Sale Held on Main Street, Westfield, Iowa  
(Bidders & Attendees are advised to remain in their vehicles)

**LEGAL DESCRIPTION:** A part of the SE1/4 of the SW1/4 and a part of the SW1/4 of the SE1/4, Section 26, Township 92N, Range 49W of the 5th P.M., Plymouth County, Iowa.

**GENERAL DESCRIPTION:** In the offering is a very nice rolling Western Plymouth County Farm. What a neat opportunity to have a piece of land located right on the highway and less than a 1/4 of a mile from the city of Westfield. The Hummel family have been great farmers, supporters and friends to the Westfield area for generations. Proud people showing care for their land and reputations, made this piece special. You now have the opportunity to add your family's personal touch to its history.

The Plymouth County FSA Office shows 62.91 Cropland Acres with a 60.74 acre cornbase w/a 113bu. PLC Yield Index and a 2.17 acre soybean base w/a 34bu. PLC Yield Index. The Plymouth County NRCS and Assessors Office show the main soil types to be Ida and McPaul Kennebec w/a small amount of Galva. The weighted average CSRII is 47.

This unique offering so close to town had a water main run to the property years ago in case the Hummel's decided to develop the property. This, along with the care shown to the property for years and the ease of access make this a really attractive property and one you'll surely be glad you own. Thanks and Good Luck! *Bruce R. Brock*

(In case of inclement weather contact Brock Auction Co. for further details.)

**LEGAL DESCRIPTION:** The W1/2 of the NW1/4 of Section 19, Township 93N, Range 45W of the 5th P.M., Plymouth County, Iowa, EXCEPT the West 343.0 feet of the South 318.8 feet of the NW1/4 of said Section 19. (Per Original Government Survey)

**GENERAL DESCRIPTION:** In the offering is a very nice 62 plus acre unimproved parcel of gently rolling Elgin Township farmland. It is extremely rare in this day and age of consolidation of holdings to have a 62 plus acre piece come on the market. If you have always wished you could get started in the wonderful investment world of farmland ownership but didn't want to spend millions, this could be a great chance. Strategically located by Craig, Ireton, Sioux Center, Maurice and Le Mars, you couldn't find a stronger, more ideal setting to own a farm in.

The Plymouth County FSA Office shows 60.45 acres of cropland w/a 32.37 acre cornbase w/a 141bu. PLC Yield Index and a 28.08 acre soybean base w/a 51bu. PLC Yield Index. The Plymouth County NRCS & Assessors Office shows the main soil types to be Galva, Radford and Ida with a CSRII weighted average of 72.5. **These good numbers as well as the care this farm has had should make it a high yielding, productive farm.** There are lots of options with this farm, be sure to give it serious consideration.

Whether this is your start or an addition to your existing operation you won't be sorry if you add this to your portfolio. Remember, all of the big operations at one time or another started out small when someone back in history took that first bold step. Will that person be you? I hope so! Best of Luck! *Bruce R.
