Randy Bower appointed to fill vacancy on Murray Town Board

Posted 6 May 2020 on www.OrleansHub.com
By Tom Rivers, Editor

MURRAY — Randy Bower has returned as a local public official. Bower retired on Dec. 31 as the Orleans County sheriff. On April 20 he was appointed to the Murray Town Board. Bower will fill a vacancy created by the resignation of Neil Valentine.

Bower will serve in the role the rest of 2020. The position will be back on the ballot in November for the remaining three years of the term. Bower will serve on a Town Board where his late brother Ed was a councilman for 20 years. Ed Bower passed away at age 57 on May 27, 2018.

Their father George Bower also was a Murray town justice for 21 years before he joined the Orleans County Legislature and was on that board for 24 years. George Bower retired as legislator on Dec. 31, 2013.

Town Supervisor Joe Sidonio said Randy Bower's appointment was unanimous by the board. "He brings a whole new dimension to our board," Sidonio said. "Genuine energy, passion and curiosity. . . just what our community needs to face the tough challenges ahead."

THE SWAN AND MOM..FIERCE PROTECTORS

I took this photo of a Swan in springtime at Lake Alice at the end of April. Research has taught me that Swan's lay eggs for 2-3 weeks followed by an incubation period of approximately 6-7 weeks while the Mom sits on her eggs and waits for the eggs to hatch. When the little Chicks hatch, Mom is known to pack them up on her back within her wings and parade them around the waterway to show off her Little Darlings. Very similar to how human Mom's will parade their Little Darlings around in strollers proudly introducing their "little Chicks" to the world. Now I am not a Mom, but I have one! So my perspective is from that of a "Chick." This Swan symbolizes all Moms..even the human variety. From the very beginning of life Mom creates a warm safe space for her Chicks to grow until they are ready to enter the world. At which time Mom begins her journey of showing her Chicks how to survive this world, allowing them to sink sometimes..but never drown. When she needs to she will pick them out of the water, help them dry off and show them a better way. Sometimes us Chicks are not so appreciative of Mom's guidance, but as we age we learn that wisdom is a powerful thing and when it is offered, it is best to take it in and see what we can learn from it..Especially when it is given within the framework of Mom's love. This Swan will teach her Chicks how to provide for themselves, keep an eye out for predators and most importantly be self sufficient. Mom knows she will not always be there to watch over her Chicks so she keeps putting tools in her Chicks' toolbox so they have what they need to build a good life. At some point the Chicks will leave the nest and join a larger flock to find a mate. I read in most cases Chicks will remain with their parents until the following spring. If they do not leave on their own, their parents can get quite aggressive about letting them know it is time. Some Chicks need that firm push! We all have our own Mom experiences and I have been very lucky. My Mom taught me to listen, show compassion, be a support for others. She also showed me how to be strong and not let others take advantage of that compassion. It can be a fine line, but from her I learned it can be done. These lessons passed down, I know she learned from her Mom. No matter what Your Mom taught you, please remember Your Mom today on this Mother's Day. If you are lucky enough to still have her - call her, visit her and show her the wonderful legacy she nurtured. At some point the Mom and Chick will separate, whether by life or God. But no matter the circumstances the bond is always there. The Mom will always be the first defender of the Chick, giving them Life and Love. Happy Mother's Day to My Beautiful Mom Marilyn Burgoon and My Awesome Mother-In-Law Monica London and All Moms.

It is common practice to leave money to your children in your last will and testament; however, for those who wish to have more control over how and when money is distributed, even how it is spent, a trust may be the best option. You can include a testimony trust in your will so that the terms will not be carried out until after your death, or a revocable trust, which is separate from a will, can be put in place for minors that will be managed by a trustee until the recipient reaches a certain age. Trusts may include instructions to distribute money in segments at particular times or for certain uses, like college tuition or purchasing a home.

At the Law Office of **MACK & PACE** our wills and trusts lawyers can help you with everything that comes along with estate planning. We can help you craft a plan that lists your specific needs and intentions. We will help you review existing documents and we can also recommend any amendments as seen fit. HINT: Trusts can require recipients to accomplish specific goals like graduating college, maintaining a full-time job, or avoiding excessive debt before funds are distributed.

Foodlink has done food distributions in Albion since the Covid-19 pandemic. Those distributions were on Fridays – April 17 and May 1.

The May 14 distribution will be on a Thursday. It will be at the same time, 9:30 to 11:30 a.m., as the first two events and at the same location, the Main Street Store at 131 S. Main St. (across from the Hoag Library).

Foodlink has delivered 300 boxes of food during the distributions. This is a drive-through only event with no walk-ins. How to Handle Rain on your Wedding Day

Brides and grooms fear the prospects of rainy wedding days. But even couples who have contended with everything from a few drops to an all-out deluge on their wedding days look back fondly on the ceremonies and receptions. In fact, how couples handle any precipitation can affect how happy the festivities may be.

