## Short Season Bowling Too

FLORENCE - Lauderdale Lanes in Florence has completed its remodeling. They appreciate everyone's patience as work was completed on new bathrooms, new carpet, a newly-sealed parking lot, and more.

Lauderdale Lanes is still signing up for fall bowling leagues. They have leagues for everyone in most any player combination and schedule! For those not wanting to commit to a full league schedule, they also have a short season league of only twelve weeks.

There are new hours of operation with assorted specials, a strike jackpot, and a new Mystery Doubles which pays off each night. More details are inside this issue, or visit LauderdaleLanes.com.

## Upward Bound with Two Grants

MUSCLE SHOALS-- The Upward Bound program at Northwest-Shoals Community College has been funded for \$642,600 by the U.S. Department of Education.

The two programs at NWSCC will receive funding for the 2015-2016 fiscal year.

- Phil Campbell Program - \$369,600; serves specified schools in Colbert, Franklin, and Winston County
- Muscle Shoals Program - \$273,000; serves specified schools in Colbert, Florence City, and Lauderdale County.

"The Upward Bound Program along with the other TRIO programs housed here at Northwest-Shoals are vital to so many of the people in Northwest Alabama," said NW-SCC President, Dr. Humphrey Lee. "The services offered by the TRIO Programs are designed to remove obstacles toward a post-secondary education. Without these programs many students would not be able to realize their dream of a college degree."

Upward Bound identifies and assists those who have the potential to succeed in higher education with academic, career, and financial counseling. The program is one of three 100% federally-funded TRIO programs at NW-SCC by the U.S. Department of Education. Also included is Talent Search and Student Support Services.

## A Sweet Ride

Cadillacs Drive Ten-Year Effort for Amber Alert Sign in St. Joseph

ST. JOSEPH, TN.- It all started about ten years ago when a missing child case received national attention. At that time Jeannie Odem and Carolyn Odem started making long range plans to get a Digital Amber Alert sign for their beloved city of St. Joseph, Tennessee. Their only problem was the cost of the sign; it was about \$24,000 and they had to start from scratch.

They solicited the help of Dennis Odem and his popular band, The Cadillacs. For the next ten years The Cadillacs sponsored an annual Happy Days festival in St. Joseph. They also performed numerous Grand Ole Opry Impersonation Shows at the St. Joseph Civic Center.

Numerous talented entertainers, many

volunteers, the city of St. Joseph, and dedicated police and fire department personnel donated their time and talents. All the money raised was put into a trust fund for the Digital Amber Alert Project.

They finally had enough money in the trust account to make it happen. This week Jeannie Odem, Carolyn Odem, and The Cadillacs awarded a check to the city of St. Joseph in the amount of \$17,058.75. By agreement the city of St. Joseph will

## Game Day Score Card Returns this Week

SHOALS--The Courier Journal's Game Day Score Card Contest returns this week with a host of big games slated for this weekend.

Premier games from across the Southeast will be part of the package each week as well as others of national and local interest. If contestants do well they will have a chance to savor more than the wins.

We know the fans of Game Day Score Card will also like this year's weekly prize package. The \$50 Legends Steakhouse gift card for every winner became so popular last year, we knew we had to bring it back again this year. The best card entered each week will win the gift card. Winning entries with a perfect card also win \$50 from the Courier Journal and a second \$50 Legend's Gift card!

## GAME DAY SCORE CARD

This year's sponsors include Two Guys Auto Detail Supply, Green Valley Nursery, Simpson's Wrecker & Collision Repair, and Alabama Awnings.

The college season opens this Thursday night. Our games this week begin on Saturday so we have a Friday 6pm deadline. That means a Friday post mark by mail, by fax at 256-760-9618, or by submitting conveniently online at CourierJournal.net by 6pm. Hand deliveries must be in our office at 219 West Tennessee St. in Florence the close of business Friday (5pm). The submission deadline online or by fax will always be Friday at 6pm unless otherwise specified.

It's time to get the season underway. Enjoy the season, the contest - and the meals at Legends!

**10th Year...**

Continued from Page 1

Some of those children are juniors in college this year and some are married. It's been a quick ten years full of fun and learning.

