed to homes within Cheyenne 3 times a year; class schedules, league & tournament play rules & schedules; and weekly venue schedules.

**Website:** [www.CheyenneRec.org](http://www.CheyenneRec.org)

**Facebook:** @CheyenneRec

## Cheyenne Aquatic Center (931 Martin Esquibel St.)

The Cheyenne Aquatics Center recently renovated and opened two water slides, a lazy river, a zero-depth entry pool with play features, and three additional lap lanes. This pool is located on the outskirts of Lions Park. Across town, in South Cheyenne, the Johnson Pool is outdoors and offers a water slide and diving board. Open swim is offered daily during the summer, weather permitting. Looking for something more unstructured? Head over to Sloan's Lake to take a spin in the paddleboats, canoes or kayaks that are available during the summer for rental. A lifeguard is always on hand to get you set up and ensure safety!

## Golf Courses

Cheyenne's prime golf season runs from mid-to late-May through October. Cheyenne has four golf courses, two of which are maintained by the City: Airport Golf Course (18-hole), Kingham Prairie View Golf Course (9-hole), Little America Golf Course (9-hole), and Cheyenne Country Club (18-hole). The Airport Course hosts the Wyoming Open every July. The County Club Course is by membership only. If you're looking to take up the game, try a lesson from the pros at the Airport Course, or take your time and learn with the best over at Kingham, where it's a show-up-and-play kind of game.

## Ice & Events Center (1530 W. Lincolnway)

The Ice and Events Center is available for year-round fun. Outside is a world-class mini golf course with landmarks you might recognize from the state or around town! In the winter, ice-skating is available on the NHL sized rink. Learn to skate in both figure and hockey styles during the entire ice season (mid-August to late-March). There's also roller skating, Cheyenne's only Laser Tag room, and bumper cars with lights and wheels that can be used both on and off the ice! This facility is available for birthday parties, corporate outings, weddings, and more! Keep an eye out for our concerts, sporting events, trade conventions, and home/antique shows.

## Recreation Division (1317 Parsley Blvd.)

If you're looking for something long-term to get you up and moving, look no further! The City of Cheyenne Recreation Division offers basketball, softball, dodge ball, baseball, horseback riding, dog obedience, stained glass art classes, HIIT (high-intensity interval training) cardio classes, Zumba, and so, so much more to ensure your heart rate stays up! Most classes require a sign-up in advance, but if you're looking to jump on a team solo, there's always a spot for you. Be sure to check out the Recreate Guide, located on [www.CheyenneRec.org](http://www.CheyenneRec.org) for descriptions on the classes. Not here for the activity? This division is also in charge of the childcare and afterschool programs, which offer shuttles to/from schools to the Youth Activity Center (kiddos get to burn off energy, play games, make crafts and have a snack for a low, low price!).

### Cheyenne Parks

Did you know that Cheyenne has more than 140 public green spaces, including parks, right of ways, and fields? Combine that with the 40+ miles of Greenway, and there's a whole lot of outdoors here in town. While Cheyenne Parks will eventually offer a website and Facebook (coming soon!), for now, we're trying to spread the word through the other websites the City has to offer (Cheyenne Events and Cheyenne Rec). Soon, you'll be able to get even more information about the Parks, Cemetery, and Weed & Pest Divisions, as well as the upcoming projects happening within our sports complexes, greenways, and parks!

### David R. Romero Park

The David R. Romero South Cheyenne Community Park, located off Parsley Blvd. in South Cheyenne, is the newest of our locations, and features rehabilitated wetlands, eight acres of parkland, and the Youth Activity and Community Center. The wetlands rehabilitation included restoring the original path of the waterway and re-vegetating the area with more than 10,000 wetland plants. The park itself includes a large picnic shelter that can be used as an amphitheater, with a large play space for sports practice. The Community Center is available to rent for weddings, reunions, birthday parties and seminars. There's a large community room and an activity side, complete with a computer lab, arts and crafts area, social area, and large activity space. The City uses the space for after school programs and summer youth programs, as well.

### Lions Park

Lions Park is located across from Frontier Park, home to Cheyenne Frontier Days™, and has something for everyone. At the center of the park is Sloan's Lake, open to boating, fishing, and paddleboats. Just to the west of the lake sits the City of Cheyenne Kiwanis Community House. The facility is available to rent for weddings, reunions, birthday parties and seminars. Behind the Community House is the William N. Brimmer Amphitheater, where summer concerts and movie viewings are held. Don't miss the tree house from the Urban Forestry Division, hiding on the edge of the park! This multi-story structure gives you the opportunity to look at Cheyenne from a bird's point of view. Lions Park also has a mini golf course, the Cheyenne Aquatic Center and Spray Park, Botanic Gardens, playgrounds, covered shelters (some are rentable!), volleyball courts, softball, and soccer fields.

### Holliday Park

Holliday Park is located on Lincolnway, east of downtown Cheyenne, and is home to the largest steam locomotive ever built, the "Big Boy 4004." Tipping the scales at 540,000 pounds, it's 1 of only 8 surviving of the original 25 made. In the park, there are two large shelters that can be reserved for any special event. Holliday Park wraps around Lake Minnehaha, and if you're lucky, you might see the City of Cheyenne abatement dog helping keep the park free from bird overcrowding. The park has basketball, volleyball, tennis courts, horseshoe pits, and two playgrounds.

### Greenway Bike and Walking Path

Forty-three miles of concrete path connects parks, schools, neighborhoods and shopping areas throughout Cheyenne. It's 100% handicapped accessible and is continually expanding for more access throughout the city! Check out the map for the closest location near you!

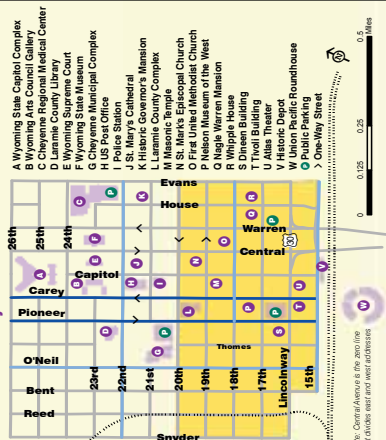

### Activity and Sports

Check out the Clay Sturman Bike, Blade, and Skate Park. Opened in 2007, it has half pipes, ledges, rails, and bowls for the beginning to extreme riders, bladers, and skaters. The skate park is in Brimmer Park on Pershing Blvd. If you're looking for indoor sports, pick up a recreation guide, printed 3 times a year, for a list of classes and programs at low or no cost to residents! ■

# Laramie County Library System: Experience the Best of the West

**L**aramie County is a frontier community with deep western roots, and there is no better place to become immersed in the western history, culture, and experience than Laramie County Library System! From the moment you walk past our 8-foot tall cowboy boot near the western entrance of our Cheyenne branch library, you will see why Laramie County Library System is an integral part of the community.

The library is the best place to learn about Laramie County and Western history with our extensive nonfiction collection. We also have an expansive collection of books, DVDs, and CDs, all with Wyoming authors, settings, or connections, indicated by a sticker on the spine. You can enjoy a hot drink or cool lemonade from our Library Café while you

check out the incredible view of the Wyoming State Capitol Building from the third floor.

With colors selected to match a Wyoming prairie in bloom, even our walls will help you experience the west! You will feel truly immersed in the Wyoming experience while visiting Laramie County Library System.

Named Library of the Year in 2008 and one of the country's top children's libraries in 2012 and 2015, the Laramie County Library System is one of the best in the west. With eBooks, DVDs, magazines, newspapers, and popular reading and reference collections, we have everything you'd expect in our region's top public library, plus:

- Free Wi-Fi throughout the building and 10¢ per page Wi-Fi printing

- A Library Café for drinks, sandwiches and bakery items baked fresh in the library
- A 50-station public computer center for work, play or communicating
- Five meeting rooms available to book online for public and private events
- Eight study rooms for individual and group work sessions
- Programs and events tailored and targeted for all ages and abilities
- Renowned exhibits that explore history, art, science, and more
- The Early Literacy Center, an interactive play space where children can begin to hone emergent and early literacy skills.
- A Teen Zone with dedicated computers, spaces, and materials for teens

All of our programs and exhibits are free to the public, as are most of our services. With a library card, you can check out any of our materials to take home and enjoy! Library cards are free to Laramie County residents; just come in with a valid ID and proof of address, fill out an application and choose a card!

