Looking for help finding a Young Lady that used to work in the office at the Albion Landfill in 1986.

I know it is closed down now, but she would be approximately 56 or 57 years old now. I know she has a daughter about 34 years old. I was a contractor at the time and had to leave on short notice. My name is Rob Castillo and I really appreciate any information anyone has.

Please reach out to me at (520) 977-0465.
 Thank you.

NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS (NOIRROF)

May 31, 2020

New York State Homes & Community Renewal (HCR)
 38-40 State Street, Albany, New York 12207 • (518) 486-3379

On or after June 9, 2020, New York State Homes & Community Renewal (HCR) will submit a request to the U. S. Department of Housing and Urban Development (HUD) for the release of \$450,000 of HOME funds under Title II of the Cranston-Gonzalez National Affordable Housing Act (NAHA) of 1990, in accordance with section 288 (42 U.S.C. 12838), to authorize Rural Housing Opportunities Corporation to undertake a program known as RHOC HOMEfirst 2019, for purposes of providing funds for the cost of rehabilitating 10 owner-occupied single-family homes at scattered sites in Monroe, Ontario, Wayne, Orleans, and Genesee County with an estimated total project cost of \$595,000.

The 2019 HOME LPA Program will use HOME funds from 2019 awards to fund a variety of activities through partnerships with counties, municipalities and non-profit community-based housing organizations, which are referred to as Local Program Administrators (LPA). Each LPA works within a specific geographic area – usually a county or municipality. The Program provides funds to acquire, rehabilitate or construct housing or to provide assistance to low- and moderate-income home-buyers and renters. Funds must be distributed in accordance with needs and priorities identified in the State's Consolidated Plan.

The proposed activities that are the subject of this Notice are Categorically Excluded from National Environmental Policy Act requirements under HUD regulations at 24 CFR Part 58 (a)(3)(i). The specific LPA Programs that are the subject of this Notice do not constitute every LPA Program that is proposed for inclusion within the 2019 New York State HOME LPA Program. A full listing of the 2019 HOME LPA Programs is available at <http://www.nyscr.org/Funding/Awards/>.

This is the first tier of review in a 2-tiered process. The specific addresses of homes are not known at this time because the participating property owner identification process is ongoing. Therefore, under 24 CFR Part 58.15 (Tiering) and 24 CFR Part 58.32 (Project Aggregation), HCR will use a tiered approach and Tier 2 site specific reviews will be completed for those laws and authorities not addressed in the Tier 1 broad review for each address under this program when addresses become known. No physical work will begin on properties until all levels of environmental review are complete and found to be in compliance. Tier 1 review addresses specific environmental factors for which compliance has been documented, regardless of specific site locations. It prevents repeating the same compliance factors on a Tier 2 site-specific basis, once all participating homeowners are known.

An Environmental Review Record (ERR) that documents the environmental determinations for this Program is available and may be obtained by emailing heather.spitzberg@nyscr.org.

Tier 2 Site Specific Review: The site specific reviews will cover all the laws and authorities not resolved in the broad Tier 1 review as discussed in the ERR that is available for public inspection. Mitigation Measures/Conditions/Permits (if any): Template Tier 2 forms are included in the ERR that is available for public inspection. The Templates include the mitigation measures, conditions and/or permits that will be complied with, if applicable, at each project site that is chosen.

PUBLIC COMMENTS

Any individual, group, or agency may submit written comments on the ERR(s) to Heather Spitzberg, Esq., Environmental Analysis Unit, NYS Homes & Community Renewal, 38-40 State Street, Albany, New York, 12207 via email at ea@nyscr.org. Please note to which LPA your comment pertains in your correspondence. All comments received by June 8, 2020 will be considered by HCR prior to authorizing submission of a request for release of funds.

ENVIRONMENTAL CERTIFICATION

HCR certifies to HUD that Ms. Heather Spitzberg, Esq. in her capacity as Certifying Officer consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the applicable LPA to use Program funds.

OBJECTIONS TO RELEASE OF FUNDS

HUD will consider objections to its release of funds and HCR's certification received by June 24, 2020 or for a period of fifteen days following its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer of HCR; (b) HCR has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR Part 58; (c) the grant recipient or other participants in the project have committed funds or incurred costs not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the following HUD office and sent via email.

Director of Community Planning and Development
 U.S. Department of Housing and Urban Development
 26 Federal Plaza
 New York, New York 10278-0068
Vincent.hom@hud.gov

Potential objectors should contact HUD to verify the actual last day of the objection period.

School bell from 1850 now displayed at Medina HS lobby

By Tom Rivers, Editor Posted 27 May 2020 at on www.OrleansHub.com

MEDINA – The lobby in Medina High School now displays a cast-iron bell that used to ring at Medina's first public school – the Medina Free Academy on Catherine Street. That school opened in 1851. The bell was made a year earlier in Buffalo. When the Medina Academy opened in 1851, it was only the third school in the state to offer free education for students. Most academies then were tuition-based, Lacy said.

