### When Does Christmas Begin?

Dr. Glenn Mollette

Christmas has different beginning times for most everyone.

For some it's when you put up the Christmas tree and decorations.

For others it's when you wrap some presents and put them under the tree.

While for others it's about the Christmas music. When they first start hearing Christmas songs on the radio then Christmas has begun for them.

Christmas may begin for you when your family arrives home to share in your celebration. Or your Christmas celebration may really begin when your family finally leaves.

When I was a child Christmas started for me when everything came together. The big fresh tree was hewn down from the hillside. Once it was decorated, I started watching for Santa. But it still wasn't Christmas until I came up with a big package of firecrackers, cherry bombs and other noisy fireworks. I always loved putting firecrackers and cherry bombs under cans to see how far they would fly through the air.

My mother would make cookies, cakes and pies. My dad would always buy a big box of apples and oranges. It seems like they lasted a week.

Christmas really began when family came home. When we all got together that's when it seemed Christmas really started. The excitement came by us all being together. Sharing gifts was fun and provided moments of laughter. Eating my mother's delicious meal was always a stable holiday treat we always enjoyed.

The best part was everyone being together for a couple of days. With social distancing, this may be one element of Christmas that many will not get to enjoy in 2020.

So many thousands of people have died from Covid-19 and they will be missed at the Christmas table. If this is you please cling to the hope of life beyond this world and that you will see your loved one again.

I believe throughout our planet that seeing our sick friends get well would make Christmas for all of us.

Christmas is different this year. We must enter Christmas this year with hope. You have to have hope to live. Life without hope is like a car with no fuel. A vaccine for Covid-19 is coming. We are praying this will spare lives in 2021. We have hope that by next Christmas we can all get together and celebrate.

Keep in mind there has never been anything normal about Christmas. Mary and Joseph and the baby spent their first Christmas in a barn which was like a cave for animals. The baby was laid in a cow's trough for a bed. Christmas always has the potential of being very different.

Remember Christmas is in your heart and that's where your main celebration and hope lie. May hope and Christmas be bright and rekindled anew and afresh. May you within your spirit hear the bells on Christmas day. And, may you hear the angels sing, "Glory to God in the highest and on earth peace to all men on whom his favor rests."

**FLASH BACK**  
 POP ROCK & SOUL TRIVIA BY RYPER

1. What was the title of the Beatles' first movie?
2. Who was the Wrecking Crew?
3. Name the first rock 'n' roll group to play Carnegie Hall.
4. What was the phone number in the Marvelette's song in 1962?
5. Name the song that contains this lyric: "She didn't see me creep down the stairs to have a peep; She thought that I was tucked up in my bedroom fast asleep."

- Answers**
1. "A Hard Day's Night," released in 1964. The film received Oscar noms for Best Original Screenplay and Best Adaptation or Treatment Score, but no mention at all of the songs, not even Best Original Song.
  2. The Crew was a group of studio musicians in Los Angeles who provided backup for thousands of songs. Their work made many mediocre songs into hits, and they were much in demand.
  3. Bill Haley & His Comets, in 1955, in a variety concert. They were followed, although not soon, by the Beatles and Rolling Stones in 1964 and Chuck Berry in 1965.
  4. Beechwood 4-5789.
  5. "I Saw Mommy Kissing Santa Claus," by Jimmy Boyd in 1952. Numerous others have covered the song, including the Ronettes (1963), the Four Seasons (1962) and John Cougar Mellencamp (1987).

**HOCUS-FOCUS** BY HENRY BOLTINOFF

Find at least six differences in details between panels.

Differences: 1. Bandanna is backward. 2. Picture has been added. 3. Shade is lower. 4. Bucket has no water. 5. Boy's hat is different. 6. Broom handle is taller.

**At the Gym**  
 I was self-conscious about going to the gym, because I thought the pounds I had put on would make me stand out among the spandex-clad regulars. I chose a treadmill in the corner so I'd be inconspicuous. However, as I exercised, my worst fears came true.