If you're just visiting Laramie County, we accept all Wyoming library cards, and can also issue one-dollar day passes for our computer center. Anyone is welcome at any time to peruse our stacks, attend a program, or check out our exhibits! All visitors are also welcome to utilize our free Wi-Fi and 10¢ per page Wi-Fi printing.

As you enter the library, look for the Library Café at the end of the first floor gallery near the east entrance. On the west end of the gallery, you'll find the entrance to our collections and the Greeter Desk where library staff can point you in the right direction. On each floor, you'll find library staff at the Ask Here desks to assist you.

As we mentioned, the library's colors are inspired by the Wyoming prairie in bloom. On each floor, you can find the elevators and stairs on the yellow walls, the meeting rooms on the purple walls, the restrooms on the green walls, and copiers on the blue walls.

Our first floor is home to our multimedia, magazine, and fiction collections, along with our Cards and Accounts desk where you can get a library card and find more information about your account. You can check out the Book Sale Room and purchase books to help support the Library Foundation, and return your books in our energy-efficient, user-friendly sort machine.

Our second floor is dedicated to children from birth to teens. This vibrant space is full of computers, books, and interactive play stations for kids of all ages. This floor is home to our My Library Place, an interactive literacy center for infants and toddlers; our Early Literacy Center, where young readers can play while strengthening their literacy skills; and our Teen Zone, where teens can study, use computers that are up-to-date with the latest gaming software, and enjoy the expansive young adult collection.

Our third floor houses our extensive non-fiction and reference collections along with our Computer Center. You can peruse the Special Collections Room that contains Wyoming history, genealogy, and family history or head to the Capitol Room and read silently while enjoying the fantastic view of the Wyoming State Capitol Building.

We host diverse programs, events and exhibits daily that explore a variety of themes and topics. You can listen to an author read an excerpt from his latest book, watch a screening of an award-winning film, participate in an art project, and more!

Our library can help make the most out of a visit to Laramie County; our materials, exhibits, and programs will assist any visitor in learning more about our western community or anything else they may be interested in! So, whether you are a local resident, or a brand new visitor, Laramie County Library System can provide you with a big western welcome, every time you walk through the door.

To learn more about all of our upcoming programs, hours and services visit [www.lclsonline.org](http://www.lclsonline.org). ■

## Welcome to the Laramie County Library!

We've got books, magazines, movies, video games, music, audiobooks and digital materials; the Early Literacy Center for learning fun, engaging programs for people of all ages, The Library Café, a Book Sale Room, a giant chess set, and a whole lot more.

Check it out!

# Cheyenne Regional Medical Center Designated as One of America's 250 Best Hospitals

*CRMC recognized for being among the top 5 percent of U.S. hospitals for clinical outcomes for the second year in a row*

Earlier this year Healthgrades officials announced that Cheyenne Regional Medical Center had once again been recognized by Healthgrades as one of America's 250 Best Hospitals.

The distinction places CRMC in the top 5 percent of more than 4,500 hospitals assessed nationwide for its superior clinical performance as measured by Healthgrades, the leading online resource for helping consumers make informed choices about hospitals and physicians.

This is the second year in a row for CRMC to receive the top 250 hospital distinction. CRMC is the only hospital in Wyoming to receive this award for 2020.

"This year has been an incredible one with both the top 250 hospital announcement in February and also the news that the Centers for Medicare and Medicaid Services gave our hospital a top five-star quality rating in January," CRMC President and Chief Executive Officer Timothy Thornell said. "Taken together, these two prestigious recognitions are a validation of the exceptional care provided at Cheyenne Regional Medical Center, which is at the core

of our mission of inspiring great health. On behalf of our leaders and trustees, I want to thank our workforce and providers for the outstanding care and service they provide to our community and region and congratulate them on these wonderful quality achievements."

Every year Healthgrades analyzes three years of Medicare patient data to produce a detailed report on mortality and complication rates in America's hospitals. For the 2020 report, approximately 45 million patient records were analyzed between 2016 and 2018, assessing hospital performance on 32 common conditions and procedures.

According to Healthgrades, the hospitals rated as being among the 250 best in America show superior performance in clinical outcomes for Medicare patients across at least 21 of 32 of the most common inpatient conditions and procedures, as measured by objective performance data that considered risk-adjusted mortality and in-hospital complications.

Patients treated in hospitals achieving this award had, on average, a 26.6 percent lower risk of dying than if they were treated in hospitals that did not receive the award, as measured across 19 rated conditions and procedures for which mortality is the outcome.\* If all hospitals performed similarly to those receiving this award, 161,930 lives could potentially have been saved.

"It is apparent that recipients of the Healthgrades America's 250 Best Hospital Award are dedicated to providing quality

care for their patients," said Brad Bowman, MD, Chief Medical Officer for Healthgrades. "We congratulate the hospitals that received this award for their commitment to consistently providing top care and exceptional clinical outcomes for patients."

CRMC has also been recognized by Healthgrades for being one of America's 100 best hospitals for general surgery for 2020, for being among the top 5 percent of hospitals in the nation for overall pulmonary services for two years in a row (2019-2020) and for general surgery for 2020 and for being among the top 10 percent of hospitals in the nation for cardiology services, stroke treatment, overall gastrointestinal services and general surgery for two years in a row (2019-2020) as well as for overall pulmonary services for four years in a row (2017-2020).

According to Healthgrades, patients are more likely to have a successful treatment without major complications, and have a lower chance of dying, at hospitals that are rated as one of America's 250 best.

"This award is the result of evidence-based, quality care being provided to our patients," CRMC Chief Medical Officer Jeffrey Chapman, MD, said. "I want to thank our physicians, nurses, clinical staff and our entire workforce for their service to our patients and for ensuring they receive exceptional care."

To learn more about how Healthgrades determines award recipients, and for more information on Healthgrades Quality Solutions, visit [www.healthgrades.com/quality](http://www.healthgrades.com/quality). ■

\*Statistics are based on Healthgrades analysis of MedPAR data for years 2016 through 2018 and represent three-year estimates for Medicare patients only.

# GOOD THINGS ARE HAPPENING ALL AROUND US

Your community hospital is the proud recipient of a **5-Star Quality Rating** from the Centers for Medicare & Medicaid Services and **19 Healthgrades Awards** for 2020.

# Cheyenne Frontier Days™ Daddy of 'em All®

**E**ach July, thousands of visitors descend on our friendly western town to enjoy the World's Largest Outdoor Rodeo & Western Celebration. "The Daddy of 'em All®" celebrates its 124th year as the leader of rodeo action. Over 1,000 contestants will compete for cash and prizes, worth approximately \$1 million during the 2020 season rodeo tour.

Cheyenne Frontier Days™ (CFD) all began in 1897. It seemed the "Magic City of the Plains" that had grown so rapidly needed a tourism boost. In late August, Frederick

Angier, Traveling Passenger Agent of the Union Pacific Railroad, approached Colonel E.A. Slack, editor of the Cheyenne Sun-Leader, about staging an event in Cheyenne that would attract train travelers from Denver. Angier cited successful excursions earlier that summer to Loveland, Colorado, for Corn Day and Greeley, Colorado, for Potato Day.

Angier and Slack convinced the new mayor, William M. Schnitger and local businessmen to have the first Frontier Day on September 23. The first CFD committee

Cheyenne, Wyoming**

was formed to develop an event that would attract visitors and attention to Cheyenne. They had less than one month to publicize it; and some critics said it wouldn't amount to much. They were mistaken.

