### Outside the Line

After a recent college basketball game, the coach spotted a cell phone lying on the floor. He picked it up and handed it to one of the referees, saying, "Here's your phone." "What makes you think it's mine?" the ref asked. "Easy," the coach replied. "It says you missed 13 calls!"

## Winter House

A couple purchased an old home in Northern New York State from two elderly sisters.

Winter was fast approaching and I was concerned about the house's lack of insulation. "If they could live here all those years, so can we!" the husband confidently declared.

One November night the temperature plunged to below zero, and they woke up to find interior walls covered with frost. The husband called the sisters to ask how they had kept the house warm.

After a rather brief conversation, he hung up. "For the past 30 years," he muttered, "they've gone to Florida for the winter."

## CTC Long Distance

"You know," he responded.

"Call Them Collect."

Black Friday is the busiest day of the year for shoppers, right? It is also the busiest day of the year for another group of people... plumbers. Only difference is they refer to it as 'Brown Friday' [I know, gross]. But it's not what you think. The calls for the day after Thanksgiving are usually kitchen sink and garbage disposal related.

## Claybank Master Gardeners

February is upon us Gardeners! Spring is on its way!

Growing your own greens and veggies is healthier, cheaper and saves a trip to the store! February is a great month for starting out your spring veggie garden, whether in pots, raised beds or in the ground. The plants produce good root growth before the warm weather sets in, and the bug population is not yet in full munching gear. If you love **greens**, they thrive in the cold nights and short sunny hours of this month. (Remember to throw a sheet or some covering over the plants if temperatures go well below freezing. Then remove when the sun warms up.) According to the free *Alabama Extension SOW app* **cabbage, collards, lettuce, mustard, turnips, and swiss chard** love to start in February. Now is also time to start **asparagus (crowns), beets (leaves and roots are edible), broccoli (transplants), cauliflower (transplants), celery (cut off the base from store bought and plant it), onions, sweet peas and radishes.**

Two Saturday **workshops on pruning** are being offered at **Dothan Area Botanical Gardens** in February that you don't want to miss if you raise **blueberries or crape myrtles**. Each costs only \$20 if you are not yet a member of DABG, for members the cost is just \$15. The blueberry pruning workshop will be on **February 13<sup>th</sup> at 10 AM**, and the crape myrtle workshop will be on **February 27<sup>th</sup> at 10 AM**. Call (334) 793-3224 for registration info or go to [www.dabg.com](http://www.dabg.com).

The **2021 Master Gardener Class** is upon us! February 4<sup>th</sup> through April 29<sup>th</sup> Thursdays 9:30-11:30 AM (Zoom) and 1:00-2:30 PM (Zoom or Live on Location). Call the Extension Office near you for more information and registration. In Dale County call (334) 774-2329.

## Consistency

Pastor Josh and Kayla Sims

Have you ever said the phrase, "I wish they were more consistent"? I know I have heard that a lot as well as said that quite a bit the last several months. Navigating the waters of our current situation has not been easy and many times we feel that there has been a "lack of consistency" in our homes, schools, jobs, and really everywhere we go. All of this has got me thinking though, How consistent am I personally? Do those I interact with say I am consistent? Would God the Father say I am consistent? Ok, before we dive to deep into those waters let me give you a flotation device to help navigate with. The Apostle Paul says to the Corinthian Church in 1 Corinthians 11:1, "Imitate me, as I imitate Christ." Paul understands that in order for the church to get to the place God is calling them, they are to follow his example. That had to be a daunting task, however it wasn't. I'm not claiming that Paul didn't have his moments, i'm sure he did but he kept his eyes focused. A laser like focus that was placed on Jesus. Paul knew in order to carry out his purpose he must be focused on the one whom gave him that purpose. See through out scripture Jesus did not just teach good news, He was good news. The Apostle John wrote in Revelation 1:8 concerning Jesus, "...I am the Alpha and the Omega," says the Lord God, "...who is and who was and who is to come, the Almighty." Talk about consistency. Jesus put it very plainly that He was there, He is here, and He is coming. So where do you fit into the equation? I have not been a parent for very long but I understand that my consistency or lack there of will be learned by my son. What message am I sending him about me, more importantly what message am I sending him about Jesus? I ask you the same thing today. What message are you sending people about yourself, and if you are a christian, what message are you sending about Jesus to those around you? Let's make choose to be consistent in 2021. Despite my short falls, Jesus is still there for me and He is still there for you. Jesus is consistent.