At least a dozen people turned to stare at me periodically. I thought it might be my imagination, but then one woman even squinted to get a better look. Mortified, I stepped off the machine to leave.

When I turned around, I realized that the gym's only wall clock had been hanging just inches above my head.

Don't date a man with a beard until you've seen him without it, you think you landed THOR then he shaves and BOOM PEEWEE HERMAN.

**ARIES** (March 21 to April 19) At this time you might want to resist that otherwise admirable Aries penchant for getting to the heart of a matter quickly. Keep in mind that a delicate situation calls for patience.

**TAURUS** (April 20 to May 20) Your aspects favor more diplomacy and fewer direct confrontations when dealing with a relationship problem. Avoiding hurt feelings can help in your search for the truth.

**GEMINI** (May 21 to June 20) Positive aspects are strong this week. Although you might still have to deal with some problems caused by a recent period of turmoil, you are making progress, and that's what counts.

**CANCER** (June 21 to July 22) A family matter could benefit from your counsel. But don't come into it unless invited, and don't stay if you feel uneasy. Just remember to reassure one and all that you'll be there for them.

**LEO** (July 23 to August 22) As the truth about an ongoing situation emerges, you could find that you were right to defer judgment before you had all the facts. Now would be a good time to move on to other matters.

**VIRGO** (August 23 to September 22) Your plans to take control of a personal situation because you feel you are best qualified could create resentment. Best to hear what everyone else involved in the matter has to say about it.

**LIBRA** (September 23 to October 22) Uncovering some surprising background facts about that ongoing personal matter could make you reconsider the extent of your involvement. A neutral family member offers advice.

**SCORPIO** (October 23 to November 21) Religious or spiritual themes start to dominate your aspect this week. This can serve as a counterweight to the mounting effects of the season's growing commercialization.

**SAGITTARIUS** (November 22 to December 21) Taking on that recent challenge impressed a lot of important decision-makers. Meanwhile, proceed with your holiday plans, and don't forget to include you-know-who in them.

**CAPRICORN** (December 22 to January 19) Disagreeing with an opinion you can't accept could be dicey, and your motives might be questioned. Best to wait to mount a challenge until you have support for your position.

**AQUARIUS** (January 20 to February 18) Getting involved in helping others in this increasingly hectic period not only makes the generous Aquarian feel good, but you could also gain a more substantive benefit from your actions.

**PISCES** (February 19 to March 20) The Piscean way of thinking clearly and objectively helps you resolve a complex situation without creating any ill will. Don't be surprised if your counsel is requested on another matter.

**BORN THIS WEEK:** You have a way of persuading people to look at the positive possibilities that make up any choices they might face.

Dolly Parton

HOLLYWOOD — Dolly Parton, long considered "The Leading Lady of Country," has proven what an angel she really is. In April, as the pandemic began to take hold of the world, Dolly donated \$1 million to COVID-19 research that led to the discovery of Moderna's COVID-19 vaccine.

"Praise the lord!" she said on the "Today" show. "I'm just very grateful that this is happening, and if I had anything to do with it, that's great."

Netflix has begun streaming Dolly's Christmas film, "Christmas on the Square," which co-stars **Christine Baranski, Treat Williams and Jennifer Lewis.** It's about a wealthy, pretentious woman who returns to her hometown after inheriting a mall, to evict the tenants and sell the property to land developers (shades of half the Hallmark movies ever made). She also performs two songs she wrote for the film. Thanks for the vaccine, Dolly!

\*\*\*

Speaking of Hallmark, it and Lifetime are really pushing the boundaries of diversity. In addition to many of their holiday films that feature interracial couples, Hallmark has got a new film about two gay men (married in real life) played by "Arrow" star **Ben Lewis** and former "Parks and Recreation" star **Blake Lee.** "The Christmas Setup" also features **Fran Drescher** and **Ellen Wong** and begins airing Saturday, Dec. 12, with reruns on an endless loop.

