A Meditation on Local History

“Things move on about as usual in Gaines”

- Emeline Colton, in a letter to her daughter, Oct. 29, 1863

by Adrienne Kirby, Gaines Town Historian

It is somewhat unusual in local history to have first hand accounts of everyday life from 150 years ago. Folks generally wrote brief diary entries, oftentimes citing “fair weather” and little else. Any letters we have tend to have been written from someone outside the immediate vicinity and addressed to a local person. This past year, the town was gifted with a small pack of letters written by the family of Alpheus S. Colton to his teenage daughter Anna in 1863. They are a glimpse into a moment in time in the daily life of Gaines.

Alpheus Colton lived on Gaines Basin Rd., about half a mile south of Ridge Rd. Alpheus was born in Longmeadow, Massachusetts, but married Emeline Calkins here in Gaines in 1847. Shortly thereafter, he and one of the Hutchinsons in town were business partners for the Orleans Nursery. By the 1860's, Alpheus was the sole owner. While the nursery itself was just to the north of his home, there was an office in the village of Gaines. According to the 1865 census, the household consisted of Alpheus, Emeline his wife, her sister Eliza Calkins, and the Colton children - Anna (17), Laura (9), and Robbie (4). In the fall of 1863, Anna went on a prolonged visit to a distant cousin who was a jeweler in Newark, NJ. The pack of letters contain several written by her mother and father, and a charming one written in all capitals from Laura. This article focuses on a few lines in a letter written by Emeline dated October 29, 1863.

“There was a surprise visit to Mr. Wilder’s last evening. Your Mother & Father went, had a very very pleasant time. All took Something. [S]ome potatoes, corn, flour, butter, eggs, pickles, meat...cake, sugar, tea, preserves, canned fruit...Service [sic] will be held in our church next Sabbath...” Despite sounding fairly mundane, there is quite a bit of history to unpack in these few sentences.

The Mr. Wilder the Coltons visited was Rev. Moses Wilder, who was given the happy yet unenviable task of reuniting the Congregationalist Church and the staunchly abolitionist Free Congregationalist Church which had split from them sixteen years earlier. In their articles of faith, they explicitly stated “we will not fellowship as Christians” with those who did not fully share their uncompromising positions on slavery. The Free Congregationalists had purchased and renovated the old meeting house about a half mile west on Ridge Road in 1848. With the Emancipation Proclamation having gone into effect Jan. 1, 1863, there was no longer much reason to maintain separate congregations. Church records indicate Mr. Wilder had a yearly contract, beginning October 1, 1863. His compensation was to be paid semi-annually, plus use of the parsonage next to the Congregational church.

Lacking any specific documentation, one can suppose Rev. Wilder moved here with his family in early October, and had had some time to meet with both churches. Emmeline’s long list of the food stuffs brought on a “surprise visit” sounds much like a house warming. She may have had reason to savor the event as “very, very pleasant.” Five years earlier, Emeline was a member of the Free Congregationalist church, and had submitted a letter of dismissal, which was necessary for her to join another church – apparently, the original Congregationalist church in Gaines. Her emphasis on how much she enjoyed this event may indicate it had been some time since she had been able to socialize “as a Christian” with members of her old church.

While meeting minutes were brief, it appears that Rev. Wilder ministered to each church separately until early in 1864, when he suggested it was time to reorganize as a new congregation. Perhaps services were alternately held at each church for a few months, which might explain Emeline’s comment about the upcoming Sabbath. Rev. Wilder did not live in Gaines long. By July of 1865, the church had decided it could not afford the \$600 per year as stipulated in the contract. The minutes for the meeting in which this decision was made noted that the legal services of Arad Thomas, Esq., author of “The Pioneer History of Orleans County”, were secured for \$25. By August, plans were being made to sell the “West Church,” the proceeds to be used to repair the church and parsonage, and to start charging pew rent to help pay for the minister. With a better handle on their finances, the next minister, Rev. M. H. Higley, had a contract for \$800 per year.

Emeline Colton’s letter gives us additional insight into the aftermath of a highly visible setback for the Congregationalist Church, the split in 1847. Though his tenure was short, Rev. Wilder did succeed in merging the two congregations into one. In the years that followed, the church grew and for decades exerted significant influence in the village of Gaines.

