**Simple Principles for a Great Day**

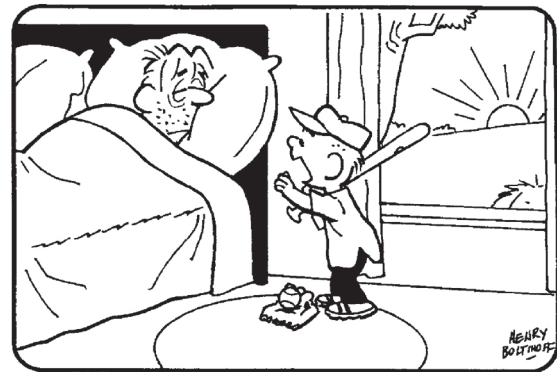

By Dr. Glenn Mollette

Work hard. You feel better and have more money working than if you are doing nothing. Your job is not forever. Visualize the work you want to do and then move your life toward that kind of work. This may require training. Working a low-level paying job in the profession or industry of interest to gain knowledge will help. Be flexible realizing the work you are doing now is preparing you for other opportunities. Working jobs, you don't enjoy will still provide valuable lessons for wherever you want to be later in life. You will also have some money while figuring it out.

Save Money. This is never easy or pain free. Saving money means sacrificing today in order to have some money later in life. Life passes by quickly. Millions of Americans cannot come up with \$5,000 for an emergency. An old rule for saving money is give ten percent away to your church or favorite charity, save ten to twenty percent and live on the rest. Those percentages and numbers can be tweaked to fit your life but the idea of having discipline will help you establish a plan of action. Don't spend more than you make. If your outgo is more than your income then your upkeep will be your downfall.

Keep learning. Training is more available than ever before. Online education is accessible if you have Internet. If you don't try to find your way to the public library. They have computers. Community colleges and trade schools are within financial reach of most Americans. Utilize your time efficiently. Do you really have time to piddle two or three years just taking classes? Make your class time financially reasonable and useful. Online education opportunities have exploded. Taking a class that adds to your skills and life is better than aimless hours of television or social media.

**HOCUS-FOCUS** BY HENRY BOLTINOFF

Find at least six differences in details between panels.

Differences: 1. Rug is missing. 2. Hat is backward. 3. Blanket is shorter. 4. Man's hair is different. 5. Sun has fewer rays. 6. Shrub has been added.

**BIBLE TRIVIA**

by Wilson Casey

1. Is the book of Ephesians in the Old or New Testament or neither?
2. In Matthew 4, Jesus says, "Man shall not live on bread alone," but by what else? Joyful noise, Praise, God's word, Kind deeds
3. What was the aristocratic party of the Jews at the time of Jesus? Pharisees, Reubenites, Israelites, Sadducees
4. In Acts 9, what fell from Saul's eyes when he regained his sight? Ants, Scales, Blood, Salt
5. From 1 Kings 6, who built the first temple in Jerusalem? Samuel, Joshua, Solomon, Aaron
6. What's a sepulcher? Coin, Robe, Tomb, Sermon

ANSWERS: 1) New; 2) God's word; 3) Sadducees; 4) Scales; 5) Solomon; 6) Tomb

Sharpen your understanding of scripture with Wilson's Casey's latest book, "Test Your Bible Knowledge," available in bookstores and online.

Be healthy today. Health, like a retirement account is not something you can put off to another day. Have annual blood work done. Keep moving. Live an active lifestyle. Sitting in a house all day is not good for anyone. Find safe places to walk and move. Eat your vegetables and fruit every day and cut way back on your fried foods and red meat.

Don't give up. As long as you have life you have hope. You may have gone through job loss, divorce, life devastation, disease and more. Here is a word for you today. I believe in the power of a good word applied to a person's life. "For I know the plans I have for you declares the Lord. Plans to prosper you and not to harm you. Plans to give you hope and a future," Jeremiah 29:11. Will this work for you? Prosperity, hope and a future? Take hold of these words and have a great day.

