Introducing the PFAFF Creative Icon Embroidery Machine with SVP National Educator Darrelle Anderson Tuesday, November 17 10 am - 4 pm

We welcome Derrelle Anderson! Darrelle's first love of sewing was in garment construction, she jumped into the quilting world and then embraced machine embroidery, never looking back. She will guide you through a variety of techniques, embellishments & creative expressions. You will find her enthusiasm contagious.

Participants will create this lovely wall art, "Underwater Odyssey." The event fee of \$35 will include the 6-hour class with: hands-on project, a kit fee & lunch. Class size will be limited to 5 participants due to COVID-19. Call the Alma Sewing Center, 989-463-3200, to register for the event.

We Are Proud To Honor Our Veterans!

The roles of the different branches of the U.S. military

The United States military is one of the most comprehensive, effective and respected armed forces in the world. Without the tireless commitment of military personnel — from the soldiers on the ground to the support staff behind the scenes — America could not be the world power it is today. Each branch of the U.S. military has a unique missions entail, courtesy of Military.com and the U.S. Department of Defense.

United States Army

The army is one of the three military departments that reports directly to the Department of Defense. The Army conducts operational and institutional missions around the world, typically handling land-based missions. The Army also guards U.S. installations and properties throughout the world.

United States Navy

Serving to protect the freedom of the seas, the Navy is another branch of the military that reports directly to the Department of Defense. Among its many missions, the U.S. Navy serves to make the seas safe for travel and trade.

United States Air Force

The Air Force also reports directly to the Department of Defense and trains for and maintains global superiority in air, space and cyberspace. Air Force personnel fly planes, helicopters and even satellites.
