Protecting and Serving Our Community

The coronavirus has changed our lives. At MaryAnn's Family Hearing we have redesigned the way we do business. Our office hours have been reduced to two days per week, but we remain available by phone and email throughout the week.

We want you to know that:

- We can process hearing aid repairs either via curbside service or by dropping your device to be repaired into a lock box located outside of the building next to our entrance. The hearing aids must be placed into a clean, Ziploc -type bag first.

For procedures that must be done with a client in the office:

- We have Plexiglas at all desks between staff and clients.
- Only one client is allowed into the office at a time.
- Masks are worn as needed.
- We sanitize after every client.

For information on how we can help you with your hearing related needs, please call us at 440-357-4327.

Dealing with Dental Issues as you Age

Remember the days of opening Coke bottles with your teeth? Or chipping a tooth at the skating rink? Oh, the crazy days of our youth, right? Life takes its toll on our bodies and minds, and our teeth are no different. We don't realize when we're young that we only get one set of permanent teeth, designed to last a

lifetime. So what do you do when you outlive your dental health? First step is to get connected with a good dentist. If it wasn't on your radar screen in your teens, 20's or 40's, it needs to be now. This professional team can walk you through all the details of good dental health and restorative processes that will guide you through aging. These might include deep cleanings, cavity repair, crowns, implants to replace missing teeth, or full set dentures. Modern dental processes offer so many healthy and beautiful alternatives to the teeth you are born with there is no reason not to explore solutions. Not only will you gain a new smile, you will gain confidence, and even possibly improve digestion and overall physical health. In Madison and surrounding areas contact Dr. Katherine Thokey at 440-428-9568.

Your HEARING MATTERS to us

Council on Aging continues to serve seniors in need

In light of the COVID-19 pandemic, the Lake County Council on Aging's priority is to continue to support Lake County seniors who are in need of meals because of the stay-at-home orders. To do this, the agency has had to temporarily modify its two nutrition programs - Meals on Wheels and "Lunch Place" meals.

To minimize contact, the Meals on Wheels program that traditionally provided a daily hot meal has been modified to include a hot meal and two frozen meals delivered on Mondays, and another hot meal along with three frozen meals delivered on Thursdays. The "Lunch Place" congregate program is now provided as "grab-n-go" meals, picked up at the nutrition site on Mondays. These meals consist of one hot and four frozen meals.

Referrals for the programs can be made by calling (440)205-8111. A Council on Aging social worker will contact you to complete a brief phone assessment before meals can begin. For information on other services available for seniors, please visit www.lccoa.org.

Around the Clock Care

My company, Care Your Way, offers around the clock Home Health-Care; professional care and loving hearts. Care Your Way was founded on the notion that "there's no place like home." Your loved ones receive exceptional care from compassionate professionals. We are with you when you need us the most. I began as a caregiver and supervisor in an assisted living facility 17 years ago.

When my own father went into a nursing home, it inspired me to provide a better option for families and their loved ones. Let Care Your Way exceed your expectations and provide you peace of mind.

Quail Highlands

Community members at Quail Highlands enjoy a number of senior care services. For each resident our all-inclusive rate provides three meals, housekeeping, maintenance, and a pendant to press for help at any time. In addition, we'll provide a free pre-admission Wellness Assessment for your loved one to help us select the best senior care services.

If your loved one has Alzheimer's or dementia you can rest assured that our certified dementia practitioners will provide tailored care and activities for your parent's cognitive needs.

A Place to Call Home

As soon as you step into Symphony at Mentor, an inclusive Alzheimer's and Dementia community, you will immediately know why this is the place for your loved one to call home. Here you will find a warm, intimate, home like setting that will welcome your family member. On hand, we have a dedicated staff that will treat your loved one as one of their own. Each staff member trained in understanding the various stages of Alzheimer's that will allow them to care for each resident with kindness, compassion, and dignity.

Stay Well and Healthy

We are taking every precaution to keep our residents safe, happy, and engaged. Our teams are working round the clock to ensure we provide peace of mind to our families. We understand, under these circumstances, that having a loved one at home may not be the best option.

You may prefer our home over yours, and here's why:

Worried about supplies and food in the pantry?

We have plenty. Room service with a smile for all meals.

Not sure who can go check on mom?

We have care staff available 24/7 to take care of your loved one.

