Tenn - What would it be worth to you if... in just 60 minutes... you could finally discover a way to get relief for your knee arthritis pain?
And...

How would it feel if you could wake up tomorrow morning and some... or even all your pain was gone?
And...

Wouldn't it be wonderful to start a brand new life and leave all your pain and suffering behind?

A life where...
...you jump out of bed in the morning, well rested and ready to take on the new day, without pain...
...you don't have to take slow, limping laps around your bedroom just to be able to walk every morning...
...you can go for walks, go up and down stairs and maybe even play sports like tennis and golf again...

...you can finally do all the things and enjoy life (just like everyone else) without constant, nagging pain...
Well... that's exactly what can possibly happen to you if you spend just 60 minutes with us...

...Because that's all it will take for one of our expert doctors to show you what we believe to be the safest, and most effective knee arthritis pain treatment there is...

I know you may find this hard to believe. Just about every one does when we tell them about this... at first. But it doesn't take long for them to turn from skeptic to raving fan as soon as their pain improves so fast.

Do You Have An Open Mind?
So, I'm not asking you to believe me just yet. All I ask is you approach this and read the rest of this information with an open mind. If you give us a chance, we promise, you won't be disappointed...

Because There is Proof Real medical proof.
Get this. A leading Orthopedic Surgeon and knee pain expert was getting excellent results with this non-surgical treatment on his own patients. In fact, this study involved almost 2000 patients followed over 10 years.

And more specifically, he was getting amazing results the way HE was doing this

treatment using high tech imaging for precise technique... just like we do it.

And he wanted to prove... beyond a shadow of a doubt... the results he got... were not only REAL... they could most likely work for others just like you.

So he conducted some research, an 11 year project, and it was published in the "Journal of Knee Surgery"... a Real and REPUTABLE medical journal (A copy of this research is available on our website or by mail).

What were his results and what do they mean for your pain?

In this study, he found that 75% of the severe knee arthritis pain patients he treated... and were facing knee replacement surgery... did not need to have knee replacement surgery... and were still OK 7.3 years later!

This is incredible news for you... and here's why...

The patients in this study were Stage 4 knee arthritis. That's the most advanced and worst stage. These are the cases that are usually sent for knee replacement surgery.

These patients had also gone through the common medical treatments like pain and anti inflammatory pills, physical therapy etc. and all that had failed.

So... these were the WORST cases of which every thing else had failed... YET, after this treatment, 75% still did not need knee replacement even more than 7 years later.

And it gets better. The study only collected data up to that time. It is pretty safe to say that many may never need surgery.

Bottom line: This study clearly showed this treatment is safe and extremely effective even for even the worst cases.

So, even if you aren't one of the worst cases... imagine what it can do for you.

What Is This Treatment And How Can You Find Out If It Can Help You?

As studied as this treatment is... you may have an "Oh No!" reaction. Why? Because there is a very good chance you have heard of it. You may have even given it a try... and NOT gotten good results.

That's because this treatment

is actually pretty common now a days. But...and this is a very big BUT... there is a very specific way to apply this treatment (as done in the study) that makes it so successful. And many are NOT doing it this way.

So... please hear us out. This really might be the answer you are looking for.

Ok... here is the treatment and the full scoop on why it works so well... when done THIS WAY.

The treatment is called "viscosupplementation." It is frequently called, "gel treatment." Or "joint oil".

In this treatment, a gel is painlessly injected directly into your arthritic joint. This lubricates the joint, reduces friction... and allows more movement without all the inflammation and "grinding" caused by arthritis.

This is like putting oil on a rusty hinge. Once the oil is applied, the hinge can move must better.

But here is something you must know: In that research project, all of the procedures were done with highly advanced imaging to guide the injections and make sure the gel got into the joint space area ultra-precisely.

This is EXTREMELY important... because... research also shows that injections done WITHOUT this imaging to guide them... can miss the joint space about one third of the time.

That means, in one third of the injections, the gel wasn't in the joint space and couldn't possibly work!!!

We feel this is why so many people have tried this treatment and DIDN'T get good results like in the patients in this research.

So, if you have already had this treatment and it didn't work... was it done with this advanced medical imaging?

If not... there is still hope.

