BIBLE TRIVIA

by Wilson Casey

Lockdown Humor

People are using the word lockdown because they don't know how to spell kwarinteen.

Have you noticed that the amount of selfies being posted are down by 68%?

I hope all the school teachers realize their students will return to class using old math.

I've absorbed so much disinfectants, soap, and antibacterial sanitizing gels recently that whenever I go pee, it cleans the toilet.

I'm pretty sure I just heard my fridge say, "What the heck do you want now?!"

Ontario has banned groups larger than 5. If you're a family of 6, you're all about to find out who's the least favorite!

Health Tip: If you keep a glass of wine in each hand, you can't accidentally touch your face.

My house got TP'd last night ... it's now appraised value has doubled!

Smoking pot and skipping school had me in trouble constantly. Now weed's legal and school's closed ... kids today are livin' the dream!

This is stupid. I just tried to make my own hand sanitizer and it came out as a rum & coke!

After a few days of not going out, I saw someone I knew walking by on the sidewalk outside. I immediately ran to the window and started yelling to them. Now I understand dogs.

Day 36 of social isolation at home, and it's like being in Las Vegas. I'm losing money by the minute. Cocktails are acceptable at any hour. Nobody knows what time it is.

Youngest In School

A friend of mine has three boys, the youngest of whom, Gregory, had just started school.

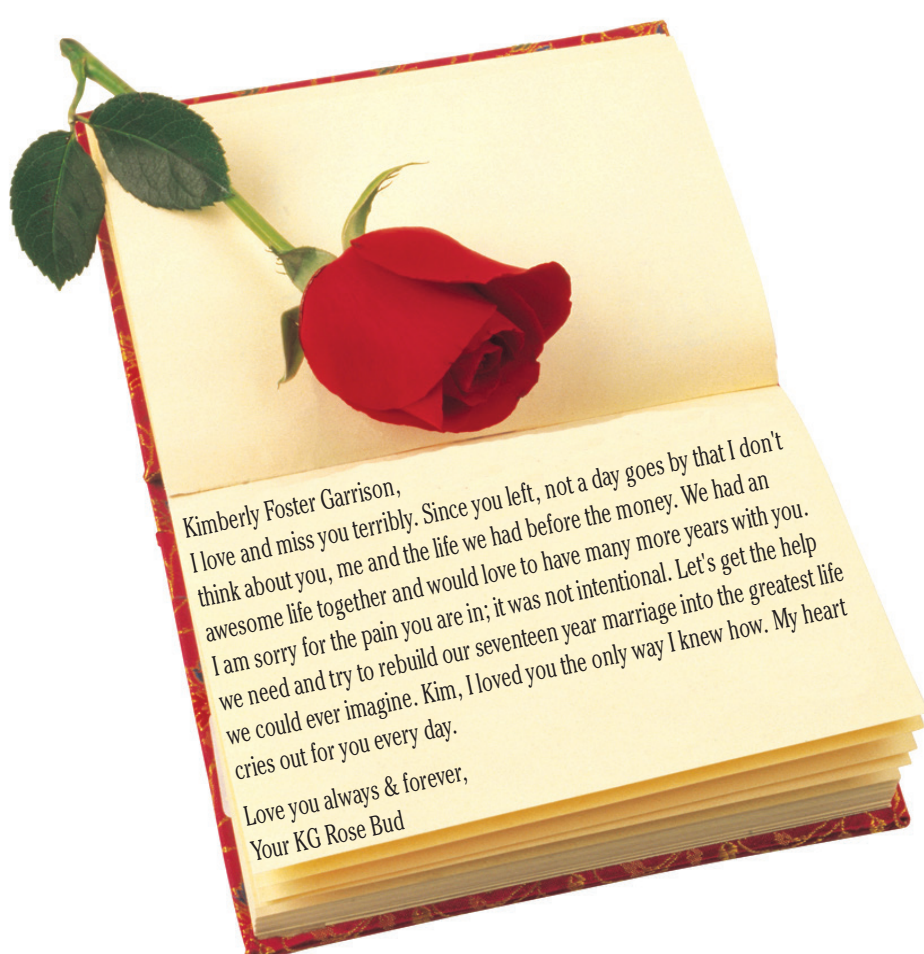

A teacher commented to Gregory that she couldn't believe he was already in first grade and asked what his mother did all day now that the three boys were in school.

"Cartwheels," Gregory answered.

ARIES (March 21 to April 19) You might be a bit shaken by a friend's request. But before the Lamb leaps to conclusions, insist on a full explanation. You still might say no, but at least you'll know what you're saying no to.

TAURUS (April 20 to May 20) Seeing red over those nasty remarks by someone with an ax to grind? Of course you are. So get out there and give your supporters the facts they need to get the truth out.

