"Heroes Work Here"

Remembering Randy Phillip DeMott
September 1956- January 2021

As I laid in the nursing home trying to recover from a surgery, I had bladder cancer. I quickly realized 2020 was not the year to be sick or in a nursing home. I had a lot of time to think and share my final wishes if I didn't make it through. I wanted to make sure that I thanked all the Doctors, Nurses, CNAs, Physical Therapist, House Keepers and Staff at Riverside Health and Rehabilitation Center for becoming my family before my passing. Everyone took a daily part of my life, caring and giving me comfort and love. My real family was unable to come into the building but would come to my window on a daily and weekly basis. We would communicate with our cell phones. They watched my ups and downs, in quarantine with COVID and cheered me on. I also wanted to thank all of the Transport Workers and Third Ave fire department for putting their lives on the line. If I could give any advice, it would be to live each day like it's your last, love each other and kindness matters to everyone.

Randy

LAFF-A-DAY

"I'm looking forward to the day I retire and settle down in some nice secluded spot."

ARIES (March 21 to April 19) A gracious Lamb can learn more about a problem-filled situation than one who is openly suspicious of what could be happening. A friend might offer some well-directed advice.

TAURUS (April 20 to May 20) Getting adjusted to an unexpected change might be difficult for the Bovine, who prefers things to go according to plan. But help could come from a most welcome source.

GEMINI (May 21 to June 20) This could be a good time to get a head start on those career-related plans. The sooner you check out the pluses and minuses, the sooner you can act on your information.

CANCER (June 21 to July 22) A personal situation you thought would no longer present a problem could suddenly produce some surprises. Try to sort things out with the help of trusted colleagues.

LEO (July 23 to August 22) An upcoming move holds both anticipation and anxiety for Leos and Leonas who have some big decisions to make. Advice is plentiful, but it's up to you to decide which way you want to go.

VIRGO (August 23 to September 22) Someone from a previous project could provide valuable guidance on how to handle a current problem, especially where it might involve a legal matter.

LIBRA (September 23 to October 22) A business situation presents some unexpected complications. But rather than try to handle them all at once, it would be best to deal with them one at a time.

SCORPIO (October 23 to November 21) You just might get what you want, despite the odds against it. In any event, be sure to thank all those people involved who believed in you and went to bat for you.

SAGITTARIUS (November 22 to December 21) Before you even hint at an accusation, remember that you'll have to prove what you say. So be sure you have what you need to back up your comments.

CAPRICORN (December 22 to January 19) A romantic situation takes an unexpected turn that favors some Sea Goats, but causes others to reassess how they've been handling the relationship.

AQUARIUS (January 20 to February 18) A surprise turn of events could unsettle the Water Bearer. But it also might help open up an entirely different way of working out an important matter.

PISCES (February 19 to March 20) A smoothly running operation could bump up against an obstacle. This is where your ability to assess situations and make adjustments can restore things to normal.

BORN THIS WEEK: Your kindness is legendary, and so is your strong sense of responsibility.

PIEDMONT PETS
January 28, 2021
By Paulette Dean

Many years ago, our cat adoption policy was changed to require cats adopted from us to be kept strictly inside. We received criticism about it, but now most shelters require the same thing. It is vital to keep cats inside. Outside cats face many dangers, and their life expectancy is 1-5 years. A cat kept strictly inside has an average life expectancy of 12-18 years. Contact with other cats outside leads to the risk of disease transmission. Feline leukemia and feline immunodeficiency are transmitted from cat to cat and, once contracted, result in the eventual death of the animal. Dogs and other wild animals pose a threat to cats; the very real danger is one of exposure to rabies. Outdoor cats can suffer torn ears, cut eyes, abscesses, and other injuries requiring veterinary treatment. Indoor cats are not generally exposed to fleas, ticks, ear mites, or other parasites that can cause anemia, skin irritations, allergic reactions, and even death. Outdoor cats are at risk to be poisoned. Neighbors may deliberately poison cats they view as nuisances, but accidental poisonings also occur. Chemically treated lawns, bait left out to kill rats or mice, and antifreeze can all be deadly dangers. It is a myth that cats are "streetwise." Cats are intelligent and alert, but they stand very little chance against traffic. We can tell horror stories, and even have the pictures, of outside cats that have been beheaded, scalped, electrocuted, burned, tortured, or starved. A dogfighting investigation seminar I attended a couple