In fact, there is a very good chance you can still get relief. Here is why: **Elk River Medical is a medical clinic located at 2310 Thornton Taylor Parkway, Suite C Fayetteville, TN 37334.**

And the clinics owner, Dr. Walter Bennett... is an expert in this treatment... and uses the advanced imaging to make sure the treatments are

extremely precise and get the best results possible.

Dr. Bennett has the best treatments and technology... but also make everything VERY affordable

Just because he offers the best possible treatments and technology... doesn't mean he is so expensive only rich people can get his wonderful treatments.

While treatments may be covered by Medicare and some insurances... he also offer pricing plans for as little as \$13.57 per week so patients can finally relieve their pain and try to avoid surgery.

We don't want lack of insurance or money to be the reason you continue suffering.

Your Special Invitation...

If you have knee arthritis pain... and are even just a little interested in finding out what this treatment can do for you... Dr. Bennett is inviting you to come in for a FREE screening appointment.

During this screening, you will get to talk to the doctor... ask questions... and find out if you qualify.

He will go over everything with you... and you will breathe a big sigh of relieve finally having real answers and a specific plan to possibly relieve your pain.

He will leave no stone unturned... and He will help you any way He can.

Please understand this: This treatment can possibly take away your pain...

No matter how long you've been suffering. It really doesn't matter. It may take a little more time if you've been suffering for years as opposed to a "new" case... but in the end... you can still get tremendous results...

No matter how bad or helpless you THINK your case is. Many of our patients thought their case was hopeless, too far gone, for anything to help them. Many of their previous doctors told them that. Well you're NOT.

With this treatment... the way our expert doctors do it...there is *always* hope.

Most of Dr. Bennett's patients have told him he was their last resort. Last stop before packing it in and completely giving up and submitting to surgery. They soon found out that his

Study shows this treatment was successful in 75% of knee arthritis pain sufferers... saving them from surgery for at least 7.3 years. Will it work for you? Find out for FREE

treatments made it really easy to get relief... and, best of all...

You Get To See If You Qualify For FREE

That's right. He want you to see EVERYTHING first hand and to prove to you... without a shadow of a doubt... he has the help for your knee pain that you are desperately wanting. And he wants to do it without you spending a penny or risking anything to find out.

That's why he are offering you this free screening.

So my big question for you is - is the opportunity to wake up tomorrow morning... and every other morning for the rest of your life... with less pain... worth the 60 minutes it will take to be evaluated?

What else could you possibly do with that same 60 minutes that could have such a profound impact on the rest of you and your family's lives?

You know, it's really disappointing to me that so many people just go on living with pain when you don't have to. So many of patients told him how they used to be in pain... just about every day.

They were in so much pain... they were grumpy and miserable all the time.

They hated work. Their relationships were strained. Life was just one big struggle Now that they've discovered what he will reveal to you at your free screening... all that's

changed...
Work and family have become rewarding and fun. Life is so much easier and better... in so many ways... without the pain. Finally, things start falling into place the way you always thought they would.

One of the best things Dr. Bennett hears is "Hey doc since starting this program I've lost 17 pounds because now that I can finally move around pain-free the weight just keeps coming off!"

Which one of those amazing things I just mentioned would you like to happen to you... right now.

Maybe it's none of the things I've mentioned. But, you do have hopes and dreams. We all do. And pain robs you of the opportunity to live out those hopes and dreams. Robs you of the life you really and desperately want... and deserve.

Whatever YOUR personal hopes and dreams are... They are all possible if you take action... right now.

All you have to do is give this a chance and schedule for the screening. But then again...

What's also possible is that your pain starts getting worse. And that happens to so many people from just doing nothing. Taking action may seem

like a little work... or... it may even be a little scary for you - but not taking actions is almost always worse. The eight most dangerous words to your future, your health, and your hopes and dreams just maybe...

It Will Just Get Better All By Itself!

Fact is... it may only get worse.

Here Is How To Get Your Free Screening...

Just call us at 931-251-3009 and tell the scheduling coordinator you want your free screening. If you are one of the first 25, it is 100% free. No obligation or strings attached.

There is NOTHING to pay for and you will NOT be stressed in any way. We don't ever do that.. You see, Dr. Bennett has been practicing for a very long time... and is extremely busy.

