We are deeply grateful for this honor, especially during this amazingly challenging time in our history. Since the beginning of COVID-19, we have worked tirelessly to take care of every pet as if it were our own while continuing to provide a safe environment for our team and our clients. We thank you for your patience, trust and faith in us as we navigate a new normal. Our goals continue to be the same; whatever the future may bring, we are committed to providing exceptional, loving care to your pets. We continue to work together to find innovative ways to provide the care you deserve and expect and cannot thank you enough for your continued support. Be safe, be healthy and know that we are here for you seven days a week.

Genisys Credit Union Voted Best of the Best in the Oakland Press

For the eleventh year in a row, Genisys Credit Union has been voted Best of the Best in the Oakland Press Reader's Choice Awards for Best Credit Union and Best Mortgage Lender. In addition, the credit union has been named Best Financial Advisor for several years in a row. Genisys would like to extend a huge thank you to everyone that took the time to vote to make this opportunity possible.

"Being voted Best of the Best for the eleventh year in a row is a tremendous honor, as it comes from our members," said Jackie Buchanan, President & CEO of Genisys Credit Union. "Our members are at the center of everything we do, and in times of uncertainty, it is important for us to continue to provide the same level of stable, uninterrupted service they experience when coming into branches. These awards affirm our efforts of commitment to current and future members."

Since its start, Genisys has focused on serving its members' and communities' needs. The credit union remains committed to providing the highest quality personal services by bringing convenience through technology, offering competitive rates on loans and deposits, and supporting the communities they serve.

The products and services provided by Genisys aim at helping their 220,000 members reach their financial goals. A prime example is their Genius Checking account

which pays members an annual percentage yield of 4.07% and offers reward points on debit card transactions.

"This program aims to help members get the most from their checking account and reward them for using their debit cards. We love to give back to our members and what better way than paying a

Genisys volunteers at OLHSA's 2020 Walk for Warmth, Genisys volunteers at 2019 Walk MS

great interest rate on the products that people use every day," said Buchanan.

Genisys Credit Union Mortgage has been helping more members than ever. Genisys takes pride in fitting its mortgage lending products to the specific needs of each member - not just a cookie-cutter loan.

Whether you are a first-time homebuyer, looking to buy a cottage on a lake, or simply taking equity out of an existing home, Genisys will tailor a product to meet your needs.

Furthermore, Genisys ranks as one of the top 100 largest credit unions in the U.S. and received a 5-star rating from the independent rating firm, Bauer Financial. This is the

best possible rating for a financial institution and fewer than 4% of all financial institutions in the country have received the 5-star rating for as many consecutive quarters in a row as Genisys.

In addition to serving their members through financial means, Genisys is committed to giving back to the communities they serve. In

2019, the Genisys Team supported over 1,200 events volunteering nearly 5,000 hours of their time across the communities they serve. From this community dedication, it allowed Genisys to donate \$40,705 to Walk for Warmth, \$14,951.46 to United Way, and \$17,782.32 to Lighthouse of Oakland County.

At the beginning of 2020, Genisys sponsored the Rainbow Connection Movie Marathon, Plymouth Ice Festival, DECA, Walk for Warmth for Oakland and Macomb counties, and more before the COVID-19 outbreak, but with most events being canceled or postponed the credit union has turned their support to help those on the frontline of the crisis.

Genisys created an employee-match campaign for all donations to help support the needs of local food pantries and homeless shelters, ultimately making a financial contribution of over \$15,000 for Lighthouse of Michigan. To support the healthcare teams on the frontlines, the credit union has donated several supplies of gloves and masks to local hospitals as well as providing lunch to their local McLaren Oakland Hospital team every Friday during the month of April.

Also, Genisys has been able to help small, local businesses through the Small Business Administration's (SBA) Paycheck Protection Program (PPP), which provides loans to small businesses to cover critical business expenses such as payroll, rent, and utilities. Currently, Genisys has provided payment relief to hundreds of businesses, which in turn saved thousands of paychecks of employees of small businesses.

Genisys will continue to focus on meeting the financial and community needs of their members through unsurpassed financial products and services, outstanding quality service, competitive rates, and supporting community initiatives. The employees and volunteers of Genisys appreciate the Best of the Best recognition and look forward to continuing to serve their communities.

Harrison's Design + Furniture makes buying new pieces for your home fun

By Jane Peterson
For MediaNews Group

Sometimes finding the right piece of furniture is all about finding the right interior designer.