Helen Keller Hospital, Listerhill Credit Union, Bank Independent, Florence Utilities, Northwest Shoals Community College, First Southern Bank, McCutchen & Hamner Attorneys, Mike Randall/Coldwell Banker, Excel Computers, Simpson's Wrecker & Collision Repair, Keep The Shoals Beautiful, and the Shoals Chamber of Commerce have been supporting Kidsville News! since the first year or two - if not that first issue!

We welcome WPI, Inc. and Club-Z to the Kidsville News! family as we start the 2015-2016 school year.

Billy Warren's article, Did You Know, highlighted the Renaissance Faire that first month in the Lauderdale County edition. He hasn't missed a month since.

Other local writers have also been contributing to this two-time Parents Choice Award-winning publication on a volunteer basis almost from the outset. Those include Dr. David Curott, Lee Freeman, Richard Sheridan, and Patricia Weaver. They are indispensable when it comes to the interest and the local flavor of Kidsville News!

We warmly thank all of our contributors and supporters who help bring children all the games and puzzles along with a fun educational focus on history, science, geography, cultures, math, and more.

You can read the current issue of Kidsville News! when your children or grandchildren bring it home. You may also get one free from local libraries, Helen Keller Hospital, Shoney's, the YMCA, or at McDonald's Play Place.

The current Lauderdale and Colbert digital issues may also be read online every month at <http://kidsvillenews.com/lauderdale>.

## A Game For The Ages

The University of North Alabama Lions have enjoyed one of the greatest football traditions in small college football history. No era was greater than the three consecutive Division II National Championships in 1993-94-95. Let's turn back the pages and look at what could be called a game for the ages in Lions football history.

The year was 1959. UNA was known then as Florence State Teachers College. That year saw the Lions travel to Nashville to take on the Vanderbilt Commodores. It was the first time the Lions had played a member of the powerful Southeastern Conference. Head Coach Hal Self and assistant coach George Weeks loaded thirty-three players on a bus that morning to play Vandy that same afternoon.

20,000 fans were on hand for the game, by far the largest crowd the Lions had ever played in front of. In the second quarter, the Lions shocked the crowd when Jimmy Brownlow intercepted a Vandy pass and returned it 58 yards for a touchdown to give the Lions a 7-0 lead.

The Commodores scored twice in the second quarter to take a 13-7 lead at the half. Vandy's star running back was Tom Moore, who later played for the Green Bay Packers under legendary coach Vince Lombardi. The Lions defense was outstanding in the first half against the heavily favored Commodores.

Vanderbilt head coach Art Gueppe was quoted at halftime saying "we didn't know at the half if we were going to win or lose." "The Lions were very well coached with a lot of great individual talent," continued Gueppe. The Nashville Tennessean newspaper praised the Lions for their effort while signaling out the play of players like "Tuffy" Hudson, David Martin, Sammy Smith, Joe Beard, Max Burleson, Robert Douthitt, Henry Prater, Gil Cleveland, Billy Don Anderson and "Tater" Graham.

How really great was the Lions effort that day? Consider that just six weeks earlier, this same Vanderbilt team tied Bear Bryant's Alabama Crimson Tide 7-7. According to "Tater" Graham, "we were very nervous going to Nashville, but we weren't scared of them". Graham said "one thing I remember in particular was David Martin and I knocked Tom Moore out of the game on one of his carries."

Although Vandy won the game 42-7, in an interview recalling that game some years later, Coach Self said: "I was very well pleased with our boy's effort. It was a great experience for our team." There's no doubt about it. November 21, 1959 was a game for the ages in Lions football history.

# ASK THE ATTORNEY

**Thomas McCutcheon**

*Ask the Attorney is sponsored by local attorneys, McCutcheon & Hamner, PC, as a service to the residents of NW Alabama.*

**Q** I had a wreck in April and I had only had my car a couple of months. It was brand new and the damage was estimated to be around \$10,000.00. They did not total my car but repaired it. Now, the insurance company wants to settle and I asked the adjuster about diminution in value and he said that wasn't a law.

*Michael, Tusculumbia, AL*

**A** I am sure that certain insurance companies have contracts with their insureds that specify what they will and will not pay. If you are making a claim against your insurance company for collision or comprehensive damage to your own vehicle, the contract (that you haven't seen or read) between you and your insurance company will define what their obligation to pay is and is not.

If you are making a claim against someone else who negligently caused damage to your car and their insurance company is trying to tell you what the law is, don't believe them.

