SPEAK OUT

Dear "Speak Out,"

What is the difference between a statesman and a politician? This is a question we all should be asking ourselves at this crucial point in the history of the United States of America! My purpose is to not endorse or criticize any political leader, but instead to encourage each reader to give thought to this question. It has been said that you should not want a person in leadership in government who volunteers because that person probably desires power and financial gain from their office. Rather, you should seek a person of high moral character who is humble and does not view himself or herself as able to be a good leader.

A perfect example was George Washington. At first he replied that he had served his country all his life and that he had just resigned as Commander in Chief of the Continental Army and that it was time to enjoy his well-deserved retirement. After much encouragement, he agreed to run for President of the United States because he would not turn his back on his country in its hour of need. That is the hallmark of a great statesman.

It seems as if the era of statesmen has passed as I know of few, if any, who meet these lofty ideals which make a fine statesman. Almost all politicians are constantly criticizing others with whom they differ in opinion. Whether it be at election time or while they are in office, it seems that all we who watch the events in our country view a constant barrage of partisan politics and hateful name-calling. This type of politics does nothing to strengthen our country, but rather diminishes the values which the citizens of the United States of America view us as being.

A true statesman focuses on serving the citizens of the United States of America, solving problems and making America a better place in which to live. It seems that political scandals are surfacing continually. Is that what we want the world as a whole to see us as becoming? It has been said that our elected officials are a mirror of ourselves. We elect people who possess the same values as we possess. So before we criticize our elected officials, we should first criticize ourselves for electing them in the first place. Perhaps the most important attribute of a statesman is that he or she is concerned with serving the citizens of the United States of America and in strengthening our wonderful country.

Are the days of statesmen such as George Washington, Thomas Jefferson, Benjamin Franklin, Benjamin Rush, Alexander Hamilton, James Madison, John Adams, Samuel Adams, John Jay, John Hancock, Paul Revere, George Mason, Charles Carroll and Patrick Henry gone forever? I pray that this is not true.

To requote Benjamin Franklin from a previous article "... and we ourselves shall become a reproach and a by word down to future age..." We owe it to our children and their children in the future to become the country which our founding fathers intended us to be. I believe if they were alive today that they would truly wonder as to what has happened to the republic which they created. We should ask ourselves the same question.

A question I often ask myself is, in a country of more than 330 million citizens, are there not any statesmen to run for office? As I mentioned earlier, I am not endorsing or criticizing anyone, but I am simply asking each of us to do some soul searching.

Ron Powell

On behalf of the Bryant Family we would like to thank our community, family, and friends for the successful fundraiser that was held on August 30, 2020 for Lilyana Faith Bryant to help with the purchasing of a handicap wheelchair van for her. We are so fortunate and blessed to live in such caring, compassionate, and loving community.

We want to say a BIG THANK YOU to everyone who donated on the gofundme page, the businesses who donated gift cards and baskets towards the basket raffles, those who sent donations in the mail, bought chicken barbeque tickets, lotto raffle tickets, donated baskets for the basket raffle and for joining in on the fun during the benefit because of all of you we were able to raise all of the money to purchase the van. We would also like to thank those who helped during the benefit to make it run smoothly, and to those who took time to help us sell tickets and go around in the community to get donations. Thank you to Brian Steen for cooking the most delicious chicken barbeque dinner and finally a BIG THANK YOU to Luann and Shane Delavergne for putting this fundraiser together and allowing us to throw the benefit at their home. Without each one of you this would not have been possible, and we are so grateful.

We cannot tell you enough how much we appreciate your support not only for the fundraiser but through all the good and bad times she goes through Lilyana is truly blessed to be loved by so many caring people.

Thank you for the
love and support!
The Bryant Family

On Tuesday, Sept. 15th

VOTE YES

to put

SAFETY 1st

On Tuesday, September 15th, residents of the Town and Village of Mount Morris will vote to decide whether to create the Mount Morris Fire District. This new Fire District would be responsible for handling all fire protection services in the Town and Village.

Currently, the Mount Morris Fire Department is responsible for fire protection services. The Village Government operates the Fire Department (funded by Village taxpayers) and then contracts with Town Government (funded by Town taxpayers) to pay for the service between both municipalities. The cost split between the Town and Village varies significantly from year to year. That means that Town and Village taxpayers aren't paying the same amount for the same service, which just isn't fair.

The current year-to-year fluctuations can create the need for the Town and Village to make significant changes to your property tax rate. It just doesn't make sense to continue in this haphazard way when it comes to something as essential as protecting our communities' families.

If we **VOTE YES** to create the new Fire District, there will be more stability and the tax rate will be fair for all Town and Village taxpayers. The Town and Village will be able to reduce taxes because they won't have to contract for fire protection services anymore, and the new Fire District will be able to implement smart and fiscally responsible long-range planning for capital items (like fire trucks and other needed equipment).

If we **VOTE YES**, we will vote to directly elect volunteer (unpaid) Fire Commissioners to manage the Fire District. If they do a good job, we re-elect them. If they do a bad job, we can vote them out. The important thing is that **WE THE VOTERS** have the final say in directly holding them accountable.

Most importantly, if you VOTE YES, you will help ensure that our community is safe and protected in the event of an emergency.

Polls open 12 Noon-9 PM at the Mount Morris School Gym
