GET YOUR FLU SHOT!

Receiving your flu shot has never been more important as we await the upcoming fall and winter seasons. Local convenient stores such as Walgreens and CVS offer free flu vaccinations. We do not want to overwhelm our heroic healthcare workers by having them treat patients with the flu in addition to patients that contracted COVID-19. If you can, please consider taking someone you know with you when you go for the flu vaccination. If you need a face covering, please stop by our office to pick one up.

NYC DOT STREET WORK PERMITS

Readers, as your District Manager, I would be remiss if I did not use this column to make you aware of ways on how to retrieve publicly available information. My office fields many inquiries weekly about road work occurring in our neighborhoods. As you know, any road work requires New York City Department of Transportation permits. All permits are publicly available on the "NYC Streets Permit Management System" which can be found at <http://nycstreets.net/public/permit/search>. On this website, you can search by address, intersection and/or community district. I understand that navigating this website can be difficult on the first attempt. However, my office staff is available to help you at your earliest convenience so that you can use this valuable resource. To be sure, some permits are not actively available on this website as there are instances where, for example, Con Edison is performing emergency work. In these instances, you should always contact my office at (718) 892-1161 with any questions.

DEVELOPMENT IN OUR COMMUNITIES

Not a day goes by where I do not actively search the City of New York's Department of Buildings website on residential and commercial development trends in our communities. If you ever have a question about a construction project near you, please feel free to call me at your earliest convenience. As your District Manager with our Housing and Zoning Committee, it is our role to ensure that developments fit into the context and character of our neighborhoods and to maximize vehicular and bicycle parking spaces wherever possible at these new developments.