The law of damages in Alabama is simple and straight forward and exactly what you think it should be. If someone through carelessness or negligence damages property that you own, you are entitled by law to the value of the property prior to the damage.

Everyone reading this, if given the choice between two identical cars except that one had been wrecked and the other not, would choose the car had not been wrecked. We all know that if you trade in a car that has been previously damaged, it is worth less as a trade in.

What you are really looking at is an issue of evidence and proof. If you can by the testimony of an experienced car salesperson or automotive appraiser, provide competent evidence of how much less your car is worth in its wrecked, repaired condition, then the Court should award that amount of money for the diminished value of your property.

*Buckle up and drive safely.*

## Devil's Half-Truth

**Genesis 3:1-6** "Now the serpent (DEVIL) was more subtil than any beast of the field which the LORD God had made. And he said unto the woman, Yea, hath God said, Ye shall not eat of every tree of the garden? And the woman said unto the serpent, We may eat of the fruit of the trees of the garden: But of the fruit of the tree which is in the midst of the garden, God hath said, Ye shall not eat of it, neither shall ye touch it, lest ye die. And the serpent said unto the woman, Ye shall not surely die: For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil. And when the woman saw that the tree was good for food, and that it was pleasant to the eyes, and a tree to be desired to make one wise, she took of the fruit thereof, and did eat, and gave also unto her husband with her; and he did eat." Part of what the devil said was true, but all of what God said came to pass, because in a few years Adam was dead. Adam and Eve died spiritually and later physically after they sinned. **Romans 5:12** "Wherefore, as by one man (Adam) sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned:" You die because you are a sinner.

That is the reason Christ died in your place on the cross for your sin. **Hebrews 2:9** "But we see Jesus, who was made a little lower than the angels for the suffering of death, crowned with glory and honour; that he by the grace of God should taste death for every man." Jesus Christ kept the law and fulfilled it, and became sin for you and me. **2 Corinthians 5:21** "For he (God) hath made him (Christ) to be sin for us, who knew no sin; that we might be made the righteousness of God in him." God's righteousness is Jesus Christ. You must have God's righteousness to get to heaven. Believe on Christ today, receive Him, trust Him, by faith in His precious blood, ask Him to save you, He will. Don't swallow the Devils half truth's and wind up in hell.

**Frank, Interesting ...But Seriously?**

**R**efreshing is one word used by some republicans who support Donald Trump and his candidacy for President in 2016. Frank, interesting, bombastic, ego-maniacal, impatient, and smug are a few other frequently used descriptions we may have heard.

It's great to have someone speaking honestly about issues that others like to avoid. His unapologetic stand against illegal immigrants is appropriate. They are lawbreakers - for whatever reason. Lawbreakers shouldn't be rewarded and should not be allowed to continue breaking the law just because they have some cute kids assembled for the photo ops. His take-no-prisoners approach is stimulating. It's a shame so few real conservative candidates have a comparable degree of unapologetic gumption.

Trump's hard immigration stance is taking the media attention away from everyone in an otherwise respectable republican field. If the media were to let Trump generate his own momentum on substance, he would not encounter financial pressures of a lagging campaign that would doom other campaigns. Trump can finance his own campaign and is not beyond doing that.

I cannot envision Trump having the patience, the dignity, or the demeanor to be President for

**ANNUAL LABOR DAY EVENT IS A Tribute to Troop**

CHEROKEE – The annual Key Underwood Memorial Coon Dog Cemetery Labor Day Celebration begins at 10am on Monday, Sept. 7, at the world-famous cemetery, at 9495 Coon Dog Cemetery Road, near Cherokee. It includes a liar's contest, arts and crafts, barbecue, and music.

**THE HISTORY:**

In a small grassy meadow deep in the rich, thick wilderness of Freedom Hills, Key Underwood sadly buried his faithful coondog, Troop on Labor Day in 1937. The close friends had hunted together for more than 15 years.

Troop was half redbone coonhound and half birdsong, and

was known throughout the region as the best. He was cold-nosed, meaning he could follow cold coon tracks until they grew fresh. Troop never left the trail until he had treed the coon.

The burial spot was a popular hunting camp where coon hunters from miles around gathered to plot their hunting strategies, tell tall tales, chew tobacco and compare coon hounds. Those comparisons usually began and ended with Troop.