**ARIES (March 21 to April 19)** Although practical situations continue to dominate this week, there's time for the Lamb to indulge in the fun things in life -- like maybe taking a special someone out for a great evening.

**TAURUS (April 20 to May 20)** This week favors relationships. Take time to renew old ones, and make time to go where new friends can be found. On a more practical note, expect news about a business deal.

**GEMINI (May 21 to June 20)** You should be seeing some progress on that new workplace situation. Meanwhile, family matters might demand more attention, and you'll want to set aside time to deal with them.

**CANCER (June 21 to July 22)** A relationship suddenly might present some challenges you never expected. After talking things out, you might want to consider taking some time to assess what you've learned.

**LEO (July 23 to August 22)** A disappointing response to a request might dampen the Lion's spirits. But you might want to ask the reasons behind it. What you learn can be of great importance in a future undertaking.

**VIRGO (August 23 to September 22)** A once-volatile situation should be settled by now, giving you a chance to refocus on a project you've been planning for. Look for an interested party to rally to your support.

**LIBRA (September 23 to October 22)** A business matter that unexpectedly turns into a personal situation could create complications. Best to resolve the matter now before too much harm can be done.

**SCORPIO (October 23 to November 21)** Emotions can run high when they involve personal matters that no one really wants to talk about. But this could be a good time to create the means to a workable outcome.

**SAGITTARIUS (November 22 to December 21)** A positive response to a workplace request could lead the way to other long-sought changes. Congratulations. A personal situation also takes a welcome turn.

**CAPRICORN (December 22 to January 19)** Patience pays off, as that once-overwhelming work situation continues to become easier to handle on a one-by-one basis. Look for positive news from a colleague.

**AQUARIUS (January 20 to February 18)** It might be a good idea to take more time to reassess your next move in working out a complex situation. You could benefit from a new perspective on the matter.

**PISCES (February 19 to March 20)** You might want to consider making time to discuss a change of plans with everyone concerned. Be prepared to explain your actions. Also be prepared to listen to alternatives.

**BORN THIS WEEK:** You have a strong sense of what is right, and you try to work from that foundation. Friends see you as reliable.

There can be no doubt in anyone's mind that low temperatures are harmful for companion animals. Even large, long-haired dog breeds that are meant to live in the cold need to have proper accommodations.

In January of 2018, it was so cold that an attorney in the Virginia Attorney General's office, Michelle Welch, issued the following message to animal control professionals:

"I am getting an astronomical amount of complaints about Animal Control during these frigid temperatures. During this cold snap we are experiencing, a dog with no shelter 'at all' can easily freeze to death. That is a violation of 3.2-6570(A) (ii). Depriving an animal of necessary shelter.... That is cruelty. Any dog should be seized under those conditions.

Moreover, blue barrels or decrepit shelters are not adequate shelter under temperatures like we are experiencing. I have asked Animal Control officers to do the following: give options to the owner: a) owner can bring the dog in to the house (offer wire crates if you have them); b) surrender the dog to ACO; or c) ACO can take temporary custody of the dog (you can charge them a fee for the custody). They don't get to let their dog freeze to death. Leaving a notice is not enough. If they don't want to comply, then you should seize the dog. Under the conditions we are experiencing, the owners can and should be charged with cruelty."

The Danville Area Humane Society would like to add all companion animals are covered by the same minimum

standards of care that dogs are. That means that an owner cannot assume that an outside cat can find someplace warm to survive. Shelter must be provided for each companion animal.

3.2-6500 in the Code of Virginia gives the definition by which shelter is judged. There were changes made in the last General Assembly session. During cold weather, a companion animal's outside shelter must have "a windbreak at its entrance and provides a quantity of bedding material consisting of hay, cedar shavings, or the equivalent that is sufficient to protect the animal from cold and promote the retention of body heat."

In Danville, of course, tethering is not allowed when temperatures are 32 degrees are below, and that is now a state law.

The best time to prepare for cold weather is before the temperatures dip. If you have any questions, we would be happy to answer them for you.