GEMINI (May 21 to June 20) A changing situation should get you to reassess your vacation plans and make any adjustments as soon as possible. And don't fret -- the change most likely will turn out for the better.

CANCER (June 21 to July 22) Don't put off dealing with any negative feelings that might be left over from a recent confrontation. The sooner all is resolved, the sooner you can move forward with fewer complications.

LEO (July 23 to August 22) Leos and Leonas might feel the urge to redecorate their dens, and that can turn into a good opportunity to strengthen family ties by putting the whole pride to work to make it happen.

VIRGO (August 23 to September 22) Look for the most efficient way to get a job done quickly and well. Taking more time than you need to make it look more challenging is a short-sighted move you might regret later on.

LIBRA (September 23 to October 22) A pesky problem should be dealt with immediately so you can put your time and effort into something more important. Someone from your past could have significant news for you.

SCORPIO (October 23 to November 21) A workplace situation becomes a lot more bothersome than you'd expected. Be careful not to be pulled into all that anger. Look for support among others who also want to avoid trouble.

SAGITTARIUS (November 22 to December 21) Cheer up, lonely lovers, wherever you are. Just when you thought you'd been deleted from Cupid's database, the chubby cherub proves that's just not so. Congratulations.

CAPRICORN (December 22 to January 19) A casual relationship could take a more serious turn. Are you ready for it? Your stars say you are. Paired Sea Goats also will find a renewed richness in their relationships.

AQUARIUS (January 20 to February 18) Meeting a collaborator with new ideas seems to be a dream come true. But for both your sakes, be sure all your legal i's are dotted and t's are crossed before you start working together.

PISCES (February 19 to March 21) A romantic overture flatters the usually unflappable Fish. But since it's a sincere from-the-heart gesture, go ahead and enjoy it. A minor health problem responds well to treatment.

BORN THIS WEEK: You have the warm heart of a Taurean and the sensitivity of a Gemini. You would make a wonderful leader. So go ahead: Run for office.

PIEDMONT PETS
May 14, 2020
By Paulette Dean

My guess is that most shelter directors would say the same thing I am about to say: When a pet is missing, the first thing that should be done is to file a lost report with any and all shelters in a wide radius. Shelters, and especially public shelters, would be the logical place to receive a stray. After shelters have been notified, then call veterinary clinics and post a picture on any available social media site.

A few weeks ago, we received a wonderful chocolate Lab as a stray. He did not have a collar or tag, nor was he microchipped. We were sure an owner would come to claim him since he was such a friendly, exuberant dog. Under Virginia law, he became our property after being here for five days, not including the day he came in, and we transferred him shortly after that to one of our adoption partners in Northern Virginia. We transferred all property rights over to that group and they became the legal owner.

Just a day after he left us, an owner came forward. She said that whenever he would get loose from his chain (he was not constantly chained), he would always come back. It did not occur to her to call us. I called the group who received him; however, they had already found him another home and did not want to return him to us. That was their right.

It was my sad duty to give the owner the news that there was no way to get her dog back. She understood, but regretted not calling us.

About 25 years ago, the law in Virginia changed to give shelters and other groups (referred to as "releasing agencies") clear property rights once an animal had

996 South Boston Rd.,
Danville, VA 24540
Phone: (434) 799-0843

fulfilled a very specific stray time. That protected the shelters, releasing agencies, adopters, and transfer partners from having to become involved in making decisions about forcing adopters to return animals to the first owner. After all, who would want to adopt a stray animal from a shelter if there was even a remote possibility a previous owner would come forward and demand the animal's return?

In order to protect owners, we encourage them to make sure all dogs and cats are microchipped (with registration kept current), with dogs always wearing a collar with current city or county tags.

In addition, if you find a stray, by law you must inform the public animal shelter in the locality the animal was found. An owner may be looking for that animal and you cannot deny that owner the rights to their pet ownership.

Social media is a wonderful tool; however, it does not and cannot take the place of the safety net provided by public animal shelters!

DCC Offers 'Single Stop' Program for Enhanced Student Access to Public Benefits

Danville, VA -- Single Stop, a one-stop shop for meeting the basic needs of families, is partnering with the Virginia Community College System (VCCS) and Danville Community College (DCC) to help students access public benefits without the hassle of applying through each individual public benefit agency. This resource will confidentially screen candidates for public benefits and provide them with specialized staff follow-up.

"We're so thrilled offer this program," said Stephanie Flowers, program specialist for the Student Success Office at DCC. "By connecting qualified individuals to trained Single Stop staff members who can help navigate what can be the otherwise daunting process of applying for public benefits, we alleviate stress and provide a confidential service that supports our students in their most basic needs."