Albion village closes all parks to help prevent spread of COVID-19

Posted 30 March 2020 on www.OrleansHub.com
Press Release, Police Chief Roland Nenni III

ALBION – The Village of Albion has closed all village parks effective immediately. This closure is to help conform with Center for Disease Control guidance measures to prevent the spread of the COVID-19 Coronavirus.

Many people have been seen at the parks on playground equipment, playing basketball and football. The Village of Albion would like all citizens to follow the CDC guidelines below. Please remember that we are all in this together and we must all do our part.

Know How it Spreads

- There is currently no vaccine to prevent coronavirus disease 2019 (COVID-19).
- The best way to prevent illness is to avoid being exposed to this virus.
- The virus is thought to spread mainly from person-to-person.
- Between people who are in close contact with one another (within about 6 feet).
- Through respiratory droplets produced when an infected person coughs or sneezes.
- These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.

• There is no exact scientific study as to how long the virus lives on surfaces.

Clean your hands often

- Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, use a hand sanitizer that contains at least 60 percent alcohol. Cover all surfaces of your hands and rub them together until they feel dry.
- Avoid touching your eyes, nose and mouth with unwashed hands.

Avoid close contact

- Avoid close contact with people who are sick.
- Put distance between yourself and other people.
- Distance is especially important for people who are at higher risk of getting very sick.

PSALM 91

The safety of the righteous at all times. 11 Their final triumph over all their enemies.

He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty.
 2 I will say of the LORD, He is my refuge and my fortress: my God; in him will I trust.
 3 Surely he shall deliver thee from the snare of the fowler, and from the noisome pestilence.
 4 He shall cover thee with his feathers, and under his wings shalt thou trust: his truth shall be thy shield and buckler.
 5 Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day;
 6 Nor for the pestilence that walketh in darkness; nor for the destruction that wasteth at noonday.
 7 A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee.
 8 Only with thine eyes shalt thou behold and see the reward of the wicked.
 9 Because thou hast made the LORD, which is my refuge, even the most High, thy habitation;
 10 There shall no evil befall thee, neither shall any plague come nigh thy dwelling.
 11 For he shall give his angels charge over thee, to keep thee in all thy ways.
 12 They shall bear thee up in their hands, lest thou dash thy foot against a stone.
 13 Thou shalt tread upon the lion and adder: the young lion and the dragon shalt thou trample under feet.
 14 Because he hath set his love upon me, therefore will I deliver him: I will set him on high, because he hath known my name.
 15 He shall call upon me, and I will answer him: I will be with him in trouble; I will deliver him, and honour him.
 16 With long life will I satisfy him, and shew him my salvation.

Head Coach Pat Uveino received the Niagara-Orleans (N-O) Coach of the Year award

This award is voted on by the N-O coaches. Coach Uveino has been the Purple Eagles head coach since 2016. Prior to that, he was the assistant coach for 15 years.

When asked about his award Coach Uveino stated, "It is an honor to accept this award on behalf of all the coaches, wrestlers and families of our program. This award is voted on by the coaches in our league so it speaks volumes on how our coaching staff and wrestlers are viewed by other teams. I have been blessed to be surrounded by phenomenal coaches that not only coach our kids but inspire them as well. We all bring something different to the table and David Skrip, Mike Sanders, Will Francis, Preston Flugel and Jordan Wolcott have done an amazing job to continue helping our kids not only with wrestling but with all challenges they may encounter. A special thanks to all the wrestlers. They truly are the epitome of hard work and sacrifice. The amount of time and effort they put into the wrestling season is unmatched and for that I am truly grateful."