## The Launch Place Adds Another Health Care Startup to Investment Portfolio KinergyCare receives funding from Pre-Seed Fund II to broaden outreach in Virginia.

DANVILLE, VA – September 15, 2020 – The Launch Place, a venture development organization with offices in Danville, VA, and Research Triangle Park, NC, has invested \$75,000 from their Pre-Seed Fund II in Virginia-based KinergyCare.

KinergyCare provides a low cost, patient-centric health care experience through collaboration between technology, health care professionals, patients and their caregivers. The company was started as a passion project by founder Gail Embt, who became the primary caregiver for her mother who was battling Alzheimer's disease. During this time in her life she came to a conclusion that there had to be a better way to help patients manage their health outside of a health care setting.

By connecting with hospitals and Federally Qualified Health Centers (FQHC) KinergyCare identifies qualified Medicare patients and deploys Community Health Workers to assist with care coaching and coordination, which Medicare programs provide reimbursement for. These workers not only assist patients with managing their health, but also help address what are called social determinants of health, such as coordinating needs in transportation or housing. KinergyCare combines this support with a unique focus on health care data collection to better identify and address unmet patient needs. The end result is improved health and a reduction in emergency room visits. This service is a low cost solution that many hospitals and other care providers cannot currently offer patients.

"Our goal is to be an extension of a practice," said KinergyCare CEO Arthur Spivy. "We hire within the local community to better identify with and support patients in their area. Our unique local focus includes supporting hospitals and Federally Qualified Health Centers in the same area, creating a natural synergy of addressing patient issues early enough that we can reduce emergency room visits significantly." Currently, KinergyCare is serving more than 200 patients in Southwest Virginia and has hired a team of six staff from that area.

The Virginia Department of Health (VDH) recognizes the work Community Health Workers do to bridge the gap between the health care system and members of the community. The Virginia Community Health Worker Advisory Group, which Spivy serves on, has been working over the past several years to build educational tools and other resources to effectively sustain the Community Health Worker workforce in the state.

"The work of expanding this valuable network of individuals within the commonwealth's health care system has been a great collaborative effort between the health care community and private sector partners," said VDH Health Director Dr. Scott Spillmann. "The number of patients in our communities that qualify for Medicare reimbursement is a driving force behind the workforce development and health care policy recommendations." By tapping into these underutilized resources within communities, KinergyCare's care coordination solution has the potential to serve a network of 32 million patients nationwide.

With the investment from The Launch Place, KinergyCare hopes to continue building their workforce by training more Community Health Workers, expand their network of health care providers and developing a pilot program in the Danville region that offers additional support services, such as additional support services for Medicaid recipients. The team hopes that their pilot program will act as a model for the rest of the Commonwealth of Virginia as KinergyCare works to expand across southern Virginia and potentially into North Carolina.

"Start-ups in the health care industry like KinergyCare have offered strong investment opportunities for The Launch Place in the past," said President and CEO of The Launch Place, Eva Doss. "We helped our investment portfolio companies focused on health care, health tech and medical devices facilitate introductions to local and regional hospitals, as well as other investors throughout the Southeast. We are keeping our eye on KinergyCare and hope to be able to carry on investing in the future as they achieve their expansion goals."

While KinergyCare is primarily a virtual company at this time, according to Spivy the company hopes to set up a hub office in Danville. Their team holds virtual meetings daily to discuss ongoing work and problem-solve. "Every day during our meetings we discover a big impact that a member of our team has made with a patient, including a number of exceptional efforts that probably saved someone's life," said Spivy. "This is a heartwarming and much needed service."

## Danville Community College Hires New Vice President of Workforce Services

Danville, Va., September 11, 2020 – Danville Community College (DCC) welcomed its new Vice President of Workforce Services, Brian Jackson, PhD, CWDP, this week.

Dr. Jackson joins DCC from the Southern Virginia Higher Education Center in South Boston, where he worked as the Director of Workforce Training.

Originally from Buffalo, New York, Dr. Jackson holds a Bachelor of Business Administration from Averett University, a Master of Education and a Doctoral Degree in Human Behavior from Capella University, and he recently obtained a Mini-MBA from the University of Richmond.