Cheyenne Frontier Days™ has grown from a small event into the World's Largest Outdoor Rodeo and Western Celebration. For Cheyenne, it is the biggest attraction a city could hope to create. Visitors from all over the nation and different parts of the world travel to Wyoming each July to take part in the "Daddy of 'em All®."

Historically, the rodeo has been the main event of Cheyenne Frontier Days™. Other activities have come and gone through the years. Baseball games were popular during the first years. Riding, roping and bison wrestling were also part of the week's events. Until the mid-1920s, non-rodeo activities took place downtown. In 1927, the licenses for street-side entertainment were denied, and the midway and carnivals began. In 1929, "Frontier Nights®" opened as an evening attraction. Visitors could also gamble in false saloons or spend the evening in the dance hall.

Beginning in the early 1930s, an increasing number of celebrities began to attend the festivities. Actors came to have fun and promote their new films. In the 1950s and 1960s, stars from television westerns participated in Cheyenne Frontier Days™.

Native Americans weren't a part of the first event, but public demand brought them to the second annual Cheyenne Frontier Days™. Shoshones from the Wind River Reservation took part in the early years. By the late 1920s, Oglala Lakotas represented the Native Americans. The Southern Plains Indian Dancers participated for the first time in 1980 and they returned each year until 1996. Several different groups have taken part since 1997, including the Wind River Dancers and the Little Sun Drum and Dance Group.

Parades have long been a part of CFD, and the early parades featured cowboys and military regiments. Dazee Bristol, a prominent citizen and CFD volunteer, designed floats for the parades and created saloons and a lynching bee. Some of these historic floats can still be seen in the parades.

Through all the changes, the rodeo has been the heart of it all. By the 1920s, two or three women's events were included in the rodeo. The economy and World War II changed women's roles, and by 1948 women's events were no longer part of CFD. In 1973, barrel racing was offered and then dropped after 1981; and brought back as a night show feature in 1991.

The rodeos have brought fame and glory as well as tragedy and sadness to Cheyenne. In 1989, bull rider Lane Frost was killed after completing one of his best rides during that year's CFD. A statue now stands in tribute to his life and legacy outside the Old West Museum.

Cheyenne Frontier Days™ is a special gathering, and it couldn't happen without volunteers who donate their time and effort to the event. Tasks range from sorting

stock; caring for the world's largest horse-drawn carriage collection and a remarkable period clothing collection; mucking horse stalls; directing traffic; manning gates; the care of a large media contingent; serving as hosts to the tens of thousands of spectators who enjoy the variety of

events; the care and maintenance of a 100-acre park with barns, grandstands, exhibit halls, food facilities and arenas and thousands of other grizzly little details that must be accomplished for the event to succeed.

Visitors from around the globe make Cheyenne Frontier Days™ a destination for an authentic Western experience, and a learning opportunity

about the history and culture of the West. The past 123 years have seen millions of people travel to Cheyenne to experience this great event, located in the heart of the American West.

**Experience the history of Cheyenne Frontier Days™ at the CFD Old West Museum**

In 2020, the Museum is celebrating 41 years of sharing the stories of individuals, livestock, and organizations whose distinctive contributions to Cheyenne Frontier Days™ has helped grow a dream into “The Daddy of ‘em All. ®” For an hour or two, the Museum invites you to travel back in time through the rich history of Cheyenne Frontier Days™ and relive the Western legend.

In 1978, a group of volunteers established the Museum with the goal of preserving the historic carriage collection used in the annual Frontier Day Parades. Today, with a collection of over 160 carriages, the Museum boasts one of the largest carriage collections in the United States. Guided by a mission to cultivate a rich educational space for the diverse, international community served by, and rooted in, the American western legacy of Cheyenne Frontier Days™, the Museum houses a collection of over 149,000 artifacts relating to Cheyenne and Cheyenne Frontier Days™. A truly volunteer-oriented organization, the Museum recognizes that Cheyenne Frontier Days™ volunteers make the history this Museum preserves.

This family-friendly institution features interactive elements in the galleries, so everyone can explore the history of Cheyenne Frontier Days™ and the stories of those who helped make it happen. From our interactive Hole in the Wall Children’s Gallery to permanent pieces in the Museum’s collection, including our extensive carriage exhibit, the Museum brings the past to life and invites visitors to immerse themselves in this thrilling history. Through the Museum’s presentation of original Western artwork and two seasonal art shows, visitors can experience traditional and contemporary visions of the West to deepen their understanding of Cheyenne Frontier Days™ importance to this community.

The Museum is open 9am–5pm daily, year-round with extended hours during Cheyenne Frontier Days™. We are located in Frontier Park, at 4610 Carey Ave. Military, senior, and group discounts available; children six and under free. For more information about the CFD Old West Museum, please visit us online at [www.oldwestmuseum.org](http://www.oldwestmuseum.org) or call 307-778-7290. ■

# Live the Legend of Cheyenne

**I**n 1867, a legend was born when the Union Pacific Railroad settled Cheyenne. Today, Wyoming's capital city is home to adventure, culture, and a truly authentic Western experience. From the world's largest outdoor rodeo and Western celebration to world-class mountain biking, climbing, and camping, a visit to Cheyenne offers great opportunities.

As the Wyoming State Capital, Cheyenne boasts an awe-inspiring, gold-domed Capitol Building in the heart of downtown. This newly-renovated beauty is open to self-guided tours Monday-Friday, 8am-5pm. While there, check out the Historic Supreme Court Chamber. In 1869, it was here that representatives enshrined women's suffrage

within the Wyoming State Constitution, becoming the first state to do so and making this one of the most historically significant chambers in the country.

History buffs can enjoy a fully narrated trolley tour of the community, starting at the Historic Train Depot daily, May through September. Once your tour is complete, visit any of our eight museums, including the Historic Governors' Mansion, and Wyoming State Museum. Make sure to swing by Cheyenne's crown-jewel, The Botanic Gardens Conservatory, and stroll the dozens of specialty gardens outside, as well. A quaint tour of our intriguing downtown in a horse-drawn carriage is free! Just look for him to pull up and "park" across from the famous Wrangler building.

Railroad fans will find various train attractions in Cheyenne, including Big Boy No. 4004, the world's largest steam engine, and the Historic Train Depot, which hosts a railroad museum, visitor center and cultural festivals throughout the year. If you're looking for a local train you can ride, hop aboard at Terry Bison Ranch where visitors can take a train ride into a herd of 2,500 bison. This one shouldn't be missed, because it's the only place in the country where you can hand-feed the bison!

During the summer months, families can enjoy the fun and historic gunfight reenactments of the Cheyenne Gunslingers, weekly free concerts on the Depot Plaza, and walking tours of the city. Any other time of year, you will find that Cheyenne has numerous cultural activities from symphony and ballet, to head-liner concerts and quirky live music venues. If you're more of a sporting type, the Cheyenne Ice & Event Center offers skating all year (ice and roller), bumper cars, paintball, and town's prettiest miniature golf course.

Cheyenne Frontier Days, the world's largest outdoor rodeo and Western celebration, will mark its 124th anniversary July 17-26, 2020. This event delivers world-class rodeo action, top music acts, parades, pancake breakfasts and more. People come from all over the world to experience Cheyenne during this ten-day party, so call the visitor center at (307) 788-3133 for ideas on hotels, parking, and itineraries.

Looking to get away from the masses? Outdoor activities abound! Try horseback rides at local ranches, and hiking, rock climbing, and mountain biking, just minutes away in the nearby mountains.