When a student works with Single Stop to apply for public benefits like the Supplemental Nutrition Assistance Program (SNAP), Women, Infants, and Children Nutrition Program (WIC), and Medicaid, there are no language barriers or waiting in line. The Single Stop screening tool determines eligibility for a wide variety of public benefit programs and dedicated Single Stop staff to help applicants navigate the process, as well as assistance with filing tax returns at no cost.

"Supporting our student population in every way possible is our goal," said Jacqueline Gill Powell, president of Danville Community College. "Any resource that we can provide, whether during the COVID-19 pandemic or otherwise, supports our mission of ensuring our students have all the tools they need to pursue a high-quality education with us."

For more information about DCC's collaboration with the Single Stop program, email stephanie.flowers@danville.edu or visit <https://singlestop.org/covid19/>

Danville Community College is a two-year institution of higher education under the state-wide Virginia Community College System. DCC's service area includes the City of Danville, Pittsylvania County, and Halifax County. For more information about the college's nearly 100 programs of study, visit www.danville.edu.

HOLLYWOOD

HOLLYWOOD — George Clooney and Netflix quickly finished shooting "The Midnight Sky" on Feb. 21, just before Hollywood shut down. The film, with **Felicity Jones**, **Kyle Chandler**, **David Oyelowo** and **Sophie Rundle**, is a post-apocalyptic tale about a lonely scientist (Clooney) in the Arctic, who races to stop Jones and her team of astronauts from returning home to a mysterious catastrophe. Timely.

Matt Damon hurriedly got his two films in the can before the shutdown. In "Stillwater," due in November, a father (Damon) travels to France to help his daughter (**Abigail Breslin**), who's been arrested for a murder she didn't commit. In "The Last Duel," directed by **Ridley Scott** and written by Damon, **Ben Affleck** and **Nicole Holofcener**, he co-stars with **Adam Driver**, **Jodie Comer** ("Killing Eve") and Affleck. It's based on a true story from 14th century France, where a knight (Damon) is ordered to fight a duel to the death with his squire (Driver), whom he has accused of raping his wife (Jodie Comer). It's due for release Christmas Day.

"Joker" best actor Oscar-winner **Joaquin Phoenix** hasn't chosen his next project; however, "C'mon, C'mon," written and directed by **Mike Mills** (Oscar nominated for the screenplay of "20th Century Women"), was completed in January before his Oscar win. It co-stars **Gaby Hoffman** (a child actress in "Sleepless in Seattle," "Field of Dreams" and "Uncle Buck"). It wasn't so long ago that Joaquin announced on a talk show that he was quitting acting. Now since "Joker," his price has risen to new heights.

Sandra Bullock's price also soared after she won her Oscar. In 2018 she made "Ocean's Eight" and "Bird Box," but nothing in 2019. Now she's working with director **Nora Fingscheidt** on an untitled project based on the 2009 British TV series "Unforgiven." Sandra plays an ex-convict trying to rebuild her life post-prison. She's also

George Clooney

producing the film.

Glenn Close finished shooting director **Ron Howard's** Netflix film "Hillbilly Elogy," with **Amy Adams**, in January. It's about three generations of an Appalachian family. Close was due to start shooting the movie version of **Andrew Lloyd Webber's** award-winning musical "Sunset Boulevard" this summer, but now due to the shutdown they're hoping to begin filming by the end of the year. **Rob Ashford** will direct.

Laura Dern, this year's best supporting actress Oscar winner (for "Marriage Story"), hasn't signed for any new projects. Her "Jurassic World: Dominion" completed shooting before the shutdown and is still set for release June 11, 2021, while they add special effects. However, co-star **Chris Pratt's** sci-fi film "The Tomorrow War," due out Christmas Day, has now been pushed back to July 23, 2021.

On a happy note, Netflix has picked up 20 million new subscribers. The phoenix rises from the ashes!

DCC Chemistry Lab Assistant Receives Prestigious Gates Scholarship from Amherst College

Danville, Va., May 11, 2020 — Former Danville Community College (DCC) Chemistry Lab Assistant and Senior at Halifax County High School, Frida Hernandez, has been accepted to Amherst College in Massachusetts and has been awarded the prestigious Gates Scholarship, a prize awarded to less than one percent of applicants.

"Science has always been one of my favorite subjects in school, along with math," said Hernandez. "I love being able to find an explanation for why the world functions the way it does, and even if we don't have the answers now, we can work towards them."

Now, that favorite subject will become a college major and future career for Hernandez. She credits her love of chemistry to the teachers who have provided unique opportunities to immerse herself further in the field. One of these teachers, Lanette Spencer, offered Hernandez a lab assistantship at Danville Community College. Spencer is also a professor at DCC.

