## BIBLE TRIVIA

by Wilson Casey

### Coronavirus Funnies

Tomorrow is the National Home-school Tornado Drill. Lock your kids in the basement until you give the all clear. You're welcome!

2019: Stay away from negative people.  
 2020: Stay away from positive people.

The world has turned upside down. Old folks are sneaking out of the house, and their kids are yelling at them to stay indoors!

You think it's bad now? In 20 years our country will be run by people home-schooled by day drinkers...

This virus has done what no woman had been able to do... cancel all sports, shut down all bars, and keep men at home!!!

Do not call the police on suspicious people in your neighborhood! Those are your neighbors without makeup and hair extensions!

Since we can't eat out, now's the perfect time to eat better, get fit, and stay healthy.

We're quarantined! Who are we trying to impress? We have snacks, we have sweatpants. I say we use them!

Day 7 at home and the dog is looking at me like, "See? This is why I chew the furniture!"

Does anyone know if we can take showers yet or should we just keep washing our hands???

I never thought the comment, "I wouldn't touch him/her with a 6 foot pole" would become a national policy, but here we are!

Me: Alexa what's the weather this weekend?  
 Alexa: It doesn't matter... you're not going anywhere.

Can everyone please just follow the government instructions so we can knock out this corona virus and be done?! I feel like a kindergartner who keeps losing more recess time because one or two kids can't follow directions.

When this is over... what meeting do I attend first... Weight Watchers or AA?

Quarantine has turned us into dogs. We roam the house all day looking for food. We are told "no" if we get too close to strangers. And we get really excited about car rides.

1. Is the book of Philemon in the Old or New Testament or neither?

# HOLLYWOOD

by Tony Rizzo

HOLLYWOOD — Are you ready for a musical about Steven Spielberg's classic 1975 film "Jaws"? The Papermill Playhouse in New Jersey, often used to develop Broadway-bound shows, has booked an impressive season from now until 2021. It has planned productions of the classic board game and comedy film "Clue," "The Sound of Music" and the Elton John/Tim Rice musical "Aida," before ending the season with "Bruce" (June 9-July 21, 2021). Bruce was the name of the uncooperative mechanical shark that gave Spielberg and his team endless problems. Mark your calendars.

\*\*\*

Meanwhile, another Bruce, **Bruce Willis**, has been more than cooperative with his busy film schedule. "10 Minutes Gone," with **Michael Chiklis**, was released last September; "Trauma Center," with **Nicky Whelan**, debuted Dec. 6; and "Survive the Night," with CW star **Chad Michael Murray**, went straight to video.

Willis also has a slate of films that don't yet have release dates. The sci-fi action thriller "Breach," about an interstellar ark, is due in the fall. "Midnight in the Switchgrass" has a great cast with Oscar-nominee **Emile Hirsch**, sexy **Megan Fox**, **Lucas Haas** and **Sistine Rose Stallone** (21-year-old daughter of Sylvester), but shooting is on hold due to the coronavirus. He's also got "McClane," an offshoot based on Willis' character from the "Die Hard" franchise, along with the alien invasion movie "Cosmic Sin," with **Luke Wilson** and **Frank Grillo**.

Wilson just completed the sports film "12 Mighty Orphans," set during the Great Depression, with **Martin Sheen**, **Robert Duvall**, "Seinfeld's" **Wayne Knight** and **Treat Williams**. **Frank Grillo** has completed "The Hitman's Wife's Bodyguard," with **Ryan Reynolds**, **Morgan Freeman**, **Samuel L. Jackson**, **Salma Hayek**, **Antonio Banderas** and **Richard E. Grant**, for an Aug. 28 release.

\*\*\*

Due to **Tom Hanks'** bout with the

Warner Bros.

**Bruce Willis**

coronavirus, **Baz Luhrmann's** film, shooting in Australia, about **Elvis Presley**, in which Hanks plays Presley's manager **Colonial Parker** to **Austin Butler's** Elvis, has been shut down until Hanks has recovered. **Maggie Gyllenhaal** plays Elvis' mother.

