## The seventh annual *Reading Eagle* Readers Choice has wrapped up, and we're ready to announce the winners!

First, we'd like to thank our readers who nominated and voted for the businesses. And we'd like to congratulate all the winners. Winners are businesses which received the highest vote total in each sub-category.

Winners were decided based on the number of votes they received from our readers, making this a true Readers Choice contest.

Votes were placed by the very people who shop at these stores, dine at these restaurants and patronize these businesses.

Votes were placed by ballot at [ReadingEagle.com/Readers-Choice](http://ReadingEagle.com/Readers-Choice) or a paper ballot published in the *Reading Eagle*.

We invite you to visit the winning businesses and see for yourself what everyone is talking about!

the movement and "Powered by O'Pake" has become a CollegeTowne slogan.

Another significant development has been the hiring of Dr. Rodney Ridley to lead the new O'Pake Institute and its signature offering, a student-centered business incubator. Ridley comes to Alvernia after five and a half years as head of Wilkes University's Allan P. Kirby Center for Free Enterprise and Entrepreneurship. He also holds 27 patents, is an intellectual-property expert, has been a professor of engineering, helped redevelop the engineering programs at Wilkes and launch the new engineering programs at Alvernia, and has been active in a range of engineering-related projects in the private sector.

Though Alvernia won't move into its new downtown home until sometime in 2021 at the earliest, Ridley said the business incubator is open for business. "Most businesses need help, especially with the devastating effects COVID-19 has placed on small businesses," he said. The incubator is well suited to help business face challenges like how to retain customers, reach new markets, structure a new corporation, build a website or create a company logo.

Since March the business incubator has served over 30 clients and will continue to assist in the economic recovery and expansion of Reading, Berks County and the greater Southeastern beyond.

*Thank you to all of our loyal customers for voting us Best Sports Bar and Best Wings.*

Located in northeast Reading, The Pike Café is a cozy, comfortable neighborhood bar and restaurant.

The Pike Patio on Moss offers yet another way to enjoy Pike Café's great food. The patio, which holds 150 guests between the bar and the outdoor dining areas, is open year-round, and is heated for football season. Patrons have their choice of 54 flatscreen TVs, indoors or outdoor.

Owner Mike Pullano has been

expanding The Pike Café since he bought it in 1985 when it was a corner bar.

We turned it into a happening little place, Pullano said. "We were the first ones in Berks County to have a wing night."

The Pike Cafe is also known for their award winning burgers. What makes their burgers different is a combination of Angus beef, and a ground brisket blend.

They run a burger special everyday, and their most popular burger is called Breakfast on a Burger which includes a sunnyside-up-egg, peppers, bacon and provolone cheese. In addition to the Angus burgers, The Pike offers Bison and Kobe Burgers.

# Uncle Jack's Corner

## UNCLE JACK'S CORNER

**101 West 1st Street  
Birdsboro, PA 19508  
610-750-2877**

Jack and Denise Bennicoff are the proprietors of Uncle Jack's Corner located in the old passenger train station at 101 West 1st Street Birdsboro, Pennsylvania.

Since the age of 18, Jack had dreamed of opening a Breakfast and Lunch restaurant. In October of 2017, an opportunity arose and Jack and Denise both quit their jobs and set on the journey together. It took an entire month to scrub, clean, paint and fix the old train station. On November 6th 2017, the Bennicoffs opened the doors to their small Mom & Pop restaurant.

***Uncle Jack's Corner is  
opened Tuesday through  
Sunday from 7am-3pm.***

Each morning, Jack cooks up their Homemade Creamed Chipped Beef (which sells out each day) while Denise starts the daily Homemade Soup. With the help of social media, they post their Soup of the Day as well as any Special they are running for that day.

Now for the Burgers. Uncle Jack's Corner only uses 100% Fresh, never frozen Angus Beef, which they serve on soft Kaiser Rolls.

***This is the SECOND YEAR  
IN A ROW that Uncle Jack's  
has won the Readers Choice  
Award for Best Burgers.***

Their best-sellers are the California Cheeseburger and the Mushroom Swiss Burger.

There are many other Burgers & Sandwiches available, but don't forget to order a side of Fresh-Cut Fries (they are the best) Their Salads are generous and Always Fresh and the breakfast menu is available from open to close.

The Bennicoffs are very involved with their community. They have sponsored blood drives, paint nights, donations, and many fundraisers. The Birdsboro community and Patrons have truly embraced Uncle Jack's and strongly supported them during the Pandemic. Jack and Denise wholeheartedly believe that they have the Best Customers and could not be more grateful for each and everyone of them. Together with their staff, they will continue to have a very Family-Friendly restaurant with great food served with a smile.

