Duck

A kindergarten teacher handed out a coloring page to her class. On it was a picture of a duck holding an umbrella.

The teacher told her class to color the duck in yellow and the umbrella green. However, Rian, who always does things HIS way, colored the duck in a bright fire truck red.

After seeing this, the teacher asked him: "Rian, how many times have you seen a red duck?"

Young Rian replied with "The same number of times I've seen a duck holding an umbrella."

ARIES (March 21 to April 19) A relaxed mood early in the week could give way to high-temperature disputes. The Aries Lamb should resist being pulled into heated quarrels that could really singe your wool.

TAURUS (April 20 to May 20) Satisfy that practical obligation first, then you can feel free to indulge in your creative endeavors. Also, check for hidden or overlooked areas where repairs might be long overdue.

GEMINI (May 21 to June 20) Home is still the Twins' major focus this week. But outside matters begin to take on added importance, especially those involving possible career moves. Stay alert for signs of change.

CANCER (June 21 to July 22) A travel plan might need to undergo some considerable adjustment because of unexpected changes. Keep an open mind and let the facts guide you on how you want to handle this.

LEO (July 23 to August 22) Playing cat and mouse with a matter you don't really want to tackle wastes time, energy and, most important, an opportunity. Ask someone with experience to help you get started.

VIRGO (August 23 to September 22) A shift in policy might not please you, but before you put up a "no go" wall of resistance, examine the circumstances. You might be quite pleasantly surprised by what you find.

LIBRA (September 23 to October 22) Yesterday's critiques about your methods might have already evolved into today's praise for your achievements. Good for you. Now go on and continue to build on your credibility.

SCORPIO (October 23 to November 21) An occasional temperamental flare-up might occur as you continue to help get things back to normal. Stay with it. You should soon get some idea of where to take things next.

SAGITTARIUS (November 22 to December 21) A negative reaction to what you believe was a well-deserved request might mean that you need to reconsider your position and make changes accordingly.

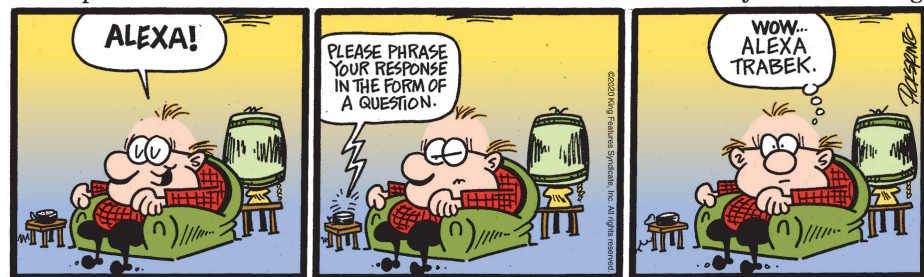

CAPRICORN (December 22 to January 19) There's always room for someone new at the Sea Goat's table. And the someone new this week could bring a message you've been waiting a long time to hear.

AQUARIUS (January 20 to February 18) A pile-on of personal matters this week might seem too overwhelming to deal with. But handling them on a one-by-one basis could have you out from under it by the weekend.

PISCES (February 19 to March 20) A friend might need your good advice regarding a matter. Be supportive. But unless you can be absolutely sure you have all the facts, be careful about any suggestions you might be asked to offer.

BORN THIS WEEK: Few things make you happier than bringing people together and helping to forge new friendships.

PIEDMONT PETS

August 20, 2020
By Paulette Dean

My 16 year-old cat, Becky, has pain in her knees due to severe arthritis. She has been getting shots every 4-6 weeks for almost a year. The relief from pain does not last as long as it used to and there are no permanent solutions to this.

The morning of August 17th, her veterinarian since she was four months old and I had a difficult conversation. We agreed upon a new medicine regimen for ten days and then will re-evaluate.

I knew that the conversation would be a difficult one and I knew I would trust the opinion. Why? Her veterinarian knows that I do not want my beloved cat to be in pain. She knows Becky very well; she spayed Becky at four months, and has also performed four additional surgeries throughout her life.

This is the value of having a relationship with a veterinarian that comes from regular veterinary visits.

One of the best things that a pet owner or guardian can do for their animal friend is to have such a relationship with a veterinarian. Whether people adopt, buy, or are given a pet, the safest action is always to take that animal to a clinic for an examination, updated vaccinations (if needed) and any preventive care that will help that animal lead a long, happy life.

