# SPEAK OUT!!!

The Mount Morris Shopper feels that everyone has a right to be heard (or read, in this case) so we are offering this page each week (space permitting) for our readers to share their ideas, views, feelings or whatever. Realizing that everyone cannot AFFORD to pay for this privilege, the Mount Morris Shopper is offering this page as a FREE Public Service for articles or letters sent in for publication. All letters submitted must be signed with the name, address and phone number of the author. Please make letters as brief as possible.

Dear "Speak Out,"

This week's article is entitled "The Evils of Abortion".

I was graduated from high school in 1961. My generation is responsible for the horrible condition in which our country is presently in today.

My "baby-boomer generation" stood idly by as the United States Supreme Court outlawed prayer in public schools in 1962 and outlawed Bible reading in 1963.

Later we continued to sit idly by as the United States Supreme Court legalized abortion on Monday, January 22, 1973, in the infamous case Roe v Wade.

More than 63 million babies have been murdered in abortion mills since then. This amounts to an average of 1,340,000 babies being killed each year since 1973 which averages about 3600 abortions per day.

We grieved for the 2977 lives lost on 911 which is less than the number of abortions each day in our country. Lives lost in the Revolutionary War were 25,000, 20,000 in the War of 1812, 13,000 in the Mexican-American War, 620,000 in our Civil War, 24,000 in the Spanish-American War, 116,000 in World War I, 405,000 in World War II, 36,000 in the Korean War, 58,000 in the Viet Nam War, 258 in the Gulf War and over 7,000 since 911.

The total of all our military deaths in all of our wars does not even come close to the number of deaths due to abortion since 1973 in our country. The difference between our military deaths and those of our unborn children who have been murdered by abortion is that our military could defend themselves while our unborn babies are defenseless.

It has been estimated that our total population in America today would be over 500 million compared to the 330 million alive today if these 63 million babies had not been aborted. Many would be in their 30s and 40s today and would have had children and grandchildren of their own by now.

With all these additional Americans in our workforce, our Gross National Product (GNP) would be significantly higher than it is currently. There would be no need to borrow trillions of dollars to fund our lavish lifestyles. These Americans would be paying income taxes to help fund our state and federal budgets. They would be paying into the Social Security and Medicare Trust Funds and would have strengthened them. We would not be concerned about the liquidity of these funds and their continued ability to assist we baby boomers and our children in the future.

We have endangered the future of our economy by allowing these unborn children to be murdered. Something of even more importance than the effects on our economy is the spiritual significance which abortion has had on America. Ancient Israel offered thousands of their born children on the altars of BAAL while we have sacrificed millions of our unborn in our abortion mills. The Bible tells us of God's judgment on Israel and their eventual destruction. We cannot ignore that God has not changed and that we are in danger of similar judgment if we do not stop this heinous practice.

One of the primary reasons for our current economic problems and the COVID-19 pandemic is due to the continued abortions of our unborn. We must repent of this terrible sin and stop abortions in our country if we want our country to continue to exist. Abortion was a "hot button issue" in the 1970s but we seldom hear a sermon anymore on this topic.

We as Americans have become so cold and callused that abortion is no longer a significant issue in our country and in the pulpits of America. Lord willing, I will present another article next week. I look forward to reading your views in upcoming articles as I know we all have opinions of our own to share.

Ron Powell  
Nunda

Dear "Speak Out",

On a couple occasions, I have called Ron Powell to thank him for his thoughtful, well researched articles.

I enjoy learning more about history, our constitution, the workings of our government, and other pertinent topics that normally I wouldn't take the time to research on my own. And I enjoy the writings of those who have taken the time to comment as well, and give their viewpoints.

This publication is a gift to our community, and we should not take this opportunity for expressing free speech lightly.

As we are seeing a trend recently where opposing view-points are disregarded, silenced, and even violently suppressed in some cases, it thrills me to see well-written, courteous and varied opinions aired in the public square.

We as a nation will do ourselves irreversible damage when we no longer listen to voices which differ from our own.

"Toleration" is a word fraught with different meanings for each of us, but in the best sense of the word, we, as a free nation, will not be able to maintain that freedom without free speech covering all angles and issues (with the well-known exceptions of "crying 'FIRE' in a crowded building", or unfounded libel against a person's character or reputation).

You are probably familiar with the quote, "I disapprove of what you say, but I will defend to the death your right to say it." This quote is by Evelyn Beatrice in her 1906 book, The Friends of Voltaire, (and not Voltaire himself, as is commonly thought).

Thank you, Jerry Rolison, for this opportunity.

**January is Cervical Cancer Awareness Month.** Do you know how to prevent it? Regular cervical cancer screenings can find changes in the cervix before cancer develops. The Livingston County Department of Health would like to remind women that regular cancer screenings can save lives. It is recommended that every woman begins Pap test screening at age 21. Call the Reproductive Health Center today to schedule an exam. The Reproductive Health Center offers free or low-cost confidential health care to adults and teens. The cervical cancer vaccine, Gardasil, is also available to both males and females ages 9 to 26. Talk with your doctor about this important vaccine. If you are over 40, call the Cancer Services Program of the Finger Lakes Region at 1-877-803-8070 to learn more today.

## God Has a Wonderful Plan For You!!

Has anyone ever told you that God loves you and He has a wonderful plan for your life? I have a real quick, but important question to ask you. If you were to die this very second, do you know, beyond a shadow of a doubt, that you will go to heaven?

Most people answer this question with a 'NO' or with 'I think so' or 'I hope so.'