Sunday Morning Positive Perks
from your Sassy Small Town Missus

PALM SUNDAY BLESSINGS

A few years back one could purchase Palm Crosses out front of The Main Street Store in my hometown of Albion. The Crosses were created of Palm Buds knotted into loops and woven into the shape of the Cross. I always wanted one so I purchased this one and added a little pop of color to the center. Each year I pack it away carefully so I can display it the next year. Curious about the history of the Palm Bud as it relates to Easter, I needed a little refresher on my theology so I called upon my childhood friend and High School Alumna, Pastor Sue Thaine of the First Presbyterian Church here in Albion. I give her my dumbed-down version of Holy Week and thankfully she said I had the basics. I was raised in the Catholic Church completing the sacraments at St. Joseph's Church. But I always felt I belonged to two Churches both the Catholic and Presbyterian because even though My Mom's side was Catholic, My Dad's Mom was Presbyterian so we would attend events with her as well. Honestly, I feel that denomination is not as important as believing. If you have faith in a higher power than yourself, who walks side by side with you when you need them you are humbled and blessed. What I learned from the material that Pastor offered me was that when Jesus entered Jerusalem there was a great celebration by his believers and they waved and laid palm leaves on the ground as he entered the city on his donkey. To celebrate Palm Sunday many churches disburse them at services. As a young girl I recall the Palm Buds in the pews at church. We really did not know what to do with them except maybe wave them around and play with them. But we knew it was a special day because they were not there at other services, only Palm Sunday. This Palm Sunday will be a bit different for many because parishioners will not be attending a mass to collect their Palm Buds. Personally it is a bit quieting because at My Shop we bring in bundles of Palm Buds and various churches stop in on Friday and Saturday to collect their Buds, but not this year. The wonderful thing is that modern technology has allowed parishioners to be a part of church services and celebrations on-line. Get creative, if you don't have a Palm Bud take a little branch from your yard to help commemorate the day. Some climates use branches like Olive or Willow. Jesus entered Jerusalem as a symbol of peace. Everyone could use some of that these days. So as you start the beginning of Holy Week, keep peace at the forefront of your journey and that Branch or Palm close by as a reminder. Light a candle and know that even though your Branch was not blessed in church, blessing will be sent to those who have faith. Trust in that. "May the spirit of this holy occasion and the warmth of the season make your heart bloom with joy and happiness, have a blessed Palm Sunday." SUPPORT LOCAL BUSINESSES *During COVID-19*

WHY Should (WE, YOU, I) SUPPORT SMALL BUSINESS

- Small businesses make up over 99% of all businesses
- Most small businesses are run by individuals not boards and so you get a different kind of care and quality in their product. The owners and their staff are your neighbors and are invested in the kind of community you want to live in.
- Of every \$100 you spend in a small business \$68. Will stay in your community.
- Individual owned restaurants will return more than 2 times as much money per dollar of sales than national restaurant chains.
- Small businesses employed 77 million people and accounted for 65% of all new jobs over the past 17 years.
- Local businesses support the Little League, buy uniforms for an athletic team donate money to Nonprofits in the community.
- Small businesses give a community vibrancy. The local coffee shop, the creatively stocked gift shop, the talented auto mechanic all contribute to the uniqueness of Main Street
- Small businesses empower the next generation. Many of us got our start waiting on tables, working at the movie theater, delivering papers etc. We learned basic skills and requirements of the work force: showing up on time, working hard, being accountable, leading others and being led.
- Smaller businesses have a smaller footprint on our environment.

These are uncertain times. Everywhere governments are ordering people to stay home, halting travel plans, and closing non-essential businesses. We can all support them while social distancing. We can buy gift cards, support their delivery services, and promote your favorites on social media.

Remember when we went to a small business asking for a contribution? Now is our time to give back to them as much as possible.

ONE SHINING MOMENT

If this was an ordinary year Monday, April 6 would be the championship game for men's NCAA basketball. We'd be one week into the MLB regular season- NHL and NBA teams would be jockeying for playoff positions. But nothing about the first three months of 2020 has been ordinary. Due to the coronavirus, at all levels of sports- from peewee to pros- the season is over. The stadiums, arenas, and basketball courts are closed. But for some the season never ends. Nothing- not even a global pandemic- can stop them from getting up in the morning and going to work. Our nurses, doctors, police, firefighters and first responders- and this isn't a quest for the Stanley Cup or a championship ring- they are literally in the fight of their lives. But also people behind the scenes- farmers, truck drivers, clerks and cashiers who keep our stores from becoming completely bare; electric and gas company workers who are standing by in case the power goes out; orderlies pushing wheelchairs, janitors keeping businesses clean; waiters delivering our take out order. These are our friends and neighbors, sons and daughters- and across Orleans county they are doing their jobs as if it was just another day.