Kevin Harrison, owner of Harrison's Design + Furniture in Clarkston and Midland, said purchasing sofas, chairs and accessory pieces should be a fun experience.

"Buying furniture should be about what's right for you and what works for your home," he said.

Harrison explained that since the sofa is the most used piece of furniture in the home, for example, it should not only fit into the home's design, but also be the right fit for the family. He said the furniture manufacturers he utilizes have customized options that go beyond just the selection of fabric.

"We can find the correct seat depth so your feet hit the floor, the appropriate cushion firmness so you can get out of the sofa and the right arm height so you're comfortable while seated," he said.

He and his staff, which includes four designers in Clarkston and four in Midland, work with 150 specialty furniture manufacturers. All have been carefully vetted to make sure their pieces are top quality so that the

Harrison's Design + Furniture's boutique furniture store and interior design studio is a 4,500-square-foot space in downtown Clarkston.

The staff at Harrison's can assist with a furniture purchase, room design or home interior design for renovation projects and new builds.

investment that a client makes in furnishings will last for years. Sofas start at \$1,000.

"The pieces we sell are built well. Since furniture is a representation of your style with considerations taken into account for comfort, you should know what you are investing in," he said.

Customers are welcome to come into the shop and browse. Harrison's Design + Furniture's boutique furniture store and

interior design studio is a 4,500-square-foot space in downtown Clarkston. He and his staff work to make interior design available to everyone, saying that it is a great way to gain a different perspective on your home, see your space in a new light and receive recommendations on how to make your home what you want it to be.

He and his staff can assist with a furniture purchase, room design or home interior design for renovation projects and new builds. The Clarkston store opened in 2008 and serves mostly northern Oakland County and southern Genesee County, although Harrison is available to all in Oakland County.

Harrison's Design + Furniture is located at 27 S. Main St. in Clarkston. For more information, call (248) 625-1655 or visit HarrisonsClarkston.com.

Amidst World Pandemic, Company Shows Why They Are the Best Moving Service

Despite the Coronavirus doing its best to disrupt the lifestyles and everyday freedoms that people used to accept and enjoy as the norm, one “tradition” that it failed to take down or alter is the high level of Customer Service of Professional Movers.com. For the record 8th consecutive year, The Readers of the Oakland Press have voted Professional Movers.com the “Best Moving Service”. The highly coveted award is the standard quality benchmark for identifying the very best service provider in the Moving Industry. The final round of voting pitted a couple of nationally recognized movers against the local company who’s Professional Movers brand is starting to be synonymous with doing things positively different and changing people’s perception about movers for the better. Voting took place via online balloting, where Readers overwhelming selected Professional Movers.com atop other rival moving companies for 2020.

The “Best Moving Service” award comes while the State of Michigan is still under a stay-at-home order. Professional Movers.com is leading along the front lines and operating as an essential service during COVID-19. They are helping customers in situations where they have to move. Amidst the worldwide pandemic, there are people who continue to be displaced without housing or need assistance moving to help them isolate.

“We take are taking our responsibility to protect our team members, our customers, and our community serious. We are here for them and have overhauled our entire approach to continue to be the moving company they can depend on.”, said Andrew Androff, Co-Owner of Professional Movers.com “For 8 years in a row, the community have endorsed our company by voting us Best Moving Service and we are not going to let them down, instead we will do what we do best and implement systems that processes that will improve our customers overall experience, especially at this time when people are scared or uncertain.”

Professional Movers.com is now offering virtual moving surveys instead of in-home visitations. Their Moving Consultants are performing sameday virtual video conference calls with customers. Using Zoom and Facetime type technology, they review everything to be moved, answer customer’s questions, and can provide an accurate estimate in writing. All their movers are receiving staggered shift start times to limit the number of team members at the office at the same time. Once at their office, each team member receives a daily temperature and wellness check prior to beginning a shift to make sure they do not have any COVID-19 type symptoms. All move teams are wearing face shields and rubber gloves on every move. There has even been an increased focus on cleaning the Professional Movers.com offices and interior of moving trucks with CDC approved disinfectants.

Professional Movers.com recognizes that we are all in this together and asking customers to also help do their part to keep everyone safe. They are asking customers to open outside doors and windows to increase air circulation during moves and to maintain a minimum 6’ social distancing from the move team while they are working. If you are planning move or scheduled to move and have experienced any COVID-19 like symptoms, be sure to disclose that information to your Move Consultant.
