Camp Rainbow will take this year off due to COVID-19

By Tom Rivers, Editor
Posted 3 June 2020 on www.OrleansHub.com

RIDGEWAY – Camp Rainbow is taking the summer off due to the COVID-19 pandemic. The site on Townline Road is owned and operated by the Arc of Genesee Orleans. The summer day camp was founded in 1970. It serves children with and without disabilities.

After careful deliberation and review of the guidance available, Arc officials determined that the safety of our campers and staff would remain a concern if camp were to open. Arc managers also decided that the free-spirited, close-knit experience of summer camp could not be achieved during social distancing. Camp Rainbow was scheduled for July 6 through Aug. 7.

"It just wouldn't be fun or safe," said Jenifer Batt, camp director. "Campers would have to wear masks in the summer heat. We would have to keep everybody 6 feet apart during activities." Camp Rainbow serves children ages 5-21, offering programming that helps campers develop and maintain communication and social skills, fitness, creativity, and leadership.

The postponement is especially unfortunate with Camp Rainbow celebrating its 50th anniversary this summer. Families and funders have been notified of the change for this summer.

Sunday Morning Positive Perks

from your Sassy Small Town Missus

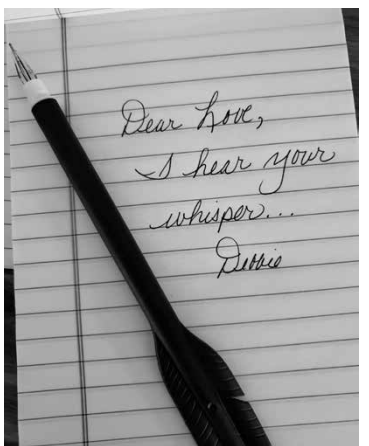

A SONG ABOUT LOVE CONQUERING ALL

So many things going through This Brain this week. Sometimes the Positive is not so clear. Truth be told, I had a special Post ready for this week, but my heart has been tugging me in a different direction. So I will save that Post for next week. Have you ever heard the phrase "The Devil works harder?" Figuratively or spiritually it seems often negativity wants to overpower Positivity. During times of unrest when negative images and rhetoric are working hard, I turn to a certain song. The song is called "Dear Hate" and is a letter to "Hate." The use of this ugly word normally not worthy of an Audience, propels a Positive message in this song. Don't let the name mislead you into believing that it is not about the Power of Love, because it is. This song was inspired by the 2015 Charleston shootings and was first sang one day prior to the 2017 Massacre in Las Vegas at The Harvest Festival. Who knew it would resonate to so many the very next day. It is a song written by Maren Morris and two other Songwriters that has a Powerful Message that spoke to me when I first heard it a couple years back. The first lyric compares "The News to drops of rain that cover us like paint making us fear we might drown in it's pain. Leaves us wondering how the world can keep spinning 'round." An illustration of The Devil working harder to convince us that humankind is heartless. My belief is that while flawed, humankind is nothing but heart. So history is filled with the pain of the Poison Pen, but the song continues on to let this ugliness know that Love's Gonna Conquer All. We can not be fooled by the "looking glass which tries to trick us into believing that Hate is normal," because it is not. If you look through all the "chaos and noise" there is Love. If you look through history, you find Love. Do unto others as you would have them do unto you -The Golden Rule and you will find Love. When life or circumstance brings you down, lift yourself up by showing kindness to others and you will find Love. Misery does not love company, but rather compassion and understanding. Some notables of kindness that stood out to me this week, The Gentle Protester who offered Police water during these times of unrest. They had gratitude and thanked him. Or, the 3,000 Rochesterian's who came together to help out Their Neighbors and Businesses after they fell victim to the Poison Pen of History. Or images of people of all walks of life hugging, supporting and walking together to further change without judgment or malice. That is where you find Love and in THAT spirit Love Can Conquer All. Personally I have to believe that, and that perpetuating pain of any kind is never justified. I hope this song can help heal and may Mr. Floyd Rest In Peace and may We all hold up Peace in His honor. Here is the song https://www.youtube.com/watch?v=nDM9WnFSqew

Building Trades Student Michael Huntington Wins \$5,000 Scholarship

Michael Huntington, a Building Trades student at the Orleans Career and Technical Education Center, has been awarded a \$5,000 scholarship from the Construction Exchange of Buffalo and Western New York. The Construction Exchange is a not-for-profit organization that has served the local construction industry since 1981 and is the largest construction association in Western New York.

