1/4 cup cold water

Filling:
1 medium tart apple, peeled and diced
1 cup diced fresh or frozen rhubarb, thawed

1 cup fresh or frozen raspberries, thawed and drained

CBD

By Lori Kleinsmith, Certified Hypnotist

Over the past couple of years I have had people call me about the great results they have had after using CBD. Recently a woman told me about her son who is autistic and how it has

You do not get a "high" from taking CBD. The fact that you do not get a "high" makes CBD a very appealing option for those who are looking for pain relief and

effects may be drowsiness, diarrhea, dry mouth and change in appetite. As always it is best if you consult your doctor before starting CBD oil to avoid any drug interactions.

When buying CBD oil many people prefer using an organic full-spectrum (whole plant) oil instead of an isolate (one part of the plant). Make sure your CBD is high quality and organic. There are many subquality knockoff oils out there on the market. Many oils coming from China. Read your labels and ask questions.

While in the "Yellow Phase" the store will be open Wednesdays and Saturdays 10 to 2. Services will once again be offered when in the "Green Phase". But what is CBD? Cannabinoid, better know as CBD, is becoming a popular natural remedy used for many common ailments.

Naturally accruing, CBD is one of the 104 chemical compounds known as cannabinoids extracted from the flowers and buds of hemp (cannabis) plants. Tetrahydrocannabinol (THC) is the main psychoactive cannabinoid found in cannabis, and causes the sensation of getting "high" that's often associated with marijuana. However, unlike THC, CBD is not psychoactive.

other symptoms without the "high" you get from marijuana or certain pharmaceutical drugs.

CBD oil is made by extracting CBD from the cannabis plant, then diluting it with a carrier oil like coconut or hemp seed oil. The health benefits of CBD oil is backed by scientific evidence and is gaining momentum in the health and wellness world. Some scientific studies confirming it may help a variety of ailments like chronic pain and anxiety. Also may help with reducing acne, alleviating cancer-related symptoms, decreasing inflammation, lowering blood pressure and so much more.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