\*\*\*

Some last words about **Kenny Rogers**. When comedian **Pat Paulsen** was starring on "The Smothers Brothers Comedy Hour" in 1968, he launched a comical campaign for president of the United States. His political fundraiser was a 99-cent dinner at a Beverly Hills cafeteria that brought out every star in Hollywood. The band playing the gala was The First Edition, and I did a lot of photos with them and got to know them well. The lead singer's name was **Kenny Rogers**. Their first hit was "Ruby Don't Take Your Love to Town."

Luckily, for many years I was able to spend time with **Kenny** and hang out at his house from time to time with **Mickey Dolenz**. **Kenny** was just as nice and down to earth as you were led to believe he was. His music stays with us now that he's joined the "Islands In the Stream"!

**ARIES** (March 21 to April 19) The Lamb is usually excited about taking on a new challenge. But if that's a touch of doubt you're feeling, maybe it's you telling yourself to go slow on this until you learn more about it.

**TAURUS** (April 20 to May 20) Accepting new commitments when you haven't yet finished the batch on hand could be a bit rash. Better to ease up on the new ones until you get further along with your current lot.

**GEMINI** (May 21 to June 20) Try to be more open-minded in working toward a resolution of that standoff between yourself and a colleague or family member. A little flexibility now could work to your advantage later.

**CANCER** (June 21 to July 22) Some people might be anxious about your plans. So you need to take time to explain what you expect to do and how you expect to do it. And don't forget to ask for suggestions.

**LEO** (July 23 to August 22) Dealing with an unfamiliar problem can be difficult. The wisest course you can take is to ask for advice from those who have been where you are and have come through it. Good luck.

**VIRGO** (August 23 to September 22) Tackle a frustrating job problem by considering possibilities you might have ignored before. This reassures colleagues you're serious about finding a solution, even if it's not totally yours.

**LIBRA** (September 23 to October 22) Your balanced approach to life proves to be helpful this week when someone you care for needs your spiritual comfort, while someone else benefits from your tough-love practicality.

**SCORPIO** (October 23 to November 21) Once again, you're likely to be asked to keep a secret for someone. But do you really want to do so? Be honest with yourself and with your needs before you make any such commitment.

**SAGITTARIUS** (November 22 to December 21) Taking a more direct approach from the more diplomatic one you've used before could make a difference in finally resolving a too-long-held disagreement. Try it.

**CAPRICORN** (December 22 to January 19) Being asked for advice is flattering to the Sea Goat, who has a habit of saying the right thing. This time, expect someone to be especially impressed and to act on that sentiment.

**AQUARIUS** (January 20 to February 18) With a number of pressures easing, your project could be making a lot more progress than you expected by this time. That's great news. But don't let yourself be distracted; stay with it.

**PISCES** (February 19 to March 20) An interesting challenge looms that could be exactly what you've been looking for. Discuss this with colleagues who could have much to contribute and who might want to join with you.

**BORN THIS WEEK:** Your heart is always open to offer loving concern for others. And they, in turn, reach out to complete the circle.

If you are like I am, you are on overload from coronavirus news. Things we were told at the beginning of the pandemic may or may not be true. No matter the news, the availability of essential supplies, and the disruption of what we considered normal, we are all united by one thing: We are all waiting for bad news to turn into good news.

As you may know from previous columns, I believe in preparing for emergencies and disasters before they occur. This pandemic, though, has taught me some lessons.

I am reminded of something I have learned from companion animals and vacuum cleaners. Dusty Cat and Katey Dog have been in heaven for many years now, but they were the first ones who taught me the Vacuum Cleaner Principle.

They were terrified of vacuum cleaners. Whenever I approached the storage closet, they were on high alert. When I took the cleaner out of the closet, they ran. The problem is, they did not run into another room, nor did they run out of the path of the vacuum. They ran in front of it. In fact, they ran in front of it throughout the house. They were always ahead by several feet, but they could have just been so much better off if they had gone into another room or just veered away from the vacuum's path.

Such has been portions of my emergency planning for my dog, cat, and birds. I had a good supply of food, but not the three-month supply that is recommended. I always had in the back of my mind that I could buy more before the hurricane or blizzard struck. After all, I would have several days warning.

I always stored just one step ahead of the supplies running out. Who could ever have guessed that a pandemic could lead to such shortages? My animals are very particular about the food they like, and I always expected the shelves to be full.