Bachman's Roofing, Building & Remodeling is proud to be recognized as "Best Exterior Home Remodeling Contractor" by Reading Eagle Reader's Choice Award. For over 48 years, our company has been widely recognized as one of the most sought-after total home improvement contractors in the central Pennsylvania area.

"It is such an honor to be recognized by the readers of Reading for an award that showcases the quality work that we do for our clients," said President and Owner Eric Bachman. "When we expanded our service offerings from roofing to include home remodeling, we put the work in to become experts in the field. Our

customers often give us a call to let us know of their satisfaction in the projects we take on for them and refer us to their friends. There is no greater compliment!"

We take clients through a simple and convenient six-step process. During the initial call, we gather all of the information we need to set the project up for success, proceeding with an on-site consultation. Our estimator will then determine the scope of work needed to complete the

job, clearly outlining findings and details to the homeowner. The estimator will itemize each portion of the scope of work, charges, and any other pertinent project details. Once accepted, the homeowner receives the contract. While we ask for a deposit to move forward with the project start date, we gather all permits needed. The final step is installation! We strive to make the entire process as smooth as possible for all our clients!

Since opening their first showroom in 1985 in rural eastern Lancaster County, Martin's has grown into one of the region's largest flooring stores. Owners Mike and Barb Martin have guided the growth of Martin's Flooring into three retail stores, a flooring outlet, an industry-leading commercial flooring division, and a floor cleaning division too. The Martin's attribute their growth to their unwavering commitment to exceed customers' expectations.

"At the end of the day, if we aren't providing our customers with a pleasurable buying experience, and if we don't make that experience about them, not us, it won't matter how many square feet of flooring you have in your showroom. People will go elsewhere," said Mike. "From day one our goal has always been doing whatever it takes to satisfy customers. Our employees have learned over the years that we take our Mission Statement seriously. They in-turn make it their mantra also, so that

this principle that Barb and I started with, continues each and every day," he says.

In November 2014, the Martin's opened their Wyomissing store located next to A to Z Vacuum at 350 North Park Road, Wyomissing. "The timing was right for our move into Berks County," Mike says. Prior to the Wyomissing store opening, Martin's had already built a strong customer following from Berks through their Fivepointville store.

Martin's branding statement, "We Install Confidence" is not just words to them. "Installing Confidence starts the moment the customer walks into one of our showrooms, visits our website, or calls our store," he said. "It does not end until we have completed the project to the customer's satisfaction, not ours. That is how we install confidence."

**Skin Solutions MedSpa****4239 Penn Avenue, Ste 7, Sinking Spring****610-370-7000****[www.skinsolutionsmedspallc.com](http://www.skinsolutionsmedspallc.com)**

Formerly called jsMEDSPA, co-owner Julie Stubler was informed on March 3rd, 2020 that she needed to be out of the 3855 Penn Avenue location due to demolition of the lower level where the Medspa was located. On March 4th, Stubler and her husband Brian Stubler secured a new location down the street and renovations for Skin Solutions MedSpa were underway. Covid-19 hit and ceased all operations of personal services. This allowed plenty of time to refine the details of the new space.

Julie Stubler, a 35 year industry professional and 26 year award winning educator in esthetics was excited for the opportunity to own and operate her own MedSpa. Having control of every decision allowed for her to create a chic and modern workspace.

Lisa Kozub, a 12 year licensed skin care professional (and close friend of Stubler), joined the new venture and together they offer an outstanding list of advanced skin/laser services, anti aging and acne treatments for men, women and teens. Known for their acne expertise, they offer treatments for clearing teen and adult break outs, especially athletes and dancers.

Both Stubler and Kozub are certified in laser services such as hair removal of the face and body, reduction of acne scars, sun spots, broken capillaries and rosacea. Both skin specialists are also certified and trained in micro-needling for skin tightening and acne scars. This service has become extremely popular due to the heavily marketed 'vampire facial'.

Additionally, Julie and Lisa are highly trained and well versed in chemical peels for sun damage, acne, melasma and to stimulate collagen production. Dermaplaning, a treatment that removes dead skin cells and 'peach fuzz' is another popular service. Skin Solutions Medspa was excited to welcome Spage Yee, M.D who acts as Medical Director and injection specialist.

