THE MOSQUITO SEASON IS UPON US. Not only are mosquitoes a nuisance, but some can carry West Nile Virus. West Nile Virus is spread through the bite of an infected mosquito; although the chances of catching this virus are slim, it is important to take precautions. To protect yourself and your family please do the following: use mosquito repellant in accordance with the manufacturer's recommendations, wear long-sleeved shirts and long pants when working and playing outdoors, and repair damaged window and door screens. In order to reduce the mosquitoes around your house and property you must get rid of all standing water. For more information about the West Nile Virus contact the Livingston County Department of Health at 243-7280.

SPEAK OUT

Dear "Speakout,"

Happy "Independence Day" to everyone. I pray that everyone spent time this year to reflect on what this special holiday means and not to just view it as another day off from work for pleasure.

As we continue our study of the "Declaration of Independence", we come to the portion where our founding fathers decided it was time to separate from England and form our country.

It was decided that we had petitioned England long enough to solve our differences and that it was our duty to ourselves to throw off this tyrannical rule and to provide a government which would provide safeguards for our continued safety and security: "But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security."

We stated that the people of the colonies had been patient long enough: "--Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government." King George III was the King of Great Britain at the time and was a tyrannical ruler who had ignored our petitions of grievances: "The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world."

King George III had refused to approve of many of the laws which the colonies enacted for their public good and happiness: "He has refused his Assent to Laws, the most wholesome and necessary for the public good." The king had forbidden his appointed colonial governors to pass laws until he decided to find time to attend to the matters and eventually neglected to find time to address these issues: "He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them."

The king ignored the needs of large portions of the colonies until the colonists would relinquish the right to be represented as a people and have their views and opinions considered: "He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only."

The king would have his appointed officials hold meetings in locations which were too distant from the colonists and in places where the colonists would find it extremely uncomfortable. These methods were intended to discourage the colonists: "He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures."

When the colonists established governmental locations of assembly and the king decided they were against his authority, he would abolish these assemblies: "He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people."

Lord willing, we will study our the Declaration more next week.

Rabies Positive Bat in the Town of Conesus, Livingston County

According to Livingston County Public Health Director, Jennifer Rodriguez, the New York State Health Department laboratory has confirmed that a silver-haired bat in the Town of Conesus tested positive for rabies on June 30, 2020.

Rabies is a deadly virus that attacks the central nervous system in mammals. It is most often found in raccoons, skunks, and bats in Livingston County. All mammals, including unvaccinated dogs, cats, and farm animals are at risk for getting rabies. There is no way to tell if an animal is rabid just by looking at it. Wild or feral animals should always be avoided. Signs of rabies in wildlife can include:

- inability to walk
- appearance of "drunkenness"
- unwillingness to drink water or eat
- drooling
- aggressive behavior
- any significant change in temperament

All potential rabies exposures should be reported to the Livingston County Department of Health.

Below are important steps you can follow to prevent rabies.

- Stay away from unfamiliar animals, either wild or domestic, even if they appear friendly.
- Thoroughly wash any wound from an animal with soap and water and seek immediate medical attention.
- Avoid wild and feral animals, especially if the animal is showing any sign of rabies.
- Be a responsible pet owner by keeping your pet's vaccinations current. Getting your pet vaccinated can help stop the spread of rabies from wild animals to humans.

New York State Law requires that all dogs, cats and ferrets have current rabies vaccinations beginning at 4 months of age. An unvaccinated pet that comes into contact with a rabid animal must be kept in strict confinement for six months or be euthanized. Free rabies clinics are offered for dogs, cats, and ferrets every year in Livingston County. Clinic dates are available on the Environmental Health website listed below. To accommodate COVID-19 health and safety precautions, pre-registration is required through the online portal or by calling the Livingston County Department of Health.

It is important to be aware of the facts and use caution to protect both your family and your pets. If you have any questions or would like further information on rabies or rabies vaccination clinics, please contact the Livingston County Department of Health at 243-7280 or visit:

He Cares About What You Care About

It almost seems like we skipped Spring this year, going from cold to hot so quickly. One wonderful thing about this time of year is the greenery and the flowers, displaying their colorful garments for all to see.

In Matthew 6, Jesus wanted us to look at flowers (lilies) and consider how they grow, that of their own effort they don't grow and become beautiful. Then He tells us that if God does this for lilies, then we are not to worry about the things of this life, what we eat, or drink, or how we are clothed. Jesus tells us that Father God know we have need of all these things.

What's the bottom line? He, God, cares about all the things you care about. If you are concerned for any of the things of life, and need to connect with Father God, we are here to help you. Give us a call. We'll talk and pray with you.

Inspirations Trail Art on Display through July 31

Pictured is Kelly Recktenwald, Honeyoe Falls-Lima Central School Art Teacher, dropping off student work for the trail.

2020 was going to be the inaugural year for the Livingston County Inspirations Trail, but like many other events this year, the trail had to be postponed. This 90-mile self-guided art tour through Livingston County's nine downtown districts planned to showcase more than 100 works of art, designed by local artists and incorporating inspirational words, in storefront windows.

"The idea behind displaying the art in downtown businesses was to help drive traffic to our Main Streets to support our small businesses," stated Louise Wadsworth, Livingston County's Downtown Coordinator and trail organizer. "Sending people into our communities while our businesses were shut down would have defeated the entire purpose."

Additionally, there was the issue of getting all the artwork during the pandemic. Wadsworth was working with the high school art teachers at seven local districts as well as SUNY Geneseo where students were going to be creating more than 30 works of art. When the schools closed, these pieces were all put on hold.

The inaugural Inspirations Trail has now been rescheduled for May of 2021, but in an attempt to garner interest and participation from additional artists and businesses, a Sidewalk Showcase will be set up through July 31 allowing viewers to see samples of completed art work on display in storefront windows.