The school was knocked down in 1922 and a new school was built there and served as the high school until 1991. When the Academy building was razed in 1922, the bell was stored in the basement of Central School, an elementary school on South Academy Street.

After fire destroyed Central School in 1967, contractor Carl Petronio Jr. was hired to clean up the rubble and discovered the bell. He removed it to storage and recently donated it to the Medina Historical Society. Craig Lacy, former Historical Society president, realized the significance of the 700-pound bell. He contacted Barnes Metal Finishing Company, which restored the bell.

Mark Kruzynski, the Medina school superintendent, is happy to have the bell on display in a prominent location in the high school. The district had a base made to display the bell as part of a current capital project. The base looks like Medina sandstone but is actually cultured stone. The district used similar stone with the upgraded entrance to Vets' Park.

Kruzynski said the bell is an important artifact in the community's public school history. He also hopes the bell can be used in future graduation ceremonies in the high school. Perhaps the bell could be rung to kick off the commencement ceremony, he said. "We wanted it to be seen by a lot of people and also to be protected," Kruzynski said about the location in the school's lobby.

Provided photo: A school bell from the Medina Free Academy is now on display in the lobby at Medina High School.

FRAUDULENT SOCIAL SECURITY CALLS

The Orleans County Sheriff's Office has received several reports recently of people calling Orleans county residents representing themselves as employees of the Social Security Administration. We would advise you to always be cautious and to avoid providing sensitive information such as your Social Security Number (SSN) or bank account information to unknown individuals over the phone or internet.

If you receive a call and are not expecting one, be extra careful. You can always get the caller's information, hang up and – if you need more clarification – contact the official phone number of the business or agency that the caller claims to represent. Never reveal personal data to a stranger who called you.

The Social Security will NEVER:

- Call to threaten you with arrest or legal action if you do not immediately pay a debt, fine, or fee.
- Tell you that your Social Security number has been suspended, or offer to increase your benefits or resolve identity theft problems in exchange for payment.
- Require payment via retail gift cards, prepaid debit cards, wire transfers, or internet currency like Bitcoin, or by mailing cash.
- Demand secrecy in handling a Social Security-related problem, or tell you to make up a story to tell your friends, family, or store/bank employees.
- Text you unsolicited to tell you about a problem with your Social Security number or benefits.
- Email you attached documents containing your personally identifiable information.

IF YOU RECEIVE ONE OF THESE CALLS:

- HANG UP!
- DO NOT GIVE THEM MONEY OR PERSONAL INFORMATION!
- REPORT SOCIAL SECURITY SCAMS AT OIG.SSA.GOV
- REPORT OTHER IMPOSTER SCAMS AT FTC.GOV/COMPLAINT.

Please report any scam or fraudulent calls to following:
The **Social Security** Administration's main number is 1-800-772-1213. You should also **report fraudulent calls**. You can **report** them to the inspector general by **calling** the hotline number or going online. Please Elect
★ CHRIS KINTER ★
for Albion School Board

My motivation for seeking a position on the board of Education is simple: we as a community need to invest in the Albion school district to ensure that every student is fully prepared for the next stage in life. Whether it's support programs to reach their full potential as they move from grade to grade or we're ensuring they're prepared to succeed after graduation, we owe it to our students to give them all their best start in life.

As a board member, you must be open-minded and available to the community you serve. You must be able to see both sides and set aside your personal convictions. You must focus on a comprehensive approach to student achievement today while working on our vision for the future.

In my opinion, the Albion district has made many positive strides under difficult circumstances. There is still work to be done. In addition to academics, I strongly believe we must support students' mental health and stability throughout their education. Let's regain our reputation as an excellent, innovative, rural school district together.

About Me

My wife and I are life-long Albion residents. My daughter is a senior, and my son is in the 8th grade. I am a self-employed. I own and manage businesses and properties in Albion. I serve on the Village of Albion Zoning Board and now the town zoning board.

I've coached little league for 7-12 year-olds for X years. It's taught me a lot and showed me much how kids react to and with adults. The parents in some cases become the challenge. I think as a board member you have to have an open mind and focus on a comprehensive approach to where do you see the school in 5 yrs and beyond.

I am investing in this community for the benefit of the community.

PLEASE ELECT CHRIS KINTER FOR ALBION SCHOOL BOARD.

THE LAW AND YOU

BY NATHAN D. PACE
ATTORNEY AT LAW

HOW TO KEEP DIVORCE FROM THREATENING AN INHERITANCE

Ideally, when children marry, their spouses become beloved members of your family. However, that does not mean you shouldn't consider protecting your child's inheritance in the event his or her marriage ends in divorce. A family trust will can be a powerful tool in this endeavor. This involves the use of one or more trustees (often family members or professionals) to manage your assets and ensure the conditions you set forth are carried out and adhered to after your death. This creates a barrier between your children and their inheritance. Because they do not technically have ownership of their inherited assets, those assets cannot be included in a divorce court's decision making.