of years ago showed actual video of cats and kittens being used to train dogs to kill. Trees also present hazards for the outside cat. Dogs or loud noises can scare a cat to climb so high, they cannot get down. I have heard repeatedly that a cat can climb down a tree. The reality is, cats cannot easily climb down facing the ground, and they usually do not back down out of a tree. We have had to intervene countless times to get them out of trees. We have also had to rescue countless cats (kittens, mostly) from the engines of cars. Some survive, and some do not. The list of hazards for outside cats goes on and on. Outside cats are at the mercy of the people they encounter, as well as weather conditions and other animals. We encourage everyone to keep their cats inside. It truly is the best life for a cat.

HOLLYWOOD
by Tony Rizzo

Delroy Lindo Management

Delroy Lindo

HOLLYWOOD — In the late 1950s, when major film studios were losing patrons to television, they were desperate to come up with ways to get moviegoers away from their TVs and back into theaters. Among their brainstorms were CinemaScope, Stereophonic Sound, Scratch & Sniff (a card you sniffed for an enhanced viewing experience) and, of course, 3D. They even wired seats to give shocks during horror films.

More recently, movie distributors reinvented 3D, and with IMAX got moviegoers away from their TVs, computers and other electronic devices. With theater closures because of the pandemic, movie studios began releasing films, such as Warner Brothers' "Wonder Woman 1984," to theaters overseas, in the U.S. at drive-ins and on streaming platforms. "WW84" would normally have been a tent pole release in IMAX, but Warner Bros., which was having difficulty finding subscribers for its HBO Max streaming platform, saw its subscriptions balloon from 8.6 million to 12.6 million on the opening day of "WW84," which grossed \$85 million worldwide. All this has prompted WB to fast-track "Wonder Woman 3" into preproduction for a quick release.

The New York Film Critics annual picks, made prior to award season, are usually on the money. Their picks have often been a barometer for the Oscars. However, this year will be tough. Some of their choices may be unfamiliar to most of us. British-American actor **Delroy Lindo** (best known for "Malcolm X") nabbed best actor, while the late **Chadwick Boseman** was named best supporting actor, both for **Spike Lee's** "Da 5 Bloods," about vets who return to Vietnam seeking the remains of their fallen squad leader. The best actress nod went to 21-year-old non-binary woman **Sidney Flanigan** (that's another story) for "Never Rarely Sometimes

Always," which concerns two teenage girls who travel to NYC to get medical help for an unintended pregnancy. The best supporting actress pick was **Maria Bakalova**, the 24-year-old Bulgarian actress who played Tutar Sagdiyev in "Borat Subsequent Moviefilm." The critics' choice for best picture was "First Cow," about two travelers on the run from vengeful hunters in the 1920s Northwest dreaming to strike it rich. It all boils down to the secret use of a prized dairy cow.

Will you be returning to theaters when they reopen, or like most of us, will you become a couch potato, streaming films at home on the half dozen platforms available to us?

Dwayne Johnson is producing and starring in "Black Adam," a 1940s DC Comic book villain corrupted by power, who becomes an anti-hero in the 2000s with his disregard for rules and conventions. What will they think of next: "Black Eve" for the sequel?

Back pain getting in your way?

When a person suffers from acute back muscle spasms (involuntary tensing of the muscles), it can result in short-term pain that may last a few weeks.

A clinical research study (RESUME) for adults with pain due to acute back muscle spasms is now enrolling participants.

The RESUME study is currently seeking volunteers to participate in a clinical research study to evaluate a new, non-opioid, investigational medication for patients suffering from back pain due to or associated with muscle spasms.

You may be eligible to participate in RESUME if you:

- Are 18 – 64 years of age.
- Are able to walk.
- Have sudden onset of back pain associated with muscle spasms not caused by a long-term (chronic) condition.
- Are willing to stop all other non-study provided medications or treatments for back pain/muscle spasms.
- Are willing and able to comply with scheduled visits and study procedures.
- Can be immediately available and assessed to start receiving investigational medication.