Most are from word of mouth. But he wanted to open up this opportunity to as many arthritis pain sufferers as possible.

But because he gets so many calls... he can only take 25 from what you are reading this month.

You have absolutely zero to lose and possibly everything to gain. But you must call now. 931-251-3009.

RALSTON, JR., DR. JOSEPH FREDRICK - 65, Fayetteville, TN. Due to the current health climate, the visitation, burial, and celebration of his life will be held at a later date, to be determined. The family invites you to share memories at higginsfh.com. Dr. Ralston passed away April 1, 2020 at his home. He was born on April 25, 1954 in Fayetteville to Fred and Clara Ralston. From a young age Fred was busy and engaged delivering newspapers on his bicycle. Later, during high school years, at the Phillips Academy in Andover, MA, he started a business for the filling and delivery of magazine subscriptions and had a summer internship in the US Senate. After graduating from Andover, he moved on to receive a B.A. in political science from Yale University. During these years, he co-chaired the Yale Political Union, a debate society and central forum for political discussion and activism. In the middle of his senior year, having fulfilled all requirements, he returned home to Fayetteville when his father passed away. He chose to assist his mother with the family-owned funeral chapel, rather than staying in New Haven for one last semester of revelry. His dedication to family and sense of duty was

strong. As a young man, Fred had worked with his father, a former US Navy Corpsman, and had accompanied him on ambulance calls. In 1980, Dr. Ralston received his M.D. from the University of Tennessee College of Medicine and began a three-year residency in Internal Medicine at Baptist Hospital in Memphis. Following his residency, he returned to his hometown, where he worked at Fayetteville Medical Associates for thirty-seven years until his death. He loved the long-term relationships he had with patients, for whom he advocated in his many roles in professional organizations. He was Master, American College of Physicians; Chair, Board of Governors, ACP; and President, Emeritus, ACP, the largest medical-specialty organization and second-largest physician group in the United States. He also served in several Tennessee Medical Association leadership roles, including board chairman. He served on the Board of Elders at First Presbyterian Church. He was especially talented with parliamentary procedure. He was one of twenty-five Master Physicians from across the United States to be inducted into The Royal College of Physicians, London. He was also a Fellow of the Royal College of Physicians, Edinburgh, an Honorary Fellow of the Indian College of Physicians and the Royal Australasian College of Physicians. Closer to home, he received the Laureate Award as Outstanding Internist from the Tennessee Chapter of ACP. Dr. Ralston's multi-tasking talents enabled him to eat lunch while juggling conference calls and media interviews. His workday never ended. It was common for him to work on patient charts and medically-related responsibilities for several hours at the end of the day. He read medical journals between heats at his sons' swim meets. He never wasted time having a tidy study. The talented nurses, staff, and partners at Fayetteville Medical Associates created a community that was especially meaningful for Dr. Ralston. He was also nurtured by friends at First Presbyterian Church, TMA, ACP, and especially by longtime friend, Ray Fraley, with whom he shared a love of books, history, and sports. Dr. Ralston was a devoted father to his twin sons, now year-three medical students and aspiring internal medicine doctors at his alma mater. His pride in and love for them was boundless. They shared a love of baseball, and he treated them to Braves games on many of their birthdays. When ACP duties required that he travel far and wide, his children were able to come along. These travels with him are among their best memories. In his maternal line, he was predeceased by his mother, Clara Belle Robertson Wolfhard of Fayetteville; grandparents, James Herbert and Lilla Belle Young Robertson of Winston

NO EXPERIENCE PREFERRED

The last job you'll ever love!

We are looking to fill a full-time position on our sales team. You'll receive the training you need to be successful in this role. And you'll have the ability to earn more income every month!

“ - Sandra Thomas

I was apprehensive before applying for the position. I only had experience working in gift sales. I knew nothing about advertising. EMG put me through paid training and let me watch other sales reps. That was 10 years ago! When a business tells me “working with you is a blessing,” I can't help but smile every time.

“ - Lance Carter

Before working at Exchange Media Group, I thought they only worked in print. Come to find out, they help hundreds of digital clients, too! I love showing businesses how well our advertising works. I've seen countless businesses grow from working with us.