Dr. Yee offers Botox, Dysport, Restylane filler, lip injections, and PDO threads for non surgical facelifts. Yee, an ophthalmologist with 24 years experience as a physician and Medspa owner himself, injects at Skin Solutions on Thursday's. Dr. Yee is assisted by Victoria Stubler, licensed cosmetologist of 3 years. Victoria, daughter of Julie, specializes in skin and brow services. Certified in microblading (or 3D brows), she joined the Medspa to offer her amazing skill of transforming and framing faces with beautiful eyebrows.

When it's time to buy your next car, truck, or SUV please give us a chance to earn your business and see why everyone keeps voting us the best used car dealership.

We appreciate the support you've shown us not only this crazy year, but also for the last 30 years that John's Great Cars has been blessed to serve the people of Reading and Berks County. Roy Owens started the Overhead Door Co. of Reading in 1965 by providing quality garage door products, installation and service. Fifty-three years later, the ownership of the company remains in the family. Roy's sons -- Bill Owens, president and Dave Owens, who manages day-to-day operations -- continue to strengthen Overhead Door's reputation for outstanding service among both residential and commercial customers as the foundation for the success of the business.

Overhead Door is so much more than just garage doors. There's a wide variety of other products and services that Overhead Door provides, such as the Americans with Disabilities Act-compliant automatic entry doors, high-speed fabric and metal doors, insect barrier/ventilating doors, rolling

and sliding fire doors, operable walls and accordion partitions, loading dock equipment and service and industrial hollow metal doors and frames.

The company is also very active in the automatic door industry, especially in the service and repair area. Residentially, they have become one of the area's top retractable awning dealers, providing awnings by SunSetter and Perfecta.

## BEST BEST ITALIAN FOOD AND BEST PIZZA

[www.mimmos.org](http://www.mimmos.org)

Facebook- Mimmo's Restaurant

Twitter- @mimmos1997

Instagram- mimmosrestaurant

Since its beginnings in 1997, Mimmo's has built a strong foundation on quality and cleanliness. Specializing in homemade Italian cuisine, while being able to provide a modern experience has allowed Mimmo's to stand out in an area saturated with Italian food. Behind the scenes at Mimmo's, you'll find the owners working hard to make fresh dough for their delicious pizza and pasta.

The Homemade Ravioli is a staple in the Mimmo's Menu; however, the homemade touch doesn't stop at dinner! Mimmo's

also makes its own homemade desserts, such as Cannoli and Tiramisu. We were able to interview Mike, son of owners Mimmo and Lucy, in regards to how he felt retaining the title of "Best Italian Food" and the new title of "Best Pizza."

"The support we have seen this year is something that has not gone unnoticed. Winning both of these titles is such an indescribable feeling; however, surviving this pandemic as a business has been no easy task. It all began with a simple idea my father and I had during the 'Red Phase' of creating the ultimate family-style meal. The 'Dinner for 4' special is unlike anything you will find in this area. Simply put, you are not able to find higher quality food at a better price. During the 'Yellow Phase', the push for Outdoor Dining led us to expand from our waterfall-adorned patio out into the parking lot. Being

able to provide our high quality food in a unique and relaxing atmosphere was great while it lasted; however, now with the weather changing we will have to adapt again. Mimmo's is nearly 8,000 sq ft and with three separate dining rooms, social distancing is something we are able to provide all of our guests. Whether it's your first time out in months or you're just looking for quality Italian food, we invite everyone in with open arms (and a mask on, of course)."

## BEST BREAKFAST

## B2 Bistro's Squawk Café

Squawk Café

701 Reading Avenue  
West Reading, Pa 19611

B2bistro.com | 484-516-2965

At Squawk Café, we understand how powerful it can be to start your day with good food, good coffee, and smiles from the people who create and serve your meal. That is why we strive to make your experience at Squawk Café something that rouses you and your tastebuds from bed each morning.

Our menu reflects the abundance of high-quality produce, livestock, and other ingredients local to central Pennsylvania. We are home to some of the best grazing farms and artisanal cheese makers in the country and our nutrient-rich soil enriches our produce with fabulous flavor and vitality.

We have developed close relationships with our local partners so that we can keep up with periodic changes in produce availability. This means that our dining offerings

are part of a living menu rather than simply seasonal. Accordingly, a significant portion of our menu consists of specials that run for only as long as the ingredients are in their prime (which can range from a few days to a few weeks to a few months). Even our always-available core menu items will see ingredient changes throughout each year.

**Our Mission**

We are here to highlight local ingredients and represent the flavors of Central Pennsylvania, hand-selecting the best of the best when it comes to ingredients and farmers and providing excellency in every creation, we call ours.