Underwood knew there was no place in the world Troop loved more than that camp. He decided it was only fitting that Troop spend

**Honoring Our Flag**

Dear Editor:

In 1923 an Americanism Commission of the American Legion and other organizations created The Flag Code to govern the proper display of American Flags. It is highly commendable how many citizens are patriotically minded by displaying Old Glory. As you drive the streets of the Shoals area, it makes any veteran proud to see such Americanism in front of homes, businesses, churches, and local schools.

The American Legion often receives phone calls from fellow veterans, commenting about the disgraceful tattered, torn, or faded flags that need to be retired from service. Disgraceful flags that are ripped to pieces, lacking bright color with separated stripes, can be turned into the American Legion for proper disposal at a Flag Retirement Ceremony.

Veterans who have served under the American Flag, The Colors of our

great nation, are sometimes offended by incorrect display of our symbol of freedom. As a gentle reminder to the public – NO FLAG should be flown higher or above the American flag. Our nation's flag should NOT touch the ground, shrubs, trees, rooftops, or anything else. Any questions in references to the Flag Code can be answered by contacting your local American Legion at 256-764-5122.

**Call It What It Is**

Editor:

Every time a white person or the police kill a black person, President Obama points out that racism still exists in America and we must do something about it.

Every time a black person kills a white person, as happened last week with the news reporter and cameraman in Virginia, the President blames it on guns and says we need gun control.

Please, Mr. President, stop blaming the whites and defending the blacks. Can't you just call it what is - like you absolutely refuse to label the radical jihadist Muslims for what they are? Please start being honest when you make accusations.

# DAVE Says

by DAVE RAMSEY

## THE BEST MEDICINE

Dear Dave,  
I've worked in a hospital as a nurse for 10 years. I make good money working long hours. The problem is that it seems to stretch those last few dollars to the end of the month. I know I eat out a lot. I grab quick meals between shifts and on the way home because I'm too tired to cook. I think I spend more than I should on other things, too. Do you have any tips for someone who wants to get control of their money, but has very little free time?

Amy

Dear Amy,  
Sometimes the medicine that works the best tastes the worst. This is true for both physical and financial health.

That's why, no matter how tired you are or how little free time you seem to have, you must make time do a written budget every month. This is essential, and it really doesn't take long. When you sit down and commit a plan to paper, giving every dollar a name before the month begins, you're taking control of your money instead of allowing a lack of it to control you.

Start with the income you know is predictable. If this isn't possible, look back over the last several months and find the minimum amount you brought home during a month over that period of time. This will be the basis for your budget. Once you've established a baseline income, you can prioritize expenses. But remember, restaurants are not a priority!

When you start telling your money what to do ahead of time, you'll have more ability to do what's needed with what you've earned. It's empowering and energizing, and it gives you the chance to make your Total Money Makeover a reality!

—Dave

## MONEY AND BEHAVIOR

Dear Dave,  
Why do you say that personal finance is 80 percent behavior? I thought money was more about math and keeping track of things.

Gerald

Dear Gerald,  
Keeping your checkbook balanced and things like that are an important part of what I teach. However, behavior plays an even bigger role for several reasons. You can add, subtract, multiply and divide all day. That stuff's easy. But until you learn to control your behavior, stick to a budget and spend less than you make, you're always going to have problems with money.

One of the keys to being a success in personal finance is realizing work comes before play. This is a behavior issue. Let's say your car needs new brakes. You know this, and you know you have a limited amount of cash, but you still walk into a store and buy a big, fancy television instead. That is not mature behavior. As long as you behave that way, your money will always slide right out of your hands.

And this means you'll never have enough for important things like saving, investing and giving.

# A Last Chance to See 3614

FLORENCE—Those who attend the Swampette Tour of area music venues on Saturday, September 5, will be among the last visitors who will get to see the historic 3614 Jackson Highway studio prior to its closing for renovations after Labor Day.

The tour starts at the Florence/Lauderdale Tourism Office & Visitor Center in McFarland Park at noon. The tour also includes stops at FAME Studios and the Alabama Music Hall of Fame. The tours are led by Judy Hood, wife of the Swampers' bass player David Hood. The tour travels to each venue aboard the "Trolley of Tunes," and returns to the Visitor Center at 4pm. Tour cost is \$35 per person.