We've certainly had "March Madness" this year, just not the kind we're used to. There's no bracket busting Cinderella's, no last second buzzer beaters. Now we're just looking for any sense of normalcy we can find- our favorite ice cream at the grocery store, a friendly wave from the bank teller at the drive through window. There aren't enough words to thank those in our community, these unsung heroes, who are keeping Orleans County from totally coming to a standstill.

Since 1987 the men's basketball championship game has ended with the song "One Shining Moment." It's about hard work and overcoming adversity, finding light in the darkness. These are certainly dark days, and it's hard to feel hope or optimism. But remember, light shines brightest in the darkest hour. We won't hear "One Shining Moment" on Monday, but each of us can shine light- by being kind to one another, practicing patience in these trying times, and especially by thanking those in our area who are giving of themselves so selflessly to keep our lives as normal as possible.

Medina closes playgrounds, buildings to public

By Tom Rivers, Editor

Posted 1 April 2020 on www.OrleansHub.com

MEDINA — Mayor Michael Sidari has issued an emergency order, closing the village playgrounds, including the skate park, to the public to assist in lowering the spreading of the coronavirus, which threatens the public health, the mayor said.

The emergency order also closes the village buildings to the public, except for employees and by appointment. Sidari said the village parks and buildings will be monitored by the Medina Police Department, Fire Department, Code Enforcement and the DPW superintendent.

The emergency declaration is in effect for 30 days, but Sidari said he would review it in five days. The Village of Albion has also closed its public parks.

Tips on how to write CLASSIFIED ADS that sell!

- 1 USE A KEY WORD.** This immediately tells the reader exactly what you have to sell.
- 2 Make your description CLEAR AND FACTUAL.** State the year, make, model, color & size and tell what condition the item is in. Also, state the special features.
- 3 STATE THE PRICE.** Successful classified advertisers have learned that the price in an ad helps increase the chances for results.
- 4 IF THERE IS A GENUINE SENSE OF URGENCY,** say so. The words "We're moving," or "Must sell fast," suggest that readers respond immediately.
- 5 INCLUDE YOUR PHONE NUMBER.** Classifieds get results fast and often generate immediate sales. If you cannot be available to answer the phone at all times, be sure to specify special calling times such as "after 9pm" or "before 11am."

the CAREER path

Vocational Schooling Can Pave the Way to High-Paying Jobs

Many students believe that the next natural step after graduating from high school is to go off to college. Secondary education has become such a common transition that many parents begin saving for college tuition as soon as their children are born. Although college can be the next chapter in a student's education, many teenagers still choose to attend trade school.

Television personality Mike Rowe says the country is in the midst of a skilled labor shortage because workers lack the necessary training to fill the hundreds of thousands of available jobs. Lack of information may drive the notion that trade jobs are nothing more than a backup plan if college doesn't pan out.

A great number of college graduates enter the workforce with degrees that may not help them land jobs. And these students typically carry thousands of dollars in tuition debt. Many college grads are underemployed and working in jobs that aren't even in their fields of study. Career and technical schools help students develop specialized skills that make graduates immediately marketable in their chosen fields, and trade salaries can be very competitive.

The following are some of the fastest-growing and highest-paying trade careers to consider, based on data from the Bureau of Labor Statistics and Forbes magazine.

- **Construction manager:** Construction professionals with great organizational and communication skills can enjoy high earning potential as construction managers. Expected growth of this career over the next 10 years is 5 percent. The average income of a construction manager is \$87,000. However, with a top-end hourly pay of around \$75 per hour, it's easy for managers to earn into six figures.

- **Elevator installer and repairer:** This career is listed as a top-earner. These employees can earn anywhere from \$74,000 to \$105,000 per year. Elevators are in demand as urban centers increase, so this career has staying potential.

- **Rotary drill operator:** The oil and gas industry relies on rotary drill operators to extract oil or natural gas from underground sources. Salaries for these jobs can range from \$30 to \$40 per hour.

- **Dental hygienist:** Cleaning teeth and inspecting mouths for disease is an important role. Job growth is still hovering around 20 percent, and hygienists can expect to earn up to \$98,000.