We built our business on the highest quality eggs, so truly the foundation of our breakfast makes every dish shine through. Our omelets are one of a kind, and you can find a little pop of pizzazz in some fan favorites like the Avocado toast and our thoughtfully designed breakfast sandwiches.

**Our Farm Friends**

Chef Patrick spent a few years farming before getting into the restaurant industry so naturally sourcing from local farms became his passion. Some of our favorite local farms include Broad Wing Farms, Alpine Heritage Creamery, Pequea Valley, Taproot Farms, Little Leaf Farms and Kreider Farms. We love working closely with our

area farms to decide on our menu items based on what is looking good in the fields and making those exciting seasonal changes with the guidance of our farm friends.

**Coffee and Teatime**

Our coffee is roasted the day it is shipped to us from Philly and freshness makes a world of difference! We make all our syrups in house, using fresh and organic ingredients. We use top quality full-organic tea leaf for our teas.

Come enjoy all your favorites from our traditional house blend to Cappuccino, Cold Brew, Pour Overs, Macchiatos and more.

**Our Pastry Game**

Squawk Café has an exclusive relationship with Cedric Barbaret out of Lancaster. He makes all the doughs and pastries, then we bake them fresh each morning. We also have our in-house Baker who uses homestyle recipes that you don't want to miss.

**So, where did the name come from?**

The name Squawk came from Chef Patrick's wife Tori. It is open for interpretation by everyone, but the concept is as simple as they come - when a chicken lays an egg, it squawks, loud and proud, which is exactly what we are going for!

It all starts with the egg, then we add the tastiest local ingredients we can find, and let our talented chefs turn

it into something extraordinary ... and there you have it, Squawk.

**The Breakfast Dream Team**

Chef Patrick Daley is leading the Squawk charge with elevated ingredients and breakfast creations that will surprise and delight. He will take your traditional favorites and give it just a little tweak, a little nip here and a tuck there and introduce something new and exciting.

Christian is the creative cook who helped build the Lost Dog Cafe in South Carolina. In his time there, they went from cooking for just a few people at the coffee counter to becoming one of the busiest and most popular cafes in the state. We are very fortunate that he moved back to PA to be close to family and came to work at Squawk. He is our true "eggspert" with almost two decades of cooking eggs. That is the real reason our egg dishes are so gorgeous in addition to delicious.

Joelle Patrick has been brewing the bean juice for 14 years, honing in on the mastery of it all. She has studied coffee growing regions and methods of brewing and has made thousands of lattes over the years. Coffee and people are her truest passions, and what better way to celebrate both than together!

Come visit us at Squawk Café. We can't wait to meet you and serve you the Best Breakfast in Reading.

Wyomissing Restaurant and Bakery owner Hamid Chaudhry agonizes over ensuring his restaurant offers patrons the freshest food possible with natural flavors.

The Wyomissing-based restaurant prepares everything from Berks County favorites like scrapple, fried chicken and chipped beef, to healthy snacks like fresh hummus and homemade salsa made with local tomatoes. As much as possible, the restaurant uses food from local sources.

"We offer something for everyone," Chaudhry said.

*"We take pride in offering both a full menu and a variety of buffet options."*

According to Chaudhry, the restaurant's success is contributed directly to the affordability and freshness of the food.

The restaurant also offers soft-serve ice cream, homemade pies and doughnuts, and a variety of other baked goods.

"We're proud to be one of the only restaurants in Berks County that has a scratch kitchen and scratch bakery," Chaudhry said. "It's just one of the many things that make us different."

Chaudhry said being involved in the community is important to him, and his commitment to philanthropy is exemplified by his decision to allow community members to host their own fundraising efforts at his restaurant.

Begun in 1937, the Edward J. Kuhn Funeral Home was founded on the principles of service, humility, dedication, and compassion to our neighbor in their time of need. Today the Kuhn Funeral Home continues to uphold the values begun three generations ago. Staffed by a dedicated team of professionals with an acute emphasis on team culture the

Kuhn family of funeral homes has grown into an organization that includes four funeral homes: Edward J. Kuhn Funeral Home, West Reading, Kuhn Funeral Home & Crematory, Temple, Burkey & Driscoll Funeral Home, Hamburg, and Warker-Troutman Funeral Home, Pottstown. Our dedicated staff is also committed to serving our pet and pet

owners through our pet business, Pet Cremations by Kuhn. Our acquisition of the family headstone company, Dohner Memorials, in 2019 rounds out our family of businesses.