Florence/Lauderdale Tourism will once again provide musical entertainment before the Swampette tour. Starting at 11am, local musicians Justus Montgomery and T.J. Bender will perform in the Gallery at the Florence/Lauderdale Visitor Center in McFarland Park. The mini-concert is free and open to the public. Montgomery and Bender are singer/songwriters who are pursuing their Music Business degrees at UNA. They will be performing original songs and cover tunes.

The November 14 tour has been CANCELLED, so the last Swampette tour for the year will be Saturday, October 3.

For reservations for Swampette tours, contact the Florence/Lauderdale Tourism Office at 256-740-4141.

## Stand Up for Rural Delivery

Editor:

Post offices are crucial anywhere, but they are especially crucial in rural areas that depend on the postal service to stay connected through news delivery and services crucial to businesses. In some communities they are a link to prescription drugs and other services.

The mail service is a national treasure that has been in operation for 240 years. Every day the Postal Service provides affordable, universal mail service to all - without using taxpayer dollars for its operation.

The Center for Rural Affairs has signed letters of support for continuing reliable, affordable six-day mail delivery from the US Postal Service. Particularly for remote rural citizens, the service is a lifeline. Nearly 10,000 people have signed the pledge.

We also signed letters of support for two bipartisan measures in the House of Representatives. One, HR 54, would restore service standards to those in use before last January's reductions. The combination of reduced service standards and closing mail processing facilities has left rural Americans and businesses experiencing the worst of mail delays.

The other House measure (HR 12) calls for maintaining six-day mail service across the country. Small towns and rural communities in particular depend on this service as a link to prescription drugs and other vital services. Both measures passed in the House.

To pledge your support to save our public postal service, visit: <http://agralliance.org/pledge/>

## Good Meeting for Fellowship

Editor:

The Anglican Fellowship of the Shoals conducted its first service on August 26. God willing, this will lead to an Anglican Church with your help. St. Andrews Anglican Church of Madison, AL and the Rev. Geoff Hatley support regular services in the Shoals at 6pm each Wednesday at the Good Sheppard Lutheran building, 2001 Cloyd Blvd. in Florence

With an abundance of churches in the Shoals, one person asked me, "Why start another church? Why not attend other churches already established?"

I have been a member of the Anglican Community for 35 years and would like a church service similar to the Episcopal service, but more Biblically centered.

In 2003 the Anglican Church in North America (ACNA) established a very conservative church when many congregations left the Episcopal Church. This happened after the Episcopal Church USA voted to ordain openly gay Gene Robinson as bishop of New Hampshire.

It is also now apparent to me that bishops and church members of other major churches will vote and decide what God's word means instead of following what God's word says.

If you are in a church that changes the definition of marriage and you are comfortable in it, then you are going to stay there and my appeal will mean nothing to you.

I cannot accept the wisdom of men over the wisdom of God's word.

If you want a church that follows the scriptures please, join us Wednesday evenings at 6pm. Please call H. Shannon Phillips, Sr. at 256-810-4701 for more information.

**Ian Teaches Aaron**

**Aaron:** "You know - I've heard we are saved by works."

**Ian:** "Well, we need to understand there are different kinds of works. There are human works but also the works of God, called *the obedience of faith*" (Rom. 16:26).

**Aaron:** "How do works save us?"

**Ian:** "Our faith in Christ leads us to obey His commands. Faith without works is dead" (James 2:26).

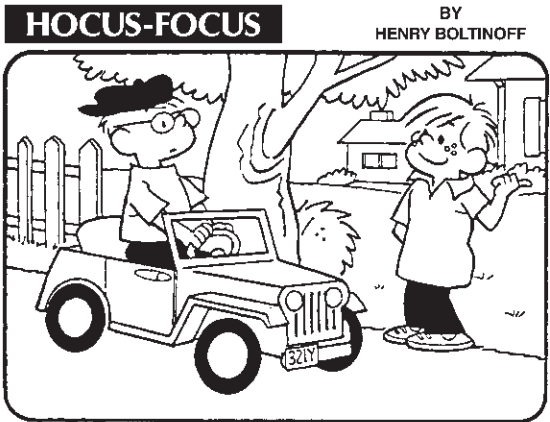

**Aaron:** "So then, both faith and works are necessary."

**Ian:** "Yes, our faith must demonstrate itself by our obedience to Christ's commands. The Bible names over 15 things connected to our salvation. Some are God's grace, and mercy, and our faith, repentance, confession, baptism and faithful Christian living. These last 5 are works we must do to be saved."

eternity there. He wrapped Troop in a cotton pick sack, buried him three feet down, and marked the grave with a rock from a nearby old chimney. He chiseled out Troop's name and the date with a hammer and screwdriver.