996 South Boston Rd., Danville, VA 24540
Phone: (434) 799-0843

I know that when the time comes, Becky's vet and I will talk and I will cry; she probably will, too.

However, we have a level of trust and that leads to the best decisions for beloved pets.

We urge anyone with a pet to establish a relationship of trust with a veterinary clinic. Visit different clinics and ask questions. Then, make sure that you maintain that relationship through routine visits and annual check-ups.

Years later (hopefully), when the time comes to make a difficult decision, you can be comforted by the fact that two people who love your pet weighed the pros and cons of every avenue of treatment and made the best decision.

\$1 Million Investment Enhances Early Childhood Education at DCC, State

Danville, Va., August 12, 2020 — The Davenport Institute, a three-year, \$1 million grant program at Danville Community College (DCC), concluded this summer on July 31. A total of 174 students completed the program during that time, with 35 graduates coming directly from DCC.

"I am so proud of what the Davenport Institute has accomplished," said Traci Daniel, DCC assistant professor and director of early childhood education. "It has been amazing to see all the support and excitement from everyone involved: Students, providers, stakeholders, community members, and college faculty and staff. A major goal of this program was to increase the quality of care our young children receive and I do believe that was definitely achieved. Students in the program received access to the community college, one-on-one mentoring, direct classroom support, and knowledge to improve their practice. I am excited to see what else is in store for early childhood locally and at the state level."

The Davenport Institute for Early Childhood Development was created in partnership with Virginia's Community Colleges (VCCS) and The Virginia Foundation for Community College Education.

Pictured, from left, are Davenport Institute Director Kim Gregory, Chief School Readiness Officer Jenna Conway, Danville Community College Davenport Fellow Pamela Bucchi, and DCC Assistant Professor of Early Childhood Education Traci Daniel at the annual Virginia Association for the Education of Young Children (VA-AEYC) Conference in early March 2020

Marathon Man

With the August 2nd "Festival of Running" in Wilmington, DE cancelled, there was only one alternative for John Wilt: RUN VIRTUALLY! Southwyck Farms and several Danville city streets and Goodyear Blvd. served up a respectable marathon course for 26.2 miles on Sunday, August 2nd. You can see John's finishing time in the pic and ultimately DE is now wiped from his list of states! What you don't see in the pic is the temp on August 2nd: 92 degrees! Next marathon--#90--will be Billings, MT (35th state) on September 20th. John is hoping that Billings, MT in late September will be on the cool side!

Lemon Meringue Bars

CRUST

1 ½ cups all-purpose flour
 ½ cup powdered sugar
 ½ teaspoon salt
 ¾ cup unsalted butter, 11/2 sticks, cubed, room temperature

LEMON FILLING

3 large eggs
 1 egg yolk, reserve white for meringue
 1 cup granulated sugar
 ½ cup lemon juice
 1 tablespoon lemon zest
 ¼ cup all-purpose flour

MERINGUE

1 egg white
 1 pinch salt
 1/3 cup granulated sugar

PREPARATION

Preheat oven to 325°F (170°C). Grease and line a 9-inch (23 cm) square baking dish with parchment paper and place on a baking sheet.

Make the crust: combine the flour, powdered sugar, salt, and butter in a medium bowl, and use your hands to mix until a crumbly dough forms.

Transfer the dough to the prepared pan, and use your hands to press it against the bottom and about 1 inch (2 cm) up the sides. Poke the bottom all over with a fork.

Bake for 20 minutes, until light golden brown.

While the crust is baking, make the lemon filling: In a large bowl, whisk together the eggs and egg yolk. Add the granulated sugar, lemon juice, zest, and a pinch of salt, and whisk to combine. Whisk in the flour until just combined.

When the crust is done baking, remove it from the oven. Pour the lemon filling over the crust and carefully return it to the oven for 25 minutes, until the filling no longer jiggles and the center is mostly set.

While the filling bakes, make the meringue: In a clean, dry medium bowl, use an electric hand mixer to beat the egg white until stiff peaks form. Add about half of the sugar, whip for 30 seconds, then add the rest of the sugar and whip until combined. Transfer the meringue to a pastry bag fitted with a large tip or zip-top bag with a corner snipped off.

Pipe 9 evenly-spaced dollops of meringue on top of the lemon bars.

Return to the oven for 10-12 minutes, until the meringues are lightly browned.

Let cool completely, then refrigerate for 1-2 hours.

Slice into 9 bars. Serve chilled or at room temperature. Enjoy!