"Mrs. Spencer is hands-down one of the best teachers I've had," said Hernandez. "Her apparent passion for the subject made her lessons more enjoyable and interesting. One of the most meaningful experiences I had in high school was volunteering with Mrs. Spencer the summer after my junior year. I knew that she taught the same chemistry class over the summer at DCC since she had mentioned it in class. She agreed to allow me to set up the labs and answer any questions the students had in class."

Spencer feels similarly about Hernandez's enthusiasm for chemistry and was thrilled when she learned that she would have a lab assistant for the summer.

"Frida is one of those students who makes teaching so rewarding," said Spencer. "It's exciting to be able to instill my love of chemistry in one of my students. When she asked if she could help with my chemistry labs last summer, I was super excited for her to experience another aspect of chemistry. I was also surprised that a high school student would want to drive over an hour each day during summer vacation to prep chemistry labs. She was a tremendous help, not only to me, but also with my students. She willingly jumped right in and helped answer their questions. I am so excited for the experiences Frida has ahead of her!"

Her experience at DCC inspired Hernandez to continue her pursuit of academic excellence and, ultimately a career, in Chemistry.

"Volunteering at DCC has had a huge impact on my career path," said Hernandez. "While I had been considering majoring in Forensic Chemistry, after working in a lab for most of the summer, I decided that I always wanted to be surrounded by chemistry. I loved being in a lab and immersing myself in a subject that I loved. After taking Dual Enrollment Chemistry through DCC, I have come to realize my passion for the subject, and I will forever be grateful for the opportunity to work there over the summer."

Hernandez plans on majoring in chemistry at Amherst College in the fall and ultimately hopes to pursue a graduate degree in chemical engineering.

RECIPES

Best Pasta Salad

INGREDIENTS

- 1 box uncooked short-cut pasta (I used farfalle but rotini or penne work as well), 16oz
- 2/3 cup sliced red onions
- 1 pint heirloom cherry tomatoes halved (regular cherry or grape tomatoes work as well)
- 1 cup diced cucumbers
- 1/4 cup pickled capers jarred
- 1 cup crumbled feta cheese

HOMEMADE DRESSING

- 1/2 cup red wine vinegar
- 2 1/2 tsp lemon juice freshly squeezed if possible
- 2 1/2 tsp minced garlic
- 1 1/2 tsp granulated sugar
- 1 tsp dijon mustard
- 1 tsp dried oregano
- 1 tsp fresh minced oregano
- 2 tsp fresh minced parsley
- 3/4 cup extra-virgin olive oil
- Salt and pepper to taste

INSTRUCTIONS

- Fill a large stockpot with water and bring to a boil over HIGH heat. Salt the water with about a tablespoon of salt. Add pasta and cook until just al dente (according to package instructions).
- Drain pasta and toss with a light drizzle of olive oil. Set aside to cool slightly.
- While pasta is cooling, chop tomatoes, cucumber, and red onion. Set aside in a large mixing bowl and add capers to the bowl.
- Add dressing ingredients, except for olive oil, to a bowl and whisk to combine. While whisking, slowly pour in the olive oil, and continue whisking until completely combined. Taste and adjust salt and pepper accordingly.
- Add the cooked pasta and crumbled feta cheese to the large bowl with the vegetables. Pour dressing over the top and toss to combine.
- Cover bowl with plastic wrap and refrigerate for several hours, up to 2 days.
- Serve cold or at room temperature, and enjoy!

* If you have a stubborn stain on the driveway or garage floor, try oven cleaner. Spray the spot and cover it (to keep pets out) and then let it sit for several hours. Give it a good scrub and rinse with the hose. It might just do the trick!

* "I have a tip for you. When pouring water in your coffee pot, use a 4-inch funnel by placing it in the tank. Helps from spilling water. Pour slowly!" -- P.T. in Illinois

* Three ways to honor veterans on Memorial Day: pause for the National Moment of Remembrance (3 p.m. local time), a minute-long pause to remember those who lost their lives in service to our country; donate flowers or place flowers on the graves of veterans in your local cemetery; listen to the stories of veterans through StoryCorps' oral history project (storycorps.org/discover/military-voices).

* "Here's a recipe tip from my brother's man cave: Take a can of beer and mix it with a cup of barbecue sauce. Add a couple drops of hot sauce if you're feeling spicy. Use the mix to marinate chicken thighs for several hours before slapping them on the grill. He says the beer helps the chicken absorb the flavor, and he must be right, because it's so yummy." -- E.D. in Arkansas

* Clean hairbrushes and combs by soaking them in a baking soda/water solution. Put them bristles down in a large cup and add the solution. Don't do this to wood handle brushes.

* "Here's a convenient way to measure oil and not have to wash an inconveniently shaped measuring cup: Label a glass jar with marks for common kitchen measurements: 1/4, 1/3, 1/2, 2/3, 3/4 and 1 cup. So easy." -- J.K. in Vermont