Bored at home already?

We have a full activity team engaging our residents each and every day.

Can't get in touch?

We have "tech savvy" team members helping our residents use Skype, Facetime, Facebook and more.

How can we move our loved one in under these circumstances?

Leave it to us! We will provide a fully furnished apartment*, sheets, towels, and take care of all the details.

*available at participating communities

No more lonely days. Peace of mind is what we do best.

Let's go old school, and call us today at 440-256-8320.

We will help every step of the way. Promise.

Laketran continues to serve Lake County seniors

Laketran is celebrating 45 years of providing safe and reliable transportation options to Lake County. Many residents, especially seniors, rely on Laketran's nationally recognized door to door Dial-a-Ride program for everyday use or just an occasional trip.

While spring of 2020 has presented itself with a variety of challenges, Laketran continues to operate as an essential service, providing trips to essential jobs, shopping or medical appointments.

A number of new protocols have been put into place by the transit system, ensuring a safe working environment for employees as well as a safe transit experience for customers.

Encouraging Essential Travel Only

Until the Governor lifts the "Stay At Home" order, Laketran is encouraging residents to limit travel on public transit to essential trips. Examples of Essential Trips include:

- To obtain necessary services or supplies for yourself and your family and household members.
- To and from work when no other travel alternatives are available.

- To engage in activities or perform tasks essential to your health and safety, or to the health and safety of your family or household members.
- To care for elderly, minors, dependents, persons with disabilities or other vulnerable persons.
- To and from educational institutions for purposes of receiving materials for distance learning, for receiving meals, and any other related services.
- To return to a place of residence from outside the jurisdiction.
- Required by law enforcement or court order.

Social Distancing On Board Laketran

Laketran has implemented many precautions to encourage social distancing on board buses.

- Laketran has suspended fare collection until April 30 to limit interaction between drivers and customers.
- Laketran has limited the number of customers permitted on a Dial-a-Ride bus at any given time.
- Local Route customers must board and exit from rear door, unless the ADA ramp is needed.
- Customers on Local Routes and Park-n-Ride must sit apart while on board.

Additional Safety Precautions

- Per the CDC, Laketran is recommending that all drivers and passengers wear masks while on board buses.
- Laketran sanitizes its building and buses with an electrostatic disinfectant sprayer and continues to wipe down high touch point areas daily.
- Drivers are equipped with gloves, hand sanitizer, and disinfecting wipes to use throughout the day as needed.

Laketran is currently encouraging everyone to follow the Ohio Governor's "Stay at Home" order and only travel if essential. However, when the order is lifted and you decide you are ready to travel again, Laketran will be here for you.

To ensure the safety of employees and customers, especially customers who are most at risk, many of the precautions that Laketran has implemented during the coronavirus crisis will remain in place for some time in the future.

For more information about Laketran, please visit www.laketran.com or call Customer Service at 440-354-6100.

Your safety and the safety of our employees is our top priority. When you decide you are ready to travel again, Laketran will be there to pick you up.

YOU BELONG HERE

Surrounded by a lush 32-acre park-like campus, Ohio Living Breckenridge Village is known for its beauty and architecture. Our convenient location in historic Willoughby, Ohio, offers easy access to major highways, renowned museums, quality theater and entertainment, and educational and recreational facilities. We also offer the full continuum of care, which means that, whatever you need, there's a place for you here.

APARTMENT HOMES

Ohio Living Breckenridge Village North apartments include one, two or three bedrooms, one or two full baths, full kitchen, spacious closets and storage, complimentary laundry room on each floor, complimentary housekeeping services and a flexible meal allowance. A straight lease option is available for our one-bedroom apartments.

BROWNSTONE HOMES

Designed with carefree living in mind, these homes feature floor plans with fully equipped open kitchens, sunrooms, patios or balconies, laundry rooms, optional fireplaces, spacious storage, and heated underground parking. A flexible meal plan is available, and other amenities including a pub, community room and library make the Brownstones a popular choice.

RANCH HOMES

Our two- and three-bedroom ranch floor plans can be modified by our residents to reflect their personal lifestyles. Many have had completed room additions, skylights and sunrooms. Customized features may also include fireplaces, built-in bookcases, patios and more!

