# Last State Restricted Silver Walking Liberty Bank Rolls go to MI residents

Michigan residents get first dibs on last remaining Bank Rolls loaded with U.S. Gov't issued Silver Walking Liberties dating back to the early 1900's some worth up to 100 times their face value for just the \$39 minimum set for state residents - non state residents must pay \$118 per coin if any remain after 2-day deadline

► **STATE DISTRIBUTION:** A strict limit of 4 State Restricted Bank Rolls per MI resident has been imposed

**MICHIGAN** - "It's a miracle these State Restricted Bank Rolls even exist. That's why Hotline Operators are bracing for the flood of calls," said Laura Lynne, U.S. Coin and Currency Director for the National Mint and Treasury.

For the next 2 days the last remaining State of Michigan Restricted Bank Rolls loaded with rarely seen U.S. Gov't issued Silver Walking Liberties are actually being handed over to Michigan residents who call the State Toll-Free Hotlines listed in today's newspaper publication.

And here's the best part. If you are a resident of the state of Michigan you cover only the \$39 per coin state minimum set by the private National Mint and Treasury, that's fifteen rarely seen U.S. Gov't issued Silver Walking Liberties worth up to 100 times their face value for just \$585 which is a real steal because non state residents must pay \$118 per coin which totals \$1,770 if any coins remain after the 2-day deadline.

"Recently National Mint and Treasury spoke with a retired Treasurer of the United States of America who said 'In all my years as Treasurer I've only ever seen a handful of these rarely seen Silver Walking Liberties issued by the U.S. Gov't back in the early 1900's. But to actually find them sealed away in State Restricted Bank Rolls still in pristine condition is like finding buried treasure. So anyone lucky enough to get their hands on these Bank Rolls had better hold on to them,'" Lynne said.

"Now that the State of Michigan Restricted Bank Rolls are being offered up we won't be surprised if thousands of Michigan residents claim the maximum limit allowed of 4 Bank Rolls per resident before they're all gone," said Lynne.

"That's because the dates and mint marks of the U.S. Gov't issued Silver Walking Liberty Half Dollars sealed away inside the State Restricted Bank Roll have never been searched. But, we do know that some of these coins date clear back to the early 1900's and are worth up to 100 times their face value, so there is no telling what Michigan residents will find until they sort through all the coins," Lynne went on to say.

The only thing Michigan residents need to do is call the State Toll-Free Hotlines printed in today's newspaper publication before the 2-day order deadline ends.

"Rarely seen U.S. Gov't issued silver coins like these are highly sought after, but we've never seen anything like this before. According to The Official Red Book, a Guide Book of United States Coins many Silver Walking Liberty Half Dollars are now worth \$115 - \$825 each in collector value," Lynne said.

"So just imagine how much these last remaining, unsearched State of Michigan Restricted Bank Rolls could be worth someday. Remember, these are not ordinary coins - these rarely seen coins date clear back to the early 1900's. In fact, these coins have been forever retired by the U.S. Gov't, and you can only get them rolled this way directly from the National Mint and Treasury because these are the only State Restricted Bank Rolls known to exist," said Lynne.

"We're guessing thousands of Michigan residents will be taking the maximum limit of 4 Bank Rolls because they make such amazing gifts for any occasion for children, parents, grandparents, friends and loved ones," Lynne continued.

"We know the phones will be ringing off the hook. That's why hundreds of Hotline Operators are standing by to answer the phones beginning at 8:30am this morning. We're going to do our best, but with

**JACKPOT:** Imagine finding the 1919-D Silver Walking Liberty shown above worth thousands of dollars in collector value in one of these unsearched Bank Rolls. There are never any guarantees, but Michigan residents who get their hands on these State Restricted Bank Rolls will be the really lucky ones because even more common coins are still worth up to \$115 - \$825 in collector value.

**VALUABLE:** It's like a treasure hunt - there's no telling what you'll find. That's because the dates and mint marks of the fifteen U.S. Gov't issued coins sealed away inside these State of Michigan Restricted Bank Rolls have never been searched. All we know is some of the coins are worth up to 100 times their face value.

just 2 days to answer all the calls it won't be easy. So make sure to tell everyone to keep calling if all operators are busy. We'll do our best to answer them all," Lynne said.

"That's why the private National

Mint and Treasury set up the State Toll-Free Hotlines in order to make sure Michigan residents get the State Restricted Bank Rolls before they're all gone," she said.

The only thing readers of today's

newspaper publication need to do is make sure they are a resident of the state of Michigan and call the State Toll-Free Hotlines before the 2-day deadline ends midnight tomorrow. ■

**IMPORTANT:** The dates and mint marks of the U.S. Gov't issued Silver Walking Liberties sealed away inside the State of Michigan Restricted Bank Rolls have never been searched. Coin values always fluctuate and they are never any guarantees, but any of the scarce coins shown below, regardless of their value that residents may find inside the sealed Bank Rolls are theirs to keep.