Eligible study participants will be compensated for their time. Participation in RESUME is voluntary and study participants can leave at any time and for any reason.

If you would like to learn more about RESUME, please contact us:

Name: Carol Kennedy
 Phone No: 434-793-4711 ext 1169
 Email: carol.kennedy@spectrummed.com

If you contact us, it does not mean that you are committing to participate in RESUME.

If you express an interest, a study doctor will complete other assessments before you can enroll in RESUME.

* If you have a steel or metal door, stick a few magnets on the inside for a handy spot to attach reminders and other notes. If your door is wood, just attach a piece of corkboard to a strip of the door. With pushpins, it works the same way.

* "If you find a pretty bottle of lotion, you can refill it when it runs out. I add a little bit of essential oils to my store-brand lotion." -- G.E. in California

* Remove white rings on wood tables with mayo! Slather a spoonful of mayonnaise on the spot and let it stand for an hour or so. Wipe clean. Repeat as necessary.

* Use nail polish in bright colors to mark the settings on your washer. The nail polish doesn't wear off like a marker might.

* Got unmatched socks? Save them for the grandkids to use for hand puppets. You can help them sew buttons on, and use yarn for hair. A barrette can be glued or sewn on for a nose.

* "Here's a DIY softener sheet for the dryer. Just cut up an old shirt into small squares about the size of your hand. Use a sealable jar and add liquid fabric softener and water in equal parts, and then add all the squares to the liquid. When you move clothes from the washer into the dryer, take a piece, squeeze it out and toss in the dryer. They are reusable -- afterward, just put it back in the jar!" -- D.R. in Florida

A RHYMING RIDDLE!

Four jolly men sat down to play,
And played all night till the break of day.
They played for cash and not for fun,
With separate scores for everyone.
Yet when they came to square accounts,
They all had made quite fair amounts.
Can you this paradox explain?
If no one lost, how could all gain?

CAN YOU FIGURE OUT how all four made money?
Answer: The four "players" in a dance band, not "card players." Did the picture throw you off?

A "SQUARE WAGER"!
Bet your friends that you can form a square by moving only one of the sticks in Fig. 1. The answer is to move the middle stick "up," thus forming a small square in the middle (Fig. 2).

ATTENTION ALL WORD FANS! In this puzzle, all of the words get progressively longer, and they all start with FAN. Some hints:
1. Keeps you cool.
2. Type of tooth.
3. To like.
4. Type of airplane.
5. Loud trumpet flourish.
6. Animated Spanish dance.

RECIPES

Tuna Noodle Casserole

Ingredients

- 3 cups egg noodles
 - 1 tablespoon butter
 - 1 small onion, diced
 - 2 stalks celery, diced
 - 2/3 cup frozen peas
 - 2 (6 oz each) cans tuna, drained
 - 1 (14 oz) can condensed cream of mushroom soup
 - 1 cup milk
 - 1 cup cheddar cheese, grated
 - 1 tablespoon parsley, finely chopped
- For the topping:
- 1 cup panko breadcrumbs
 - 2 tablespoons butter, melted
 - 1/2 cup cheddar cheese, grated
 - 1 tablespoon parsley, finely chopped

INSTRUCTIONS

Preheat oven to 400°F and grease an 8x8-inch baking dish with nonstick spray. Set aside.

Boil noodles 2 minutes less than package directions call for. Drain and rinse. Set aside.

In a large skillet over medium-high heat, melt 1 tablespoon butter. Add onion and celery and cook until soft, 5-7 minutes.

In a large bowl, stir together noodles, onions and celery, peas, soup, milk, 1 cup cheese, tuna, and parsley. Spread into prepared baking dish.

In a small bowl, stir together breadcrumbs, melted butter, and 1/2 cup cheddar cheese.

Sprinkle breadcrumb mixture evenly over casserole and bake until bubbly and golden brown, about 20 minutes. Let rest 5 minutes before serving and garnish with fresh parsley, if desired. Enjoy!