Out of one hunter's devotion to his faithful coonhound was born the Key Underwood Coon Dog Memorial Graveyard. It is now a popular tourist attraction and the only cemetery of its kind in the world.

Other hunters started doing the same when their favorite coon dogs died. Today more than 185 coon dogs from all across the United States are buried in that spot.

### BURIAL ELIGIBILITY:

Three requirements must be met to qualify for burial in this unique cemetery where more than 185 coon dogs have been laid to rest:

- The owner must claim their pet is an authentic coon dog.
- A witness must declare the deceased is a coon dog.
- A member of the Key Underwood Coon Dog Memorial Graveyard, Inc. must be allowed to view the coonhound and declare it as such.

**HOME & Garden IMPROVEMENT**

**BRINGING BIG STYLE TO SMALL SPACES**

As college students prepare to move into dorm rooms and apartments, they trim their packing lists and often sacrifice style due to space restraints. Although it may seem difficult to bring big style into tight quarters, there are several small things you can do to bring your personality to life on move-in day.

"Dorm rooms can sometimes feel drab and uninspiring, but just because they're temporary doesn't mean they have to look like it," said Tyler Wisler, interior design expert from Tyler Wisler Home and HGTV's "Design Star." "With the right tools and creative design elements, you can transform your home away from home into a space worth staying."

Wisler recommends these simple tips to turn that bland box into something spectacular:

**1. Color your world.** Incorporate colorful throw pillows and blankets to infuse additional hues into small white spaces. You can even change them out each season to keep things fresh.

**2. Accessorize your walls.** Hang jewelry on a Command Clear Jewelry Rack to keep them from tangling, while dressing up plain walls. The shape of the rack also helps add

a subtle chevron pattern, and removes cleanly from surfaces with no holes or sticky residue left behind.

**3. Warm it up.** Add an area rug to ground furniture, bring texture and warmth underfoot, and get rid of the "institutional" feel. Consider throwing a faux sheepskin over your desk chair for a chic and comfortable accent.

**4. Spruce up the space.** Buy a plant or two to break up the hard lines of the generic room. Succulents or cacti are great low-maintenance options for busy students.

**5. Say "no" to fluorescent lighting.** Incorporate alternative lighting such as a simple floor lamp in the corner of the room or string lights to add a subtle twinkle above the bed. These light sources give off a warmer glow and will save you from flipping on the fluorescent boxes that often cast unflattering light.

**6. Store the small stuff.** Use labeled containers or boxes to store smaller items or trinkets. The less "stuff" you see in a small space, the more spacious it will appear.

**7. Clear the floors.** Prevent rooms from looking cluttered by keeping things off the floor. Maximize space on walls or the back of the door by adding damage-

free jumbo hooks to hold purses, empty backpacks and coats.

**8. Dress up the furniture.** Embellish boring furniture by creating interesting designs using colored and

patterned washi tapes. Try an intricate pattern such as Greek key or simple stripes to instantly improve desks, shelving and dressers.

**Let the Utility Company Buy Your New Comfort System and Put up to \$1,700 in your Pocket!**

- Plus lower your energy bills as much as 20%
- Plus have no repair bills for 10 solid years
- AND no money down financing!

This offer is 100% true. There are no gimmicks, service charges, or "hidden" fees.

**I know;** this offer seems almost "too good." So let me explain -

**Our extreme temperatures are really taking a toll on older and less efficient units. The house seems to stay too hot in the summer, too cold in the winter. But that's not all...**

Energy costs keep going higher. (And what's going to happen this coming winter)? So high-efficiency heating and cooling systems are probably going up too.

The longer you use your older energy-robbing system, you may be **losing more money** on utilities and repairs than a new one would cost! Especially when you can...

**Put up to \$1,700 in your pocket now, and kiss repair bills goodbye for 10 years.**

Yet if I know this business (after 30 years), this offer **will not be available** when the rest of the market "wises up" and wants in. But if you act now, get the comfort now, and lock in savings now...**you don't have to pay anything out of pocket.**

That's it. Call Fuller Heating and Air at **256-381-7195** for your free survey soon. (Calls are being taken 24 hrs. 7 days for this offer and may be busy. Please be patient!)