One step ahead is no longer acceptable in this world gone topsy-turvy. During a pandemic, we do not evacuate; we shelter in place. Some parts of the emergency preparedness remain the same; however, some do not.

We suggest that all human guardians/pet owners do the following so they do not have to just stay one step ahead:

1. Work to store at least a three month supply of food for each animal.
2. Keep all routine vaccinations up-to-date. Keep your dog's required tags current. Know where the rabies certificates are kept.
3. Maintain a positive relationship with your veterinary clinic. Pet illnesses do not stop during a pandemic.
4. Have a plan in place just in case you have to be hospitalized. Make sure a trusted family member or friend will take care of your pets.
5. When possible, keep a three month supply of heartworm prevention, flea and tick prevention, and other medications.

Eventually, the shelter in place quarantine will end. Here's hoping the lessons learned do not!

\* Free up space on your smartphone by setting text messages to auto delete after a certain amount of time, like 30 or 60 days. If you have a friend who loves to send you gifs or endless bitmojis, you might want to have your chuckle, then delete. These image files take up much more space than a text message.

\* "Baking soda can have a whitening effect on some fabrics and is a good alternative for items that might be sensitive to the harshness of bleach in the washing machine. It's fantastic for musty items as well. Add a cup of baking soda to a load of towels, then add a cup of vinegar to the rinse water." -- T.H. in Kansas

\* Periodically take down curtains and run them through the clothes dryer to dust. If they are not delicate, you can add a couple wool dryer balls to help loosen the dust. Rehang as soon as they are finished to avoid unsightly wrinkles.

\* "Drop a small item in a hard to reach place? Slip a sock over the end of a vacuum hose attachment and hold to secure. Turn on the vacuum and "suck up" the small item. The suction will hold it in place, but it will not go into the vacuum. Rather, it will be held captive in the sock, which you can simply slip off for retrieval." -- A.F. in New York

\* Pet treats for fish? Sure! If you have lettuce in your vegetable crisper, most varieties of fish would enjoy a nibble on a floating piece. Just make sure that you remove any uneaten bits after a day.

## DCC Distributes Knights Pantry Food Bank Items to Students

Pictured, from left, are Danville Community College personnel Shannon Hair, Bruce Cottrill, Stephanie Flowers, Howard Graves, and Amber Smith. They helped package and distribute food from the college's Knights Pantry in early April to continue helping DCC students overcome food insecurity.

Danville, Va., April 24, 2020 — Danville Community College (DCC) personnel bagged and distributed food from the campus' food pantry to students via makeshift drive-through service earlier this month.

On April 7, 9, and 10, while maintaining recommended social distancing practices, DCC personnel distributed most of the items from the Knights Pantry student food bank.

"We launched Knights Pantry to address the major issue of student food insecurity," DCC President Jackie Gill Powell said. "Nothing is more distracting to the learning process than an empty stomach. We don't want any of our students to face that obstacle on their path to academic success."

Canned stew, chili, tuna, macaroni and cheese, and soup are just some of the items given away to students who participated in the drive-through pickup.

The pantry is nearly exhausted, but DCC continues its commitment to keeping its students in top learning condition in the days ahead.

"Our coaches are in close contact with our students and have made them aware that we can assist them if they have any needs in the future," said Cheryl Terry, student support services division dean.

DCC's Knights Pantry was made possible in part by a donation from the Anthem Blue Cross and Blue Shield Foundation through the Virginia Foundation for Community College Education.

"With all the insecurity we are facing during the COVID-19 pandemic, the last thing our students need to worry about is not being able to receive food from the Knights Pantry," said DCC Vice President of Institutional Advancement and Development Shannon Hair. "Members of the college community joined together to make this event possible for our students and their families."

Danville Community College is a two-year institution of higher education under the state-wide Virginia Community College System. DCC's service area includes the City of Danville, Pittsylvania County, and Halifax County. For more information about the college's nearly 100 programs of study, visit [www.danville.edu](http://www.danville.edu).

## Local elections moved to May 19

Elections for the Danville City Council and the Danville School Board will be held on May 19 after Governor Ralph Northam on Friday ordered a two-week postponement for all May elections due to the coronavirus (COVID-19) pandemic.

The elections were scheduled for May 5.