Dr. Jackson also holds certifications in DiSC Personality Profiling, LIFO Method and Lean Six Sigma and was recently awarded his Certified Workforce Development Professional credentials.

"Having worked for a community college organization in the past, I am excited to return to my foundation and build the same sense of synergy I had in my previous position," said Dr. Jackson. "DCC offers the community so much and I look forward to providing the guidance to deliver to the community many great opportunities to enhance the city and the region."

Dr. Jackson's first day on the job was Thursday, September 10, and his experience so far has been a pleasant one.

"DCC offers a warm and welcoming feel that embraces you when you first walk on campus," said Dr. Jackson. "From the staff to the facilities, DCC is a gem in the region."

*Danville Community College is a two-year institution of higher education under the state-wide Virginia Community College System. DCC's service area includes the City of Danville, Pittsylvania County, and Halifax County. **Recipes**

**Cheeseburger Soup**

- Ingredients**
- 1 pound lean ground beef (90% lean)
  - 1 small onion, chopped
  - 1-3/4 pounds potatoes (about 3-4 medium), peeled and cut into 1/2-inch pieces
  - 3 cups chicken broth
  - 1-1/2 cups whole milk
  - 2 medium carrots, shredded
  - 1 celery rib, finely chopped
  - 1 tablespoon dried parsley flakes
  - 1/2 teaspoon salt
  - 1/2 teaspoon dried basil
  - 1/4 teaspoon pepper
  - 1 package (8 ounces) process cheese (Velveeta), cubed
  - 1/4 cup sour cream
  - Chopped fresh parsley, optional

**Instructions**

In a large skillet, cook beef and onion over medium heat until beef is no longer pink, breaking up beef into crumbles, 6-8 minutes; drain. Transfer to a 4- or 5-qt. slow cooker. Add potatoes, broth, milk, carrots, celery and seasonings. Cook, covered, on low until vegetables are tender, 7-9 hours.

Stir in cheese until melted. Stir in sour cream. If desired, sprinkle with parsley.

\* If you are looking after baby kittens that are bottle feeding, when you handle the kittens, wear pants and long sleeves. Tiny kitten nails are like razor blades they are so sharp! And of course, they love to climb up on you to get your attention.

\* "While my family is still participating in virtual learning, it's important that we recognize some structure. This means preparing -- or at least planning -- lunch meals ahead of time. Our house is small, and one of us is near the kitchen. This saves us two to three periods of someone banging around in the kitchen being disruptive." -- E. in Florida

\* "Want to be more organized in your home cleaning? It seems many people want to have a cleaner, more organized home but get overwhelmed when putting it into practice. Start by creating a cleaning schedule that breaks down jobs into a list incorporating tasks to be done daily, weekly and even monthly or quarterly. It takes the 'if I can't do everything I'll just do nothing' factor out of play." -- J.M. in Pennsylvania

\* A bathroom squeegee can help eliminate water spots before they form on your shower doors. Hang one in your shower.

\* If you haven't worn an item in six months (of its seasonality), it's time to let it go. That's been the Golden Rule for as long as I can remember. I was asked recently, Does it apply this year? I think now, like always, is a good time to look critically at your overall summer wardrobe, but I would add "opportunity" to the caveats. Meaning, if you haven't worn it because you have not had an opportunity you otherwise would have had, save it. Those work clothes will be important again! -- JoAnn

**Brighten the Holidays!**

The Community Holiday Light show focuses on community involvement, and this is the perfect year to show your neighbors we all have reason to celebrate!

This year's event will run from Dec. 9 - 25 and organizers are asking everyone to get involved. Acceptable decorations include store-bought lights and displays as well as homemade displays.

Organizers hope to make this the brightest event yet. There is no cost to enter a display. Entries are eligible to earn designation as best-in-show. A portion of the gate fees will be donated to the winner's nonprofit organization of choice. To enter a display, contact Danville Welcome Center at 434-793-4636.