- **Electricians and plumbers:** Electricians and plumbers are continually in demand. With a short amount of trade school and apprenticeship, it's possible to earn up to \$90,000 per year.

These are just a few of the many skilled professions that vocational schools prepare their students for. Scholarships and funding programs are available to help make vocational training an affordable possibility. ■

ENSURING CARE FOR YOUR SPECIAL NEEDS CHILD

Parents of children with special needs face challenges daily, be they physical, mental, emotional, or financial, that most parents never need to shoulder. The reality of raising a special needs child can be as difficult and worrisome as it is joyful and rewarding. One of the biggest concerns for these parents is how their children will be cared for when they are no longer around or able to do so. The creation of a special needs trust can ensure beneficiaries are financially secure after the death of their caretaker or parents without interfering in their eligibility for programs like Medicaid. Life insurance policies can also be paid directly to the trust and are not subject to estate taxes.

A special needs trust can be included in a Last Will and Testament, established within a trust that is designed to avoid probate (living trust), or drafted as a stand-alone special needs trust. These special needs trusts are typically funded upon the death of the beneficiary's parents or the other individual(s) who established the special needs trust. To learn more about setting up a special needs trust, please call the **Law Office of MACK & PACE at (585)798-1000.**

Holley village closes playgrounds, but keeps trails open

By Tom Rivers, Editor
Posted 1 April 2020 on www.OrleansHub.com

HOLLEY – The Village of Holley is keeping its trails open to the community but will immediately be closing the playgrounds, pavilions and park bathrooms, Mayor Brian Sorochty said.

"We recognize that getting outdoors to walk, jog, or ride your bike is a great way to stay healthy and active, and reduce stress," he posted on the village's Facebook page. "But this must be done in conformance with the CDC/NYSDOH guidelines regarding social distancing and other measures to prevent the spread of the Covid-19 Coronavirus. The Village of Holley strongly encourages all citizens to follow these guidelines at all times."

The Centers for Disease Control and Prevention and State Department of Health have issued these guidelines to help prevent the spread of colds, flu and COVID-19:

- Stay home if you are sick, or showing or feeling any COVID-19 symptoms, such as fever, coughing, and/or troubled breathing;
- Practice social distancing by keeping at least six feet of distance between yourself and others, even when outdoors;
- Avoid close contact, such as shaking hands, hugging, or high-fives;
- Wash hands often or use an alcohol-based hand sanitizer with at least 60% alcohol when soap and water are not available; and
- Avoid unnecessary contact with surfaces that are often touched, such as doorknobs and handrails.

"Please remember that we are all in this together and we must all do our part," Sorochty said. "Be safe and be healthy."

• FIRST WEEK OF APRIL •

ARIES – Mar 21/Apr 20
Things are not always what they seem, Aries. Keep this in mind when dealing or working with people you have never met. It may take some time to figure things out.

TAURUS – Apr 21/May 21
Taurus, asking a bunch of questions may not unveil the answers you were hoping for. You may not be asking the right questions. Keep forging ahead.

GEMINI – May 22/Jun 21
The ability to listen is an important skill, Gemini. This ability is especially valuable when others come to you for advice. Listen intently and do your best to help

LIBRA – Sept 23/Oct 23
Libra, certain battles cannot be won no matter how hard you try. Do not focus unnecessary energy on things that cannot be scaled. Direct your focus to more important projects.

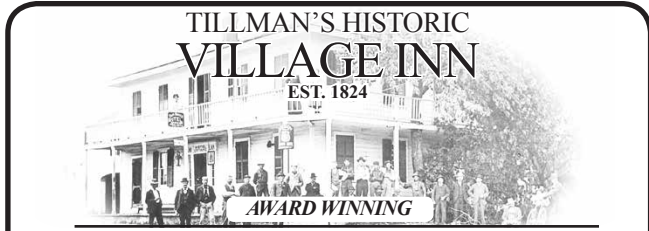

SCORPIO – Oct 24/Nov 22
A project you started may come to a screeching halt, Scorpio. This does not mean you should abandon it entirely. It just means you will have to take a brief hiatus and restart

SAGITTARIUS – Nov 23/Dec 21
Sagittarius, people naturally want to be around you, but sometimes you need to take a step back and focus on yourself. Clear your schedule for some personal time this week