You may wish to consult with an estate planning attorney when you create your trust agreement. At the **Law Office of MACK & PACE** our wills and trusts lawyers can help you with everything that comes along with estate planning. We can help you craft a plan that lists your specific needs and intentions. To learn more about setting up a trust, **please call (585)798-1000.**

(585) 798-1000
534 Main St., Suite 6
Medina, NY 14103

HINT: When family trust funds are used to purchase a home, that money could be considered a loan from the trust and would therefore be deducted from the value of the home before division value is determined.

Tips on how to write
CLASSIFIED ADS
that sell!

- 1 USE A KEY WORD.** This immediately tells the reader exactly what you have to sell.
- 2 Make your description CLEAR AND FACTUAL.** State the year, make, model, color & size and tell what condition the item is in. Also, state the special features.
- 3 STATE THE PRICE.** Successful classified advertisers have learned that the price in an ad helps increase the chances for results.
- 4 IF THERE IS A GENUINE SENSE OF URGENCY,** say so. The words "We're moving," or "Must sell fast," suggest that readers respond immediately.
- 5 INCLUDE YOUR PHONE NUMBER.** Classifieds get results fast and often generate immediate sales. If you cannot be available to answer the phone at all times, be sure to specify special calling times such as "after 9pm" or "before 11am."

REDISCOVERING A CREATIVE PAST-TIME

Have you ever had an Adventure you wanted to tackle but it just seemed too complicated? I felt that way about photography for as long as I can remember. In 1987 I was required to take it as part of my Journalism Degree. Cameras required film and we processed images in a dark room with trays, tongs and a red light outside the door so no one would enter the room and risk prematurely exposing the images. Enjoying the creativity, my work managed to score me a passing grade. After college I went into Banking and photography went on the "back burner". I would watch over the years as people would take oodles of pictures never understanding why. Couldn't believe all those photos were really going to be looked at again. When I wanted to remember something, I just looked at it real hard, closed my eyes, took a mental snapshot and filed it away in my brain in that special folder I can't seem to ever find. Fast forward a decade later and a new career requires some photo skills and cameras are now digital. Geesh, things did get complicated! For two more decades when I would write my "things to do" list for the year, at the top of the list was become a better Photographer. Two things held me back. First, I am a bit frugal and investing in a good Camera seemed too big a luxury. Second, it just seemed too mind boggling when I tried to tackle the process. With this Blog I realized I needed to take the plunge. So I asked a Photographer, an Instructor and a Novice what Camera was the best for my price range. For that kind of investment it needed to be the right one. Three decades after my first test of photography I dug into some savings and purchased a beautiful Camera. Now it was time for some lessons. I went to my good friend YouTube and found a free course. Each night was filled with studies and practice sessions. Now every time I head out the door, with Camera in hand, a true Adventure is about to take place. When out and about I take more time to look around and see what the world is offering for inspiration..which I love because like many of you, if I am not inspired, I am not motivated. Yesterday AM I popped out of bed like a Pop-Tart eager for the adventure Me and My Camera were about to go on. Each frame I try to remember the rules and when I arrive home the first thing I do is upload the pictures to see how I did. Many end up in trash, but there are usually a few keepers. There is a long way to go on this Adventure of photography and so much to still learn. We are never too old to retry something that gave us happiness. If there is something you have always wanted to do but the time was not right, when you see that door open, run through it because the joy it could bring might open up a whole new world ready to frame. "Great Photos are Not Taken They Are Made" same with Life.

To see my first AM encounter (you will never guess) and share your inspiring story, visit My Blog live online at <https://www.positiveperksposts.com> and catch up on weekly photo perks and past posts. Like and Share Your Comments. Happy Perks to Everyone!

Truly,

Debbie Burgoon London

Orleans Community Health Wound Care Center

Orleans Community Health Wound Care Center is OPEN and treating patients during this COVID-19 pandemic.

Data has shown that patients suffering from untreated wounds are **20 times** more likely to end up in an emergency room or admitted to the hospital. Our goal is to ensure that patients are treated and do not become in need of hospital admission. **We are here to heal wounds!**

We are taking the following additional precautions to our normal procedures to help protect both our patients and staff during this challenging time:

- The hospital is screening patients and staff entering the facility
- Appropriate screening and use of PPE and CDE guidelines
- Staggering patient appointments to minimize cross-over of patients
- Rooming patients immediately after check-in
- The patient waiting area is being cleaned regularly and patient chairs are placed at a safe distance
- As always, our rooms are thoroughly cleaned

In addition to treating our established patients, we are continuing to accept appointments for **New Patients**.

Hours of Operation:
Tuesday: 8am-4pm
Wednesday: 8am-4pm

In most cases, we are able to scheduled appointments for New Patients within 72 hours from receipt of referral or request.