Michael, a senior from Royalton-Hartland, will be attending Alfred State College this fall to get his associate's degree in Building and Construction. At the culmination of that, he hopes to secure employment with a construction or development company building homes. He will also decide if he will continue on to complete the four year program in Construction Management while working in the field. His long-term goal is to build his own business designing and building custom homes.

His Building Trades teacher Matt Anastasi says, "I am so proud of Mike and this is incredible news from our new partners at the Construction Exchange. I wish him continued success in all his future endeavors." Michael's mother Nicole Huntington says, "We are so incredibly proud of Michael. Mr. Anastasi has been fantastic and I am certainly confident in saying that he is Michael's favorite teacher."

Michael also took home a silver medal at the Regional SkillsUSA competition in Carpentry. He is an outstanding student!

THE
LAW
AND
YOU

BY NATHAN D. PACE
ATTORNEY AT LAW

CHILD VISITATION: MAKING THE BEST OF A TOUGH SITUATION

People who have been through a child visitation agreement are likely to tell you it was the most difficult thing they have done; however, there are steps that can ease the process when participants are willing to be flexible. First, take into consideration your children's ages and maturity levels and what they need and want from each parent. Factor in their school and social and activity schedules. Once you establish their needs, it's time to look at the work schedules and availability of both parents and the practicality of transfers between homes. Both parents should also commit to honest, civil communications concerning their children and avoid inclinations toward petty impulses that may result from divorce.

The attorneys at the **Law Office of MACK & PACE** are experienced family law professionals who can answer your questions, clearly informing and guiding you through the process. We are committed to helping you formulate goals, set realistic expectations, provide you with options, formulate a case strategy, negotiate from a position of strength, and ultimately be prepared to litigate if reasonable agreements cannot be reached. To learn more, please call **(585)798-1000**.

HINT: It is considered generally wise to include attorneys and possible mediators when creating child visitation agreements, especially when the parties have difficulty coming to agreements.

PLEASE BE SURE TO CALL FOR DETAILS, AS HOURS CAN CHANGE.

HOROSCOPES

• SECOND WEEK OF JUNE •

- ARIES – Mar 21/Apr 20**
Something is stirring in your life, but you can't zero in on what needs to get done at this point in time, Aries. But you will get your focus and be able to zero in on the tasks at hand.
- LIBRA – Sept 23/Oct 23**
Libra, it may take a leap of faith to get to the next level in your career. Instead of taking the safe path, you might need to change things up a bit to ensure action.
- TAURUS – Apr 21/May 21**
A conflict between your personal values and those of a larger group may not make you popular with everyone, Taurus. That is alright, as you need to stick to your beliefs and feelings.
- SCORPIO – Oct 24/Nov 22**
A project that once inspired you, Scorpio, may no longer seem worthy of your time. You're not fickle; you just want to maximize productivity. Something new will turn up.
- GEMINI – May 22/June 21**
Hold your tongue when others ask for your opinion this week, Gemini. You may not be able to take things back once the words are said. Bow out graciously instead.
- SAGITTARIUS – Nov 23/Dec 21**
Love isn't always easy, Sagittarius. Oftentimes you have to work at it to make it stronger. If you're willing to put in the effort, you will reap the rewards.
- CANCER – Jun 22/Jul 22**
Cancer, do not feel bad about caring for yourself this week, even if you must put your needs above the needs of others. How can you help others without first helping yourself?
- CAPRICORN – Dec 22/Jan 20**
Clear and concise conversations will compel others to see your side of the story, Capricorn. You will probably gain a few extra supporters in the process.
- LEO – Jul 23/Aug 23**
It is okay to be skeptical from time to time, Leo. Just do not let negative perceptions bog you down. Realize there are moments when things are right and you can forge ahead.
- AQUARIUS – Jan 21/Feb 18**
This week you will get a chance to express your values in a new way, Aquarius. Convey your feelings with gusto so that you can get the message out to as many people as possible.
- VIRGO – Aug 24/Sept 22**
Virgo, you may have an idea of what your relationship should look like, but it may be built on unreasonable perceptions. Get to the heart of your partner this week.
- PISCES – Feb 19/Mar 20**
How you are feeling inside may be at odds with the way you are portraying yourself on the outside. You don't always have to hide feelings, Pisces.