ASSISTED LIVING AT THE NASON CENTER

The Nason Center offers programs, events and activities that are designed to provide stimulation consistent with the abilities and interests of the residents. For those with early memory loss, we offer a program created to help diminish anxiety and lessen confusion by creating a secure and relaxed atmosphere.

FAIRMOUNT HEALTH & REHABILITATION CENTER

When long-term care is needed, we offer compassionate care with a focus on quality of life. Families can have peace of mind that comes from knowing that their loved one is well cared for.

In short-term rehab we work with each patient to achieve their goals and return home safely. With proven outcomes and decades experience, we provide care you can count on.

VEALE WELLNESS & AQUATIC CENTER

The Veale Wellness & Aquatic Center offers the latest equipment and therapy techniques in a spacious, beautiful and welcoming environment to help you on your path to recovery. Our professional clinicians offer one-on-one sessions with a variety of innovative treatment options to help you achieve the best possible outcomes.

Nothing about me, without me: Jennings at Notre Dame Village residence offers unique memory care philosophy

Finding purpose, retaining skills and living meaningful days is important for every individual, especially those living with Alzheimer's disease and other memory challenges. Jennings at Notre Dame Village has been serving residents with a unique holistic philosophy in its specialized memory care residences. As part of this model, the organization has received the Bronze Level Credential for Montessori Inspired Lifestyle® through the Center for Applied Research in Dementia, the first milestone on the journey to becoming a Gold Site Credentialed Community.

"We are proud of this approach for serving our elders and our team who has embraced the philosophy," said Vivian Springer, Executive Director for Jennings at Notre Dame Village. "We are excited for what lies ahead!"

Jennings' small house residences care in the philosophy of "nothing about me without me," an inclusive model of living and delivering care. The credential supports this model, where residents with memory impairments benefit from qualities such as engaging in a collaborative culture within

the community, sustaining their connections to the outside world and enjoying meaningful, engaging visits with family members and friends.

Each of the unique houses is home to 12 residents who have their own private rooms and freedoms with amenities. The nationally recognized small house model focuses on each person's holistic needs. "The caregiving team provides support in the philosophy of family, rather than a traditional task-based medical model," explains Allison Q. Salopeck, President and CEO at Jennings. "Our staff comes to know residents in the best possible way, learning all about them --- their likes and dislikes, their careers and history and involvement of their families. In conjunction with reflective practices, residents are fulfilled in living life as they choose."

During the pandemic, Jennings at Notre Dame Village features online resources to help families. Visit notredamevillage.org/memorycare for access.

"Nothing about me, without me."

Memory care assisted living residences with an inclusive resident philosophy you haven't seen before.

Discover a unique residence that celebrates every individual. Our staff works with each person in making choices that define his or her own day. Jennings at Notre Dame Village combines unique, nationally recognized "small house" practices with the Christian values, mission-based quality and care we are known to provide in Northeast Ohio.

Jennings is here to help in these unprecedented times.

We have created online memory support resources to access caregiving tips, Montessori videos, fitness, virtual tours and more.

Medicare Facts

There's so much to learn about Medicare before you enroll. You could spend countless hours talking to friends and visiting various internet sites, or you can consult an expert to help you get started with Medicare.

Laura Mutsko of Mutsko Insurance Services of Mentor has been presenting her class, **Getting Started with Medicare*** at colleges, libraries and through community programs for more than ten years. In the class, Laura explains the differences between Original Medicare, Medicare Part D Prescription Drug Coverage, Medicare Advantage Plans and Medicare Supplement Plans. You will learn what is covered and what's not. You will also learn how you can get coverage for dental, vision, hearing and other services not covered by Original Medicare.

While Getting Started with Medicare classes have been suspended due to Covid 19 health concerns, Mutsko Insurance Services remains available to serve you by phone, email and internet. You can reach Laura Mutsko at 440-255-5700 or Lmutsko@mutskoinsurance.com. You can also find future class dates and times on their website at www.Mutskoinsurance.com/seminars.

Don't make the mistake of settling for the same kind of coverage a friend or neighbor suggests. Take some time to discuss your needs with an expert and learn what the best options are for you.

*These events are only for educational purposes and no plan specific benefits or details will be shared. Pre-registration is required. Some venues may charge a nominal fee.

PREFERENCES ARE IMPORTANT...

Don't settle.

If the funeral home you made your final arrangements with is no longer what you have in mind, you can transfer them to us.