“ - Sissy Smith

When I first started working with Exchange Media Group, the extensive training was the most impressive part. It allows everyone on the team, no matter where we came from, to be the best we can be. As an employee, I love that our customers become our family. We're local, so we can really make a connection with them.

A message from our publisher.

Dear Reader,

From time to time, we must face things outside of our control. The current situation with the coronavirus (COVID-19) is causing fear, anxiety, and uncertainty. In times like these, we find this prayer to help ease our minds and set our perspective on the positive things: the things we can control.

*God grant me the serenity
to accept the things I cannot change,
Courage to change the things I can,
and Wisdom to know the difference.*

Under advice from the CDC to prevent the spread of the virus, we are practicing "social distancing" while we remain open to serve you, our Reader. Our sales, creative, and digital teams are working primarily from home. We want to be part of "flattening the curve." Our front office team, who many of you talk

to, is working in the office and practicing guidelines from the CDC. We encourage you to take the recommended steps the CDC has issued to protect yourself and our community. Please continue to "shop local" but in a smart manner. Order your food to go or pick up your orders, but don't stop supporting local businesses. They need your support.

We know this will pass, just like other horrible situations we have battled and overcame. We will emerge stronger as a community and country.

Sincerely,

PUBLISHER

*Our company was founded to help you “buy, sell and trade”.
We continue to carry forward that founding idea.*

Exchange is a free circulation publication mailed through the USPS to residents in Lincoln, Coffee, Franklin, Marshall, Bedford and Moore Counties in Tennessee.

Those residing outside Exchange free delivery service area may receive Exchange by subscription at a cost of \$25.00 per year. This covers the cost of postage and handling.

Mats, cuts, negatives, art work or other copy submitted for publication is considered to be the property of the advertiser. Advertising is accepted with the understanding that all liability for copyright violation is the sole responsibility of the advertiser.

Exchange will make every effort to see that advertising copy is correctly printed, but shall not be liable for failure to publish an ad or for typographical errors.

The advertiser assumes full liability for his/her advertisements and agrees to hold Exchange unaccountable for the content of all advertisements authorized for publication and any claims that may be made against the Exchange.

Exchange will gladly reprint, without charge, that part of an advertisement in which an

error occurs, provided a claim is made within three (3) days of the first publication of the ad. Exchange will not knowingly accept any advertisement that is defamatory, promotes academic dishonesty, violates any federal, state or local laws or encourages discrimination against any individual or group on the basis of race, sex, sexual orientation, color, creed, religion, national origin or disability.

Exchange reserves the right to reject ads considered distasteful or defamatory.

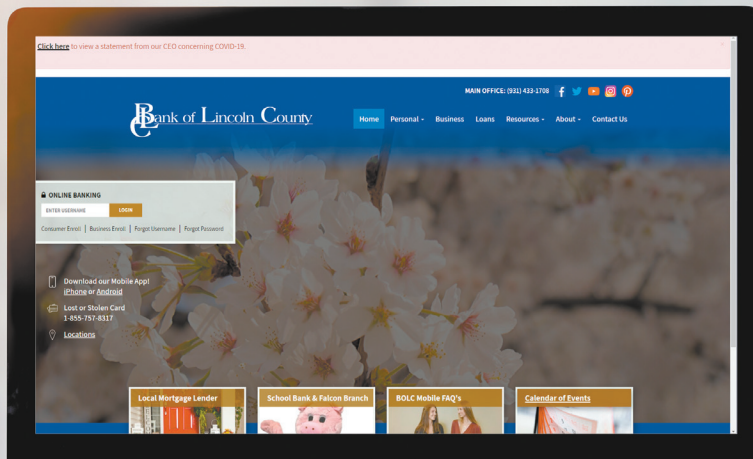

All real estate advertised herein is subject to the Federal Fair Housing Act, which makes it illegal to advertise "any preference, limitation, or discrimination because of race, color, religion, sex, handicap, familial status, or national origin, or intention to make any such preference, limitation, or discrimination.

Exchange will not knowingly accept any advertising for real estate which is in violation of the law. All persons are hereby informed that all dwellings advertised are available on an equal opportunity basis.

Exchange contains word ads from regional and national Free Paper associations. Therefore, any discrepancies with national word ads shall not be the responsibility of Exchange.