Then there's "Sugar and Spice Holiday" which features an Asian-American family; "Feliz NavidAD," starring **Mario Lopez;** as well as "Dear Christmas," which pairs "Sabrina, The Teenage Witch" star **Melissa Joan Hart** and "90210's" **Jason Priestley.** These films will be running from now until next Christmas!

\*\*\*

Expect blockbuster filmmakers to come back to theaters with a vengeance. "The Suicide Squad" sequel not only has **Margot Robbie, Jai Courtney, Viola Davis** and **Joel Kinnaman** returning for the second round, but they've added

**Nathan Fillion, Idris Elba and John Cena.** And for extra added insurance they've signed the one and only **Sylvester Stallone.** It's due Aug. 6, 2021.

\*\*\*

Also making the sequel leap is **Arnold Schwarzenegger's** new son-in-law, **Chris Pratt.** "Jo Jo Rabbit" Oscar-nominated director **Taika Waititi,** who just completed "Next Goal Wins" with **Michael Fassbender, Elisabeth Moss and Armie Hammer,** has Pratt joining "Thor: Love and Thunder," as his "Guardian of the Galaxy" character Peter Quill/Starlord. He joins **Chris Hemsworth, Natalie Portman** and **Tessa Thompson.** **Christian Bale** is joining the cast, but no one will say who he's playing or how he fits into the story.

Curious too is that **Tom Hiddleston** is not listed as returning as Loki. Is Christian Bale taking over the role of Loki, or will Hiddleston come on board after contract negotiations? Filming has begun in Australia, so it won't be long before we find out if Loki got hammered!

## Casino check presentation

Caesars Virginia LLC officials on Tuesday, presented the City of Danville with a check of \$15 million during a ceremony at the Municipal Building.

Hunter Byrnes and Steven Gould, attorneys with Byrnes Gould Law in Danville representing Caesars Entertainment, presented the check. The payment is part of the City's development agreement with Caesars Virginia following last month's successful passage of the casino referendum.

Mayor Alonzo Jones accepted the check on behalf of the City.

"Today, we take another step forward in our partnership with Caesars Virginia," Jones said at the ceremony. "City Council and City staff worked diligently in negotiations with Caesars Virginia to get the best possible outcome for our citizens and bring much-needed revenue. This payment is evidence of that effort, and we look forward to working with Caesars Virginia as this project advances from stage to stage."

Here's How to Reduce Risk of Heart Disease

DEAR DR. ROACH: I'm a 70-year-old female who had a stress test, echocardiogram and carotid study. I passed all tests. My cholesterol is 173, with my HDL 56, LDL 95.6 and triglycerides 108. My blood pressure is 110/64. The cardiologist put me on 5 mg of Crestor. He feels this will help my numbers. He also has me taking CoQ10 and vitamin D3 in case my legs start aching from the Crestor. I've been taking everything now for two weeks, and my legs are starting to ache. Is it really necessary to stay on Crestor? -- J.S.

ANSWER: I put all your numbers into the standard risk calculator at [www.cvriskcalculator.com](http://www.cvriskcalculator.com), and your risk for heart disease or stroke in the next 10 years is 6.8%. That is in a range where medication therapy is not usually recommended.

Of course, I can't tell you to stop taking the medication your doctor has recommended. He may know something about you that I don't. It's possible you have a less-common risk factor your cardiologist may not have told you about.

Some people with very good cholesterol and blood pressure numbers have high levels of C-reactive protein, for example, which confers an increased risk for heart disease. That's true even in people with desirable cholesterol levels, and people in that situation would clearly benefit from taking Crestor or a similar medicine. All of these medicines have the risk of muscle aches, although the risk of serious muscle damage is very small.

Nearly everyone can reduce their heart disease risk by having a diet with very little meat but high in vegetables, legumes and nuts, along with whole grains and fruits. Regular moderate exercise is as important as diet. Keeping stress levels low, having good close relationships and sleeping 7-8 hours daily are underappreciated beneficial factors to reduce heart risk as well.