Whether you're looking for culture, recreation, adventure, or relaxation, you'll find that Cheyenne offers something for everyone. Come for our events, experience our museums and take home new memories. Spend some time with us and Live the Legend of Cheyenne! ■

# Discover Science & Supercomputing in Cheyenne

**T**here is a place in Cheyenne where you can stand beside a machine capable of nearly five and a half quadrillion computations per second, where the most advanced models of our climate are being used, and where scientists try to answer important questions about water, energy, health, severe weather, wildfires, and much more. The NCAR-Wyoming Supercomputing Center (NWSC) is a world-class supercomputing facility created through a partnership between the National Center for Atmospheric Research (NCAR) and several Wyoming government and business entities. It opened to the public in 2012 and welcomes visitors Monday-Friday 8:00 a.m. to 5:00 p.m. and on Saturdays from 10:00 a.m. to 4:00 p.m. (except holidays). Visitors to the NWSC can take a self-guided tour through exhibits in the educational visitor center to learn more about climate, extreme weather, supercomputing, and the facility itself. There is a “Young Scientist” section with hands-on activities and interactive games. Group visits should be scheduled in advance by contacting [nwscinfo@ucar.edu](mailto:nwscinfo@ucar.edu).

## What’s it about?

The scientific mission of the NWSC is to help scientists better understand our planet and how human activities are affecting it. For centuries, science has relied on theories and experiments to explain how things work. Today, computing power is so essential to improving our understanding of our complex world that computation is being called the third pillar of the scientific method. Computers help us understand the processes that churn inside stars and thunderstorms, visualize the Earth’s future climate, and predict the paths of hurricanes—problems that cannot be tackled with a pencil and paper. The NWSC’s newest flagship supercomputer is named

Cheyenne and is capable of performing 5.34 quadrillion operations every second. For perspective, it would take a person nearly 170 million years to count to that number if they could count one number per second. Scientists use Cheyenne to learn about many important physical processes, including severe weather, climate change, wildfire dynamics, water and energy resources, air pollution, and solar storms. The NWSC is operated by NCAR under sponsorship of the National Science Foundation.

## The Building

The NWSC’s mission inspires the guiding principle at the heart of its design: to maximize the benefits of the facility to society while minimizing its environmental impact. The NWSC was designed to use energy and water resources efficiently, be adaptable to new technologies, make use of sustainable and recycled materials, and reduce or eliminate waste both during construction and during operations. During its construction, more than 70% of construction waste was diverted from landfills

and used for recycling, and the building itself is made with over 510 tons of recycled concrete, 60 tons of recycled wood, and 26 tons of recycled metal. The facility is powered in part by renewable wind energy, and it also boasts super-efficient office space and systems that save up to 6,000,000 gallons of water per year. The NWSC was awarded LEED Gold

certification from the U.S. Green Building Council, in recognition of its outstanding sustainable design and construction.

## More information

To learn more, pre-plan your visit, or schedule a group tour through the entire facility, please visit the NWSC website at <https://www.nwsc.ucar.edu/>. ■

# Messenger's Old West Museum

**M**essenger's Old West Museum, located at 616 Crook Avenue, contains one of the area's largest private collections of Old West Memorabilia. Charlie and Katie Messenger started the collection over 30 years ago and opened the museum to the public 19 years ago.

The museum now has nearly 30 horse-drawn vehicles on display including Buffalo Bill Cody's personal carriage and harness. Several are presented in natural settings. They have a collection of firearms dating back to the early

1800s and an impressive 600-piece Indian arrowhead collection. Come see their Old Fashioned kitchen, bedroom, spinning wheel, rope maker and much, much more. Take a stroll down memory lane as you view the historic wagons in a realistic setting as they crossed the United States in the 1800s and cars dating back to 1903. Their Royal Coach is a must see, as it is similar to the Royal Coach the Queen of England may have ridden in.

Messenger's Old West Museum is open Monday-Friday from 8:00 a.m. to 5:00 p.m. ■

## MESSENGER'S MUSEUM

# *The* **LITTLE BEAR** STORY

Tucked away in a grove of trees, nearly hidden from the view of modern-day travelers, is a piece of Wyoming history.

The old Little Bear Inn is nestled on a ranch north of Cheyenne (2 miles north on I-25 to exit 16 - Horse Creek Road, left on Horse Creek Road, over the interchange bridge to Little Bear Road, right on Little Bear Road, 2 miles to The Little Bear Inn on the left). In its heyday, it was a stop for weary travelers. A saloon and casino.

The Cheyenne Deadwood stage route passed by the inn, and though it was not a scheduled stop, the stage often would use the inn as a rest stop. The post office at Horse Creek closed in 1877, moving to Little Bear and making it a regular stop.

The next life of the Little Bear Inn was as a gambling hall, saloon and restaurant. When gambling was outlawed in the 1950's, it became a restaurant and bar. Little Bear Inn is Cheyenne's original steakhouse, and has been operating since 1958 at the current location.

# TERRY BISON

## *The West the Way You Want It!*

The company started in 1987 when Dan Thiel incorporated under the name of Horseshoe Bison, Inc., as a small bison meat distribution and horse trading company. Terry Bison Ranch began its current story in 1993 when Ron Thiel (Dan's father) originally bought the Terry Ranch for the purpose of raising Bison. Dan thought it would be a great idea to start a company that would allow people to be able to get up close and personal to the "great North American Bison". Today, the size of the ranch is 27,500 acres and stretches into Colorado. It is still owned and operated by the Thiel family.

At the beginning of Terry Bison Ranch, there was no Senator's Restaurant, as they would serve chuckwagon dinners in an old barn called the Wagon Wheel. This building only had 3 walls and a roof and the food was cooked at the old Cookshack building. (This building is now the Tombstone Café at the Depot). Every year, there are improvements somewhere on the Ranch! Today there is so much more that goes on at this working ranch and resort!

Climb aboard The Terry Town Rail Express, our own private train which is Wyoming's only privately owned tourist railroad operating on standard gauge rail, and ride out to the middle of our bison herd. Or saddle up, and go for an authentic Wyoming horseback ride, and see the prairie the way the pioneers did when they went through this area in covered wagons. They can catch their own fish in our private stocked pond, and we'll clean and cook their catch for them (and you!). Stay in our RV park or enjoy one of our historic cabins. And take a break and enjoy the Senator's Restaurant, featuring what famed chef Bobby Flay and the Food Network called the Best Burger in Wyoming, or sample our 1st place award-winning ribs (Cheyenne Ribfest 2013). There is a lot to see and experience, either for an afternoon or several days!

We're on the Colorado border just south of Cheyenne, Wyoming right off Interstate 25. Wave to the buffalo as you drive by!

air gun/archery range, classroom and small shooting sports supplies shop. Outdoor facilities include a 100-yard rifle range, 50-meter pistol/rifle range, and a 25-yard pistol range. Two voice activated trap fields are completed and operational. We also offer outdoor archery to 60 yards.

The LCSSC is operated by Laramie County for the purpose of being accessible to everyone. The range can be used on an hourly pass basis, or a yearly access fee can be purchased for families and individuals who participate in recreational shooting activities more frequently. To honor military, law enforcement, veterans and seniors of the community, discounts are given on yearly access fees.

LCSSC provides the public with many firearms training courses, including NRA Basic Pistol, Rifle, and Shotgun courses. Range Safety Officer, Refuse to be a Victim, Concealed Carry Education, Home Firearm's Safety, Archery, Women's Only, and Firearms Instructor courses are also available, as well as more advanced firearms training.

Providing safe, fun recreational shooting opportunities are the primary goals of LCSSC staff and volunteers. Some of these activities include themed shooting events for Halloween, Valentine's Day, Thanksgiving, Veteran's Day, etc. Watch for these fun events! Everyone is welcome to participate.

Wide ranges of recreational shooting programs are also available at LCSSC. Children's programs include 4-H Shooting Sports, Post 6 Shooting Sports and Girl and Boy Scouts of America. The children of the community are given the opportunity to learn safety first, while enjoying recreational shooting activities. LCSSC also offers NRA/

Winchester Marksmanship programs for rifle and pistol shooters (junior and adult), as well as Wyoming Game and Fish Hunter Education classes. Other anticipated fun activities may include leagues and a bowling night (shoot bowling pins for points and prizes).

LCSSC provides the community a high-quality, first-class shooting experience. Its goal is to make the Laramie County Shooting Sports Complex a community center for recreational shooting activities, along with firearms education. The range emphasizes firearms safety, youth programs, corporate events, recreational and competitive shooting.