- **Have a rainy day game plan.** Rain affects outdoor weddings more than any other type of ceremony or reception. If the goal is to exchange vows outdoors, work with the venue to make this possible with a tent or gazebo. However, if the weather is especially foul and windy, move it indoors.

- **Invest in golf umbrellas.** Couples who live in notoriously damp climates can purchase golf umbrellas, which tend to be larger than the average umbrella, and keep them stationed in decorated stands to ease transitions between wedding sites and keep everyone as dry as possible.

- **Wear waterproof cosmetics.** Women in the bridal party, including the bride, can ask their makeup artists to use durable, waterproof products. This can help salvage beautifully composed looks should some drops begin to fall.

- **Know vendors' rain policies.** Some live musicians will not play in damp weather. Florists may need to make accommodations for arrangements blowing in the wind. Couples need to understand what they're responsible for and what may be covered if a weather event occurs. Wedding insurance may help cover the costs of nonrefundable cancellations.

- **Move past it quickly.** It is okay to get upset if the weather turns for the worse. But don't dwell on it. Guests will sense negative energy, and couples should set the tone of sticking it through despite a little adversity - which can be a good lesson for the marriage as well.

- **Embrace the rain.** While a couple probably won't wish for rain, there are some benefits to overcast skies, say the wedding professionals at Brides magazine. Flowers are less likely to wilt in rainy conditions. In the absence of bright sunlight, outdoor photographs can really pop. Rain is romantic and may compel couples and their guests to cuddle close.

Don't let rain on a wedding day become a drag. With preparation and perspective, couples can handle rainy wedding days. ☔

LIONS CLUB IS SO MUCH MORE THAN FIREWORKS

COVID-19 and the Governor's moratorium on large gatherings that remains in place right now, but more importantly, public safety, had lead to the **Lyndonville Lions Club postponing their 4th of July activities until Sun., July 4, 2021.**

"It was a difficult decision for all of us," says president Bruce Schmidt, "but public health outweighs this community event." Planning needs to start months in advance and includes the AFS vendor booths, for this small club to pull off a fete like this. It is by far the largest county event.

Lyndonville Lions just did a Chalk the Walk inspirational message campaign around Lyndonville and contributed to the Lyndonville senior signs.

Official Letter of Endorsement from Hon Karen Lake-Maynard

Although the title "Honorable" precedes my name, in all honesty it was my honor to have served the good people of Orleans County for 14 years as your County Clerk. It was truly humbling to have earned the trust of the voters each time I was elected to office. In light of my recent retirement it is now with great pleasure that I officially endorse acting County Clerk Diane Shampine to be my successor to the position.

I first met Diane when I worked as an Index Clerk. She would regularly visit the Clerk's office to file documents as part of her duties working for various attorneys in the county. She impressed me with how dedicated and how hard-working she was for her employers and their clients, always with a kind word and a smile. When I decided to run for County Clerk, my first decision was to ask Diane to serve beside me as my deputy. Her legal experience, work ethic and loyalty combined with a genuinely kind, friendly demeanor made her the perfect choice. I am truly grateful she accepted my offer at that time. We made a great team, assembled an excellent staff, of which ensured the success of my time in office.

Together we initiated and continue to support the "Thank a Vet" program, (providing official ID to obtain discounts from participating local merchants), introduced online access to land records and provided an on-site Pistol Permit Office. We provided kind personal service to anyone in need, all while consistently maintaining a balanced budget.

The three offices the County Clerk oversees, (the County Clerk's Office, Department of Motor Vehicles, and Pistol Permit Office) are funded by revenue generated from fees for services the offices provide. I always treated the budgetary process as if it were my own personal budget for home, making certain the office runs efficiently while meeting all the needs of the county residents. I am certain Diane will continue in kind.

Diane deserves my endorsement because I know first-hand she can do the job. She started as an Index Clerk and then became Deputy. She has the necessary legal background as well as the confidence and ability to oversee every aspect of the office. Diane has the experience and the knowledge which is needed to be the Orleans County Clerk. Her hard work and dedication will provide a smooth transition. I believed in Diane and trusted her when I appointed her to be my deputy and when she became acting County Clerk. That same trust and belief applies now that she is running for the position. You need someone with hands-on experience to be the County Clerk and Diane Shampine is the person for the job!

My sincere hope and aspiration for the Clerk's offices is Diane Shampine be given the opportunity to be the County Clerk. Diane will continue to move the office forward with fresh ideas and services that will provide additional resources for all who come into contact with the offices.

Sincerely,
 Karen Lake-Maynard