## Spiritual Filters

By: Wallace Kennedy, Jr.

I would like to begin with what is the functionalities of a filter: A device used for removing impurities, solid particle, contaminates, and unwanted materials as it passes through the filter. The filter protects the vital part of a thing, such as an engine, or the heart of a thing.

**Proverbs 4:23 Keep thy heart with all diligence; for out of it are the issues of life.**

Our brain is like a computer, it receive and process information. Our "default settings" automatically sends information received through our "spiritual filters". This makes it imperative that we have knowledge of God's Word. The Holy Spirit's job is to teach us and bring things to our remembrance that we have learned.

The truths we learn become a filter for everything we see, hear, and experience. Then, if we encounter error, our internal alarm will go off to protect us from deception.

So when information flows through our "spiritual filters" the Holy Spirit will help us discern the information, comparing natural things with spiritual things. Our filters material must be made of the Word of God and the empowerment of the Holy Spirit.

The Holy Spirit also builds God's truth into our conscience, the "filter" through which we process our behavior and decisions.

Living in a world being flooded by the flow of information, it is possible that our filters will get dirty. Unclean filters can clog up the flow and cause damage to our relationship.

Are you satisfied with your spiritual growth and daily fellowship with the Lord? Maybe it's time for a service or checkup.

We can clean our filters with the same thing they are made of: **Ephesians 5:26... "cleanse it with the washing of water by the word,"**

The Bible is rich with truth. Unlike any other book, we can read a verse or passage repeatedly and gain new insight each time. As we delight in His Word and meditate on His truth, God's Word cleanses us.

The past should be a springboard, not a hammock.  
~ Edmond Burke

Dear Dave,  
I was talking to a friend the other day, and I couldn't remember what you said about the three good uses for money and why each is important. Would you go over them again?  
Albert

Dear Albert,  
I've been doing this for a lot of years, and after all that time studying finance and teaching people about money, I can still find only three good uses for money—spending, saving, and giving. You should be doing all three while you're working your way out of debt and towards wealth, and after you become wealthy.

The kid in us likes the spending part of this equation, because it's so much fun. The problem with most people is they can't really afford the fun they have. You should have some fun no matter where you are on the financial scale, but it should be inexpensive fun in the beginning. Then, the fun can get bigger, better, and more frequent once you're out of debt and building wealth.

The grown-up part of us likes investing and saving, because that's what can prepare you for retirement and make you wealthy. After a while, though, investing can feel a little bit like Monopoly. You can be up, or you can be down. Sometimes the market fluctuates, but a mature investor will ride out the waves and stay in for the long-term. If you have quality investments with long track records of success, they will come back up. Start investing 15% of your income for retirement once you've paid off all debt except for your home and you have three to six months of expenses saved for an emergency fund.

The most mature part of you will meet the kid inside when you give. Giving is the most fun you'll ever have with money. Every financially, mentally, and spiritually healthy person I've ever met has been turned on by giving. I've met and talked with thousands of millionaires in my career, and one thing all the healthy ones have in common is a love of giving.

Someone who never has fun with money misses the point. Someone who never saves or invests money will never have any. And someone who never gives is holding on too tight. Do some of each, and enjoy the ride!

—Dave

A man in San Francisco blew through an intersection without realizing the traffic light had a camera. A week later he received a picture of his car and a ticket for \$40 in the mail. He decided to have a little fun. He wrote a check, took a picture of it and sent it to the police. Two days later, the police sent him a picture of handcuffs. He got the point and they got their money.