Join the fun at Laramie County Shooting Sports Complex, 13802 Bullseye Blvd., Cheyenne, Wyoming 82009. (307)775-7484. Tuesday through Friday 10:00 a.m. to 8:00 p.m., Saturday 10:00 a.m. to 6:00 p.m., Sunday 10:00 a.m. to 4:00 p.m.

# The Wyoming State Capitol

**W**ith the restoration efforts completed in July 2019, the return of the Wyoming Capitol's original grandeur will certainly astound visitors, especially considering that the decorative paint designs, higher ceilings, and hidden archways have not been seen for many decades.

The Capitol has undergone extensive rehabilitation to replace outdated building systems, add critical life safety infrastructure, and address public space needs, especially the need for larger meeting rooms. Fixing the Capitol required the addition of fire suppression and smoke evacuation systems, mechanical rooms, larger elevators, restrooms on every floor, and two internal stairways extending from the third floor to the garden level. In the process, the Capitol lost usable space.

To address space needs, the project added the rehabilitation and expansion of the Herschler Building and the Capitol Extension. The addition of a new Central Utility Plant allowed the State of Wyoming to handle the mechanical and electrical needs of five State buildings more efficiently while its relocation made room for the expansion of the Capitol Extension.

In the Capitol, the invasive work necessary to upgrade mechanical, electrical, and plumbing systems allowed the restoration of historic features, including decorative paint, throughout the building. The removal of the suspended ceiling tiles exposed not only stencil designs but also the original ceiling heights,

historic arches, coffered ceilings, and decorative column capitals. The restoration of lay lights and skylights have returned more natural light into the building.

No room in the Capitol has been more radically transformed by this project than the Historic Supreme Court Chamber, where the state's Constitution was signed, affirming women the right to vote in 1889. The chamber has been returned to its original size by eliminating a partition wall and reclaiming the two-story volume and public balcony. Beyond its historical significance, the ornate decorative elements make the Supreme Court Chamber unique. Historic paint studies revealed extensive trompe l'oeil paint in a vibrant color palette dating back to 1888. The stained glass lay light and chandelier have now been restored to their original location in the chamber.

Additionally, visitors can view the "Four Sisters," a group of allegorical bronze sculptures, representing Truth, Justice, Courage, and Hope, now standing guard in the four niches just below the stained-glass and restored decorative paint in the Capitol rotunda.

The Wyoming Capitol is now open for self-guided tours 8 a.m. - 5 p.m., Monday - Friday. ■

Capitol photos courtesy of Debbie Martinez

# Laramie County Senior Activity Center

**T**he Laramie County Senior Activity Center is a place where all individuals ages 60 and older can come to enjoy friendship, fellowship, obtain education and information on elder issues, resources, combat loneliness and receive assistance with nutrition, regardless of how independent or dependent you are.

7 days a week we serve a Congregate Meal; which is a hot meal and assures that our older adults are receiving the nutrition they need. For those 60+ years of age, these meals are for a suggested donation. There are several other meal sites under the Laramie County Senior Center for those that do not live directly in line with our location: Indian Hills Manor, Stanfield Manor, Foxcrest and the Burns Center.

As a vital part of the aging network, the Laramie County Senior Activity Center works to meet community needs, assists other agencies in serving older adults, a resource center, and provides opportunities for older adults to develop their potential as individuals within the context of the entire community.

**The Center works to provide a variety of activities to meet individual needs.**

**Activities and features include:**

- Card Games & Pool
- BINGO every Friday
- Monthly BINGO Birthday Parties
- Tai Chi & Yoga
- Relaxation Meditation
- Volunteer Opportunities
- Hosts free annual Tax Services through AARP/VITA
- Saturday Night Dances (coming soon)
- Movie Matinees (coming soon)

- Foot Care Clinic (coming soon)
- Blood Pressure Clinic & Foot Care Clinic (coming soon)
- Matter of Balance (coming soon)
- Outings/Day Trips
- Quarterly Newsletters featuring current meal menus & activity calendar (for a small annual fee)

The Laramie County Senior Activity Center is YOUR community senior center. A place for adults who want to maintain active in body, mind and soul.

# HealthWorks

## *Where health happens*

In December of 2019 it was announced that HealthWorks had received National Committee on Quality Assurance (NCQA) Patient-Centered Medical Home (PCMH) Recognition. This achievement is currently held by fewer than twenty healthcare practices across the state of Wyoming.

According to NCQA, the patient-centered medical home is a model of care that puts the patient at the forefront. HealthWorks successfully transformed to this model of care over two years with a focus on improving quality of care, increasing patient and staff satisfaction, and delivering a patient experience that focuses on the whole person.

Good health is directly linked to where people live, work, socialize, and what is available to them in these places. Our patient-centered and whole-person care approach helps patients identify and minimize barriers to good health and actively screens patients for social needs (income, food security, housing security, health literacy, etc.). Our staff works with our patients in realtime to directly connect them to community partners and resources that can lead to improved wellness. Our care model impacts our patients far beyond the walls of the health center.

Additionally, HealthWorks now offers programs like Care Management, a free service to patients that includes one-on-one counseling and assistance to manage complex and chronic health conditions like diabetes and high blood pressure. From this program's start in 2019, HealthWorks was able to reduce total patients with uncontrolled diabetes by more than 20% through coaching, more frequent check-ups, cooking classes, and other patient-focused activities.

HealthWorks welcomes everyone into our Community Health Center with high-quality, comprehensive, whole-person and family care. With licensed providers, convenient hours, and sliding fee scale, HealthWorks strives to be your family's healthcare center.

# Cheyenne Little Theatre Players 91st Season!

In the late 1920's and early 30's, the vaudeville circuit was dying. With the advent and popularity of motion pictures, live travelling performances were becoming less profitable, and so communities across the country had access to fewer and fewer opportunities to experience live theatre. In order to fill this gap, many cities and towns started up their own acting groups and began performing plays with community members doing the acting and directing. It was known as "little theatre".

In February of 1930, here in Cheyenne, a group of friends had met for their usual bridge night, and as the evening wore on this idea of "little theatre" was brought up and discussed. Four of the attendees felt that this type of performance theatre was just what Cheyenne needed to fill the cultural gap that was growing as live touring shows became scarcer, and in May of 1930 the Cheyenne Little Theatre Players produced their first performance, beginning a decades long tradition of quality regional theatre.

2020-2021 marks the 91st season of The Cheyenne Little Theatre Players! And we still look pretty good for our age! The season will be announced on March 17th at 6pm at the Historic Atlas Theatre. Season tickets will be available at that time.

We kick off season 91 with THE 64TH OLD FASHIONED MELODRAMA: Devious Deeds of the Duplicate Dirty Dastards or A Tale That's Two Gritty or a Villain in the Hand is Worth Two of the Bush Whackers written by Rory Mack and directed by Cathie Chadwick and Rory Mack. Not one, but two villains battle over control of the Old Cheyenne this summer! With all the humor and fun you expect from The Old Fashioned Melodrama, this show runs July 9th – August 2nd, 2020 at The Historic Atlas Theatre.

Our YOUTH SUMMER STOCK 2020 will be presenting James and the Giant Peach Jr. for students grades 2-6 during session 1. This session will run Monday, June 8th-Sunday, June 28th. Session 2, for grades 7-12 will present Legally Blonde Jr. This session will run Monday, June 29th

– Sunday, July 19th. Performances will be at the Mary Godfrey Playhouse.

We open our main stage season with MAMA MIA! The Smash Hit Musical with music and lyrics by Bjorn Ulvaeus and Benny Anderson Book by Catherine Johnson and directed by Audrey Mayfield, this show will run September 18th – October 4th, 2020 at The Mary Godfrey Playhouse. ABBA's hits tell the hilarious story of a young woman's search for her birth father. This sunny and funny tale unfolds on a Greek island paradise. On the eve of her wedding, a daughter's quest to discover the identity of her father brings three men from her mother's past back to the island they last visited 20 years ago. The story-telling magic of ABBA's timeless songs propels this enchanting tale of love, laughter and friendship, creating an unforgettable show. A large cast, non-stop laughs and explosive dance

numbers combine to make Mamma Mia! a guaranteed smash hit for any theatre. A mother. A daughter. Three possible dads. And a trip down the aisle you'll never forget!