DEAR DR. ROACH: I am 76, female, healthy, do not take any meds and am scheduled for a total knee replacement. During the testing, they made an incidental discovery on the CT scan of "a possible right sided right Hutch diverticulum of the bladder" and "two prominent right external iliac lymph nodes, measuring up to 15 and 13 mm in short axis."

My surgical team did not respond, and my internist says "do not worry," with no explanation. I would greatly appreciate your opinion. -- L.M.

ANSWER: A Hutch diverticulum is a congenital condition, a small pouch in the wall of the bladder. They are seldom diagnosed in adults. They can be associated with infection and stones, but if you have had no problem with either of those conditions, I would certainly advise against doing anything about it. The external iliac lymph nodes are structures in the hip, and like all lymph nodes, may enlarge in the presence of infection or inflammation. Yours are definitely enlarged, with less than 8-10 mm considered normal. Although we worry about enlarged lymph nodes as a symptom or sign of cancer, it's thought to be cancer only about 1% of the time. After you recover from surgery, it may be worth taking another look to see if they have shrunk. If they are persistently enlarged, especially if they are growing, some physicians would recommend a biopsy to be sure it is nothing to worry about.

Dr. Roach regrets that he is unable to answer individual questions, but will incorporate them in the column whenever possible. Readers may email questions to [ToYourGoodHealth@med.cornell.edu](mailto:ToYourGoodHealth@med.cornell.edu).

Anyone know anyone called Leon that might want these? I ordered Noel but they sent me the wrong one.

\* Inexpensive gift idea: On the front of an empty photo album or scrapbook, print out and arrange color photos of your recipient in a collage. Glue the photos to the front of the album and cover with a decoupage glaze, like Mod Podge. Let dry and glaze again. You've just made a one-of-a-kind gift!

\* If you are a re-gifter, always document from whom and in what year you received a gift. Then re-gift it to someone who will have little to no contact with that person. For example, if Aunt Emily from out of town sends you a lovely soap basket that you would never use, you could re-gift it for your office party.

\* After-Christmas sales are a great time to buy not only gift wrap (look for solid colors that you can use all year long), holiday cards and decoration, but also next season's winter wear. Things like scarves and gloves can be great bargains. And even coats can go on sale. Take advantage -- especially if you have kids -- and buy up.

\* "Recycle in the new year by using wrapping supplies to help store your holiday decorations. The cardboard tube from gift wrap can be cut into smaller pieces, which you can wrap strands of tree or house lights around. Boxes can be put to use to hold ornaments or other decorations, and ribbon and bows that are still in good condition can be tucked away for re-use next year." -- E.F. in Oregon

\* "Resolutions are a great idea, and, like a lot of people, last year I resolved to exercise more often. I keep a stationary bike in my living room, and I use it while I watch my favorite programs on television. It has helped me lose 8 pounds, and I feel much better. This year, I am going to resolve to volunteer to help others." -- I.N. in Nebraska

## Creamy Coconut Snowballs

**Ingredients**

- 1/2 teaspoon plus 1/2 cup butter, softened and divided
- 1-3/4 cups sweetened shredded coconut, divided
- 4 ounces cream cheese, softened
- 3-3/4 cups confectioners' sugar
- 8 ounces white candy coating, chopped
- 2 tablespoons shortening

**Instructions**

Line a 9x5-in. loaf pan with foil. Grease foil with 1/2 teaspoon butter; set aside. Pulse 3/4 cup coconut in a food processor until coarsely chopped. Add cream cheese and remaining butter; pulse until blended. Gradually add confectioners' sugar; pulse until blended. Press into prepared pan. Refrigerate, covered, at least 3 hours.

Microwave candy coating and shortening until melted; stir until smooth. Cool slightly. Using foil, lift coconut mixture out of pan. Gently peel off foil; cut into 36 pieces. Taking a few pieces at a time, roll each into a ball; keep remaining pieces refrigerated.

Using a toothpick, dip balls one at a time in melted coating mixture, allowing excess to drip off. Roll in remaining coconut; place on waxed paper-lined baking sheets. Refrigerate until set. Store in an airtight container in refrigerator.