Our continuous and unrelenting professional service to the families we serve along with the growth plans we have enacted can only be realized with

a sound business culture. We innately strive for excellence every day, but equally important we are very intentional about our culture. As a cohesive work front, we provide layers of support to every family we serve.

Offering an incredible assortment, including top quality locally sourced produce, meats, poultry, freshly baked goods, beer, wine, mead, seafood and a wide range of prepared culinary dishes.

The pandemic brought about some changes to the market but we were able to remain open with curbside pickup and added outdoor seating options. "It's a testament of the loyalty and passion both our stand holders and customers have towards the market that we were able to stay open and serve our community during these difficult times," said Jim Bosco, Chairman and CEO of Bosco's.

*"Capturing memories

I would like to express my sincerest gratitude in being named Best Photography Studio in Berks County for the *Reading Eagle Reader's Choice*! I am truly honored and blessed to be able to pick up my camera, do my magic, and capture images that best reflect people allow them to shine. My personal belief is that no one is just a "client" but considered to be part of my evergrowing photo family.

Being both born and raised here in Reading, I am proud to have created my small business that's based in Berks County. My roots are planted here but branches far around the region. Serving Berks and beyond has been an absolute pleasure, meeting a variety of people with different photographic needs! 2020 has been a wild ride for us all during COVID-19. Every chance to get back behind the camera and see photo family members old and new for portrait sessions brings me joy. I look forward to the future and possibly meeting you as well for your own photo adventure!

The Heritage  
of Green Hills

**200 Tranquility Lane,  
Shillington

heritageofgreenhills.com**

The Heritage of Green Hills is delighted to have been voted the “Best Senior Living Community” four years in a row by the audience of the Reading Eagle. We’re proud of this honor just like we’re proud of the fact that we’re not your typical retirement community. We’re fun-filled senior living, with an emphasis on living. Our young-at-heart outlook and emphasis on wellness help you feel your best, so you can make the most out of each day.

**A winning lifestyle**

Imagine your days filled with the things you want to do, rather than the things you have to do. That’s the freedom and independence that comes with living at The Heritage of Green Hills.

Leave housekeeping and maintenance to our friendly team. When you move to The Heritage, your “to-do” list takes on a whole new meaning. Try meditation or line dancing. Get into Zumba or water volleyball. Sing in the choir. Attend a lecture or tutor students at a local elementary school. At The Heritage, you’ll have time to do the things you’ve always wanted to do.

With neighborhood cocktail parties, themed dinners, evening entertainment, community outings, games and tournaments, there’s no shortage of fun. Or friendly, fun-loving people to share in the good times. In fact, you might just discover there are more activities to enjoy than there are hours in the day.

**Live on your terms**

Maintenance-free at The Heritage of Green Hills puts the emphasis on independence. It means never having to shovel snow or deal with other home

maintenance issues. It means dining when you want, in a choice of venues. It means having a wide range of life-enriching programs and amenities outside your door, including a fitness center, indoor heated pool, fireside lounge and bar, arts studio and woodworking shop, plus concierge services, scheduled transportation, charging stations for electric cars and 24/7 campus security.

***Meeting our residents’  
personal preferences  
and individual need  
is our top priority***

**Residences to fit your style and budget**

Independent living at The Heritage offers an amazing selection of residence styles. Here, you’ll find apartments - some with dens, bay windows, balconies or patios - are connected by an indoor walkway to all the conveniences and amenities in The Heritage Center. We also offer spacious villas that feature extra room for entertaining or hobbies, a

patio for gardening and an attached one-car garage.

**Well by Design<sup>SM</sup>**

At The Heritage, living well and being well go hand in hand. In fact, you’ll discover a renewed sense of vigor thanks to our community-wide wellness program, Well by Design.

This comprehensive program helps you set and achieve personal goals through our eight dimensions of wellness: social, physical, intellectual, emotional, vocational, spiritual, environmental and health services.

It’s all about engaging mind, body and spirit to help you get strong, stay strong and get more out of each day. You won’t come to The Heritage to simply retire.

You’ll come for a new lifestyle where you can challenge yourself, explore new opportunities, be healthy and enjoy more of life.

**Comprehensive care**

That’s what we provide at Green Hills Manor, our Personal Care Center at The Heritage of Green Hills. Whether it’s a helping hand with the activities of daily living, specialized health services for those needing memory care, hospice care in a private, respectful setting, or respite care, our dedicated health professionals ensure you or your loved one will receive quality, compassionate care.

***With our maintenance-free  
lifestyle, you’ll have  
freedom to do the things  
you want to do, when you  
want to do them.***