Next up is GOD OF CARNAGE written by Yazmin Reza, translated by Christopher Hampton and directed by Jeff Tish November 6th – 15th, 2020 at the Mary Godfrey Playhouse. Set in present-day New York City, God of Carnage is the story of two married couples that meet for the first time shortly after their respective sons have a nasty schoolyard tangle. Michael and Veronica, whose son's teeth were knocked out with a stick, invite Alan and Annette, whose son did the knocking, to their home to settle matters such as who will pay for new teeth. But any attempt at having a civilized discussion about whose child is responsible for the fight, and how the parents may have influenced such destructive behavior, quickly devolves into finger-pointing,

name-calling, stomping around and throwing things. And that's before they break out the rum!

Our Christmas show this season will be A CHRISTMAS STORY by Philip Grecian. Based on the motion picture A Christmas Story, © 1983 Turner Entertainment Co., distributed by Warner Bros., written by Jean Shepherd, Leigh Brown and Bob Clark; and on the book In God We Trust, All Others Pay Cash by Jean Shepherd. This show will be directed by Cathie Chadwick.

December 4th – 20th, 2020 at The Historic Atlas Theatre and will be our first Dinner Theatre of the season. Humorist Jean Shepherd's memoir of growing up in the Midwest in the 1940s follows 9-year-old Ralphie Parker in his quest to get a genuine Red Ryder BB gun under the tree for Christmas. Ralphie pleads his case before his mother, his teacher and even Santa Claus himself at Higbee's Department Store. The consistent response: "You'll shoot your eye out!"

All the elements from the beloved motion picture are here, including the family's temperamental exploding furnace; Scut Farkas, the school bully; the boys' experiment with a wet tongue on a cold lamppost; the Little Orphan Annie decoder pin; Ralphie's father winning a lamp shaped like a woman's leg in a net stocking; Ralphie's fantasy scenarios and more!

Our youth show will be THE PHANTOM TOLLBOOTH written by Norton Juster and Susan Nanus

Based on the book by Norton Juster. This show will be at the Mary Godfrey Playhouse February 12th – 28th, 2021. Enjoy Milo's adventures in the Land of Wisdom, where he's forced to think about many new things. Milo learns of the argument between King Azaz and his brother, the Mathemagician, whose disagreement over words and numbers has led to the banishment of Princesses Sweet Rhyme and Pure Reason. Milo is dispatched to rescue the princesses from the Land of Ignorance. The knowledge and skills Milo picks up on his journey help him to save the princesses. When he must return home, Milo's sorry to leave his friends – but enriched by his experience, he realizes his attitude toward learning will never be the same.

Next in the season is the classic Oscar Wilde comedy THE IMPORTANCE OF BEING EARNEST

April 9th – 25th, 2021 at The Historic Atlas Theatre. This show will also be a Dinner Theatre presentation. The Importance of Being Earnest is the most renowned of Oscar Wilde's comedies. It's the story of two bachelors, John 'Jack' Worthing and Algernon 'Algy' Moncrieff, who create alter egos named Ernest to escape their tiresome

lives. They attempt to win the hearts of two women who, conveniently, claim to only love men called Ernest. The pair struggle to keep up with their own stories and become tangled in a tale of deception, disguise and misadventure. The Importance of Being Earnest is considered to be the wittiest comedy in the English language.

LA CAGE AUX FOLLES Book by Harvey Fierstein, Music and Lyrics by Jerry Herman and Based on the play by Jean Poiret and directed by Mary Hall. This show will open May 7th – 23rd, 2021 at the Mary Godfrey Playhouse. After twenty years of un-wedded bliss Georges and Albin, two men partnered for better-or-worse get a bit of both when Georges' son (fathered during a one-night fling) announces his impending marriage to the daughter of a bigoted, right-wing politician. Further complicating the situation is the 'family business': Albin and Georges run a drag nightclub in St. Tropez, where Albin is the 'star' performer 'Zaza'. Georges reluctantly agrees to masquerade as "normal" when he meets the family of the bride-to-be. But Albin has other plans, with hilarious results.

#### Other special events this season include:

##### Rocky Horror Picture Show

October 23rd – 31st, 2020 at Historic Atlas Theatre

##### AACT Wyoming State Festival

November 20th – 22nd, 2020 at

Mary Godfrey Playhouse / Historic Atlas Theatre

# Francis E. Warren Air Force Base

**F**rancis E. Warren Air Force Base is celebrating 153 years of active duty on July 4, 2020. Warren is the oldest continually active base in the Air Force and is the home of the 90th Missile Wing, charged with maintaining about 150 Minuteman III Intercontinental Ballistic Missiles. The complex spans 9,600 square miles across Wyoming, Colorado and Nebraska. The base is one of Cheyenne's leading employers; more than 4,300 civilians and military personnel work on the base.

F.E. Warren AFB today is a far cry from its beginning as Fort D.A. Russell back in July of 1867. Fort Russell was established to protect Union Pacific Railway workers from attacks during the construction of the Transcontinental Railway. The first troops stationed at Fort Russell, under the command of Colonel John D. Stevenson, lived in tents during the first year while building wood framed quarters. The fort was made a permanent post in 1884 and rebuilding began in 1885 with \$100,000 from the War Department. The original wood structures were replaced with 27 brick buildings and the fort was landscaped with over 1,000 trees. Fort Russell was the training center for the Artillery along with being a cavalry post. In 1889, the Medical Corp was established with Fort D. A. Russell as one of two posts chosen to officially train Hospital Stewards. As you can see, the post had a varied military past.

During the Spanish-American War in 1898, the 8th Infantry departed Fort D.A. Russell for Cuba along with the Wyoming National Guard, which was mobilized and mustered into Army service in the Philippines during the Battle of Manila. During the 1901 Philippine Insurrection, units from Fort D. A. Russell served in the Philippines. The 10th Infantry returned with a Queen Mary Tudor cannon forged in 1557, and that cannon is still displayed on base today.

Times were changing, however, and the cavalry was becoming obsolete. After 60 years of service, the cavalry left the fort in 1927, with the last horse leaving in 1943. While being used as a training facility during World War

II, Fort Russell became one of the largest military posts in the country.

In January 1930, the post was renamed Francis E. Warren in honor of Wyoming's Territorial Governor and first State Governor. Warren had received the Medal of Honor at age 19 during the Civil War and served as a U.S. Sena-

tor for 37 years. The post was renamed in his honor. F.E. Warren became an Air Force base in 1947. Interestingly enough, the post has had only one dirt airstrip, which was built as a cross-country mail airstrip. Although modern pilots never used the field, it was made famous when WWI Ace Captain Eddie Rickenbacker survived a crash on the field. In 1919, the "Western Flying Circus," led by Major Carl Spaatz also used the field.

On February 1, 1958, the 4320th Strategic Missile Wing was activated at F.E. Warren. The wing was re-designated shortly thereafter as the 706th Strategic Missile Wing with three squadrons: the 549th, 564th and 565th Strategic Missile Squadrons. These Airmen stood up the first Atlas D model ICBMs on Warren. The first missiles arrived in November 1959, from Vandenberg Air Force Base, California. The wing re-designated on July 1, 1961, as the 389th Strategic Missile Wing. The wing deactivated on March 25, 1965, and was replaced as the 90 Strategic Missile Wing. With the deactivation went the Atlas D missiles.

For nearly 60 years, the base has gone through much realignment of missile systems. From the Atlas D to Minuteman I, Minuteman III and to the Peacekeeper, the base has transitioned from Strategic Air Command, Air Combat Command, and Air Force Space Command to Air Force Global Strike Command. On July 1, 2008, the wing at F.E. Warren AFB was re-designated the 90th Missile Wing.