The wisest man in the world (at that time), Solomon, wrote in Ecc 3:11 that God has placed eternity in the heart of every person. He (God) wants you to know for sure where you will go when you die. We can help you to know. Give us a call.

## 1 in 15 Homes in the U.S. Have High Radon Levels

### Help Protect Your Community this January

The U.S. Environmental Protection Agency (EPA) has designated January as National Radon Action Month. This January, the Livingston County Department of Health is raising awareness about the risks of radon in our community — and teaching others how to test their homes.

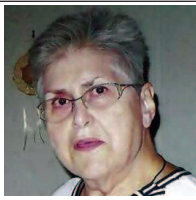

According to U.S. Environmental Protection Agency, an estimated 1 in 15 homes in the U.S. have high radon levels — and high radon levels can be a risk anywhere. Living in a home with high radon levels can be dangerous for your health. Radon is the second leading cause of lung cancer and it is estimated to cause over 20,000 deaths each year in the U.S. Because of the ways that radon and tobacco smoke damage the lungs, high radon levels are especially dangerous for people who smoke. Their risk of lung cancer is 10 times higher than non-smokers.

Radon, a radioactive gas, builds up in homes over time and can't be seen, tasted, or smelled — so it's easy for radon problems to go unnoticed. The only way to know if you have a radon problem is to test your home. The Surgeon General recommends that all homes get tested for radon. Home radon tests are simple and inexpensive — and can help save lives.

Homeowners can test their homes with a simple kit — and if their home has high radon levels, they can fix it. Radon reduction repairs can be done with the help of a licensed radon mitigation contractor. For more information about National Radon Action Month, visit: <https://www.epa.gov/radon/national-radon-action-month-consumer-information>

If you are a Livingston County resident and want to know how to test your home or want to receive your free radon test kit, please call the Livingston County Department of Health Center for Environmental Health at 243-7280.

## Attention Farm Owners

Livingston County and the Genesee Valley Conservancy have announced that pre-applications will be accepted from landowners interested in being considered for the Purchase of Development Rights (PDR) program or other state and federal farmland protection initiatives that may become available in the future. The PDR program is competitive, and it reimburses farmers up to 87.5% of the value of the development rights on their land. All interested landowners MUST ATTEND an informational workshop held remotely via computer or phone prior to submitting an application.

Submission deadline is March 12, 2021.

### PDR Workshops:

Saturday, February 13: 10:00 a.m. - 12:00 pm

Thursday, February 18: 7:00 - 9:00 p.m.

If interested, please RSVP to Kim at 585-243-2190 or via email at kim@geneseevalleyconservancy.org, and a meeting link will be provided. For more information or questions, contact Matthew Halladay at the Genesee Valley Conservancy at 243-2190.

## Two New COVID-19 Vaccine Clinic Options for Eligible Population Groups

A New York State-run vaccine clinic at the Dome Arena will open on January 20, 2021. The Dome Arena is located at 2695 East Henrietta Road, Henrietta, NY 14467. New York State is currently vaccinating eligible New Yorkers who are in Phase 1a and 1b population groups.

Beginning today, appointments can be made online through the New York State "Am I Eligible" website or by calling the New York State COVID-19 Vaccination Hotline at 1-833-697-4829.

Twelve Rite-Aid stores in the Finger Lakes region are receiving vaccine doses this week. Store locations are in Genesee, Wyoming, Monroe, Yates and Ontario Counties. Each store is receiving 100-200 doses. Rite-Aid has a custom scheduling tool for its New York State stores. Appointments are for 65+ only, and should be made using this link only: <https://sr.reportsonline.com/sr/riteaid/NYS2021>.

Appointments are needed for the vaccine clinics listed above. Currently, there are no walk-ins allowed.

**SEALED BIDS WILL BE RECEIVED** as set forth in instructions to bidders until 10:30 A.M. on Thursday, February 18, 2021 at the NYSDOT, Office of Contract Management, 50 Wolf Rd, 1st Floor, Suite 1CM, Albany, NY 12232 and will be publicly opened and read. Bids may also be submitted via the internet using [www.bidx.com](http://www.bidx.com). A certified cashier's check payable to the NYSDOT for the sum specified in the proposal or a bid bond, form CONR 391, representing 5% of the bid total, must accompany each bid. NYSDOT reserves the right to reject any or all bids.

Electronic documents and Amendments are posted to [www.dot.ny.gov/doing-business/opportunities/const-notices](http://www.dot.ny.gov/doing-business/opportunities/const-notices). The Contractor is responsible for ensuring that all Amendments are incorporated into its bid. To receive notification of Amendments via e-mail you must submit a request to be placed on the Planholders List at [www.dot.ny.gov/doing-business/opportunities/const-planholder](http://www.dot.ny.gov/doing-business/opportunities/const-planholder). Amendments may have been issued prior to your placement on the Planholders list.

NYS Finance Law restricts communication with NYSDOT on procurements and contact can only be made with designated persons. Contact with non-designated persons or other involved Agencies will be considered a serious matter and may result in disqualification. Contact Robert Kitchen (518)457-2124.

## Mental and Behavioral Health Resources in Livingston County

Geneseo, NY, December 18, 2020 — According to Michele Anuszkiewicz, Director of Livingston County Mental Health and Community Services, “Trends show that there has been a significant uptick in depression and anxiety since the COVID-19 crisis began. More people are also seeking comfort in drugs, alcohol and gambling. In addition, thoughts of suicide are on the rise.”

“Many people are struggling with feelings of isolation, fear and hopelessness as a result of the pandemic. We would like to provide Livingston County residents with links to essential resources during these challenging times,” stated Anuszkiewicz.