Only people eligible to vote May 5 may participate in the City Council and School Board elections on May 19, and no new candidates are eligible to participate in the postponed elections. The deadline to register to vote or update an existing registration has passed. The deadline does not change for the elections scheduled for May 19.

## VDSS LAUNCHES COVID-19 APP AND WEBSITE TO HELP VIRGINIANS CONNECT TO VITAL SERVICES

New tool serves as a 'one-stop' resource for benefits and information

Richmond, VA (April 28, 2020) - In efforts to serve as a direct and centralized resource for Virginians facing COVID-19-related challenges, the Virginia Department of Social Services (VDSS) has launched a mobile app and website designed to streamline access to critical and actionable resources for individuals, families and businesses.

The new COVID-19 Virginia Resources website and app enables users to search for local resources through 211Virginia.org, as well as access CommonHelp, the online system to apply for food assistance, health care, childcare and other benefits. Along with the latest news and updates on COVID-19, these new digital resources also feature information and guidance from other agencies throughout the Commonwealth, including the Virginia Department of Health, Virginia Employment Commission, and Virginia Department of Housing and Community Development, as well as a myriad of federal agencies. Confidential support is also available to assist with crises relating to family violence, sexual assault, and child and adult abuse.

"As the COVID-19 crisis has evolved, the needs within our communities have continued to expand," said VDSS Commissioner S. Duke Storen. "Our staff remain focused on the delivery of services that help Virginians 'achieve safety, independence and overall well-being' in these unprecedented times. The COVID-19 Virginia Resources tool will enable us to serve those in need with ready-access to vital information and services to meet their immediate needs."

Virginia tax guidance and extensions, paid sick leave and furlough obligations, health standards for sanitation and cleaning, as well as industry-specific guidance for businesses such as child care providers and long-term care facilities, can also be found on the COVID-19 Virginia Resources website and app.

For more information, visit [COVID.Virginia.Gov](http://COVID.Virginia.Gov). The app is now available for download through the App Store, and will soon be available through the Google Play store.

### Our Mission

*Dedicated to Service and Support of our Customers. At my office I believe a good insurance agent makes all the difference. It's my job to make insurance simple.*

Although our customers have always had my cell phone number for any needs they may have; starting in May our office will be open with the staff implementing safe practices like wearing masks, gloves, social distancing.

Customers still can do business over the phone but we understand the value of in person visits preferred by some, so we are adapting practices with our staff so our customers can interact with us in the way they are most comfortable... by phone, walk in or call for appointments.

Thank you all for trusting us to serve your insurance needs for so many years. We look forward to continuing that relationship and we also want to help new customers in the safest and easiest way possible.

**Strange BUT TRUE**

By Lucie Winborne

\* Sigurd the Mighty, a ninth-century Norse earl of Orkney, was killed by an enemy he had beheaded several hours earlier. He'd tied the man's head to his horse's saddle, but while riding home one of its protruding teeth grazed his leg, causing an infection from which the unlucky Sigurd died.

\* Irish author and politician Edmund Burke was not a skilled public speaker. In fact, his speeches at the House of Commons were so boring, many MPs left the building once he stood up.

\* In 1907, an ad campaign for Kellogg's Corn Flakes offered a free box of cereal to any woman who would wink at her grocer.

\* While Jackie Robinson was laid up for two weeks in 1948 with a hamstring injury, the Dodgers secretly replaced him with Herschel Morowitz, a white man in black face.

\* The average human body contains enough iron to make a 3-inch-long nail. It also contains enough fat to produce seven bars of soap.

\* The first washing machine was invented in 1782 by H. Sidgier of Great Britain. His design was later honed by other inventors, including William Blackstone, who invented the first at-home washer as a birthday gift for his wife.

\* Drinking seawater will cause rapid dehydration and, if enough is consumed, eventually death. Frozen seawater is a much safer alternative, since it contains only a tenth as much salt as the liquid form, due to the fact that the salt is separated from the water when freezing as it does not fit into the crystalline structure of ice.

\* The first lipstick appeared in ancient Mesopotamia approximately 4,000 years ago, when women decorated their lips with dust made from precious gems.

Thought for the Day: "The world is a dangerous place to live; not because of the people who are evil, but because of the people who don't do anything about it." -- Albert Einstein
