Danville Public Schools Names New Superintendent

Danville, VA - Dr. Angela Hairston was appointed as the next superintendent of Danville Public Schools at today's school board meeting. Her new position will be effective December 1, 2020. Hairston has over 30 years of experience working in public education in Virginia, Georgia, and North Carolina. She has served as Superintendent for Winston Salem/Forsyth County Schools in North Carolina since 2019 and previously served as Superintendent in Augusta, Georgia. Much of Hairston's early career was spent in Danville Public Schools as a math teacher, assistant principal and principal.

"I am honored to be selected as the next superintendent of Danville Public Schools," said Hairston. "I am excited to have this opportunity to work collaboratively with the school board, staff and the community in Danville."

Crystal Cobbs, chair of the Danville City School Board, believes Dr. Hairston will be a great fit for the division. She stated, "We welcome Dr. Hairston to Danville Public Schools. Her leadership and experience will be an asset to the division and community."

Hairston earned a Doctorate in Educational Leadership from Virginia Tech, a Master of Arts in Secondary School Administration from Hampton University and a Bachelor of Science in Mathematics and Business Management from Averett University.

The Virginia School Boards Association (VSBA) assisted the school board with the superintendent search process.

CITY SHARES COVID-19 SAFETY GUIDANCE FOR HALLOWEEN

The City of Danville urges residents to start planning now on ways to protect themselves and others this Halloween in light of the COVID-19 pandemic.

The Virginia Department of Health (VDH) has designated both trick-or-treating to a large number of houses and large gatherings to be high-risk activities. It encourages people to continue wearing masks and practice social distancing from those that do not live in the same household.

Also, the U.S. Centers for Disease Control and Prevention (CDC) encourages households to prepare individually wrapped goodie bags and to place them in the yard or driveway for easy grab-and-go. The agency discourages traditional door-to-door trick-or-treating, communal candy bowls and indoor parties.

"Some activities pose higher risks than others," City Manager Ken Larking said Friday. "While the City of Danville cannot 'cancel' trick-or-treating, we ask our residents to stay healthy and safe during Halloween."

In general, the more closely those participating in Halloween activities interact with others, and the longer that interaction, the higher the risk of COVID-19 spread.

For people who are more likely to experience severe illness from COVID-19, Dr. Scott J. Spillmann, director of the Pittsylvania-Danville and Southside Health Districts, says celebrating virtually or with members of their household may be the safest way to enjoy the holiday.

"Some people, especially those at higher risk for illness, may choose not to participate in Halloween festivities this year," Spillmann says.

The Virginia Department of Health recommends NOT trick or treating in large groups or outside your neighborhood, and NOT holding indoor haunted houses or other large Halloween parties.

Citizens should consider alternative activities such as decorating your living space, carving pumpkins with people who live with you, or having a virtual Halloween costume contest.

Danville Parks and Recreation has canceled the annual Monster Market Mash at the Community Market. However, it will hold a Halloween Costume 5K Run and a Kid's Pumpkin Run. The event will be held on Oct. 31 at the Carrington Pavilion. Runners are encouraged to wear a costume during the run to be a part of the costume contest after the race. Registration is required.

CITY TO OFFER FREE BUS SERVICE ON ELECTION DAY

The City Council on Tuesday night voted to authorize Danville Transit to offer free bus service in the city on Election Day. The free service is to encourage interested persons to vote by removing transportation as a barrier.

The service will be provided for all Danville Transit operations, which include fixed-route and reservation-based service. Fixed route service reaches a majority of polling locations. The reservation-based Reserve A Ride is a door-to-door service.

In other matters, City Council voted to:

Acquire parcels of Stokes, Paxton and Lee streets. The acquisitions will allow for improvement to the streetscape along parts of the boundary of the Monument-Berryman Redevelopment area.

Appoint Faye Brown and reappoint Vanessa Cain to the Danville Redevelopment and Housing Authority board.

Reappoint Courtney Nicholas and Andrew Hessler to the River District Design Commission.

Amend the budget to include a \$91,550 federal grant for use in establishing a program for proactive police response to prevent domestic violence.

These matters took place during the Council's business session. Also during the business session, Mayor Alonzo Jones recognized the City of Danville's Treasurer's Office for achieving accreditation.

* "Use a permanent marker to put your initials on your charging cord. They all look the same, especially if they are white. This way you will know if someone -- say, your sister -- takes your cord!" -- V.V. in Georgia

* "I use Milk of Magnesia on a cotton ball applied to my toes to ward off itchy feet from athlete's foot or whatever causes itching. I just apply it when I get out of the shower, and it dries before I put socks on. It really works!" -- E.L. in Kentucky

* "An online grocery order mistake landed me with way too many bananas. In addition to banana muffins and breads, I sliced and froze a few bananas to use in smoothies, and mixed mashed bananas together with some other fruit pieces to make a sorbet of sorts." -- Y.D. in Arizona

* When painting, most people know to place a roller in a plastic bag to keep it moist between paint sessions. An added layer of protection is to then stick the roller (in the bag) inside a Pringles chip can. It's the right size, and it can keep it safe until the next day.

* "When my curly curly hair gets the frizz, I use a sheet of fabric softener to take the static electricity out of it. This works so well that in the winter, I keep several in my purse." -- P.M. in Michigan

* Childproofing in a pinch: Slip a thick sock over a doorknob, and secure with a rubber band. Little kids will have to work much harder to grip and turn the doorknob, and it can help keep kids from opening doors.