Some famous people have been stationed at F.E. Warren AFB over the years. They include: General Billy Mitchell, General Mark Clark and General Benjamin O. Davis, Sr., Doctor Walter Reed, Sammy Davis Jr., country singer Chris LeDoux and music legend Neil Diamond. ■

# Serving Our Veterans

**O**n May 4, 1934, 67 years after the first tents were pitched on the prairie known today as Cheyenne, the US Veterans Hospital of Cheyenne was opened and dedicated. The facility capable of accommodating 100 patients was built at a cost of approximately \$750,000, which included the site, buildings, equipment and landscaping and took only 20 months to complete.

Construction began in 1932 to consist of seven red brick buildings with shingle tile roof and with a capacity of 133 beds. The only services to be provided were general medicine and surgery. There were to be no beds for tuberculosis or mental patients.

At the dedication, bureau officials stated that the hospital "will continue to be active for more than 50 years, at least."

Today, more than 86 years later, the Cheyenne VA Medical and Regional Office Center serves Veterans in

one of the largest geographical service areas in the VA system.

The medical center also provides outpatient care in the following eight communities in the tri-state service area: Fort Collins, Loveland and Sterling, CO; Laramie, Rawlins, Torrington and Wheatland, WY and Sidney, NE.

Presently, the Cheyenne VA Medical Center operates 16 medical and surgical beds, 6 Intensive Care Unit beds, 41 beds in the Community Living Center, and 10 beds in the Psychosocial Residential Rehabilitation Treatment facility located within the main hospital building.

In 2019, all divisions of the medical center provided service to 24,818 Veterans in the tri-state service area, for a total of 469,294 outpatient visits. The Cheyenne VA Healthcare System employs more than 1,000 professionals, and runs on an annual budget of approximately \$196 Million. ■

# Southeast Wyoming Welcome Center

**T**he Southeast Wyoming Welcome Center provides visitors with a front porch experience into Wyoming. The center showcases the very best that Wyoming has to offer. The interpretive displays boast an entrée of what lies along the road ahead. Travelers are surrounded by sights, sounds and encouraged to participate in several photo opportunities, like spending a moment in jail with Butch Cassidy, then bustin' out in one of two secret passages or viewing a life-sized cast of a Colombian Mammoth!

The building and grounds design also piques the interest of many, with rammed earth walls, several sustainable features and nearly a mile of walking trails that meander through the property. History buffs appreciate the significance of the building's orientation aligned with the original Park-to-Park Highway that once connected Mesa Verde National park to Yellowstone National Park. Four-legged travelers are grateful for a large fenced-in pet exercise area.

The center has something to offer all travelers and is easy to find at I-25 and Exit 4, High Plains Road. The Welcome Center is open daily during the summer months. Check [travelwyoming.com](http://travelwyoming.com) for more information. ■

# Laramie County School District #1

**L**aramie County School District 1 is the largest school district in Wyoming serving more than 14,200 students, which is nearly 15 percent of the state's student population. The district has seen consistent growth over the last few years at a rate of 1% to 2% a year. This rate is expected to continue over the next few years.

LCSD1 covers 1,592 square miles in southeast Wyoming, which includes three rural elementary schools, 26 urban elementary schools, a charter elementary and secondary school, three junior highs, three high schools and one alternative high school.

The district has 2,214 full-time equivalent staff working at all levels to ensure students receive a quality education. This daily commitment is exemplified by the transportation personnel that make sure our students are safe on their journey to school, nutrition services employees that serve nutritious food, and the support staff that clean and maintain functional facilities. Our teachers, professional support staff, Para educators, and substitute teachers do more than teach, and our principals and supervisors focus on continuous improvement.

LCSD1's Board of Trustees makes decisions, which help LCSD1 grow, and our legislators ensure we have operational funds and facilities so that we can provide quality educational opportunities for our students.

The mission of Laramie County School District 1, in cooperation with students, parents, staff and the community, is to guarantee a high-quality education in a safe and orderly environment for all students, inspiring them to become lifelong learners and responsible, productive citizens.

## **Accreditation**

In 2019-2020, the Wyoming Department of Education conducted a site visit for Accreditation examining all aspects of the Laramie County School District 1 educational system. This work included an extensive document

review, interviews with stakeholders, and visits to individual schools. The district received high commendations through this process as well as suggestions for next steps within the system. The team also reviewed the school improvement plans that each school develops and revises throughout each school year in response to changing needs. School improvement plans are developed based upon both State and Federal accountability measures. Additionally, action plans are developed and implemented in the areas of Student Achievement, Professional Expectations and Growth, Instructional Leadership, Safe and Orderly Environment and Effective and Efficient Use of Resources. The action plans provide a detailed roadmap for achieving each of the district's goals.

The district's strategic plan guides and focuses all the schools' efforts to improve. The Board of Trustees' 2016-2019 plan was adopted and approved during the fall of 2016. The district goal was to ensure all students will achieve academic success, graduate from high school prepared for post-secondary education, be career ready and be responsible, productive citizens. Because the strategic plan expires in 2019, the Superintendent and Board of Trustees have begun the lengthy process of updating the Strategic Plan. Stakeholders across the district and community are contributing to the needs assessment to guide the planning efforts.

## **Curriculum Development**

Laramie County School District 1 continues to refine curriculum in all content areas and courses at the secondary level and continues to revise and improve the corresponding curriculum maps. Along with the new curriculum documents, LCSD1 continues to improve and revise the district assessment system.

For the last several years, district staff has updated and revised curriculum through the lens of standards-referenced grading. Curriculum has been prioritized to determine which state standards are most critical for

students to know and be able to do. Likewise, proficiency scales have been built for each course to describe varying degrees of mastery for these state standards. Beginning with the first quarter of 2016, our elementary schools adopted a district wide process for standards-referenced reporting.

### Testing & Accountability

At the direction of the Wyoming Legislature, the Wyoming Department of Education has developed an assessment plan to guide district and school accountability. WY-TOPP is the primary assessment used in grades 3 through 10. The assessment is administered in the late spring with interim tests given in the fall and winter to track progress toward the summative test date. Additionally, teachers can administer WY-TOPP modular assessments to individual students as needed to track areas of student difficulty. WY-TOPP results are used to measure district and school-level accountability as called for by the state accountability plan and U.S. Department of Education's Every Student Succeeds Act.

High schools are required to administer the WY-TOPP in grades nine–10 and the ACT exam to all students in 11th grade. ACT is a measure of college and career readiness, and it is used as part of the criteria for the Hathaway Scholarship. The ACT assessment, provided by the state of Wyoming, assesses students in English, mathematics, reading, science and writing. Results are used as an accountability measure for high schools and to determine if a student is college and career ready. College-bound students who score below a targeted score may be required to take a remediation course at their college.

### Teaching & Learning

All district efforts are directed systemically to ensure we meet the goals of our strategic plan. These goals state students will achieve academic success, graduate from high school, be college and career ready and be responsible citizens.

In order to keep students on track for graduation, LCSD1 notifies those who have a deficiency so they can correct it with options such as summer school, extended-day, correspondence courses, credit recovery labs, and the district CAP (Comprehensive Academic Preparation) program, enabling them to graduate with their class.

### Community Partners

The district offers several forums to unite parents, schools, students and the community. These forums promote communication and joint problem solving as well as ensure academic success for all children. Examples include:

- District parent advisory committee, building collaborative decision-making team, district and building school improvement teams, district standards and curriculum committees (in each content area), district calendar, policy and building advisory teams.

