RADON is a cancer-causing radioactive gas that you cannot see, smell or taste. Radon is produced in the soil and moves upward to enter your home through the foundation or with groundwater from a well. The only way to know if you are at risk is to have your home tested for the presence of radon. The Livingston County Department of Health recommends that all households be tested for radon levels, and can provide free radon test kits to Livingston County residents who own a home. If you would like more information on radon or to request a radon test kit, please call 243-7280.

SPEAK OUT

Dear "Speak Out,"

This week we continue our study on how to "make America great again". Again I want to emphasize that this article does not promote or criticize anyone or any political party but rather will express my opinions regarding this concept.

As I mentioned last week I believe that this slogan needs to be renamed "**With God's Help We Will Make America Great Again**".

This week we look at what our government can and should do to "make America great again". The first thing we need to ask ourselves is do we believe in our Pledge of Allegiance when it says "one nation under God"? Until we understand this concept, we cannot truly understand that God is in control and that we need to ask Him for His assistance to help us "make America great again".

A high level American leader, preferably our president, must make a speech to the American people repealing the statements of defiance which were made by government officials in 2001, 2004 and 2012 as I mentioned last week. Election campaigning this year has continued with the concept that we can "make America great again" in our own power. This needs to stop!

Our local, county, state and federal governments need to control their spending by balancing their budgets. We cannot indefinitely continue to borrow and spend over and above our income. We need to begin paying down our national debt as our constitution requires our country to pay all our debts.

The President needs to appoint and the United States Senate needs to confirm new conservative Supreme Court justices. Then the United States Supreme Court must begin ruling on cases according to our wonderful constitution and not on their personal biases.

We must reverse Roe vs. Wade, allow the Bible and prayer to be reintroduced into our public school and place the Ten Commandments back into our public buildings. The White House, United States Senate and House of Representatives must stop their divisive arguments and begin to do what we elected them to do – serve we American citizens.

Our federal government must begin to understand that its primary purpose under our constitution is to protect America from aggression and regulate commerce. It was not created to enact legislation which spends countless billions of dollars on boondoggles. We are a representative republic in which our elected officials are responsible to we Americans.

They must begin responding to us when we contact them regarding our concerns and wishes. It seems that once they are elected, they forget who voted them into office until the next time election day rolls around. Every year each elected official must be required to listen to the United States Constitution being read aloud and reaffirm their vow to uphold it. They seem to forget what this wonderful document says and what they swore.

Considerable effort has been made to bring American industry back to the shores of America. This must continue if our economy is expected to continue and not crash. Another area which has recently been addressed in the "Patriotic Education" initiative is to return true and accurate history back into our public school textbooks and classrooms and not the historical revisionism which our public schools have taught for generations. There are many, many more areas in which our government can become involved to "make America great again" but I will leave that for your reflection.

Next week, Lord willing, we will address our responsibilities.
 Ron Powell

In Honor of

ROGER D. YENCER

Age 72 of Mount Morris, NY, died peacefully on Friday September 25, 2020 at the Guthrie Robert Packer Hospital in Sayre, Pennsylvania. Roger was dedicated to both his country and his hometown of Mount Morris where his vision, determination, and his ability to drive community support led to the construction of the Mount Morris Veteran's Park on Main Street. People come from all over and some just have to stop as they are driving by to view what has been created by our community. Roger, for many of us, will always be the man with a vision and determination that worked to create one of the most admired Veteran's Parks in one of the most patriotic communities in the country.

GOOD NEWS FROM JOE

"Everyday my Father is working..."
(Jn 5:17 tPt)

Joe did not realize, that Saturday, that God was at work, and had His eye upon him (Joe) to bring about an encounter with the living God. As we talked with Joe, we sensed something was wrong. When we asked, we found out he had been diagnosed with brain cancer. His biggest concern was his family and how they would get along without him.

He agreed to let us pray for him. We called on the name of the Lord and cursed the cancer in the name of Jesus. The following week, the cancer doctor told Joe the cancer was miraculously gone.

What can we learn from this miracle/healing?

1. God knows who you are and what's going on in your life. He cares and that's good news.
2. God is always at work and you may not even know it. That's more good news.
3. The name of Jesus and the power of God are stronger than cancer. That's great news!!

We have seen many healed.
Give us a call and we'll come pray for you.

Positively Livingston

Livingston County Officer Promoted

On September 17th 2020 in the afternoon Jail Division briefing, a ceremony was held for the promotion of officer Aaron Galvin from Sergeant to Captain.

The ceremony had been set back due to COVID restrictions with the effective date of his promotion as June 1st of 2020.

Captain Galvin is tasked with being the Deputy Superintendent of the Livingston County Jail and leading both Divisions of the Correctional Services Bureau; the Jail Division and the Court Security Division.

Captain Galvin was hired part time with the Livingston County Sheriff's Office in August of 2000 and later earned a promotion to full time in October 2000. Deputy Galvin was specifically assigned to the Court Security Division of the Correctional Services Bureau. In 2012, he was promoted to Corporal and later in 2013 was promoted again to Sergeant in leading the Court Security Division.

Captain Galvin also has additional duties as the Commander of our Quartermaster Unit, the Jail Division accreditation manager, as well as the Jail Division training and the inmate grievance coordinator.

(pictured is Captain Galvin receiving the Deputy Sheriff-Captain Oath of Office by Sheriff Dougherty)

Captain Galvin is also assigned to the SWAT Team as an operator, as a sniper and as the Sniper Team Leader. Additionally, he is the Commander of the Sheriff's Office Firearms Unit which provides firearms training for our entire Office.

Captain Galvin instructs the Sheriff's Civilian Firearms Safety Class and instructs Civilian Response to Active Shooter Events (CRASE), among many other courses.

A lifelong resident of Livingston County, Galvin graduated from Mount Morris Central School in 1994, then attended Genesee Community College where he studied Criminal Justice.

Aaron had always been impressed with the Deputy Sheriffs serving his community and this is what drew him towards a career with the Sheriff's Office.

Please join us in congratulating Captain Aaron Galvin on this well earned promotion!

October 4th-10th is Mental Illness Awareness Week

You Are Not Alone. Let's Raise Awareness and Educate.

One in five adults experience mental illness every year, and 50% of chronic mental illness begins by age 14. Although many people today understand that mental illness is a medical condition, there are too many myths surrounding mental health conditions. The Livingston County Department of Health is asking everyone to become informed to help dispel the harmful myths surrounding mental illness and increase acceptance in our communities. Those who suffer from a mental illness need to know that they are not alone by giving social support and encouragement from family and friends.

Mental health conditions are important to discuss year-round but highlighting them during Mental Illness Awareness Week (MIAW) provides a dedicated time for mental health supporters to come together as one unified voice. This week also coincides with additional mental health observances:

- **October 6th is National Day of Prayer for Mental Illness Recovery and Understanding**
- **October 8th is National Depression Screening Day**
- **October 10th is World Mental Health Day**

These observances come at a time when our daily lives have changed considerably as a result of the COVID-19 pandemic and for people with mental health conditions, many are experiencing even greater social isolation than before. The mental health community must come together and show that no one is ever really alone.

To learn more about mental illness, visit www.nami.org. The Livingston County Department of Health, Center for Mental Health is a local resource available to you. Licensed professionals are available to those in need Monday-Friday by calling 585-243-7250.