"This is sort of a scaled-back sneak preview," said Wadsworth. "I believe that displaying some of the completed artwork will generate more interest in the May 2021 trail. I want people to see that anyone can be an artist! I hope to recruit more people to create works for the May trail, and more businesses to sign up to display the art. With some of our businesses starting to reopen, this July event will encourage people to visit our Main Streets and will also spread some positive and encouraging messages of inspiration, which I think everyone could use right now."

This is the first time an art trail of this scope has been attempted in Livingston County and is part of a comprehensive initiative by Livingston County Economic Development to bring public art to the down towns. Eventually the trail will include permanent pieces such as murals and sculptures. The villages of Mount Morris and Nunda have already completed murals that will be part of this inaugural trail and the villages of Avon and Livonia are in the planning stages for future murals.

Pieces that are on display through July 31 will then be collected, stored, and displayed again next May, along with many more new pieces. Following the May 2021 Inspirations Trail, all works will be available for sale. If interested in creating artwork to be displayed during the May 2021 Inspirations Trail, please visit <https://inspirationstrail.com/for-artists>.

Downtown businesses with a display window can host artwork and be promoted as a stop on the trail by sponsoring the May 2021 Inspirations Trail for \$25. All business registrations received to date are being transferred to the new May 2021 dates. Any businesses that have not yet registered and wish to should visit <https://inspirationstrail.com/for-businesses>.

For more information on the Livingston County Inspirations Trail, visit www.InspirationsTrail.com or call Louise Wadsworth at 585-243-7124.

Luckily, these students had taken their pieces home when school closed and were able to complete them on their own.

Livingston County 4-H Virtual Livestock Auction

Friday, July 17th (6pm) - Monday, July 20th (6pm)

This year's auction will be conducted through the RTI Auction Service, Inc. website.

Interested in purchasing a 4-H beef, lamb, hog, or market birds?

Contact the CCE Livingston County Office at 585-991-5420 | 585-335-1752 or mjlw16@cornell.edu.

AUCTION REGISTRATION & BIDDING INFORMATION:

1. Go to <https://www.teitsworth.com/items/live-auctions/>.
2. Click "Net Auctions" and follow tutorial to create an account.
3. Once auction opens on July 17th, log into your RTI account to begin bidding.
4. You may set a maximum bid on an animal lot and the system will automatically bid for you until that amount is reached. All animals will be sold by the lot and NOT by the pound.
5. Towards the end of the auction, animal lots will begin closing at staggered times. If a new bid is placed on an animal lot during the final minutes, the timer will extend.
6. If you place the final winning bid, you'll be contacted by RTI Auction Service, Inc. to determine which processor you'd like your animal to be transported to (excludes Market Poultry). Payments will be collected through RTI Auction Service, Inc.
7. You'll be contacted by the processing facility regarding the processing of your animal. The buyer is responsible for paying the processor directly for cutting and wrapping. Animals will be processed on July 27th. Processed/frozen Market Poultry lots will be available for pick up at the Hemlock Fairgrounds on July 26th from 12-6pm.

**Animals will not be able to be donated back to the 4-H Program and put back up for resale this year.*

2020 Program Sponsors

Due to COVID-19 causing the cancellation of the Hemlock Fair, the Livingston County 4-H Animal Science Programs are unable to provide their usual sponsor recognition and appreciation at the fair this year. Instead, we are running this full-page advertisement to thank and recognize all of our 2020 sponsors for their generous contributions!

Although there will not be 4-H animal shows or the 4-H market animal sale at the Hemlock Fair this year, members will still have the opportunity to participate in these events virtually. Sponsorships help support the educational efforts of these program areas throughout the year by helping to cover costs of educational events, shows, awards, and the market animal auction.

REAL ID DEADLINE EXTENDED TO OCTOBER 2021: The Department of Homeland Security recently announced that President Donald Trump ordered the deadline for the REAL ID program to be extended by a year due to the COVID-19 crisis. The program requires U.S. travelers to obtain REAL ID-complaint driver's licenses in order to board domestic and international flights.

According to a statement from Chad Wolf, Acting Secretary of Homeland Security, "Due to circumstances resulting from the COVID-19 pandemic and the national emergency declaration, the Department of Homeland Security, as directed by President Donald J. Trump, is extending the REAL ID enforcement deadline beyond the current October 1, 2020 deadline. I have determined that states require a twelve-month delay and that the new deadline for REAL ID enforcement is October 1, 2021. DHS will publish a notice of the new deadline in the Federal Register in the coming days."

To whom it may concern,

June 29, 2020

6-8 months ago I went to numerous town board meetings in search of answers for the condition of the Old Ridge Bar. The current owner and tenant have done nothing over the years to clean the place up. I have been told by the town board that this matter would be addressed, but to no avail has anything been done. My wife and I work very hard to maintain our property and outside appearance to have that to look at out our window and when we want to sit on our porch. To the best of our knowledge code enforcement has not been addressed accordingly.

Thank you,

**Wade &
Sue Snyder**

Please join us for the official unveiling of the
"Greater Nunda Timeline Mural"
 July 11th during our "Nunda Americana Day- Lite."

At 4:00 PM Mr. Tom Cook will give highlights of the development of the mural and significance of the sites, events and people portrayed, in the history of the Greater Nunda Area. Following this, there will be an hour-long Historic Walk visiting historic areas in the village. Participants will observe all required social-distancing practices, as well as any other mandated actions to keep everyone safe. Please meet at 3:30 PM at Kiwanis Park to be shuttled by tractor or wagon to the mural site or - if you prefer not to be shuttled - at 4:00 PM at the Nunda Government Center.

Please bring a mask!