- The Parent Engagement & Educational Partnerships with Schools (PEEPS) program employs two family engagement facilitators who are committed to supporting families throughout their journey at LCSD1. These facilitators offer support and skills to parents and guardians through parent education, resource locating and partnering with schools to maximize student success.
- Olweus Bully Proofing surveys to collect data, which continues to show improvement in the reduction of bullying in elementary and junior high schools
- Periodical parent surveys
- Open houses for families and students at the beginning of each school year
- Parent/teacher organizations/associations (PTO/PTA)
- District wide student/parent handbooks for every elementary, junior and senior high family
- School newsletters
- District Facebook and Twitter
- District Website, [www.laramie1.org](http://www.laramie1.org)
- District wide newspaper—the Public Schools' Chronicle—published five times a year and mailed to every home and business in the Cheyenne area
- District annual Report Card to the Community provides updates from the previous school year as well as information on strategic initiatives for the upcoming school year ■

# The Cheyenne Symphony Orchestra

**T**hose of us who have lived in Cheyenne and surrounding areas are aware that we have a cultural gem in our midst. But sometimes it comes as a surprise to visitors. One visitor, Rich Reiben, a retired arts administrator from New York was so stunned he wrote an article about his experience in his local newspaper. Here's an excerpt:

"I'll admit I might have been a little skeptical about how a tiny city in a vast state whose population per square mile rounds down to zero can support a first-rate regional orchestra. Turns out, I didn't have much to worry about. I may not be a musician, but I ran orchestras

for 10 years. Take it from me, the Cheyenne Symphony is indeed a first-rate regional orchestra."

What's all the buzz about? The symphony attributes its success to its energetic and engaging Music Director and Conductor, William Intriligator, enthusiastic musicians who often times travel hundreds of miles to perform in Cheyenne and a very supportive community including donors, volunteers and audience members.

So, if you want to hear it for yourself or get involved, give the folks at the symphony a call at (307)778-8561 or visit: [www.cheyennesymphony.org](http://www.cheyennesymphony.org). ■

# The Historic Governors' Mansion

**T**he Wyoming Executive Mansion, located on the corner of 21st St. and House Ave., served as home to 19 of Wyoming's governors and their families, including the nation's first female governor, Nellie Tayloe Ross. Stepping onto the political stage in 1924 to win this monumental election, she changed America's history as well as the history of Wyoming. The mansion has been host to United States presidents, famous authors, and neighborhood children. It is now your turn to be our guest.

The stately mansion, designed by Charles Murdock, was modern in 1905 because of its central plumbing, hot water heat, and combination gas and electrical fixtures. This two-and-a-half story structure's portico features solid sandstone Corinthian columns that were quarried in four sections, carved on-site and assembled. Construction of the mansion began in the spring of 1904 and was completed that fall. Governor Bryant Brooks and First Lady Mary Naomi Brooks opened the house in January of 1905, beginning a long tradition of entertaining and community service at the mansion by Wyoming's first families.

Governor Stanley and First Lady Bobby Hathaway were instrumental in listing this historic home on the National Register of Historic Places in 1969. In July 1977, the Historic Governors' Mansion opened to the public as a historic house museum. In 2004, an extensive restoration was done on the mansion and it now reflects the history of the home through the various eras throughout.

Enjoy self-guided tours enhanced with cell phone audio tours, as well as videos providing information about Wyoming and its first Executive Residence.

To schedule a group tour, or for more information, call (307)777-7878 or visit [www.artsparkshistory.com](http://www.artsparkshistory.com). There is no admission charge but donations are accepted. Winter hours: October 1-May 31, Wednesday-Saturday 9:00 a.m. to 5:00 p.m., Tuesday by pre-arranged appointment. Summer hours: June 1-September 30, Monday-Saturday 9:00 a.m. to 5:00 p.m., Sundays 1:00 p.m. to 5:00 p.m. ■

# The Cheyenne Depot and Plaza

**D**on't miss visiting the heart of our community since 1886, the Union Pacific Depot. This National Historic landmark is centrally located in the center of downtown Cheyenne. The Cheyenne Depot and Plaza hosts free events from May through December. The Cheyenne Hispanic Festival, The Cheyenne Celtic Musical Arts Festival, Rhythm by the Rails and Fridays on the Plaza are recognized throughout Wyoming and Colorado. Residents and area visitors visit the downtown Cheyenne area for these cultural and nightlife experiences year after year.

Looking for some Wyoming and railroad memorabilia or a souvenir? You will be pleased to find a variety of unique railroad, western and Wyoming related items in our gift shop, where there is a little something for everybody.

Designed in Richardsonian Romanesque style and constructed from polychromatic sandstone, the Union Pacific Depot is widely acknowledged to be one of the most beautiful railroad stations in North America. The Depot is next to the very active main line of Union Pacific, with over 90 trains passing through each day. The Union Pacific Steam Shop is home to the famous Big Boy 4014, 844 and 3985 steam locomotives.

The Transcontinental Railroad map embedded in the terrazzo floor of the Cheyenne Depot lobby is just one of the building's highlights. The original wood benches in the lobby still bear the cigarette burns from soldiers in transport. The "Coupler Building" is a gorgeous addition to the Depot. The building serves as a beautiful viewing

area of trains passing by and an entrance in the second floor baggage attic where the world famous Union Central and Northern HNo3 Model Railroad reside. Built over 30 years by Harry Brunk, this unique 65-foot layout replicates the Colorado and Southern narrow gauge

railroads along Clear Creek in Colorado. The towns of Blackhawk, Idaho Springs, Silver Plume and Georgetown are replicated in exquisite detail on this fabulous model.

Ignite the spirit in your summer; experience the romance of the railroad and join us in celebrating the Union Pacific Depot and all that it represents.

For more information about the museum or Depot events, please contact the Cheyenne Depot Museum at (307)632-3905 or visit our website at [www.cheyennedepotmuseum.org](http://www.cheyennedepotmuseum.org). If you are traveling, stop by Cheyenne's Visitor's Center, located in the Cheyenne Depot lobby, where you can pick up information on area attractions, lodging and the downtown walking tour. ■

# Cheyenne LEADS

Cheyenne LEADS is the economic development organization for Cheyenne and Laramie County, Wyoming. LEADS is a private non-profit and has one mission: to strengthen the local economy through the expansion of jobs and capital investment. To do this LEADS strategically promotes the area both regionally and nationally. They then work with companies to facilitate relocation into, or expansion within, Laramie County.

Cheyenne LEADS provides a dedicated staff from its Business Development team to assist businesses with all steps of development. In addition, LEADS staff continues to support business through any potential grant projects, including grant submittal and administration, as well as management of any grant funded projects, all at no cost to the business.

33

Cheyenne is as an attractive location for business, with everything a company needs: shovel-ready business parks, an average commute of 14 minutes, workforce training grants of up to \$4,000 matched dollars per employee for new positions, and a labor market population of over 741,800 within an hour's drive.

Wyoming is consistently ranked #1 by the Tax Foundation's State Business Tax Climate Index due to a favorable tax model of no state corporate tax, inventory tax, individual income tax, etc.

Major companies like Microsoft, Schlumberger, Echo-star, Brenntag, VAE Nortrak, and Lowe's and Walmart Distribution Centers have chosen Cheyenne specifically

for the ability to operate efficiently with access to large metropolitan area amenities and workforce. In addition to its ability to meet business needs, Cheyenne's quality of life is what most people hope for. Cheyenne provides restaurants and shopping opportunities, while maintaining low crime rates, great outdoor spaces, good schools, clean air and an involved community.

For over 33 years Cheyenne LEADS has been part of an effort to help build and diversify Cheyenne and Laramie County's economy. To learn more or to find out how you can contribute to economic development, please go to [Cheyenneleads.org](http://Cheyenneleads.org). ■

## 2 GREAT LOCATIONS SERVING CHEYENNE

### WELCOME to Tyrrell Auto Centers!

We are proud to be celebrating 82 years in the Wyoming community. Our founder set out to revolutionize the car buying experience by making it all about the customer and the community. Today, Tyrrell Chevrolet and Tyrrell Honda continue to live the dream by supporting organizations across Cheyenne, and the state of Wyoming.

Visit one of our two locations today, and experience the difference in doing business with Tyrrell Chevrolet & Tyrrell Honda.
