Exton Dental Health Group thanks you for this great honor!

The American Academy of Cosmetic Dentistry
has awarded only 51 Accredited Fellowships world-wide ...

One belongs to the
Greater Delaware Valley.

- Past President and Accredited Fellow of the American Academy of Cosmetic Dentistry
- Certified as a Diplomate of the American Board of Aesthetic Dentistry
- Elected to Fellowship in the International Academy for Dental Facial Esthetics
- Sought-after clinical expert for America's leading health and consumer publications
- Readers Choice for Cosmetic Dentist — *Daily Local News*
- Top Cosmetic Dentist — *Main Line Today*

Visit www.aacd.com for information on The American Academy of Cosmetic Dentistry.

The Accreditation process has become recognized as the gold standard in cosmetic dentistry. It represents an intensely calibrated measurement of those specific clinicians that have applied themselves to a vigorous level of examination and evaluation of their skills and knowledge relative to cosmetic dentistry by a jury of their peers. The acknowledgement of this credential is beyond reproach and identifies those leaders in the field of cosmetic dentistry.* If you are in need of smile enhancement and believe that it is important to choose an experienced doctor with exceptional credentials, you are invited to visit Dr. Scharf's website, or call for a personal consultation.

Changing the face of dentistry one beautiful smile at a time.™

"Imagine being able to
eat with comfort.
And replacing your
confidence, too."

You could benefit from implant restoration
if you have any of the following:

- one or more missing teeth
- uncomfortable dentures
- failing bridgework
- facial contours that have been changing

David J. Kopecki, DMD

Well it doesn't take imagination, just a one-on-one meeting. Because everyday, I work with people to restore function to their mouths. As a prosthodontist, it's what I'm specially trained and uniquely qualified to do. Dental implant restorations, for example, can make all the difference in the world — and deliver many immediate and lasting benefits. Actually, for many of my patients, dentures have become a thing of the past. And it's easier than ever. So, if you have tooth loss, suffer with less-than-perfect bridgework or dentures, or realize that your facial structure is changing for the worse, call me. Let's talk about how, together, we can restore function to your mouth. Restore confidence. Restore a normal, healthy life. Once and for all.

4 REASONS TO CHECK YOUR HVAC TWICE EACH YEAR

- 1 Have your air conditioning checked in the spring and the heating system in the fall to *improve efficiency*.
- 2 Not maintaining your condenser has the potential to *ruin your AC's compressor*, which could be costly.
- 3 Regular maintenance check may *reduce your monthly energy by up to 15%*.
- 4 Given proper care and attention your home's hvac system can last for as long as *15 to 20 years*.

Although there is much a homeowner can do to keep an HVAC system running efficiently, the most important thing to do is **schedule professional maintenance twice a year - once in the fall for your heating system and once in the spring for your cooling system**. When it comes to a thorough inspection and cleaning of your HVAC unit, hire a professional.

Call HVAC Service Pros and get a qualified technician to:

- ✓ CLEAN THE BURNER AND CHECK FOR CRACKED HEAT EXCHANGER
- ✓ LUBRICATE MOVING PARTS AND CHECK CONDITION OF SYSTEM
- ✓ INSPECT FUEL AND DRAIN LINES
- ✓ TEST FOR CARBON MONOXIDE
- ✓ TEST AND CALIBRATE THERMOSTAT
- ✓ RECOMMEND ENERGY-SAVING PRACTICES
- ✓ AND MORE!
